Nondepartmental

Overview

Nondepartmental consists of the Chair of the Board, the Board of County Commissioners, the Auditor, County Attorney, Strategic Investment Program, the Public Affairs Office, Non-County Agencies, Independent Organizations, and Accounting Entities.

Services Provided by Nondepartmental Agencies and Organizations

The Chair is also the Chief Executive Officer and administers all County programs except those under the Sheriff, Auditor, District Attorney, and the Board of County Commissioners. The Board of County Commissioners conducts all legislative activities of the County. It is responsible for adopting policies that guide the direction of the County's activities. The County Auditor conducts audits of County functions and makes recommendations for improving efficiency and effectiveness of County services. County Attorney provides legal services to all elected officials and County programs. The Public Affairs Office provides a centralized approach to current county public affairs responsibilities. Non-County Agencies include City/County organizations that are funded jointly by the City of Portland and Multnomah County and administered by the City, and independent agencies to which the County provides some funding.

Budget Issues and Highlights

For FY 2002, the Strategic Investment Program budget has been transferred to the Department of Sustainable Community Development.

The increase in the Commission on Children, Families, and Community's (CCFC's) budget reflects anticipated state revenue from the Oregon Children's Plan. This budget is a placeholder for distribution to program budgets after the Children's Plan elements are known later in the spring. This increase masks significant cuts to the CCFC program budget.

Nondepartmental

Budget for FY 2002

The Nondepartmental budget for FY 2002 is \$77,206,709. Expenditures increased slightly, the net effect of increased funding from the state for children's services and decreased funding due to lower Business Income tax receipts and the transfer of the Strategic Investment Program to the Department of Sustainable Community Development.

The mission of Lisa Naito's office is to provide responsive and accountable representation for the citizens of District 3 and Multnomah County. It is Lisa's purpose to provide responsible and creative leadership on issues that the County is faced with and to ensure that County programs are efficient, effective and provide needed services to the people of Multnomah County.

District 4

Lonnie Roberts

I have set forth an agenda that I believe will be true to the values of District 4 and the County at large. It gives special attention to:

- Public Safety
- Transportation
- Education
- Senior Services.

To keep my pledge to bring the constituents of District 4 closer to the governmental process of Multnomah County, we opened the first ever satellite office in March of 2001.

I believe that public safety is the number one issue for all Multnomah County residents and especially for those in District 4. A strong public safety policy allows us to move forward with the County's social agenda. Without adequate law enforcement officers and jail facilities, we can not expect the citizenry to support other critical social issues such as transportation, education, health care, and senior services. In District 4, Deputy Sheriffs are vital to the livability of the unincorporated areas and to the support of the cities of Gresham, Troutdale, Wood Village, Fairview, and Corbett. The safety of these areas must be given the utmost consideration in our budget process.

The metro region is expected to grow enormously in the next twenty-five years. We need to lay a foundation for that growth by discussing and planning now for the necessary infrastructure, with particular attention to transportation requirements that will occur with this expected growth. The county must partner with the cities, ODOT, Metro, and Tri-Met to ensure that we are solvers of the problems and not makers of the gridlock.

The Multnomah County Board of Commissioners has done a wonderful job providing programs and opportunities for our young people to get a jump on early childhood development. We have supported the Head Start program, both philosophically and financially, and the English as a Second Language program. I want to encourage continued support for a Rockwood Community Center that would house Head Start and ESL so that these programs may flourish.

Many of our seniors are concerned about their future. They do not want to be a burden to their families! They do want to maintain their independence. For those who need County services, I want to assure them that we will do everything we can to keep them independent and in their own homes as long as possible. We should review the amount and difficulty of the paperwork we present to the elderly when they ask for services.

Auditor's Office

The County Home Rule Charter requires the Auditor to "conduct performance audits of all County operations and financial affairs and make reports thereof to the Board of County Commissioners according to generally accepted government auditing standards."

The Auditor's Office conducts audits to increase the efficiency, effectiveness, and accountability of Multnomah County government. To meet this responsibility the Auditor's Office:

- Selects critical elements of County operations for review.
- Conducts a general survey of the operations to identify areas for possible improvement.
- Gathers detailed information to determine whether improvement is possible.
- Prepares a report describing audit results and recommendations for improvement.
- Reviews the report with County management.
- Issues the report to the Board of County Commissioners and the public.

The Auditor's Office represents approximately 0.1% of the County budget and is responsible for reviewing the other 99.9% of the County budget for areas where changes can save money, improve services, protect assets, and increase compliance with laws and ordinances. To increase its efficiency and provide as much coverage as possible of County programs, the Office may also conduct other types of reviews and projects.

Government auditing standards require that Office practices and policies receive a peer review every three years by external auditors to determine if the policies, procedures, and practices provide reasonable assurance that auditing standards are being followed. The most recent peer review was completed in April 1999 with a positive letter of assurance. The Office also received an award in May 2000 from the National Association of Local Government Auditors for our Roadway Capital Projects Audit judged the best performance audit report in 1999 from an office of this size.

Auditor's Office Plans

- Complete strategic planning and re-engineer audit processes to improve efficiency.
- Gather feedback from readers of audit reports to improve effectiveness.
- Complete second stage of Service Efforts and Accomplishments reporting with a Public Safety report.
- Initiate a citizen survey and report on findings to improve accountability.
- Continue to explore ways to improve accountability and increase citizen engagement in County government.

TSCC is governed by an independent panel of five citizen volunteers appointed by the Governor to four-year terms.

The Tax Supervising and Conservation Commission (TSCC) was established in 1919 by the Oregon Legislature to supervise the budgeting and taxing activities of local governments in Multnomah County. TSCC's FY 2000-01 goals are:

1. Ensure that each entity abides by local budget law.
2. Communicate local government financial information in a clear, objective, and unbiased manner.
3. Provide local government staff with technical advice and assistance.
4. Promote the efficiency and effectiveness of each entity.
5. Establish a work group, made up of the taxing districts in the county, to review the funding for TSCC with the intent that any necessary legislation would be ready for the 2001 session.

The Commission's budget of \$280,000 is set by state statute. The Attorney General is designated by law as legal counsel.

Commission on Children, Families, and Community

The Commission's strategic plan presents three goals for Multnomah County's children and families:

- *Young children entering school ready to succeed;*
- *Safe families living in safe neighborhoods;*
- *Children and youth succeeding in their education.*

The Commission on Children, Families, and Communities is a volunteer citizen body, appointed by the County Chair, and charged by state statute with several significant responsibilities. Statute says that "the main purposes of a local commission on children and families are to promote wellness for the children and families in the county..., to mobilize communities, and to develop policy and oversee the implementation of a local coordinated comprehensive plan."

As Multnomah County's Community Action Board, the Commission is responsible for reviewing and approving Multnomah County's anti-poverty policy, and ensuring the participation of low income people in planning and policy setting.

To achieve its goals, the Commission has invested its resources in programs, several community mobilization initiatives, and direct services to children and families. Additional services may be added pending legislative approval of the Oregon Children's Plan.

Significant Changes:

- The overall increase in the Commission on Children, Families, and Community's budget reflects anticipated state revenue from the Oregon Children's Plan. This budget is a placeholder for distribution to program budgets after the Children's Plan elements are known later in the fiscal year.
- This overall budget increase masks significant program reductions made in the Commission's budget for FY 2002. These changes include:
 - Transfer of the Early Words program to the Library
 - Reduction in advertising and other Take the Time program elements
 - Re-prioritization of resources to restore several direct-service programs and to focus the Commission's work more closely on planning and policy development
 - Eliminating the *Connecting for Kids* program

Portland Multnomah Progress Board

The Portland Multnomah Progress Board was established in 1994 and jointly funded by Multnomah County and the City of Portland. The Progress Board identifies and reports on indicators (called benchmarks) which collectively gauge whether the community is meeting its goals and vision for the future.

*Progress Board
Web page:*

<http://www.p-m-benchmarks.org>

These benchmarks measure the livability of our community. The local government, business, and educational leaders who serve on the board track major trends in the community and act as a catalyst for government, business, and community groups to improve the performance of the benchmarks. The Board's staff are located in the Portland Auditor's Office and maintain trend data on 74 benchmarks on its website.

This year, staff will focus on the Board's twelve economic benchmarks, revising them to better track local conditions. In addition, Board staff have been designated Affiliates of the State Data Center and will provide technical assistance to County and City programs as the demographic data from Census 2000 becomes available.

Association for Portland Progress

The Association for Portland Progress (APP) contribution is assessed by Portland Downtown Services, Inc. (PDSI), APP's 501 [c] [3] sister corporation, for the Downtown Business Improvement District (BID). The BID is also known as the "Clean & Safe District". Multnomah County's contribution is designated for Project Respond, a program to help the homeless mentally ill in downtown Portland. This program is consistent with the mission of the BID."

Elders in Action

Elders in Action is a private non-profit organization whose mission is to assure a vibrant community through the active involvement of older adults.

Elders in Action is a consumer organization which advocates for the needs of older adults, develops new services and resources, and provides public education to improve quality of life for older adults in metropolitan Portland. Drawing on the energies, experience, and talents of more than 250 volunteers, Elders in Action operates four programs:

For over 30 years, the Elders in Action **Commission**, a 31-member citizen board, has effectively represented the interests of older adults to the city, county, Aging and Disability Services Department, other policy makers, and the general public. With achievements such as initiation of the 24 hour Senior Helpline, Housing Emergency fund, and Elder Crimes Response Team cited to its credit – the Commission has successfully changed the fabric of aging services in the region.

Twenty-six **Ombudsmen** are specially trained volunteers who serve as independent, impartial advocates for elders who are victims of crime and elder abuse or are experiencing problems related to housing or health care. Ombudsmen serve more than 600 older persons annually, assisting and supporting them in solving their own problems.

In the **Elder Friendly Business Certification** program, fifty undercover volunteers “shop” businesses to assess their ability to meet the special needs of their older customers. More than 100 local businesses have met the criteria for phone and physical access, site layout, and customer service and have been awarded the Elder Friendly seal of approval. Growing nationwide, Elder Friendly Business Certification also operates in Waterloo, IA, Gainesville, GA, Tulsa, OK, and Albany OR.

Located at Lloyd Center, the 22 volunteers at the **Senior Computer Learning Center** teach more than 1000 older adults annually to use the computer, giving them access to today’s information technology.

Elders in Action has a diverse financial base including funds from Multnomah County and the City of Portland, grants, fees, corporate and individual donations. The focus for the upcoming year includes expansion of Ombudsman Services and Elder Friendly Business Certification as well as growth of the annual campaign
