MULTNOMAH COUNTY SERVICE DISTRICTS' BUDGETS FOR FISCAL YEAR 2006-2007

Budget Message — Dunthorpe-Riverdale Service District No. 1

This district was formed in the middle 1960's and by 1970 had removed a significant source of pollution from the Willamette River. Its 560 clients are mainly located in unincorporated Multnomah County with a few customers in northern Clackamas County. Through its wastewater management program, the district is able to provide high quality service to ratepayers while protecting the area's sensitive surface water features from sanitary sewer overflows.

The City of Portland's Bureau of Environmental Services maintains the district's lines and treats the sewage flow at Portland's Tryon Creek Treatment Plant. It also provides design and engineering services for construction, reconstruction, and/or improvement of the district's facilities. The district continues to coordinate planned capital maintenance projects with the City of Portland Water Bureau's capital program. The FY 2007 capital program is estimated at \$520,250. The capital work will focus improvements on the Riverview pump station and initiate the rehabilitation or replacement of pipes that are in poor condition.

This past year the district requested the City of Portland to develop a Sanitary System Facilities Plan (Plan) to help guide the district in making sound decisions for future management and improvement of the sanitary sewer system. The primary objective of the Plan is to evaluate the condition of the existing sanitary system, evaluate the capacity requirements of the system and to project capital improvements to be included in the 20 year- planning horizon (through 2025).

The current service charge is \$67.00 per month for line connections to the district system. To meet the anticipated treatment, maintenance, debt repayment and capital requirements for FY 2007 the district budget committee approved the rate to move to \$80.00 per month. The rate provides the district with the necessary operating resources to match needs.
