Multnomah County Board Clerk
501 SE Hawthorne Boulevard
Portland, Oregon 97221

Att: Portland Comprehensive Plan Testimony

Dear sir or madam,

I am writing in opposition to amending the Multnomah county comprehensive plan.

When we bought our home at 3804 SW Scholls Ferry Road (State ID# 1S1Eo7Cb 2200), a main consideration was the R10 zoning.

We used our life savings to avoid having a mortgage, knowing that if we needed long term medical care in the future, we could sell off lots and use this money to stay in our home and pay for our care.

Your proposal puts our future at risk and destroys our plans to be self-sufficient, age in place, and remain off the public dole.

Nowhere in the notice we were sent (received 11-8-16) does it explain who made the suggestion for this change in ordinance; why this action is being taken; whom it benefits.

The notice mentions that the city of Portland will be administering this plan. We have a Portland address, but are prohibited from voting in Portland elections. Thus, we have NO representation in Portland.

Please answer paragraph five (5).

Yours truly,

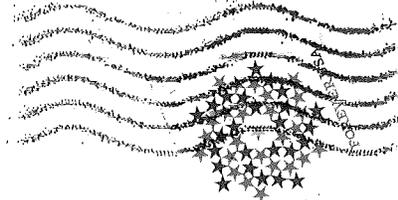

Olivia Solomon
