A Notice of Intent is required to obtain approval from the Board of County Commissioners to ensure a competitive grant proposal is in alignment with the County's mission; to receive an indication from the Board of its willingness to commit the necessary County resources to support the grant. A Budget Modification is required to appropriate funds received from a successful grant proposal.

## Notice of Intent Specific Information

### Department recommendation for consent agenda placement (*must meet all criteria*):

- Proposal is under \$500,000/ year.
- Proposal does not require cash match as part of the budget.
- Proposal does not commit County to on-going programming following award.
- Proposal adheres to the County's indirect guidelines.
- Proposal is within the Department's strategic direction.
- Proposal does not have policy and/or legal implications that warrant a public dialog.

☒ To the best of my knowledge, this proposal adheres to all of the above criteria and may be placed on the Board of County Commissioner's Consent Agenda. I understand the proposal can be moved to the regular Board Agenda for any reason by Commissioners or their staff.

☐ To the best of my knowledge, this proposal does not meet criteria for placement on the Consent Agenda and should be placed on the Regular Agenda.

**1. Brief overview of grant's purpose and/or impact.**

The Innovative Teen Pregnancy Prevention Program (iTP3) project at Texas A&M University supports the development of fresh and progressive ideas that have the potential to transform the future of teen pregnancy prevention. Over the past three years, iTP3 has worked with 20 teams across the U.S., including Multnomah County Health Department, to develop innovative programs that go beyond the traditional approach to prevention by broadening the focus from individual level change to changing systems.

The Health Department's iTP3 project is called Sexual Health Equity for Individuals with Intellectual/ Developmental Disabilities (SHEIDD). SHEIDD's aim is to create a sustainable rights-based capacity-building program for the provision of comprehensive, consistent, and individualized sexual health education for young people (ages 14-21) experiencing intellectual/developmental disabilities (I/DD) in Multnomah County. By working with community members to improve education, supports, and services at each level of the Social Ecological Model, SHEIDD cultivates contexts, policies, and programming that promote the development of the skills needed for young people with I/DD to make informed decisions, increase safety, and seek mutually fulfilling relationships. SHEIDD is currently heading toward the end of its second year. If funded for Round 3, SHEIDD would build on what the team and Community Advisory Group have learned in its first two years to continue disseminating the SHEIDD community needs assessment; strengthening the leadership capacity and peer support of individuals experiencing I/DD; creating toolkits, training guides, and resources; and finalizing the SHEIDD online resource hub. Funds will support Health Department personnel and contracts with community consultants.

**2. Brief overview of how proposal is aligned with Department's strategic direction.**

SHEIDD and its Round 3 proposal directly supports the Health Department's mission in partnership with the diverse communities we serve, to promote and protect the health of people of Multnomah County. It contributes to the broad goals of serving as a resource for assessment and policy development, investing in health outcomes and health equity, and genuinely engaging with communities to drive positive change.

**3. Describe any community and/or government input considered in planning for this grant.**

SHEIDD convenes an extensive Community Advisory Group, which has provided substantial input on the direction of the project thus far, as well as the direction of the project for Round 3. Additionally, the Department of County Human Services, Intellectual & Developmental Disabilities Services has been engaged as a provider of services to the population of focus.

**4. What partners may be included in program activities?**

Partners may include Department of County Human Services, Intellectual & Developmental Disabilities Services, Portland Public Schools' Community Transition Program; Lailah's Living Center; Shanya Luther of Among Friends, Social Sexual Support Consultant; Multnomah Education Service District Special Education and Community Transitions Program; OHSU Institute on Development and Disability; and the ARC of Multnomah-Clackamas.

**5. Generally, what are the grant's reporting requirements?**

Funded entities will participate in a joint evaluation process throughout the funding cycle. As such, they will submit performance measures on a monthly basis and participate in evaluation activities related to their innovative program, as well as the overall grant program.

**Please complete for NOIs on the Regular Board Agenda ONLY:**

**6. When the grant expires, will your Department continue to fund the program? If so, how?**

**7. Are 100% of the central and departmental indirect costs recovered? If not, please explain.**

**8. If the proposal is not aligned with your Department's strategic direction, explain why you are pursuing it at this time.**

**9. If the grant requires a cash match, how will you meet that requirement?**

**10. Are there policy issues and/or legal implications related to this proposal that may warrant a public dialog? If so, please explain.**
