

**BEFORE THE BOARD OF COUNTY COMMISSIONERS
FOR MULTNOMAH COUNTY, OREGON**

RESOLUTION NO. 2016-004

Authorizing Staff to Initiate Proceedings to Legalize a Portion of Historic Columbia River Highway, County Road Number 917.

The Multnomah County Board of Commissioners Finds:

- a. ORS 368.201 to ORS 368.221 establishes the process and procedures the County must follow to "legalize" a county road when there are irregularities in the County's records with respect to the legal description or otherwise for the road.
- b. ORS 368.201(1)-(3) provides the authority for a county governing body to initiate proceedings to legalize a county road where doubt exists as to the legal establishment of the road due to omission or defect, or where the location of the road cannot be accurately determined due to various factors including a defective survey; or where the road as traveled and used for 10 years or more does not conform to the road as described in the county records.
- c. For a portion of Historic Columbia River Highway, County Road Number 917 (HCRH) at the location of its intersection with Jackson Park Road, a City of Troutdale street, through omission or defect; doubt exists as to the establishment of HCRH at this intersection, the location of this portion of HCRH cannot be accurately determined because of apparently defective surveys over the years; and HCRH as traveled and used for at least the past 50 years at this location does not conform to the existing records for this county road.

The Multnomah County Board of Commissioners Resolves:

1. Pursuant to ORS 368.201, authorization to initiate proceedings to legalize a portion Historic Columbia River Highway, County Road Number 917 is hereby granted.
2. The County Surveyor is directed to survey the road to determine the location of the road and the width of the road in compliance with ORS 368.206 (1) (a).
3. The County Engineer is directed to file a written report with the governing body including the above referenced survey and any other information required by the governing body in compliance with ORS 368.206(1) (b), no later than February 19, 2016.

4. The County Engineer shall set this matter for further proceedings for legalization of the above mentioned county road before this Board and as required under ORS 368.206(1)(c), shall provide notice of such proceedings under ORS 368.401 to 368.426 by service to owners of abutting land and by posting.

ADOPTED this 28th day of January, 2016.

BOARD OF COUNTY COMMISSIONERS
FOR MULTNOMAH COUNTY, OREGON
