Phone: 503-988-0181 Ext. 80181 Email: Riad.alharithi@multco.us

Presenters: Riad Alharithi and Courtney Lords

General Information

1. What action are you requesting from the Board?

We are requesting approval of the Intergovernmental Agreement (IGA) with the Oregon Department of Transportation (ODOT) for funding to repair the slide on NW Newberry Road at Milepost 0.5. This is a new IGA and provides Emergency Relief (ER) funding.

2. Please provide sufficient background information for the Board and the public to understand this issue. Please note which Program Offer(s) this action affects and how it impacts the results.

NW Newberry Road has been closed since the slide occurred during the winter of 2016/2017. This project will repair the slide and reopen the road. We are currently working on design and right-of-way for this project and expect construction in the spring and summer of 2018. The project will be managed by Multnomah County under the ODOT certification program.

3. Explain the fiscal impact (current year and ongoing).

This IGA will provide funding of \$1,615,140 of the project \$1,800,000 required for the total project. The County will be responsible for the balance.

4. Explain any legal and/or policy issues involved.

N/A

5. Explain any citizen and/or other government participation that has or will take place.

Since the slide and roadway closure, Multnomah County staff have created many news releases and established a website with the project updates. Public meetings will be held when preliminary design elements are established and right-of-way impact is identified.
