# CANDIDATE INFORMATION PACKET

for the  
NOVEMBER 3, 1998  
GENERAL ELECTION

This is an unofficial publication that has been assembled for your convenience. The information in this packet was copied from statements that were written by the candidate and filed with the Secretary of State for publication in the State Voters' Pamphlet. **ALL** candidates **DID NOT** submit statements.

The production of this Candidate Information Packet was done with the cooperation of the Oregon Secretary of State's Office.

We know that if you live or are stationed outside Oregon, you may not have received any information, until now, on the candidates that appear on your ballot. That is why we have prepared this packet and we hope you find it helpful. Putting this Candidate Information Packet together is very time consuming, but we feel it is very valuable. However, we are always trying to find other ways to deliver this information. The information in this packet will also be available on the Oregon Secretary of State's Web Page. We are not planning on discontinuing this Candidate Information Packet, but we are interested in knowing if you have Internet access.

If you would take a moment and complete the lower portion of this page and return it with your ballot, it would be greatly appreciated. Please include any comments or suggestions.

Thank you.

**WHAT IS SOCIALISM?**

The Socialist Party of Oregon is dedicated to DEMOCRACY as a way of life. We believe in participatory political democracy and economic democracy. Socialists argue that "true" political democracy must be built on a foundation of economic democracy. In our society, where wealth is concentrated in the hands of a few corporate elites, democracy has not been realized. Even Aristotle knew that the basis of power is wealth and that great disparities in wealth would result in great disparities in political power.

Socialists are NOT COMMUNISTS! Socialists are critical of the Soviet experience and Communist China. Our commitment to democracy, with a focus on the empowerment of all workers, is the basis of our opposition to communism and corporate capitalism.

**POSITIONS AND OPPOSITIONS:**

1. Socialists believe that WORKERS SHOULD SHARE IN THE OWNERSHIP OF CAPITAL. There are over 200 businesses in the United States where workers either own or share in ownership/management. Job security and productivity will ultimately depend on empowering American workers. Worker pensions and government loans could be used as the basis of Employee Stock Ownership Plans. The key to these plans is to make sure that workers actually share in ownership/management. Living wages, full benefits, and full employment are goals of the Socialist Party of Oregon.
2. Political democracy is yet to be realized in the United States. Socialists believe that two developments would provide greater political representation for a larger number of constituencies: MULTIPLE PARTIES AND PROPORTIONAL REPRESENTATION. Are you frustrated by the lack of real choices offered by the Republicrats? Then support the development of third parties and support representation in our various legislative branches based on actual votes cast for each party. This would result in a more open public debate on the great issues of the nation and also result in a more representative political system. The political "strangle-hold" of the Republicrats is contrary to anyone's definition of democracy! The Socialist Party also supports the limitation and standardization of campaign financing.
3. Socialists believe in COMPREHENSIVE AND UNIVERSAL HEALTH CARE. Socialists oppose the profit-driven health care and insurance industry that dominates our current system. This system has made health care unaffordable to over 40 million Americans! This is a national tragedy and disgrace. Americans currently spend nearly a trillion dollars a year on health care in the United States. Experts agree that this amount would more than fund a NATIONAL SINGLE-PAYER SYSTEM that could provide comprehensive and universal health care benefits.

4. Socialists support the right of all Americans to a QUALITY EDUCATION in safe, well-equipped public schools that are staffed by fairly compensated professionals working closely with parents. We believe that our public school systems are inadequately and unequally funded. Funds for education should be increased using a progressive individual and corporate income tax. We are OPPOSED TO VOUCHERS because the result would be a public subsidy for wealthier families that can afford the total costs of exclusive private schools.
5. Housing is a serious problem for millions of Americans. We all know that real incomes have not kept pace with the incredible increases in the cost of housing, especially in Oregon and the Northwest. This "affordability gap" continues to grow making decent housing ever more problematic for many Americans. Socialists support a large-scale public investment in the DEVELOPMENT OF AFFORDABLE, HIGH-QUALITY HOUSING throughout the state. The formation of housing cooperatives, land trusts, and public housing programs that take advantage of "sweat equity" could dramatically increase the number of affordable homes. Major tax incentives should be used to encourage the development of quality "starter" homes and public grants could be provided for the improvement of existing low-income housing units. Socialists support the use of federal block grants for a new, major "affordable housing" program.
6. The present TAX SYSTEM in the United States is REGRESSIVE, with the heaviest proportional tax burden on those citizens who can least afford to pay, the working and middle classes. These two classes pay on average just over 20% of their income in taxes. Rich Americans and corporations average about half this rate. The corporate share of total federal taxes fell from around 39% in 1960 to around 17% in 1990, and it continues to fall. In Oregon, for every dollar paid by corporations in excise and income taxes, individuals pay an average of \$9.35! The government has created a two-class tax system with the rich and corporations the clear winners. We support a federal and state tax overhaul that would result in a PROGRESSIVE tax system. Residential property taxes should be made progressive by using "circuit-breakers" such as household income and longevity in residence: lower household incomes and greater longevity would be used incrementally to lower property taxes. The goal is to create a progressive income and property tax system. Socialists are opposed to sales taxes because of their regressive structure. IT IS TIME TO END TAX BREAKS FOR THE RICH AND CORPORATIONS.

VOTE FOR REAL CHANGE, VOTE SOCIALIST!

# Jim Brewster Libertarian United States Senator

**OCCUPATION:** Internet Consultant

**OCCUPATIONAL BACKGROUND:** Navy Cameraman; News Cameraman; Multi-media producer/director/writer; ESL teacher.

**EDUCATIONAL BACKGROUND:** BA, Film/Video

Production – University of Southern California

**PRIOR GOVERNMENTAL EXPERIENCE:** U.S. Navy, 1979-1986

**Community Service:** Little League Coach, 1972-1974

Are you a Libertarian? In the past few years, millions of Americans have heard the Libertarian message and stopped voting for the "lesser of two evils". Conservatives and Liberals alike, are finding that they can now vote FOR rather than against a candidate.

For decades, those who believed in social tolerance voted for Democrats. Those who were concerned with fiscal responsibility supported Republicans. Neither got what they wanted.

The Libertarian Party is the "Party of Principle". The ideals embodied in our platform haven't changed since its founding more than 25 years ago. In brief, Libertarians believe in social tolerance AND fiscal responsibility.

I believe that the men who signed the Declaration of Independence in 1776 were some of the most intelligent, fearless and honest men in history. They began the great experiment that put power in the hands of the governed for the first time. They understood human nature and planned a society based on the rights of common man. A government that was limited in its power allowed man to be truly free from harassment and tyranny.

Our limited government and free market system resulted in the highest standard of living ever! Millions of individuals, each pursuing a better life for themselves and their families, made America strong. Today however, an expanded federal government threatens our freedom and prosperity.

Republicans say they want smaller government. When they controlled the White House during the eighties, our budget deficits blossomed. They claimed that without control of Congress, they couldn't cut spending. Then in '94, they took control of Congress and this year passed the largest spending bill in the history of the nation.

I joined the Navy in 1979 and spent much of the next seven years overseas. After that, I moved to Tokyo where I worked for CNN and other networks as a news cameraman for nine years. When I returned, in 1995, I was shocked by the degree our government has infringed on our Bill of Rights, supposedly for our own good. Most Americans experienced the changes incrementally and many don't seem to realize the kind of all powerful government we are creating for our children.

When someone joins the Libertarian Party, they are asked to sign a simple statement; "I do not believe in or advocate the initiation of force as a means of achieving political or social goals."

We Libertarians believe that, in a free society, the government should be held to the same standard. George Washington once wrote; "Government is not reason, it is not eloquence, it is force. Like fire, it is a dangerous servant and a fearful master." Unfortunately, the "servant" has become "master" in our once great nation...and fearful it is! The federal government has proven itself to be a monster with an insatiable appetite for the property and God given rights of the people. We work five months in twelve to feed the beast and year after year it demands a higher percentage of the nation's wealth. Professional politicians must be stopped before we cross the line to tyranny!

Samuel Adams said; "If ever time should come when vain and aspiring men shall hold the highest seats of government, our country will stand in need of it's experienced patriots to prevent it's ruin." I think that time has come.

We have been remiss in our duty as citizens of a free society. We have not been vigilant while standing our watch. It's time to call the government to account!

What have they accomplished with such a huge portion of our wealth? Have they ended poverty? Have they stopped our children from using drugs? Have they protected our homes? Have they insured stable international relation? The answer to these questions is, of course, NO!

Since Johnson declared his "War on Poverty", the percentage of Americans living below poverty level has exploded.

Since Nixon's "War on Drugs" began in the sixties, drug use among our youth has grown steadily while the average starting age has declined.

Our homes are invaded by drug addicts trying to support their habits at black market prices. Our stolen property has corrupted law enforcement officials, made wealthy men of thugs and persuaded inner city children to sell drugs to their friends for a share of the "easy money". Those children protect their turf in drive-by shootings and gang wars that terrorize our neighborhoods.

Our international relations have never been more precarious nor have American citizens ever been more desirable as terrorist targets. We have become the "neighborhood bully!" We push and shove our agenda on foreign governments and flex our economic and military muscles when they resist.

The time has come to remind our government of it's rightful position as servant rather than master. The time has come to end the "force" our federal government is "instigating" at home and abroad. The time has come to support the ONLY party which truly believes in the limited federal government envisioned by the great men who began this experiment in human liberty. The time has come to support the FASTEST GROWING party in America. The time has come to vote Libertarian!

**Michael A. Campbell**  
**Natural Law**  
**United States Senator**

**OCCUPATION:** Manager for mortgage loan broker  
**OCCUPATIONAL BACKGROUND:** Attorney; founder of several Oregon businesses, including Legal Research Databases.  
**EDUCATIONAL BACKGROUND:** J.D. and B.A., University of Southern California  
**PRIOR GOVERNMENTAL EXPERIENCE:** Legislative analyst for California Gov. Jerry Brown; law clerk for U.S. District Court judge

PRINCIPLES and policies of the Natural Law Party will protect those ideals that Oregonians hold most dear. Costs will be cut, which will make it possible to fund important initiatives to improve the lives of all Americans.

The Natural Law Party stands for prevention of problems, conflict-free politics, and implementation of solutions to bring national life into harmony with natural law:

- Fund natural programs to prevent disease, promote health and cut health care costs by 50%. Results: save Medicare and Social Security; provide real health care to all.
- Implement educational curriculum innovations that develop students' inner creative genius and boost educational outcomes. Results: reduced violent tendencies, less demand for drugs, students realize their full potential.
- Adopt effective, field-tested crime prevention and rehabilitation programs to improve the quality of life for everyone. Results: reduce cost of law enforcement and cut back the massive prison population created by our failures.
- Promote sustainable agricultural practices to increase crop yields and profitability without chemical fertilizers and pesticides. Results: preserve the environment, family farms, our health and the quality of our food supply.
- Protect organic standards through a moratorium on genetically engineered foods. Result: no irreversible genetic disasters released upon an unsuspecting population.
- Promote energy conservation and renewable energy production. Results: reduce pollution and create national energy self-sufficiency.
- Balance the budget while cutting taxes responsibly and fairly through cost-effective solutions to America's problems—not by eliminating essential services. Result: prosperity now and for future generations.
- Eliminate government waste and special interest control of politics. Result: return ownership of our country to us.

Let's consider how some of these approaches will work.

**HEALTH:** American health care costs are spiraling out of control. The U.S. spends \$1 trillion annually on health care, but we have some of the worst health outcomes of any industrialized nation. We don't have a "health care" system; we have a "disease care" system. Our approach doesn't create healthy citizens; it only sustains them after they've gotten sick. Only 1% of our health budget goes to prevention. Yet, according to estimates in *The New England Journal of Medicine*, 50% of deaths and 70% of diseases in this country are essentially self-inflicted—caused by an epidemic of unhealthy habits.

Proven, cost-effective prevention programs can cut health care costs in half, save the nation hundreds of billions of dollars annually and prevent untold human suffering. Such programs already exist, but Congress, lobbied heavily by those with a vested interest in the status quo, has largely ignored them.

**CRIME:** Another area where effective prevention programs could create enormous savings. Crime costs America about \$450 billion annually. We have 1.2 million citizens in prison and another 500,000 in local jails—6 to 10 times the incarceration rate of other industrialized nations.

Despite years of "get-tough" policies, violent crime is still high. Violent offenders represented 50% of the rise in state prison populations between 1990 and 1996. One cost-effective crime prevention strategy would be to offer effective rehabilitation programs to these inmates, 90% of whom will be released from prison.

Example: a five-year Harvard study investigated the effects of the Transcendental Meditation technique in a maximum-security prison. Inmates who learned the practice experienced significantly decreased stress, aggression and mental disorders. Violence throughout the prison decreased, and the rate of return to prison among participating inmates was 30-35% less than in four other treatment groups.

The savings generated from such prevention-oriented programs could be reinvested in education, job training, environmental protection and other critical areas to safeguard the progress and prosperity of all our citizens.

**EDUCATION:** Reform is needed to develop the whole person: The Natural Law Party promotes educational programs proven to directly increase intelligence and creativity, moral reasoning, self-reliance, physical health and mental well being. America's most precious natural resource is the creative potential of our 260 million citizens. The Natural Law Party advocates educational, job training and apprenticeship programs that develop intelligence and creativity, bringing life into accord with natural law.

**ENVIRONMENT:** America needs to clean up pollution and protect natural resources. Our nation should lead the global effort to prevent the destruction of the earth's forests, the decimation of the diversity of species and potential damage from depletion of the ozone layer and global warming. However, I could not support initiatives that create economic destruction for thousands of Oregonians without offering viable alternative options. The revenues generated by our party's prevention-oriented approach to governing can support the transitions necessary to preserve both jobs and the environment.

Among political parties, only the Natural Law Party offers such a comprehensive approach to governance. I invite you to join me in this endeavor to bring national life into accord with natural law. Your vote for me and for other Natural Law Party candidates is a vote for a higher quality of life in Oregon and in America—on a realistic financial basis.

"Michael Campbell is one of a number of people I believe would make excellent public servants."

--Edward Fadeley, former State Senate President and retired Oregon Supreme Court justice.

**John Lim**  
**Republican**  
**United States Senator**

**OCCUPATION:** Small businessman

**OCCUPATIONAL BACKGROUND:** While working his way through college and supporting a family, John Lim worked as a janitor and painter. For the twenty-five years since then, John has sold real estate and owns retail properties. John currently owns ARJ Company, a distributor of health and beauty products.

**EDUCATIONAL BACKGROUND:** Doctor of Humane Letters; Master of Divinity Degree, Western Evangelical Seminary, Portland; B.A. Religion, Seoul Theological College; Yeosu School of Agriculture.

**PRIOR GOVERNMENTAL EXPERIENCE:** Elected State Senator, 1992; Re-elected as State Senator 1996; Chair of Senate Trade and Economic Development Committee; Vice Chair of Senate Business and Consumer Affairs Committee; Governors Advisory Committee on DUII; Commission on Children and Families, Multnomah County; Multnomah County Honorary Deputy Sheriff.

**Values:**

John Lim learned at an early age that life can take some tough turns. Because the Korean War made attending school too dangerous, John educated himself by memorizing the 7,500 Korean-American dictionary. His father was an early casualty of the war, leaving John the "man of the house". This instilled in John the values of hard work and family. He grew up with a keen instinct for competition, cooperation, and a willingness to do what is right no matter what the cost. Giving up was never an option for John. "You deal honestly with people and work hard. You never give up doing the right thing."

**John Lim Scholarship Foundation:**

In 1990, John Lim created the John Lim Scholarship Foundation to give money to high school students and single mothers who wish to further their education. John has personally spent thousands of dollars of his own money to ensure that Oregon students get the education they desire and deserve.

**Principles:**

You will always know where John Lim stands on issues if you know his philosophy of government. He believes our taxes are too high, we need a balanced budget, criminals should be punished, our children deserve an education that is competitive internationally, we need a strong military, and most of all, you deal with people honestly. This may seem to be a simple philosophy, but it is one that has carried John Lim through a life of hard work and made him a senior citizen with real, life experience.

**Lower Taxes:**

- Reform the current, complicated and cumbersome tax code and replace it with one that is lower and more simple.
- Reduce the capital gains tax to encourage investment.
- Eliminate the 1993 tax increase on social security benefits.
- Eliminate marriage and death taxes.

**Balanced Budget:**

- Take balancing the budget out of the politicians hands and require a constitutional amendment to balance the budget.
- Require that any budget surpluses be divided between restoring social security, national debt reduction, and targeted tax cuts.
- Require budgets be passed on time or Senators and Congressmen forfeit their pay.

**Education:**

- Give back more control to locally elected school boards.
- Support Merit Pay for teachers.
- Give our children a 21<sup>st</sup> Century education with computers available to all students.
- Increase amount parents can put into an Educational IRA for their children's college expenses.

**Safe Neighborhoods, Safe Schools:**

- Increased funding for local police agencies.
- Mandatory prison time for any adult who sells illegal drugs to our children.
- Enhance school safety by eliminating firearms from schools.
- Reform of habeas corpus laws that allow for endless appeals for convicted prisoners on death row.

**Social Security:**

- Put future budget surpluses into preserving social security benefits.
- Allow future generations to put a portion of their social security into private investments.
- Make Social Security trust fund a sacred fund and require it to be "off budget".

**National Defense:**

- Maintain defense spending to meet current challenges.
- New focus on fighting terrorism.
- Enhance Pacific Basin Security.

**Cancer and AIDS Research:**

- Increase funding for cancer and AIDS research in order to prevent the spread of these diseases and to work toward finding their cures.
- Make cancer and AIDS medications be affordable.

**Endorsed by:**

"John Lim is the new voice we need. He has the experience, dedication and commitment it will take to bring change."

**Former Governor Vic Atiyeh**

"John Lim is an independent thinker with a proven record in the Oregon Senate. Oregon is a better place because of John's generosity, leadership, and service to his fellow citizens. I am proud to support John Lim for U.S. Senate."

**U.S. Senator Gordon Smith**

"Lim understands, as a graduate of an agricultural school, the problems facing Oregon's farmers and ranchers. In the U.S. Senate, he would be a valuable asset for Oregon."

**Congressman Bob Smith**

"John lives by his convictions. He doesn't always take the easy way. I respect him for his courage. This is the type of person we need to represent us in the United States Senate."

**Oregon Senate President Brady Adams**

*(This information furnished by  
Committee to elect John Lim for U.S. Senate)*

**Karyn Moskowitz  
Pacific  
United States Senator**

**OCCUPATION:** Economic Analyst

**OCCUPATIONAL BACKGROUND:** Scientific research, sales and marketing for small and large businesses, and research into government and corporate environmental policies.

**EDUCATIONAL BACKGROUND:** MBA in Environmental Management, University of Washington Graduate School of Business and Ecole Supérieure de Commerce de Paris, France; BA Biology, Boston University.

**PRIOR GOVERNMENTAL EXPERIENCE:** None.

**Maintain Our Quality of Life**

Our tax dollars subsidize the desecration of our national forests. I will fight to preserve the quality of life for ourselves and for future generations.

Over 60 percent of Oregon's magnificent forests are federally owned. Properly managed, these native ecosystems could provide pristine drinking water, clean air, important medicinal plants and foods, jobs and recreation forever. Instead, the Federal government doles out over \$430 million tax dollars a year to large, private timber companies to build roads and clearcut the forests that belong to all of us. Mismanagement of our public lands causes landslides, pollutes drinking water, depresses property values, and wipes out our native fish runs. As Federal policy degrades our forests it sacrifices our quality of life – even future jobs in the fishing, timber and recreation industries all at a huge cost to taxpayers.

This is why I will work alongside both Republicans and Democrats to introduce a Senate version of the National Forest Protection and Restoration Act. This Act will provide training to dislocated timber workers, fund local governments, and restore our national forests so they may benefit us all forever. The Act now enjoys the bipartisan support of over 30 congressional representatives, but not the support of either Senator from Oregon.

**"...trying to straddle the chasm between the radical treesitters of the Cascadia Forest Defenders and the genteel Sierra Club, Moskowitz could be the proverbial bridge."**

*-Willamette Week, August 19, 1998*

**Enact Real Campaign Finance Reform**

A political system of "legal bribery" is selling out the public good to special interests. I will fight to restore accountability and integrity to the US Senate and power to the people.

Money, in the form of campaign contributions and lobbying, runs our political system. Over 80 percent of that money comes from corporations. As a result, politicians place corporate interests above the needs of tax paying and voting citizens. "Our" representatives eliminate hard-earned environmental protections and social programs that benefit the people while increasing senseless corporate welfare programs. No wonder so many Oregonians feel cut out of the decision-making process.

As your Senator, I will fight to end this system of legal bribery by supporting real campaign finance reform. I will work tirelessly for publicly-financed campaigns and to make TV and radio available to all candidates. After all, the airwaves do belong to the public. Voters deserve to hear the candidates with the best ideas, not just those with the big bucks.

**Protect Workers' Rights**

In a downsizing, job-exporting global economy, we need to protect the rights of American workers. A global market that ends job security, reduces pay and benefits, endangers worker safety, and sacrifices environmental standards, cannot be truly free.

I join Oregon's farm workers and labor organizations in opposing the Guestworker's Bill, introduced this year by both of Oregon's Senators. This bill would replace local workers with imported "guest" laborers forced to work for lower wages under conditions that don't meet government standards. Instead of undercutting American workers, we need to stop subsidizing private employers who pay low wages and no benefits so that truly ecologically and socially responsible businesses can compete.

**Create The Future Our Children Deserve**

Even in our recent booming economy, America's children are getting poorer. I will fight for living wages, health care, childcare, and quality education for everyone.

Over 20 percent of our nation's children – over 14 million – are being raised in poverty, including 17 percent of the children in Oregon. Meanwhile, instead of helping our children create a positive future, nearly half of United States Federal Budget for 1999 will go to pay for current military activities and past military buildups, even though the Cold War is long over. In contrast, 9 percent of the budget is directed toward education and 20 percent toward other health and human services. To waste money on a bloated military while starving our social services is poor public policy.

As your Senator, I will fight to invest in our families and our communities. I will support the creation of public jobs with living wages and health benefits in community-based services like senior programs, quality childcare, and before- and after-school programs. I will shift the tax burden for social services from personal to corporate taxes.

**Vote for Karyn Moskowitz and the Pacific Party,  
Oregon's Green alternative.**

Send a message to Washington that you are not satisfied with politics as usual. If we continue to vote for Democrats and Republicans, both bought and paid for by the same special interests, our voices will never be heard. Throughout America's history, third-party candidates have introduced many of our most important social and political reforms, including social security and women's suffrage. Cast a vote that counts.

**Vote for the Clearcut Alternative. Vote for Karyn Moskowitz.**

**"If you're as fed up with the present system as I am, join me in voting for a progressive voice of integrity, Karyn Moskowitz."**

**STANDING UP FOR OREGON**

When I first ran for the U.S. Senate, I promised to stand up and fight for all of the people of Oregon. As your Senator, I've worked hard to keep that promise. I've listened to your concerns, taken your ideas with me back to Washington, DC, and done my best to give the people of Oregon a strong voice in their federal government.

Standing up for Oregon sometimes means taking on powerful interests...and I've taken on some of the toughest. I've stood up to the HMOs and demanded that doctors be allowed to tell you all of your medical options, not just the cheapest ones. I'm standing up to the tobacco companies to stop them from selling cigarettes to our kids while they lie to us about nicotine addiction.

When an Air Force C-130 crash took the lives of 10 Oregon Guardsmen, I took on the Pentagon, blocking the promotion of the top General in the military, until they agreed to start giving the families some straight answers. I battled discriminatory practices in the Senate when a young disabled woman was barred from bringing her guide dog on the Senate floor. And because I believe that Senators should live by the same rules as everyone else, I'm fighting to end the tradition that allows individual Senators to stop legislation secretly, without ever telling the public.

If you honor me with your vote this year, I'll continue these fights until they're won.

Editorial, *Willamette Week*, 5/6/98

**COMMON SENSE SOLUTIONS**

We've got to make government work better for people and, while that sounds like simple common sense here in Oregon, in Washington it can be a real battle. I'm proud to say that by staying away from partisan bickering and focusing on the things that matter, I'm winning some important battles.

My initiative to cut waste and fraud in Medicare would save taxpayers billions, according to the National Taxpayers Union, and I developed a bipartisan plan that empowers local school districts to cut school bureaucracy and put the resources in the classroom, where they belong. I'm also working to make schools safer, writing and passing a bill that keeps kids who bring guns to school from being put right back out on the streets.

I've also taken a common sense approach to balancing the federal budget while cutting federal spending and taxes. I've authored a balanced budget amendment that will both balance the federal budget and stop the Congress from raiding the Social Security Trust Fund. I've worked to make it tougher for Congress to raise your taxes and my Internet Tax Freedom Act prohibits discriminatory taxes on Internet consumers and businesses. This year, the non-partisan Taxpayers for Common Sense ranked me third among all Senators for my efforts to hold down taxes and eliminate waste.

*Sen. Ron Wyden is pushing...actually reforming Medicare instead of just talking about it."*

Editorial, *Salem Statesman Journal*, 4/8/97

**STANDING UP FOR ALL OF OREGON**

I recognized a long time ago that the more I heard from all Oregonians, the better I would do my job in the Senate. So I became the first US Senator in Oregon's history to set up offices in both urban and rural areas – including Eugene, Medford, Portland, Bend, Salem, and La Grande. And I've kept my promise to hold town meetings in every Oregon county, every year.

By listening to you, and following up on what I heard, I've been able to make a difference in every corner of our state. In Medford, my office helped to bring new telecommunications jobs and improve Medicare reimbursements. In Bend, I've worked with local law enforcement officials to make sure they have the resources they need to halt the flow of illegal drugs. In Portland, I wrote legislation to help preserve clean drinking water by banning polluting activities in the Bull Run watershed. In Southwest Oregon, I teamed up with Congressman DeFazio to protect Social Security and help rural counties fund their schools and roads. I've stood up for fishing families on the coast and farmers in the east. And all across Oregon, I've defended the right of women to make their own health care choices, without government interference.

*Ron Wyden is making good on his promise to be available to all Oregonians – regardless of whether they live near the dunes on the southwest coast, in the foothills of the Cascades, or in the Blues of Eastern Oregon."*

Editorial, *La Grande Observer*, 5/29/96

*"Wyden listens and follows up...Beyond simply listening, Wyden follows up with active support and commitment."*

Editorial, *The Dalles Chronicle*, 5/3/98

Representing Oregon in the US Senate has been the greatest privilege of my life. I'm proud that you've asked me to stand up for you, and now I'm asking you to stand with me in this election.

Thank you for taking the time to read the Voters Pamphlet. Please make your voice heard by voting.

**Molly Bordonaro**  
**Republican**  
**Representative In Congress, 1st District**

**OCCUPATION:** Business owner, The Bordonaro Group, public relations consulting

**OCCUPATIONAL BACKGROUND:** Senior Legislative Director, American Legislative Exchange Council

**EDUCATIONAL BACKGROUND:** B.A., University of Colorado; Lincoln High School; West Sylvan Middle School; William Walker Elementary

**PRIOR GOVERNMENTAL EXPERIENCE:** Worked with state legislators to advance legislation to improve public education; worked with members of Congress advocating reforms in welfare, health care and tax policy

**Community Involvement:** Beaverton Chamber of Commerce; National Federation of Independent Business; Portland Center Stage; Oregon Education Coalition; volunteer mentor, St. Mary's Home for Boys

**Family:** Molly lives with her husband Matt in the Raleigh Hills neighborhood of Washington County with their dog Captain. A fifth generation Oregonian, Molly enjoys the outdoors, fishing, gardening and running marathons.

**MOLLY BORDONARO TO IMPROVE EDUCATION**

A Plan to Give Every Student the Opportunity to Learn & Succeed

- Improve our schools—not with more rules and red tape from Washington, D.C.—but by returning federal funds directly to local school districts with fewer mandates to hire more teachers, help reduce class sizes in early grades, and put more resources in our classrooms
- Keep our schools safe from drugs and violence by making it easier for teachers to remove violent and disruptive students from their classrooms
- Reward good teachers with merit or performance based pay
- Allow parents to save and invest up to \$2000 per child in tax free savings accounts for educational needs from kindergarten through college
- Expand public school opportunities through charter schools
- Improve access and affordability to colleges and universities through grants and student loan programs

**MOLLY BORDONARO TO SECURE  
A BALANCED BUDGET**

A Plan to Save Social Security,  
Cut Taxes & Reduce the National Debt

- Maintain a federal balanced budget that protects and strengthens Social Security, reduces the national debt and lowers taxes
- Eliminate the marriage penalty tax that every year forces thousands of couples to pay higher income taxes and reduce taxes on savings, social security benefits and estate or "death" taxes
- Simplify the current tax code by making it smaller, fairer and easier to understand
- Honor the sacred promise of Social Security by legally protecting the Social Security Trust Fund from spending raids by Congress
- Approve a Balanced Budget Amendment to help control wasteful spending and create a smaller, more efficient government

**MOLLY BORDONARO TO MAKE OUR  
NEIGHBORHOODS SAFER**

A Plan to Fight Drugs, Crime & Violence

- Strengthen the juvenile justice system to ensure that young people who commit serious, adult crimes are punished as adults
- Toughen penalties for dealing drugs to minors and improve drug prevention programs in schools

- Ensure that anyone using a gun during a crime gets a mandatory prison term
- Strengthen international drug interdiction efforts and stop drugs at the border before they reach our neighborhoods, communities and schools

**RESPECTED OREGONIANS ENDORSE  
MOLLY BORDONARO**

**SENATOR GORDON SMITH**

"Molly is a remarkable leader of a new generation. Her ability to bring people together on behalf of Oregon's priorities will serve our state well in Congress. I look forward to working with someone as dedicated to public service as Molly Bordonaro."

**GOVERNOR VIC ATIYEH**

"Molly's experience in Washington, D.C., combined with her deep family roots in Oregon and her fresh ideas for the future, will make her a strong voice for Oregon in Congress."

**PEGGY HARRIS, TEACHER,  
HILLSBORO SCHOOL DISTRICT**

"Molly's approach toward improving education—to return more federal funds with fewer mandates to local school districts—is the right one for the First District. As a teacher, I know Molly will be an advocate for less bureaucracy and more resources in our classrooms."

**DAVID BISHOP, BEAVERTON CHIEF OF POLICE**

"As a law enforcement officer with over 36 years of experience, I know Molly will fight to make our communities safer and will work to permanently remove drugs from our neighborhoods and schools. She is a problem solver with a deep conviction toward enhancing crime fighting efforts at the local level."

**MARK PADGETT, FORMER CHAIRMAN,  
WASHINGTON COUNTY DEMOCRATIC PARTY**

"As a Democrat, I'm supporting Molly because she has a unique ability to work across party lines to get the job done. We would be well served to have such a thoughtful, consensus-building leader represent us in Congress."

**WALT McGOVERN, PAST PRESIDENT,  
NORTHWEST STEELHEADERS**

"Having served on the Governor's Salmon Advisory Council, I appreciate Molly's commitment toward restoring salmon and steelhead runs of the Columbia and coastal rivers. She understands and values Oregon's special environment."

**A PERSONAL MESSAGE FROM MOLLY**

"As your Congresswoman, I'll work with you to make our schools the best they can be; to make our neighborhoods and schools safe from drugs and the crime they bring; and to secure a balanced budget that strengthens social security and reduces taxes on Oregon families. I'll keep an open mind to every point of view and do my best to be a responsible and effective voice for Oregon. I would be honored to earn your vote."

### Representative In Congress, 1st District

**OCCUPATION:** Owner, Beaver State Tree Service, specializing since 1980 in environmentally responsible tree trimming and removal.

**OCCUPATIONAL BACKGROUND:** Food processing; warehouse; loader-driver; salesman

**EDUCATIONAL BACKGROUND:** Grossmont Community College; Portland Community College; currently pursuing a degree in Political Science at Portland State University.

**PRIOR GOVERNMENTAL EXPERIENCE:** None listed.

**Family:** Divorced, three children (ages 28, 20, 6). Home in S.W. Portland.

**Contributor:** Sierra Club, ACLU (not now a member because of differences over campaign finance reform); Common Cause; Public Citizen; FAIR; The Nation; The Progressive; The Consortium; POCLAD (Program on Corporations, Law and Democracy)

This summer I was nominated to run for Congress because, frankly, many voters were appalled at the negative campaigns being waged by the major party candidates. Before last May's primary Democrat David Wu's unfair attacks on Linda Peter were publicly criticized by both the Oregon League of Women Voters and the Oregonian's editorial board. Then, Republican Molly Bordonaro, rather than discuss the issues, simply ran negative TV ads quoting these earlier criticisms of Wu. But more importantly, I am the only candidate who is not bought and paid for by the big special interests (mostly corporate) contributions that primarily fund both the Democratic and Republican party and therefore the campaigns of Wu and Bordonaro. These two major party candidates are not free to truly represent the interests of the workaday people of this district even if they wanted to, because they are beholden to those that fund their campaigns. As a candidate I will not accept any special interests or corporate contribution of any kind, and I will not accept any private contribution of more than \$100.

While I am an independent running on behalf of the Socialists Party, I generally believe in the principles and positions taken by the New Party, the Green Party, the Labor Party, and even what Senator Paul Wellstone describes as "the democratic wing of the Democratic party. Significant contributions, as well, have been made by the Socialist Party since its founding in 1901. For example:

"It was the Socialists Party that first advocated creation of a Social Security system. It was the Socialists who demanded that the federal government guarantee workers the right to bargain collectively, set a minimum wage and a limit on working hours." (Dick Meister, Oregonian, 9/4/91) While Socialist Party candidates have been elected to Congress from time to time, I anticipate that my campaign will be regarded by so-called "election experts" as "not credible". Notwithstanding, my supporters want a credible third party candidate and I am campaigning accordingly. Happily, a national poll conducted a few years ago by the Times Mirror found that 57% of 1800 adults favored the idea of a third party. Actually, to paraphrase Jim Hightower, I would like the idea of having a second party, because when it comes to economic issues both the Republicans and the Democrats have become unofficially one party: the party of big money. In addition, for those who may think they are just throwing their vote away by voting for a third party candidate like me, consider the words of Eugene V. Debs: "I would much rather vote for someone I want and not get them, than to vote for someone I don't want and get them."

My platform: 1) Campaign Finance Reform. The most urgent political issue of our time. Special interests money of all kinds must be taken completely out of the political process. What we

have now is nothing less than a system of legalized bribery whereby politicians take money from big contributors and in turn represent their interests instead of the interests of the vast majority of the people. We could replace this utterly corrupting system with a new system of complete public financing of campaigns that would cost only about \$5 per voter per year. Television stations, who lease the public airwaves from the people that own them, would be required to provide free air time to all candidates and measures. Print media would, as a public service, be required to provide a certain amount of space for political advertising.

2) Capitalism and Corporations. Corporations must be made to be socially responsible. Socialism, as I define it, is capitalism that is socially responsible. The so-called free market will never make itself socially responsible because it is motivated only by profits. This system of unfettered and global corporate capitalism is totally dysfunctional and is resulting in the environmental plundering of the planet, gross exploitation of working people everywhere in the world, and obscenely large concentrations of wealth in the hands of a very few at the top. Right now, in the United States, the top 1% of the population have about 47% of the total wealth of the country and more wealth than the bottom 90% combined. At the same time the incomes of 80% of Americans have been stagnating or declining for the last 25 years, 25% of our children are growing up in poverty, and the crime and incarceration rate are by far the highest of any in the industrialized world. By any reasonable standard, this cannot be defined as a successful system. We the people need to take back the government that is supposed to belong to us and forge a new system that is conducive to the greater goals of social justice, economic equality and opportunity and respect for human rights and the environment.

3) The military budget is obscenely oversized. Nine years after the end of the cold war, it still consumes 47% of the discretionary federal budget and is larger than the next 10 countries in the world combined. No less than former President Eisenhower himself said to beware of the gigantic military industrial complex and that every extra dollar taken by the military constituted a theft from every man, woman and child in America. The military budget should be reduced by one-half within 3 to 5 years and by three-fourths within 5 to 7 years. The U.S. would still have by far the largest military in the world and the enormous savings could be reinvested for human needs, the environment and education.

4) The Tax System. First, raise the corporate income tax and get corporations off welfare. Corporations don't pay their fair share of taxes. In the 1960's corporations paid 80 cents in tax to every \$1 for individuals. Today that ratio is down to 20 cents on the dollar. In terms of welfare, corporations are the true "welfare mommas" of the United States as they receive four and one-half times (170 billion) the amount of welfare that is given to people in the form of tax breaks, subsidies and outright giveaways. Second, restore the progressive income tax rate. Those who have the privilege and benefit of making more should be giving back more to the system that allows them to do so. Third, raise the income ceiling for paying social security tax from its current \$68,000 to much higher. This would take the burden for funding social security off the middle and lower classes and would insure the survival of the system.

5) Repeal NAFTA and GATT. No so-called free trade agreement should ever be adopted that does not make the rights of workers and the environment at least equal to the rights of capital. Fair trade not free trade.

6) Education. \$5 billion is desperately needed to simply repair the dilapidated conditions of mostly inner city schools.

### Representative In Congress, 1st District

**OCCUPATION:** Law practice helping Oregonians start new businesses, focusing on high technology and international trade.

**OCCUPATIONAL BACKGROUND:** Research and teaching assistant; fishing guide; shipyard worker; laborer.

**EDUCATIONAL BACKGROUND:** Stanford University, B.S., 1977; Harvard Medical School, 1977-1978; Yale Law School, J.D., 1982

**PRIOR GOVERNMENTAL EXPERIENCE:** Commissioner, Portland Planning Commission; Judicial Clerk to Judge Alfred T. Goodwin; Staff to Deputy Assistant Secretary for Health, U.S. Department of Health, Education, and Welfare, Washington, D.C.; Executive Office of the President, Washington, D.C.

**Community Involvement:** Board of Directors, Portland Youth Philharmonic; Member, Northwest Steelheaders Association, Tom McCall Chapter; Founding President, Delphi Society (Oregon Graduate Institute support organization); Member, Portland Downtown Rotary Club; Past President, Oregon Graduate Center Associates (Oregon Graduate Institute support organization)

**Family:** David and his wife, Michelle, a sixth generation Oregonian, live with their 16-month old son Matthew, two dogs, and three cats. Michelle has been a teacher for 10 years.

David is an avid outdoorsman who fishes, hikes, and runs the Hood-to-Coast relay. His dragon boat team is two-time champion of the Portland Dragon Boat Races.

#### DAVID WU - A COMMITMENT TO EDUCATION

David believes every child deserves an A-plus education. He will fight in Congress to:

- Reduce class size by hiring 100,000 new teachers
- Make safe, affordable, quality child care more available
- Expand college financial aid
- Achieve full funding for Head Start
- Provide more technology in classrooms
- Increase scientific research
- Support job training for teenagers and adults

#### DAVID WU - MAKING OREGON'S SCHOOLS AND COMMUNITIES SAFER - LEADING BY EXAMPLE

David will fight for tough criminal sentences, as well as prevention and education. David believes that we need safe schools or our children won't learn. As a citizen leader, David organized a successful drive that shut down a Portland crack house which sold drugs to children. In Congress he will fight to develop anti-gang programs in our schools, and believes in tough rules to discipline any pupil caught on school grounds with weapons or drugs.

#### DAVID WU - PRESERVING SOCIAL SECURITY

David will fight to protect Social Security and Medicare benefits. David supports using the federal budget surplus to protect Social Security first. That's why he's endorsed by the Oregon State Council of Senior Citizens.

#### DAVID WU - THE PRO-CHOICE CANDIDATE

David believes that government should stay out of women's private decisions. He will protect a woman's right to choose, and fight for laws to protect clinics from violent attack.

#### DAVID WU - MANAGING GROWTH,

#### PROTECTING OREGON'S ENVIRONMENT

By strengthening transportation systems, David will make sure we plan our growth carefully to protect our air, water, and way of life. Through good stewardship, David believes we can preserve Oregon's natural heritage and build an environmentally sustainable economy.

#### DAVID WU - REAL BUSINESS EXPERIENCE

David's law firm, Cohen & Wu, has helped people start their own businesses, working to create new opportunities and good jobs for Oregonians. David knows what it means to run a business. He

believes Oregon businesses need a strong advocate in Congress to help eliminate unnecessary regulations and create jobs.

#### DAVID WU - THE AMERICAN JOURNEY

David has lived the American Dream. He knows from personal experience that freedom, opportunity, and success are not given, but achieved:

"My father came to America with virtually nothing but his will to work. When I arrived, I was almost seven, spoke no English, and knew my father only from photographs. My parents endured over six years of separation to bring our family to America. It was a separation which would have been longer if not for a compassionate change in law made by President Kennedy. It's an immigrant story which all American families share. The strength and sacrifice of my parents gives me the courage to face virtually any adversity, and common ground with anyone struggling to succeed, especially if it's against all odds."

**Earl Blumenauer**  
**Democrat**  
**Representative In Congress, 3rd District**

**OCCUPATION:** U.S. Congressman

**OCCUPATIONAL BACKGROUND:** administrator; elected official

**EDUCATIONAL BACKGROUND:** B.A.; J.D. Lewis and Clark College; Northwestern School of Law

**PRIOR GOVERNMENTAL EXPERIENCE:** Representative from Southeast Portland, Oregon State Legislature; Board Member, Portland Community College; Multnomah County Commissioner; Portland City Commissioner; U.S. Congressman

**Congressman Earl Blumenauer**  
**Local Results•National Leadership**

Since we elected him as our Congressman, Earl Blumenauer has worked hard on the issues that matter most to our community. He has also won wide attention for bringing Oregon ideas and innovation to the task of making the entire nation more livable.

**Delivering for the Third Congressional District**

**Protecting the Columbia River Gorge** – Earl led the successful fight to secure \$8 million for critical land purchases in the Columbia River Gorge National Scenic Area.

**Defending Educational Opportunity** – Earl knows that smaller class sizes are critical to our children's success. He is supporting federal action to hire more teachers, fix school buildings and connect to the Internet.

**Securing Transportation Funding** – A member of the powerful Transportation and Infrastructure Committee, Earl is fighting to strengthen funding for Oregon's roads, bridges, sidewalks, bikeways and transit.

**Safer Neighborhoods** – Earl wrote legislation to secure guns in the home and away from curious children, depressed teens and dangerous criminals. Locally, he helped form the Oregon Safe Handgun Storage Coalition that brought law enforcement officials, health care providers and others to common ground --- the health and safety of our children.

**Creating a More Livable Future Across the Nation**

Earl has become a nationally recognized leader in making communities better places to live and work, and is developing a "Livability Agenda" to make it happen.

Earl stays in touch with his innovative use of community forums, connecting veterans, students, educators, business leaders, seniors and many others. Week after week, Earl comes home to work for protection of the Columbia River Gorge, support for local postal service in East Multnomah County, light rail to the airport and for livability projects in Sandy, Gresham and Milwaukie.

"On protecting the Columbia Gorge, Blumenauer has donned the mantle of retired Sen. Mark Hatfield, R-Ore., who helped write the 1986 law creating the scenic area and a bi-state commission to oversee local development."

*Northwest Letter, February 27, 1998*

"Blumenauer's idea is...about making all communities safer, more healthful and more efficient, by changing law and custom to give citizens more responsibility, and voice. And making government live up to its own rules."

*Neal R. Peirce, Oregonian, March 17, 1997*

Blumenauer is "...part of one of the most exciting movements in the country...an emerging effort to look at our metropolitan areas and figure out how we might reorganize the way we spend money, make decisions and organize growth."

*E.J. Dionne Jr., Oregonian, August 4, 1997*

"Oregon Reps. Earl Blumenauer and Peter DeFazio, both on the House Transportation and Infrastructure Committee, are particularly well placed to pursue Oregon's thoughtful transportation agenda."

*Oregonian Editorial, July 21, 1997*

"A tip of the beaver hat to Earl Blumenauer for trying to make the U.S. Congress a smoke-free workplace...Blumenauer is drafting legislation to ban smoking in the rooms and corridors that connect to the House floor."

*Jonathan Nicholas, Oregonian, September 22, 1997*

"Various groups, including Oregon Gun Owners and the Oregon Medical and Nurses Association, and individuals, such as Multnomah County Sheriff Dan Noelle and U.S. Rep. Earl Blumenauer, D-Ore., are promoting a sound idea for home gun safety. They've formed the Oregon Safe Handgun Storage Coalition to protect children by encouraging gun owners to keep weapons in lock boxes."

#### WHEN VOTING, REMEMBER THAT A LOT OF WHAT'S BEST IN AMERICA IS SOCIALIST!

"It was the Socialist Party that first advocated creation of a Social Security system. It was the Socialists who demanded that the federal government guarantee workers the right of bargain collectively, set a minimum wage and a limit on working hours." (Dick Meister, *Oregonian*, 9/4/91)

#### WHEN VOTING, DON'T BE AFRAID TO VOTE SOCIALIST.

Some great Americans have been socialists: Eugene Victor Debs (American Railway Union founder), Mary "Mother" Jones (Steelworkers organizer), Helen Keller (deaf & blind lecturer), Susan B. Anthony (woman's-suffrage leader), Margaret Sanger (birth-control leader), Walter & Roy Reuther (Auto Workers founders), Norman Thomas (Harlem minister & "The Conscience of America"), Emma Lazarus (poet, "Give me your tired, your

poor, your huddled masses yearning to be free"), Jack London (author, *Call of the Wild*), W.E.B. DuBois (African-American leader), Rev. Martin Luther King Jr. (civil rights leader), Upton Sinclair (author, *The Jungle*), Michael Harrington (author, *The Other America*), Congressman Meyer London (chief sponsor of first workers' compensation law passed in Congress), Carl Sandburg (Lincoln author), Albert Einstein (physicist).

A. Philip Randolph, "Father of the Civil Rights Movement", founder of the Railway Pullman Porters Union, and the first African-American Vice President of the AFL-CIO, received the Presidential Medal of Freedom from President Johnson in 1964.

#### AS YOUR CONGRESSMAN, FORMER STATE SENATOR WALT BROWN WOULD WORK TO:

Enact universal health insurance like Canada's single-payer system. The American College of Surgeons has endorsed such a system. Single-payer is socialized health insurance (like MEDICARE), not socialized medicine (like the British Health Service).

Strengthen Social Security, Medicare, Medicaid, AFDC, WIC, Headstart, and vocational education. Support lowering the Social Security retirement and Medicare age to 62. Provide longterm skilled nursing care for Americans with Alzheimer's and other such "longterm" medical conditions. Brown has a special interest and competence in health policy issues.

Strengthen Clean Air, Water, Endangered Species laws. Zero tolerance for dumping toxic chemicals in public waterways. "Since 1992" the U.S. EPA and Army have permitted the Port of Portland to dump dredged silt, contaminated with "PCBs, coal tar and heavy metals", in Ross Island's lagoon. (*Oregonian*, 8/6/98) During Brown six sessions in the Oregon Senate, he was rated 100% in all but one session by the Oregon Environmental Council. The League of Environmental Voters has publicly marked him down for his votes (1) to weaken land use protections, the "takings" issue, and (2) to permit Maine and Vermont to ship low-level radioactive waste to a facility near Sierra Blanca, Texas, a predominately Hispanic and low-income community located on the Mexican border and only 16 miles from the Rio Grande River.

Repeal NAFTA & GATT. Demand fair trade, not so-called "free trade". Reduce outsourcing, downsizing, exporting jobs. The closure of the Pendleton Woolen Mills' shirt factory in Milwaukie was blamed on NAFTA by the plant manager. All of the workers (mostly women, many single parents and widows) lost their jobs. During Brown's six sessions in the Oregon Senate, he was rated 100% in all but one session by the Oregon AFL-CIO. The Sierra Club in Oregon has publicly criticized Rep. Blumenauer for his support of President Clinton's "fast track" international trade legislation, an issue on which organized labor agrees.

Balance the budget honestly, not "on the backs" of the surplus monies in the Social Security, Highway, Aviation and other trust funds. This funds were previously "off budget" until Congress put them "on budget" during the Vietnam War to mask the high cost of defense expenditures.

Oppose a national sales tax. Make income taxes more progressive. Packwood's Tax Simplification Act was neither simple or just. Social Security benefits and unemployment compensation should not be taxed.

Actively support political, economic, and social democracy.

# Blair Bobier

## Pacific Governor

**OCCUPATION:** Executive Director, Northwest Democracy Institute

**OCCUPATIONAL BACKGROUND:** Community Activist, Lawyer

**EDUCATIONAL BACKGROUND:** Northwestern School of Law, Lewis & Clark College, J.D. University of Maryland at College Park, B.S.

**PRIOR GOVERNMENTAL EXPERIENCE:** Environmental Law Specialist, Oregon Department of Environmental Quality; volunteer Pacific Party lobbyist in Salem; member of the Oregon State Bar.

### THIS ELECTION IS ABOUT OREGON'S FUTURE.

Oregon, the most beautiful place in the world, is at a crossroads. Down one path, the future is bleak. Traffic clogs streets and highways, schools run out of money, prisons dot the landscape; salmon, ancient forests, and pure, clean drinking water all disappear. That path is paved by Republicans and Democrats alike.

The other path leads to a healthy future for ourselves and our children. Trains, trolleys, bikes and busses reduce congestion and pollution. Sensible and sustainable development replaces ugly urban sprawl. School construction outpaces prison construction. Healthy forests provide endless sources of pristine drinking water and a basis for economic security. This path is here right in front of us. All we need is the courage to take it. This is the path of the Pacific Party and Blair Bobier.

### Economic Security Requires a Healthy Environment

Pure, clean water from healthy forests is the basis of a number of critical industries in Oregon, including the billion dollar salmon industry, high-tech, and tourism and recreation. These industries, and our drinking water, are threatened by the state and federal governments who allow companies to log on our public lands for private profit. What's worse is that the taxpayers subsidize this destruction. Blair Bobier, a well-respected, long-time environmental activist, opposes subsidizing corporations who ravage our public lands. John Kitzhaber, at best, has stood by idly while Oregon's resources are devastated. At worst, John Kitzhaber has actively aided and abetted the destruction of our economic base.

"We found Bobier to be considerate and intelligent. We encourage him to run for office..."

*Willamette Week, 10/22/92*

"Blair Bobier is a man of integrity, a friend of working people, and the best hope for our future and our kids."

Teresa Keane, Nurse Practitioner and mother of two teen-agers

"Blair Bobier believes in true democracy, where every citizen counts. If you're tired of both Democrats and Republicans, join me in voting for Blair Bobier."

Harry Lonsdale, former Democratic candidate for U.S. Senate

### BLAIR BOBIE: CREATING JOBS AND PROTECTING OUR RESOURCES

Blair Bobier knows that restoring our forests will provide Oregonians with good paying jobs for as long as there are forests. Blair Bobier supports the National Forest Protection and Restoration Act, and Ballot Measure 64, which will protect our resources while providing assistance to timber-dependent

communities. John Kitzhaber's environmental record is terrible: a judge ruled that Kitzhaber's plan to save our salmon was unacceptable. Kitzhaber also supports logging which threatens Eastern Oregon's last wild salmon run on the John Day River.

### Sensible and Simple Solutions

Traffic and air quality are getting worse and worse in our cities. Trucks account for 43% of Portland's air pollution. Trucks and cars leave oily residues on our streets which wash into our rivers when it rains. Environmental regulations which are supposed to protect our air and water are too weak and are poorly enforced. Using existing rail lines to move goods instead of trucks and providing inexpensive public transportation will help clean the smog and haze out of our valleys and keep pollution run-off out of our rivers. "Pollution taxes," taxing industries by the amount of pollution they spew into our environment, provide incentives for industries to clean up their acts and work better with less bureaucracy than our current laws.

### Fair Taxation and Health Care for All

Blair Bobier supports expanding the Oregon Health Plan to cover all Oregonians. Blair Bobier knows that our tax system places an unfair burden on working people and believes that corporations and the wealthy should pay their fair share.

### Blair Bobier is Smart on Crime

Our tax dollars must be spent wisely to keep violent criminals off our streets. John Kitzhaber wants to waste our money by locking up hundreds of thousands of peaceful Oregonians for possession of small amounts of marijuana. Kitzhaber signed a bill to re-criminalize the possession of small amounts of marijuana, subjecting 300,000 otherwise law-abiding adults to imprisonment and their homes and cars to forfeiture. Our prison system is already overburdened. Kitzhaber, like Richard Nixon who started the "War on Drugs," is willing to lock up scapegoats for political gain.

### An Honest, Grassroots Campaign

Blair Bobier supports campaign finance reform and walks his talk. Blair's campaign is being run on a fraction of the hundreds of thousands of dollars pouring into the Sizemore and Kitzhaber campaigns. Isn't this legalized bribery? Don't those contributors of huge sums of money expect something in return?

### A BETTER WAY

In a democracy, we get the kind of government that we deserve. Don't we deserve the best for ourselves and our children? Listen to words of David Brower, the founder of the modern American conservation movement:

"Republican leadership that actively erodes the ecological basis for human survival is little different from Democratic leadership that moves toward the same fate through negligence and compromise.

**A vote for Blair Bobier is a call for fundamental change and true leadership in creating our collective future."**

## Libertarian Governor

**OCCUPATION:** Self-employed small computer, network and internet consultant.

**OCCUPATIONAL BACKGROUND:** Small business owner, computer programmer, ballot initiative information director and retail store manager.

**EDUCATIONAL BACKGROUND:** Bachelor of Science, Social Science, Portland State University, 1989. Teacher Training, University of Nebraska – Lincoln, 1983-84.

**PRIOR GOVERNMENTAL EXPERIENCE:** Local School Committee, Sunset High School, Beaverton School District, 1997-Present. Local School Committee, Terra Linda Elementary School, Beaverton School District, 1994-1997. Secretary, Washington county citizens' land use committee, CPO#1, 1991-1992. Finalist, Better government Competition sponsored by the Cascade Policy Institute, 1998. Chair, Libertarian Party of Washington County, 1997-Present. State Chair, Libertarian Party of Oregon, 1993-1994.

### OREGON'S "INDEPENDENT" CHOICE

If you are a non-affiliated voter, or a Republican or Democrat who votes across party lines, my candidacy could be for you: I am the only candidate for governor who is both fiscally conservative and socially tolerant. I want more of the money you earn to stay in your pocket. I want the personal decisions you face in life to be under your control.

### YOUR CHANCE TO MAKE A STATEMENT

Virtually every pollster and pundit considers the outcome of this race to be a foregone conclusion. Even if true, voting can still be a meaningful act. I am running to provide you with a way to send a message to Salem. By voting for me you tell Republicans and Democrats you are tired of having to choose between your money and your personal liberty. I am running to bring up the important issues which the major parties tend to avoid. By voting for me you can direct the course of public discussion. Your vote is an investment in political innovation.

### GOVERNOR FOR THE WHOLE STATE

By the time you read this I will have campaigned in every Oregon county and logged over 10,000 miles on the road. I do this because I realize that no region of Oregon can be taken for granted. Though we need to move forward as a state, we must restore local control to communities. The ideas of limited government and individual liberty resonate across every part of Oregon.

### • EDUCATION

Parents should control the educational direction of their children. To that end I support the establishment of true charter schools to exist alongside traditional schools. Charter schools are public schools run by parents and teachers. They have virtual autonomy over faculty selection and curriculum. Under my plan, 80% of the money currently being spent on each child will follow that child into his or her charter school. The remaining 20% will remain in the traditional school system, increasing per pupil expenditures without new taxes. Charter schools improve academic achievement in many states. They increase parental involvement and reduce crowding. Our school system needs to evolve. Oregon's children deserve the right to choose schools as diverse as they are.

### • TAXES

My proposed budget will allow us to lower income taxes by 40%. I also support completely eliminating property taxes, replacing lost revenue through a capped 5% consumption tax. A portion of the tax would go to the state, the rest would go to your local government, restoring local control. I oppose "sin taxes" which unfairly discriminate against the poor and socially unpopular groups.

### • PERSONAL CHOICES

As an adult, you should be able to own yourself – it is the ultimate property right. I support Oregon's "Death with Dignity" law. I support a person's right to use marijuana for medicinal purposes. Though never desirable, access to abortion should remain safe and legal during the first two trimesters of pregnancy. I oppose mandatory seat belt and helmet laws for adults. I oppose government censorship of the internet and other media. No tax dollars should be used to subsidize personal choices or their ramifications.

### • CRIME AND PRISONS

Most violent crimes, and the "need" for new prisons, can be traced to the black market for drugs. Drug trafficking has made our schools unsafe and plagued our streets with violence. Rather than regulating access to drugs, which creates black markets, we should put society in control by regulating their use. Breaking the black market will move drugs from the schoolyard to the pharmacy. It will dramatically reduce street crime. Our police will spend more time protecting our families and prison space will be freed to keep violent criminals behind bars. Our churches, communities and families will be free to fight drug abuse in a less violent setting. Those who take drugs must bear the responsibility for the harm they cause themselves. Ineffective drug laws help nobody and hurt society.

### • SOCIAL SECURITY

I will seek the federal waivers needed to implement the Oregon "Opt-Out" plan, endorsed by the 1997 Oregon legislature. Under the plan, funds from your paycheck normally sent to the Social Security Retirement Trust Fund become available for investment in a Personal Retirement Account (PRA). The "Opt-Out" plan ensures that current retirees will continue to receive benefits. It also allows those still in the workforce to take control of their future by investing in a system that provides true security.

## Governor

**OCCUPATION:** Governor

**OCCUPATIONAL BACKGROUND:** Emergency Room Physician, Roseburg 1974-1988

**EDUCATIONAL BACKGROUND:** Graduate, South Eugene High School, 1965; B.A. Dartmouth College, 1969; University of Oregon Medical School, 1973.

**PRIOR GOVERNMENTAL EXPERIENCE:** State Representative, 1979-1980; State Senator, 1981-1993; Senate President, 1985-1993; Governor, 1995-Present.

Like you, I never forget how lucky I am to live in Oregon. And I'm thankful to past generations of Oregonians for thinking ahead, refusing to be selfish, and for making the choices that have kept this such a special place.

Today it is our turn. Today we face new challenges – and how we meet them will determine what Oregon will be like in the future and what kind of place we will pass on to our children.

This September, I released a detailed plan – The Oregon Challenge – that sets forth how we can meet these challenges. It focuses on children: strengthening and improving our public schools, and preventing juvenile crime so that all kids have a bright future. And, it preserves our quality of life for future generations of Oregonians.

The Oregon Challenge is built around three commitments.

**First, it is a commitment to give our children the education they need to succeed in the 21<sup>st</sup> Century.**

We must ensure that our children enter school ready to learn. Once they start school, we must offer them a public education that is the best in the nation. We must demand that our children master the basics, and that they can demonstrate the ability to apply what they have learned. We must provide every high school graduate who has demonstrated these abilities the opportunity for a college education.

To achieve these goals, The Oregon Challenge proposes:

1. Increased attention to the Early Childhood Years – expanding programs for young children who may need help to enter school healthy, well adjusted, and ready to learn.
2. High Student Performance in the Basics – with statewide standards and testing to ensure that students can effectively apply what they have learned.
3. Performance-based Funding – which ties school funding to increased student performance.
4. College Scholarships to Those Who Earn Them – by implementing a program to ensure college access for all high school graduates who meet these standards.

**Second, it is a commitment not to lose any more of our children to juvenile crime.**

Over the past three years we have nearly doubled our prison capacity – but the real challenge is to keep our children out of trouble in the first place. We know who the at-risk kids are, we know how to help them – we have a moral obligation to do so.

To achieve these goals, The Oregon Challenge proposes to:

1. Improve our Domestic Violence Prevention Efforts.
2. Expand Alcohol and Drug Treatment Programs.
3. Establish the Oregon Juvenile Crime Prevention Partnership which will:
  - a) Identify At-Risk Youth – using well-recognized risk factors.
  - b) Target Funding to At-Risk Youth – with a \$30 million appropriation which I will include in my budget.
  - c) Implement Proven Programs and Measures.

**Third, it is a commitment to protect Oregon's unique quality of life.**

Half a million people have come to Oregon since 1990 and another 500,000 will come in the next ten years. I am not willing to let our state grow at the expense of our livability, especially when we're smart enough to have both.

To achieve these goals, The Oregon Challenge proposes to:

1. Strengthen Land Use Laws – to protect farm and forest land, make it easier and more affordable to build inside the urban growth boundary, and to preserve Oregon's special places and public access to our ocean beaches.
2. Discourage Commercial Strip Development – that increases traffic congestion.
3. Invest in a Balanced Transportation System – that maintains existing roads and highways, reduces congestion through access management and well-planned expansions, ensures efficient freight movement, and promotes easy access and reliable transit options for all Oregonians.

This election isn't just about electing a governor – it's about choosing a future. The Oregon Challenge represents a vision of that future. And the challenge doesn't end on election day – that's when the real challenge begins.

We need to send a clear message – not just on November 3, but long after – that Oregon is too precious, too special to leave to chance or to short term interests. And I need your help.

Please join me and other Oregonians who want to make this vision of Oregon's future a reality. To find out what you can do to help call my campaign at **1-877-FORCHALLENGE**. Together we'll make Oregon even better.

## Bill Sizemore Republican Governor

**OCCUPATION:** Executive Director, Oregon Taxpayers United, a 19,000-member taxpayer organization dedicated to lowering taxes and eliminating government waste.

**OCCUPATIONAL BACKGROUND:** small business owner/operator

**EDUCATIONAL BACKGROUND:** college graduate

**PRIOR GOVERNMENTAL EXPERIENCE:** Governor Atiyeh's task force on workers compensation reform; petition coordinator for initiative to reinstate capital punishment; chief petitioner for ballot measure to limit property tax increases and an initiative to reduce state income taxes.

**Family:** Married to Cindy Sizemore. Five children: Ryan, 14; Jeffrey, 8; Becky, 7; Kristin, 5; and Ashley, 4.

Bill Sizemore has sponsored several ballot measures which have reduced taxes in Oregon by hundreds of millions of dollars. His success at reducing taxes has made him some very powerful enemies, primarily the public employee unions and big city newspaper editors, who together have waged an inaccurate and unfair campaign to discredit him personally. Those who know Bill Sizemore, however, know him to be not only an articulate spokesman, gifted leader, and advocate for the everyday taxpayer, but also a decent and honest person, a loving husband and an extraordinarily dedicated father.

As you read the following, we hope you will discover what Bill Sizemore is really all about – and that his views are much closer to yours than are John Kitzhaber's.

**Bill Sizemore: no new taxes; discipline restored to our schools; school curriculum clearly focused on academic achievement; local control of land use policy; swift and sure sentencing for criminals; well-maintained roads; and government that treats taxpayer dollars like real money, or**

**John Kitzhaber: higher taxes; merely throwing money at problems in our schools; state control of land use policy; a revolving-door criminal justice system; congested highways; and continued government waste.**

Following is a comparison of the views and policies of Bill Sizemore and John Kitzhaber on a wide variety of issues. We suggest you place a checkmark by the name of the candidate with which you agree, and then total the checkmarks when finished.

**Bill Sizemore** has sponsored several ballot measures to save Oregonians hundreds of millions of dollars per year in property taxes.

**John Kitzhaber** opposed Bill Sizemore's property tax limitation measures.

**Bill Sizemore** sponsored a measure placing a three-percent cap on future property tax increases to prevent taxing everyday Oregonians out of their homes.

**John Kitzhaber** actively opposed the three-percent cap measure.

**Bill Sizemore** worked to insure that surplus income taxes were returned to taxpayers as required by law.

**John Kitzhaber** asked the legislature to change the kicker law and keep the income tax surplus rather than returning it to the taxpayers.

**Bill Sizemore** supports making all federal income taxes deductible on taxpayers' state income tax returns to prevent double taxation.

**John Kitzhaber** supports requiring taxpayers to pay state income taxes on their federal income taxes.

**Bill Sizemore** opposes increasing gas taxes.

**John Kitzhaber** has promised, if reelected, to seek a nine-cent per gallon gas tax increase, a doubling or tripling of vehicle registration fees, and a monthly transportation "access" fee added to each telephone bill.

**Bill Sizemore** opposes taxing motorists for each mile they drive.

**John Kitzhaber** has proposed a brand new odometer tax, to tax Oregonians for each mile they drive.

**Bill Sizemore** supports constructing additional highways to relieve congestion.

**John Kitzhaber** opposes building new highways, but rather supports more money for a bus and light rail system used by less than three percent of the population.

**Bill Sizemore** believes real problems in schools are not related to money. He supports limiting money spent on administration, restoring discipline to the classroom, and requiring kids to perform at grade level before moving to the next grade.

**John Kitzhaber** believes schools need more money. Has taken no steps to resort discipline in schools.

**Bill Sizemore** supports using phonics to teach children to read.

**John Kitzhaber** vetoed a bill to make phonics material available to teachers who wanted to use it.

**Bill Sizemore** believes welfare recipients should be required to work.

**John Kitzhaber** blocked bill requiring that welfare recipients work.

**Bill Sizemore** has stated that he will discipline or fire any state employee who dumps money left over at the end of the year just so they can ask for more.

**John Kitzhaber** has not disciplined state managers for dumping end-of-the-year budget surpluses, even though doing so is common practice.

**Bill Sizemore** supports mandatory sentencing for violent and repeat offenders.

**John Kitzhaber** opposes "three strikes you're out" and voter-approved mandatory sentencing for violent offenders.

**Bill Sizemore** opposes additional restrictions on law-abiding gun owners.

**John Kitzhaber** supports placing additional restrictions on law-abiding gun owners.

**Bill Sizemore** supports paying just compensation to property owners when government regulations reduce the value of their property.

**John Kitzhaber** opposes paying compensation when government regulations reduce the value of someone's property.

**Bill Sizemore** has pledged not to accept campaign contributions from public employee unions because the governor negotiates pay raises with those same unions.

**John Kitzhaber** has accepted huge contributions from public employee unions and then gives them huge pay increases.

**Bill Sizemore** supports honoring those who have fought our nation's battles wherever they have been sent.

**John Kitzhaber:** led a black armband, anti-Vietnam demonstration, would have been a conscientious objector if drafted, and vetoed a recent bill to build a nursing home for veterans.

When given the facts, the choice really is quite clear. Please join us in voting Bill Sizemore for governor.

# Trey Smith Socialist Governor

**OCCUPATION:** Membership Coordinator, Oregon Peace Works; Assistant Editor, The Oregon Peace Worker.

**OCCUPATIONAL BACKGROUND:** Children's Services Worker; Mitigation Investigator; Disc Jockey.

**EDUCATIONAL BACKGROUND:** B.A. in Sociology, Ouachita Baptist University; B.A. in Journalism, Arkansas Tech University; M.S. in Social Science, Pittsburg State University.

**PRIOR GOVERNMENTAL EXPERIENCE:** None.

Which kind of Oregon do **YOU** want? If you like how things are, then you should cast your vote for one of my worthy opponents.

However, if you support progressive change, then vote for me.

Take a look. Which set of ideas represents the Oregon you want to live in.

**HOW THINGS ARE** Under Oregon's unjust tax system, for every \$1 you and I pay in state income taxes, wealthy corporations pay only 8.8 cents in income/excise taxes (less than one dime).

**HOW THINGS SHOULD BE** Corporate tax rates will be doubled. Personal income tax brackets will be weighted heavier near the top and lighter near the bottom.

**HOW THINGS ARE** Under Oregon's economic development laws, corporations are eligible for a cornucopia of tax abatements, taxpayer guaranteed loans, and tax-free bonds. Communities pay for infrastructure improvements (our taxpayer money) to lure companies to locate in their area only to see many of these companies later ship jobs to developing countries.

**HOW THINGS SHOULD BE** Corporate welfare will be eliminated. Corporations will be required to pay their fair share of taxes. (Currently, when they don't pay, either you and I make up the difference or important services simply are eliminated.)

**HOW THINGS ARE** Many workers are paid as little as legally possible and too many farmworkers are paid less than that. Many workers are discouraged from exercising their legal right to organize through economic and physical intimidation.

**HOW THINGS SHOULD BE** Workers (including farmworkers) would be paid a LIVING wage of at least \$10 per hour with increases tied to the Consumer Price Index. Workers would be encouraged to organize through unions and works councils. Any form of intimidation would be prosecuted to the fullest extent of the law.

**HOW THINGS ARE** Oregon taxpayers subsidize corporations by allowing them to pollute and degrade our environment. If a landslide wipes out a highway, our rivers are contaminated with chemicals or noxious fumes create air quality problems, you and I are expected to foot the clean-up bill, not the business that created the problem in the first place.

**HOW THINGS SHOULD BE** Clearcutting would be banned on both public AND private land in Oregon. Environmental standards would be strengthened and offending parties would be made to clean-up their own messes at their—not the public's—expense.

**HOW THINGS ARE** Across the nation over 40 million Americans have no health insurance. In Oregon, we only provide basic coverage to a portion of the poor. Working families are too often left to fend for themselves; only one health care crisis away from an economic catastrophe.

**HOW THINGS SHOULD BE** Quality health care would be a BASIC right of every Oregonian. Oregon would establish state-based, single-payer universal health insurance that will provide maximum flexibility.

**HOW THINGS ARE** Because of voter-approved property tax limitations and an income tax system which allows corporations to avoid paying their rightful share of taxes, far too many school districts are starved for funds. To deal with this shortage of funds, teachers must be laid off, programs must be cut or reduced and many student needs must go unmet.

**HOW THINGS SHOULD BE** Under the Socialist Party's progressive tax system, more money will be available for education. Teachers will be better trained and compensated, needed programs will be improved and expanded and students will have a better future because of a stronger educational foundation.

**HOW THINGS ARE** Urban Growth Boundaries and other land use issues are written for the benefit of developers and builders. Far too often, citizen participation is stifled. Environmental issues are swept under the rug.

**HOW THINGS SHOULD BE** All land use discussion will be opened up to foster full citizen participation. Environmental safeguards will be a major part of the discussion. Strong efforts will be made to prevent urban sprawl.

**HOW THINGS ARE** Oregon operates a state-run gambling house. The State Lottery office spends our taxpayer dollars to induce more and more people to part with their hard-earned money. Not only has this fueled a gambling addiction problem, but the lottery is nothing more than a backdoor tax on the poor and middle class.

**HOW THINGS SHOULD BE** The State of Oregon would not be in the gambling business, the legal fleecing of the poor and middle class. The state will not lose any revenue because the tax system will be more progressive.

**HOW THINGS ARE** Voter apathy is near an all-time high. People are tuning our professional politicians because they continually refuse to discuss substantive issues. Our antiquated winner-take-all electoral system in combination with low voter turnout means that most candidates who win races are not supported by the majority of eligible voters in their district. The current system also does not give minority perspectives any voice at all.

**HOW THINGS SHOULD BE** Legislative elections would utilize proportional representation. Under this system, every vote counts which would increase voter interest and participation. Proportional representation allows a variety of political ideas to be not only discussed but represented. More and better representation is what democracy is all about.

When you cast your vote

## Patti Steurer Natural Law Governor

**OCCUPATION:** Alternative health care educator and entrepreneur in the nutraceutical industry

**OCCUPATIONAL BACKGROUND:** Peace Corps Volunteer in South Korea as a teacher of English to Korean students and Korean English teachers; teacher of the Transcendental Meditation Program since 1977

**EDUCATIONAL BACKGROUND:** B.S. in Speech Pathology from Pacific University in Forest Grove (1970) with a minor in Education

**PRIOR GOVERNMENTAL EXPERIENCE:** None

My life has been devoted to education—education that provides both practical knowledge and improved quality of life. I'm running for Governor of Oregon with the Natural Law Party because I feel that this party's programs can truly secure lasting health, progress, and prosperity for all Oregonians. Here's why.

The Natural Law Party stands for prevention-oriented government, conflict-free politics, and proven solutions that bring national life into harmony with natural law, including

- Natural health care programs to prevent disease, promote health, and cut health care costs by 50%
- Proven educational initiatives and curriculum innovations that develop students' inner creative genius and boost educational outcomes
- Effective, field-tested crime prevention and rehabilitation programs
- Sustainable agriculture practices to increase crop yields and profitability without chemical fertilizers and pesticides
- Protecting organic standards through a moratorium on genetically engineered foods
- Renewable energy production and energy conservation to reduce pollution and create national energy self-sufficiency
- Cutting taxes deeply and responsibly while simultaneously balancing the budget through cost-effective solutions to America's problems—not by eliminating essential services
- Reducing government waste and special-interest control of politics

I am a passionate alternative health care educator and an entrepreneur with a home-based business in the nutraceutical industry. For years I have educated Oregonians to protect their health and prevent disease through diet, exercise, meditation, and dietary supplements. My success? A major health care plan now actually pays its enrollees to take the dietary supplements I market—recognizing that when people take recourse to prevention, they won't use their insurance as often.

Sadly, though, Americans are not getting healthier. Despite the annual \$1 trillion spent on U.S. health care, too many Americans are in poor health: 100 million suffer from at least one chronic disease. Yet recent research shows that 50% of deaths and 70% of disease in America are self-inflicted—caused by an epidemic of unhealthy habits, including improper diet, inadequate exercise, smoking, and alcohol abuse. Thus, the vast majority of disease is preventable.

Proven, effective, cost-effective preventive programs already exist and could cut our spiraling health care costs by 50%, but these programs have been largely ignored by government. Implementing such programs in Oregon could save billions of dollars annually—funds that could immediately be invested in other statewide and local initiatives to improve the quality of life.

Preventive approaches also apply to environmental issues. I live in Lincoln City on the coast of Oregon, and I adore this state with its beautiful ocean and mountains, its gorgeous seasons, and its clean, fresh air. The Natural Law Party promotes programs to bring life into accord with natural law, and Oregon's healing environment testifies to the wisdom of this approach.

Among environmental health issues, I am especially concerned about genetically engineered foods. Many leading scientists believe that bioengineered DNA could have profoundly negative impacts on the environment and on human life. Yet many foods have already been genetically engineered with pig, insect, virus, or bacteria genes and are currently being sold in supermarkets—without being labeled. No research currently examines the long-term effects that genetically engineered foods might have on our bodies; moreover, genetically engineered organisms, once released into the environment, can never be recalled. Given current health conditions in America, I feel we should demand labeling of such foods and declare a moratorium on planting such crops until rigorous safety tests are done.

To protect the environment, we must 1) implement sustainable agriculture to reduce the use of chemical pesticides and fertilizers, which pollute soil and groundwater and pose real threats to wildlife and human health; 2) reduce fossil fuel usage by developing alternative, sustainable energy sources that can stimulate the economy (e.g., cleaner air reduces the medical costs of respiratory disease); and 3) lead the global effort to prevent the destruction of the earth's forests, the decimation of the diversity of species, and the potential damage from ozone depletion and the greenhouse effect. But such initiatives will inevitably fail if they threaten the economic security of thousands of families without providing alternatives. Therefore, we also need to protect jobs and boost the economy through education to harness our greatest resource—the unlimited creativity of our citizens.

As a life-long educator, I feel that education should be for enlightenment—the full development of mind, body, and behavior. The Natural Law Party promotes proven educational programs that directly increase intelligence and creativity and simultaneously improve moral reasoning, self-reliance, and mental and physical health. These programs include sound approaches to nutrition; natural, preventive health measures; effective drug prevention programs; and innovative curriculum development. This consciousness-based approach to education develops full human potential while providing mastery of the technical skills necessary to compete in today's job market, thereby developing knowledgeable, highly creative citizens who can fulfill their own goals while simultaneously promoting the interests of society.

Please join me in creating a better Oregon. Your vote for me will usher in a higher quality of life for all our citizens.

## Reform Governor

**OCCUPATION:** State Director of THE CONSTITUTIONAL DEFENDERS.

**OCCUPATIONAL BACKGROUND:** 1949 to 1954—Paperboy for the Oregonian and the Oregon Journal. 1954 to 1956—Delivery boy for Jacob Miller Barber and Beauty Supply. 1957 to 1959—U.S. Army 101<sup>st</sup> Airborne Division, Honor Guard Platoon. I was selected one of the two outstanding trainees in a class of 250 in my Advanced Airborne Infantry Training Company. 1959 to 1961—Clerk for R.W. Conroy Co. 1961 to 1973—Portland City Fireman. 1976 to 1987—Private Practice of Law. 1987-1988—Sabbatical. 1988 to Pres.—State Director of The Constitutional Defenders. Actively engage in fighting the corruption in the courts and state government.

**EDUCATIONAL BACKGROUND:** I graduated in 1952 from Creston Grade School and in 1956 from Cleveland High School in Portland Oregon. In high school I lettered in football and was the president of a 60 member fraternity. I attended Brigham Young University from 1956 to 1957. I won the light heavy weight boxing championship while at Brigham Young. I graduated in 1963 from Portland State University with a degree in business administration. I graduated in 1968 from Lewis and Clark Law School with a J.D. degree.

**PRIOR GOVERNMENTAL EXPERIENCE:** 1973 to 1976—Multnomah County Deputy District Attorney. 1975 to 1976—Director of the Consumer Fraud Department in the Mult. Co. Dist. Attorneys Office.

I am a single father of three grown children. I was born June 1, 1938 in Portland Oregon, the third of four sons, to Leo and Frances Weidner. Leo Weidner retired in 1969 as the Deputy Chief of the Portland Fire Department. My parents have lived in the same house at 3526 S.E. Franklin St. Portland Oregon since July of 1937.

I AM RUNNING FOR GOVERNOR TO RESTORE TO THE CITIZENS OF OREGON THEIR CONSTITUTIONAL RIGHTS TO "EQUAL PROTECTION OF THE LAW" AND "DUE PROCESS OF LAW".

As the State Director of THE CONSTITUTIONAL DEFENDERS for the past ten years I have become shockingly aware of thousands of citizens who have had either their children wrongfully taken from them by State Offices for Services to Children and Family (SOSCF), or their lands wrongfully taken by Land Conservation and Development Commission (LCDC), or other property wrongfully taken from them by corrupt attorneys, judges and bureaucrats.

As a former attorney and public prosecutor I have, along with hundreds of other concerned citizens in this state been fighting for the last ten years to bring this intolerable corruption in our courts and state government to an end. For attempting to publicly expose this corruption I have been repeatedly ordered arrested, prosecuted and jailed, on groundless charges, by the corrupt judges involved. By filling the courtrooms with angry and concerned citizens I have noticed a marked improvement in the behavior of judges and public officials in dealing with the citizens of this state.

I believe the primary reason for the corruption in our government is lack of accountability. Accordingly, as your Governor, I would make it a top priority of my administration to place the control of all public services under the supervision of the county commissioners in the respective counties. By so doing the public service agencies would be directly accountable to the commissioners and the commissioners would be directly accountable to the people. The different state agencies would be primarily involved in assuring that the county agencies are complying with state law in dealing with the citizens of Oregon. I promise the voters that if I am elected your Governor this November the corruption in our courts and state government will end the day I am sworn into office.

### TOP PRIORITIES IF ELECTED GOVERNOR:

1. Repeal Senate Bill 100 (LCDC). Citizens have an absolute right to lawfully use their property as they see fit. Private lands cannot be taken for public use without just compensation.
2. Abolish SOSCF and return that function to the respective counties.
3. Create the Oregon Judicial Commission to oversee and discipline attorneys and judges. The Commission would be made up of 10 members (not-attorneys), two from each Congressional District.
4. Repeal the Scenic Gorge Act.
5. Abandon Outcome Based Education (goals 2000) and the Oregon Shine Benchmark Goals Program currently being used in our public schools.
6. I endorse home schooling and a voucher system that allows parents the right to send their children to the school of their choice.
7. I favor the passage of the 2.5% Single Flat Tax (gross receipts tax) which would replace the state income tax, property tax and sales tax. The Single Flat Tax would guarantee funding of all essential public services.
8. Modify Measure 11 so that non-violent teenagers are not given long prison sentences for non-violent or victimless crimes.
9. Preserve the Savage Rapid Dam.
10. I will work for the passage of The Family Preservation Act. Under the act, children could not be permanently removed from the home of the biological parents without a jury finding of child abuse.

### THE REFORM PARTY SUPPORTS:

1. Strict observance of the limitations placed on government by the Federal and State Constitutions.
2. Term limits-two terms in the Senate three in the House of Representatives.
3. Lobbying Reform-which would require that Elected and appointed public officials could not be allowed to lobby their former colleagues for five years after leaving office.
4. Withdrawal from encumbering treaties such as NAFTA and GATT.

**BRAD AVAKIAN.**  
**A COMMITMENT TO OUR COMMUNITY.**  
**AN EFFECTIVE VOICE FOR OUR FAMILIES.**

Whether helping seniors to get their Social Security checks as a volunteer for the Senior Law Center, starting a music school, or creating a juvenile restitution program, Brad has been getting results for us for the last 27 years.

This is why Brad is endorsed by **Senator Ron Wyden.**

**AN EFFECTIVE VOICE FOR OUR CHILDREN**

Brad and Debbie Avakian have two great reasons to ensure our children get the best education possible—their own children, Nathan and Claire.

Brad's plan for our schools includes:

- Stabilizing school funding
- Reducing class size
- Having students master basic skills as well as technical and vocational training to prepare for college or career

Brad believes so strongly in our children's education that when the legislature forced schools to cut funding for music, Brad helped form Southwest Music School, without any tax dollars.

Endorsement: **Beaverton Education Association.**

**PREVENTING JUVENILE CRIME**

Brad understands juveniles must be held accountable for their actions. That's why he created a local YMCA program requiring juvenile offenders to get jobs and training so they could pay back the victims of their crimes.

As a former juvenile counselor, Brad will be an effective leader in the prevention of juvenile crime.

**PRESERVING OUR QUALITY OF LIFE**

Brad Avakian believes in preserving our farm and forest lands by slowing urban growth, protecting state parks from commercial development, and maintaining clean air and water.

Endorsement: **Oregon League of Conservation Voters.**

**TOM HARTUNG: A RECORD OF LEADERSHIP**  
As a small business owner, involved community leader, and experienced legislator, Tom Hartung knows what it means to set priorities and make tough decisions.

**TOM HARTUNG – IMPROVING OUR SCHOOLS**  
Tom Hartung's top priority is improving the quality of education for all our children. As Chair of the Senate Education Committee, he fought for higher academic standards, increased local control, stable funding, safer schools, and innovative reforms in K-12 education. In addition, he worked to increase accessibility for Oregonians to our higher education system and to increase its efficiency.

**TOM HARTUNG –  
INCREASING GOVERNMENT EFFICIENCY**  
Oregonians have sent a clear message that they want government to use their tax dollars more effectively. Tom Hartung believes government should be more accountable and less wasteful. He worked to reduce property taxes, voted to eliminate inefficient government programs, and voted to increase accountability in our schools.

**TOM HARTUNG –  
PROTECTING OUR QUALITY OF LIFE**  
Tom Hartung has consistently voted to preserve our quality of life. He was instrumental in establishing Oregon's historic land use planning laws to effectively manage our growth. He Supports improving our transportation system to reduce traffic congestion. He has worked to keep our community safe by voting to stiffen penalties on criminals, to give law enforcement officials more tools to effectively do their jobs, and to increase victims' rights.

**LEADERSHIP. VISION. INTEGRITY.**

**Frank Shields**  
**Democrat**  
**State Senator, 9th District**

**OCCUPATION:** Pastor, State Representative  
**OCCUPATIONAL BACKGROUND:** Pastor  
**EDUCATIONAL BACKGROUND:** Bachelors, Masters, Doctor of Ministries  
**PRIOR GOVERNMENTAL EXPERIENCE:** State Representative 1993-1998, Chair Multnomah County Charter Review, Chair Neighborhoods Against Crime

For the past six years, Frank Shields has served the people of Oregon, in the State House. During that time, he has been proud to be an advocate for those who need him most.

As a key member of the Ways and Means Subcommittee on Human Services, Frank helped craft a budget which, even in this time of diminishing revenue, and smaller government, was still able to provide vital services to thousands of needy Oregonians.

Unlike many politicians, Frank came to the Legislature with the same calling that brought him to the ministry 28 years ago. His beliefs, and convictions, have given him the ability to rise above partisan politics, and be a true public servant. They also earned him the respect of both parties, and a reputation for being "The Conscience of the House."

Frank would like to continue to serve you; as a member of the State Senate.

As Senator, Frank would like to tackle a number of difficult problems:

Making it possible for the Elderly to get the residential care they need, without bankrupting themselves or their families.  
Allowing them to keep more of their hard earned money.

Helping clean up our environment, by allowing private citizens the same financial incentives which businesses already enjoy, to use more efficient, less polluting, fuels and energy sources in their homes and vehicles.

Re-thinking education from the smallest child up. Head Start programs and all day kindergarten pay their way, as children get more ready to learn and succeed in later school years. In High School, making the CIM and the CAM pay, with college grants for their successful completion. Likewise, at the college level, we must target financial aid better.

The list goes on and on.

November 3<sup>rd</sup>, vote for Frank Shields. Government the way it was meant to be.

**Community Roots:** Beavercreek Lions; Canby Kids; JZH Historical Society; Oregon Gun Owners; Oregon Sheepgrowers.  
**Family:** Jerry, his wife Susan and their son Jason (13) live near Carus.

**JERRY GRISHAM**  
**A Good Neighbor Sharing our Values**

Jerry grew up in our community. In 1995, we sent Jerry to the Legislature to speak for us. He voted to fully fund education, cut wasteful spending, and mail our kicker refunds back to us.

**GRISHAM STANDS FOR CLASSROOMS**  
**A Proven Record of Helping Kids**

Like most families, Susan (a former teacher) and Jerry, believe nothing is more important than providing a quality education for their son, Jason. Put dollars in classrooms, not bureaucracies. Take politics out of the classroom and "let teachers teach!"

**GRISHAM STANDS AGAINST CRIME**  
**A Proven Record of Protecting Citizens**

Jerry has worked for years to make our communities safer. He was an early supporter of Measure 11, increasing prison sentences for violent criminals. In the Legislature, he fought for tougher anti-stalking laws. He supports protecting crime victims by re-passing "The Crime Victims Bill of Rights."

**GRISHAM STANDS FOR US**  
**A Proven Record of Leadership**

Jerry helped lead the fight against N/S Light Rail. Now it's time to insist on a balanced and efficient transportation system for all Oregonians, but let's fix the roads first!

**Dear Voter,**

Like many of you, I'm balancing raising a family, working, and serving our community. I recognize that every tax dollar wasted is one less for schools, roads, and family budgets. With your advice, I will work to see our priorities come first!

For years we invited Rick Metsger into our homes as a trusted TV journalist. Rick has been part of our community his entire life. Rick will be a State Senator with the same character, integrity and hard work ethic he's always shown us. He is one of us, and will represent the values we all share.

**Rick Metsger**  
**Leadership, Vision, Integrity**

**Strong Schools** - RICK METSGER will fight for stable funding, smaller class sizes and accountability for performance and cost in our schools.

**Reduce Juvenile Crime** - Rick believes crime prevention begins with early intervention, giving kids direction and hope. Rick believes offenders should face swift and appropriate punishment and pay restitution to victims.

**Rick is endorsed by: The Oregon State Police Officers Association and the Sheriffs of Oregon.**

**Attacking Irresponsible Growth** - Rick believes it's time we stop letting growth destroy our livability. Rick will fight to fix our traffic nightmares and require developers to pay their fair share of the costs.

**Fiscal Responsibility** - As a small business owner, Rick knows the importance of meeting a budget and payroll. As a credit union director, Rick has earned a reputation as a tough fiscal watchdog.

**Working for Everyday people** - Rick believes we need a moderate voice in Salem-not extremist views. Rick will be on our side, fighting for an HMO Patients Bill of Rights and property tax relief for seniors on fixed incomes.

My goals as your representative are:

- **Oregon Jobs First!** Tax breaks should be limited to businesses that are locally owned and invest in Oregon. Preference should be given to small business. Tax incentives should be viewed as an investment in the future and should not benefit a few while costing the many.
- **Parental Participation in Education Initiative.** Tax incentive for business to provide working parents time off to attend daytime meetings with teachers, to encourage greater parental involvement in education.
- **Guarantee all workers the right to collectively bargain for the best possible wages and benefits.**
- **Zero Tolerance for dumping toxic chemicals in public waterways.** "Since 1992, DEQ has permitted the Port of Portland to dump dredged silt, contaminated with PCB's coal tar and heavy metals" in Ross Island lagoon. (*Oregonian*, 8/6/98)
- **End tax deductions for non-sustainable industries and industries which pollute and harm the health of Oregonians.**
- **Always support a woman's reproductive rights.**
- **Repeal laws passed by the Republican-controlled legislature which have greatly weakened the ability of citizens to seek relief from losses caused by unfair trade practices, dangerous or defective products, or malpractice.**
- **Make government more responsive to citizens, not paid lobbyists.** Give constituent groups preference over high paid lobbyists in meeting with legislators. Your legislator should be in Salem promoting the best interests of the people of Oregon.

As your representative, I will stay in touch with the needs of working Oregonians. Many times elected officials forget who they represent and are only loyal to political contributors.

**OCCUPATIONAL BACKGROUND:** President, Wittco Systems Inc., 1979-present.

**EDUCATIONAL BACKGROUND:** B.A., History, Case Western Reserve Univ.; law degree, University of Chicago Law School.

**PRIOR GOVERNMENTAL EXPERIENCE:** None.

I look forward to using my business and political knowledge with my community experience to effectively serve the people of Oregon.

My legislative priorities will be the following:

• **Reducing the tax burden**

I support an overall tax reduction for Oregon families and small business owners.

• **Cutting government growth**

I will work to eliminate waste and bureaucracy. Many services should be privatized and inefficient departments should be held fiscally accountable.

• **Reforming education**

I will work for responsible charter school legislation as well as full funding for our public schools. I also support building our university system to world-class quality.

• **Fighting crime**

I support tougher sentences for those who commit property crimes, boot camps for teens who engage in crime and capital punishment for murderers.

• **Protecting our environment**

I am committed to reducing the use of toxic chemicals, preserving old growth forests, restoring rivers and streams and holding polluters accountable.

• **Improving transportation**

I support a balanced transportation system involving road improvement and expansion together with an efficient mass transportation program.

• **Upholding the family**

I believe the family is the building block of our nation. I will work to lower the tax burden on families, provide for parental choice in education and respect the right of parents to be involved in critical decisions involving their children.

• **Defending marriage**

I will work to pass legislation that defines marriage as a union of man and woman. I oppose same-sex marriage or any laws that depreciate the value of traditional marriage.

I believe we can build a more prosperous, more enlightened, more moral Oregon for our children and grandchildren. I look forward to working with you for that objective.

Please give me your vote on November 3.

Thank you.

The prison facilities should either not be built at all, or split up and built at sites that already have prisons. **Won't Compromise On Principles**

**Solutions for Education:** Josh believes that increasing the choices available to parents and kids will help them get the education they need. When only half of the money put into the school system actually reaches the classroom, perhaps it's time to redesign the way we educate.

**Solutions for Neighborhoods:** Why do we support urban planners that feel the only way to manage growth is to stack us like cordwood? Sure, it expands the tax base, but it leads to overused roads, and the depersonalization of our neighborhoods. It is time to reject the social engineering they call "growth management" and find alternatives enabling people to get the homes they want and the neighborhoods they need.

**Solutions for crime:** Too often violent criminals are let out of jail to make room for those who have committed victimless crimes. Let's put the real criminals in jail and make our streets safe again. In addition, Josh will defend the right of Oregonians to protect themselves and their loved ones from these predators.

**Solutions for the Environment:** Josh believes that when individuals damage the environment, they are liable for repairing it. Josh will protect the right to due process for Oregonians and resist current one-size-fits-all regulations.

**Solutions for Small businesses:** Oregonians deserve an economy based on free trade and responsibility unfettered by miles of red tape and regulations that increase expenses and do not serve the customer. For example, the *Washington Times* reports that 29,911 words are devoted to regulating the sale of cabbage. Do we need this?

Anitra is a native of Oregon and a **sixteen year resident** of Southwest Portland.

**Anitra Rasmussen: Our Leader for Schools**

Anitra works hard for stable and adequate funding for our schools. **As the mother of two Portland Public School students** Anitra knows first hand how unceasing cuts threaten our children's future. Anitra supports the high standards demanded by our groundbreaking 21st Century School Reform Act. Anitra helped to stabilize tuition at our Universities.

**Anitra Rasmussen: Our Leader for Neighborhoods**

Anitra brought planners and developers together for successful quality of life legislation. **Anitra negotiated with state officials** for a new stop sign at the Taylor's Ferry Exit off I-5 bringing drivers to neighborhood-friendly speeds. Anitra fought for a transportation plan that funded mass-transit, bicycles, and pedestrians.

**Anitra Rasmussen: Our Leader for the Environment**

Anitra sought ways to not only keep our state parks and public beaches open but to expand our public land holdings before it all disappears. Anitra supported the salmon restoration plan and **opposed efforts to dismantle our land use planning system.**

**Dear Neighbor:**

I have worked hard to represent you in Salem. Now those years of experience will culminate in the 70th Legislative Session. I will continue to fight for schools, salmon and the Oregon we should be. **BECK ON EDUCATION**

**"I want to thank my constituents for their unyielding support of education funding for Portland Public Schools."**

This next session Chris Beck pledges to work to:

- Provide a permanent solution to education funding crisis through: tax reform, distribution formula revisions, or adequate budget funds.
- Establish separate budget line item for implementing education reform statewide.
- Invest in early education by funding Head Start programs.

**BECK ON THE ENVIRONMENT**

In his first legislative session, Chris worked hard to advance environmental initiatives, and received a 100% rating from the Oregon League of Conservation voters. This next session, Chris will work for:

- A stable source of funding to restore salmon habitat and keep our parks open.
- Protect farm and forest lands and preserve such uniquely Oregon places as Smith Rock and Wallowa Lake.
- No major expansions of the Metro UGB until infill strategies have demonstrated success.

**BECK ON PROCESS REFORM**

Representative Beck will introduce a package of democratic reforms to adapt our government to the budget, population and social realities of our times. Reforms include:

- Revision of the current term limit law.
- Improvements to the initiative system.
- Establishment of annual legislative sessions.

**Prosecuted Stull vs. Hoke through the Oregon Supreme Court and increased poor peoples' access to the courts.**

**CREATE JOBS AND SAFEGUARD OUR ENVIRONMENT:  
RELEGALIZE HEMP!**

Oregon's State Seal prominently features a hempen covered wagon and ships rigged with hempen sails and rope. Hemp, essential to the development of our culture, is illegal to grow in Oregon, so the food, fiber and tree-free paper sold by companies like mine must be imported, and local jobs are denied. We cannot continue to refuse our society the benefits of hemp agriculture and industry.

**REDUCE TRANSPORTATION CONGESTION AND POLLUTION**—Livable urban neighborhoods reduce the need for automobiles, build relationships and protect wildlife habitat. Dedicated bikeways encourage healthy alternatives to parking and highway congestion and will end the bicyclist deaths from automobiles that discourage commuter bicycling. Electric buses can restore trolley lines to our neighborhoods.

**PRISONS vs. EDUCATION**—We spend twice as much on Oregon's prisons as we do on schools! This denies our youth encouragement, hope for their future and the tools they need for a better life. Since 1990 the State Budget appropriation for higher education has fallen from 12.2% to 6.25%; college students are being forced to subsidize prison construction and operation. We must have alternatives to expensive incarceration.

**EDUCATIONAL BACKGROUND:** B.S. Electrical Eng. University of Illinois, Champaign/Urbana.  
**PRIOR GOVERNMENTAL EXPERIENCE:** Volunteer Lobbyist for Libertarian issues in Salem '97 Legislative Session.

**PRO-CHOICE ON EVERYTHING**

Libertarians really mean this.

I would work for local control of public schools, but also encourage options like home schools, alternative schools, charter schools, and vouchers for private schools – this will allow poor families the same diversity available to the rich.

In our expanding population center, private solutions are needed to help fill the gaps unfilled by TriMet. Let's change State laws to allow this.

Property owners need the choice to improve their property without government meddling. Oregon politics has been encouraging growth, yet the UGB (Urban Growth Boundary) laws pack the new arrivals into densely inhabited areas, thereby turning Portland into a high-priced Los Angeles. Stop UGB.

I would stay out of the abortion issue – leave decisions to individuals and their own religions. Government should never fund abortions, as this would discourage responsibility.

I would not interfere with one's means of self defense (2nd Amendment). I favor personal choice in safety issues such as motorcycle helmets and smoking laws.

**Big Tax Cuts, Carefully**

I believe in cutting funding to intrusive government agencies and corporate welfare. Until it is proven that charities can take over, taxes should help the needy.

**I'm Your Representative, Not for Special Interests**

My support only comes from voters, not the "two party" top-down power structure with powerful media machines and hidden agendas. Voters can talk with me, at biweekly restaurant meetings – so your ideas go to Salem

**Advocate For Your Rights**

I would gently welcome views from all voters, but would be a living nightmare to any politicians or agencies wishing to violate the Constitutional rights of voters like you. I'm on your side!

**Stan Kahn  
Pacific**

**State Representative, 14th District**

**OCCUPATION:** Café Owner, Writer  
**OCCUPATIONAL BACKGROUND:** General Manager  
Sunflower Recycling Cooperative  
**EDUCATIONAL BACKGROUND:** B.A., Urban Studies;  
World Traveler  
**PRIOR GOVERNMENTAL EXPERIENCE:** Decades of  
Citizen Activism

**Elect STAN KAHN**

I have worked hard for the environment and the community since arriving in Portland in 1975. Below is a very brief outline of my positions. For a more detailed platform go to [www.pacificparty.org/stankahn](http://www.pacificparty.org/stankahn)

**STOP SUBSIDIZING** unwanted, unnecessary **GROWTH – BETTER NOT BIGGER. END CORPORATE WELFARE.** Working people are paying higher taxes to give breaks to the wealthy.

Reestablish the 1970's Homeowners and Renters **TAX Refund** Program for fair, targeted, property tax relief. Give relief to the people, not downtown high-rises. **REPLACE** current taxes with Pollution Taxes. Make polluters pay for the true cost of their actions.

**WE OWE IT TO OUR GRANDCHILDREN** to be honest and faithful stewards of our God given **ENVIRONMENT.**  
**Stop Clearcutting – Save Our Salmon.**  
**Encourage Ecologically Sustainable Energies.**  
**Build Safe Bikepaths**  
**Develop ECO-FRIENDLY technologies and services** to guide Oregon's development.

**BIG GOVERNMENT** is inherently **Expensive and Inefficient.**  
**LOCAL CONTROL** can make our communities and schools **More Responsive At Less Cost.**

**SHELTER the HOMELESS, FEED the HUNGRY, HEALTH CARE for ALL. SELF-DETERMINATION.** Abortion rights must not be abridged. Defend the fundamental civil rights of women, minorities and gays.  
**REFORM DRUG LAWS – SUPPORT MEDICAL MARIJUANA**

The two party system is no longer serving the people's needs. This November 3rd voters in the 14th district will have a real alternative – vote your beliefs, vote Stan Kahn, vote Pacific. Pacific Party – Oregon's Green Party  
Elect Stan Kahn November 3

**Andrew Nisbet  
Republican**

**State Representative, 14th District**

**OCCUPATION:** Research Consultant  
**OCCUPATIONAL BACKGROUND:** Instructor in political science and history at Portland State University, Warehouseman, Shipping clerk, Security guard  
**EDUCATIONAL BACKGROUND:** B.A. in history from Reed College, graduate studies at Portland State University.  
**PRIOR GOVERNMENTAL EXPERIENCE:** Sgt. U.S. Army (7th of the 8th field artillery Viet Nam) Precinct Committee Man

DO YOU THINK LAKE OSWEGO HAS THREE METHADONE CLINICS?

DO YOU WONDER WHY IT IS EASIER TO MOVE A GANG HALF WAY HOUSE INTO BUCKMAN THAN A HOLOCAUST MEMORIAL INTO THE WEST HILLS?

DO YOU RESENT TRANSIT PLANNERS WHO SEEM MORE EXCITED ABOUT MOVING SUBURBAN SHOPPERS TO DOWN TOWN THAT YOU TO WORK OR CUSTOMERS TO YOUR BUSINESS?

As a resident and home owner in the 14th district, Andrew Nisbet has long been troubled by the lack of concern shown at all levels for the welfare and safety of the East side. In the past our elected officials have forgotten the fact that we elect them to represent us, the citizens of the 14th district. They have pursued other goals at the expense of local interests.

Andrew Nisbet's past experience has taught him that with hard work and knowledge it is possible to make the system function for the benefit of the local community. A dearth of strong leadership and a lack of responsible regard for our area has turned our community into a dumping ground for projects others do not want in their neighborhoods. We need a representative who will stand up and fight for our area, a person smart enough to work out solutions to our problems and tough enough to get the job done right. Andrew Nisbet is the right person for this job. A new person with a new outlook, one who has the ability to look out for our interests and to truly represent us at the state level.

We can not continue to allow our neighborhoods concerns to be ignored.

SEND THEM A MESSAGE VOTE FOR ANDREW NISBET !

**Personal:** Married, three children, Mt. Tabor resident.

**EDWARDS: A LEGISLATOR WHO GETS RESULTS**

**Edwards—Fighting For Our Children**

- Led the fight to increase funding for neighborhood schools.
- Championed improved safety of our children by toughening penalties for prostitution near schools.
- Helped pass legislation to make college tuition more affordable.

**Edwards—Making Our Neighborhoods Safer**

- Sponsored legislation to slow traffic in school zones and neighborhoods.
- Supported stronger crime laws.

**Edwards—Rebuilding Our Parks**

- Drafted and pushed into law a creative plan to repair, rebuild and expand our state parks.

**Edwards—Increasing Government Accountability**

- Initiated a new law requiring school districts to be more accountable for how they spend taxpayers' money.
- Helped rewrite the property tax system to ensure homeowners a reduction in property taxes while preserving critical local services.

**Dear Neighbor,**

It has been an honor serving as your state representative. I am working hard to make sure that your voices are heard in Salem and would appreciate the opportunity to serve you once again. Together, we can continue tackling the needs of our children, protecting our neighborhoods and rights, and making sure that government spends our tax dollars wisely.

**MAKING A DIFFERENCE:**

- Reduced crime: helped organize residents to shut down "crack alley"; proposed and helped manage pilot home-building program for at-risk youth
- Started the Walk for Humanity, which celebrates community building and has raised over \$250,000 for non-profits
- Launched the Habitat Home Building Center, which converted a derelict tavern into a point of community pride
- Began the People's Investment Opportunity program that helps tenants buy homes or attend college

**Dear Neighbor,**

I grew up in District 16 and have deep roots here. I will work with you to improve the livability of our community and our state. **Together we can make a difference!!**

My top priority is stable and adequate funding paired with accountability for public schools. I received a great education in our District and want my children (Jonathan and Brynne) and your children to have the same.

I will work hard to make an impact:

- Reduce the tax burden on working families
  - Forge creative partnerships to protect our environment
  - Support pro-choice and reduce teen smoking
  - Fight suburban sprawl and urban blight
- Please call me at 261-7826 with questions or ideas.

Your vote counts!!

**PRIOR GOVERNMENTAL EXPERIENCE:** NASA (1969-1993 as subcontractor), USAF (1959-1963).

The United States became a powerful republic because the people believed in freedom, education and an excellent standard of living.

**STATES RIGHTS**

Today, our freedoms are being curtailed by a federal bureaucracy that runs our lives from Washington. The Constitution of the United States of America delineates the responsibilities of the U.S. Government and its role in States Rights. As citizens, we must assert our States Rights. Recently, the people of Oregon voted for right to die legislation. Now the Federal Government wants to negate the will of the people. Let us stop them!

**EDUCATION**

Today, our schools turn out:

- Less than mediocre students.
- Students unable to communicate.
- Students without basic skills to meet the demands of the modern job market.

We need to turn this around by:

- Providing more and better teachers.
- Smaller class sizes.
- More classrooms.
- DISCIPLINE!

We must make our classrooms functional and safe for our children.

**STANDARD OF LIVING**

Today, the standard of living in Oregon is being eroded by:

- An unhealthy environment.
- Pollution of air and water.
- Clogged roadways.
- Insufficient water supply.

As citizens of Oregon we must establish guidelines for growth. These guidelines should set growth limits by researching maximum industrial population for a given area. Infrastructures (roadways, governments, social services, water supplies, sewage, etc) can only grow to a certain level.

**Herb Booth  
Libertarian  
State Representative, 18th District**

**OCCUPATION:** Carpenter.

**OCCUPATIONAL BACKGROUND:** Merchant Seaman; Street Musician; Farm Worker; Auto mechanic; Railroad Track Laborer; Teacher of English as a Foreign Language; Dishwasher.

**EDUCATIONAL BACKGROUND:** A.B., Teaching of Social Studies, University of Illinois; M.S., Linguistics, Illinois Institute of Technology.

**PRIOR GOVERNMENTAL EXPERIENCE:** U.S. Army Reserve; Public School Social Studies Teacher (I had to swear a loyalty oath.); One of the founders of the Libertarian Party of Illinois and the Libertarian Party of the U.S. in 1972; Jury Duty.

Sisters and Brothers,

I think our biggest problem is what I call state corporatism; our elected officers displace responsibility by setting up ever more and larger bureaucracies that seem to grow of themselves and lose touch with the people. We of the Libertarian Party dissent from this mode of governance. We think all government should be judged by individual rights, freedom and responsibility. If you agree, VOTE LIBERTARIAN.

The best short statement of libertarian principles I know of is by Chief Joseph (about 1840-1904), civil chief of the Nez Perce: "Let me be a free man: free to travel, free to stop, free to work, free to trade where I choose, free to choose my own teachers, free to follow the teachings of my forebears, free to think and talk and do for myself; and I will obey every law or submit to the penalty."

[Chief Joseph's Own Story, 1925]

I think Joseph's advice is good. We should start taking it, with respect to Joseph's people and other indigenous peoples, their folklands and their sovereign rights. Likewise, among ourselves we should build down our pyramid of class colonialism and tax-wage serfdom. VOTE LIBERTARIAN.

For instance, the people who live in the Jefferson and other school districts that were "re-organized" obviously have no say in choosing their own teachers. Adding another layer of bureaucracy such as a "citizen advisory board" would change nothing. If you like being told where to school your children and who your teachers will be, vote for any of my opponents. If you are so uppity as to think you should choose your own teachers, VOTE LIBERTARIAN.

All my opponents in this election want to spend more on our old Prussian-style school system. None of them wants to lower any tax. They are all of the political class and are political careerists. Such a career needs the legalized bribery of money from Political Action Committees, PAC's, in return for what amounts to institutionalized corruption. The teachers and janitors and so forth are good people, but the system is corrupt and corrupting. Our party's goal is to have the LOWEST-TAXED WORKERS ON THE PLANET. If you want accountability, take responsibility and VOTE LIBERTARIAN.

We need to amend our constitution to limit our legislative committee chairmen to a year or so. After that we wouldn't need term limits on senators and reps. As Jesse Jackson, Jr. said, "Dan Rostenkowski showed us how it's done: you put him in young; you keep him there 'til he's old, and he brings home the bacon." [OPB, All Things Considered, election eve, NOV 1996.] Rep. Jackson's bacon is your tax money. Save your bacon. VOTE LIBERTARIAN, PO BOX 11307, PDX, OR 97211; <http://www.teleport.com/~lpo>

Say, "Freedom". Stop taxing work. We the people are sovereign. We the people are the militia. Free hemp. Get uppity. Don't take it downtown. Party in the revolution. Hierarchy is corruption. Amateur government. VOTE LIBERTARIAN.

**PRIOR GOVERNMENTAL EXPERIENCE:** "none"

**Martin Gonzales for State Representative... Because All People Count.**

Thirty-five years ago, I began my community service doing errands for the elderly. Over the years, I have worked to open doors of opportunity for all...create family wage jobs...end discrimination...fight for civil rights, equality and justice across Oregon.

Today I see elderly people fearful for their safety; Families forced to sell their homes because of increased taxes or mounting health care bills; The need for new leadership to bring parents, teachers and administrators together.

As a parent...not a politician...I ask for your vote to fight for justice on these issues in Salem.

**We Must Leave No One Behind:**

"For more than 20 years Martin has worked tirelessly to create jobs, to create wealth, to guarantee quality education and comprehensive health care..."

Martin is driven by a moral obligation to lift our children up rather than lock them up...

District 18 needs his leadership."

Rev. Jesse Jackson, *Portland Observer*, 8/19/1998

**Martin Gonzalez supports quality education:**

Priorities: Full funding for Head Start, teacher training..accountability and responsibility for all students and parents..a new community partnership in our schools.

Martin's children attend public schools... and he's been involved:

- Beach School Site Council
- Elementary Principal Selection Committee
- Hispanic Parents Association

Making a difference isn't just something Deborah Kafoury does, it's who she is. Deborah has worked at every level to make our neighborhoods a better place to live, work and raise our families. Here are just some examples of what she's done and what she stands for:

**Helping Our Schools**

Worked to pass the 1995 school bond for computers and building repairs.  
 Volunteer with the SMART program at Vernon Elementary School.  
 Will fight for funding that will stop cuts to Portland Public Schools.

**Safer Neighborhoods**

Helping women and children escape domestic violence as volunteer at Raphael House.  
 Supports increased crime prevention by early intervention with at-risk youth.  
 More effective alternative sanctions for property crimes.

**A Stronger Community**

Board Member of Transition Projects, giving support services to the homeless.  
 Will work to create affordable housing to rent and own in North/Northeast Portland.  
 Supports equal rights for ALL Oregonians.

**EDUCATIONAL BACKGROUND:** Brooklyn College, NYC, BA, English Literature; 1968  
**PRIOR GOVERNMENTAL EXPERIENCE:** Lobbying for an Independent Civilian Review Board to ensure community control over the police and against OCA's anti-gay campaigns

As a socialist feminist I will represent the interests of working people, the poor, and the homeless by opposing tax breaks and legislation that unfairly favor major corporations. District 18 needs jobs and an end to police harassment.

To strengthen the labor movement, I have opposed measures against prevailing union wages and anti-public employee pension legislation and supported an increased minimum wage and restoration of collective bargaining. In my union, the American Federation of State, County and Municipal Employees #328, I work for higher wages for the lowest paid and against privatization.

I oppose Measure 59, Bill Sizemore's attack on unionists' right to use our money as we choose and Measure 61 to stop more racist mandatory sentences.

I will work for the obvious but unconventional solutions:

- fund public education and state services by taxing big business and dismantling the war machine
- government-funded jobs for the unemployed, housing for the homeless and rent control
- full public services for immigrants
- free expanded mass transit
- publicly fund universal healthcare (including prenatal and abortion)
- protect the environment
- stop crime at its root—fund jobs, not prisons
- stop INS raids
- public control and ownership of utilities and major industries

Dear Voter,

Being your representative has been exhilarating, challenging, frustrating, and an honor at the same time. During the 1997 session I saw a lot, and learned even more. We had many gains and a few losses, but we still have a lot of work ahead of us. For the 1999 session, I plan to advocate affordable housing for retired and fixed income seniors as well as first time home buyers, restorative justice to prevent recidivism, and a reliable source of funding for public schools.

I could not have done this work without your assistance, feedback, and belief in my ideas. Thank you for your continued support, and your vote this November. I look forward to serving you in the 1999 legislative session.

Sincerely,  
Jo Ann Bowman

**State Representative, 20th District**

**OCCUPATION:** Real Estate Professional

**OCCUPATIONAL BACKGROUND:** Independent Business person, Financial Accounts Manager, Customer Relations Specialist

**EDUCATIONAL BACKGROUND:** Lane Community College, Mt Hood Community College, Dean's Honor Roll—1985, Sed and Betty Stuart Scholarship recipient—1986

**PRIOR GOVERNMENTAL EXPERIENCE:** Chair, Argay Neighborhood Association; Chair and Founder, Return of Pride to Parkrose Committee; Member, East Portland Chairs Advisory Council

**Ellen Juett Supports Strong Schools:**

Ellen Juett has worked hard to pass bond measures for new schools and improvements and she supports the return of integrity, pride, and accountability to school districts along with opportunities for parents and citizens to be active volunteers.

**Ellen Juett Works for Safer Neighborhoods:**

Ellen Juett has worked hard forming citizen walking patrols and neighborhood watch groups, inviting more communications with local law enforcement agencies, and keeping citizens informed at neighborhood meetings.

**Ellen Juett Puts Working Oregonians First:**

Ellen Juett has worked hard as a parent and community advocate. As a homeowner and taxpayer, she understands the financial pressures facing working Oregonians today. Ellen Juett believes in creating living wage jobs so people can support their families without welfare, making sure that senior citizens are not taxed out of their homes, and providing affordable healthcare for all Oregonians.

*Dear Voter,*

*As your State Representative, I pledge to work on the important issues facing our community and state with the same energy, integrity and purpose that I have in the past. Let's protect our strong economy, our fragile environment, and continue to create opportunities for our families, especially our children. The open seat of District 20 is an opportunity for you to send someone to Salem who has my kind of community experience and I would be honored to have your vote.*

*Sincerely, Ellen Juett*

**Republican**

**State Representative, 20th District**

**OCCUPATION:** Legislative Aide

**OCCUPATIONAL BACKGROUND:** Legislative Aide; Small Business Owner; Waitress; Dental Assistant

**EDUCATIONAL BACKGROUND:** James Monroe High School; Attended Clark Community College

**PRIOR GOVERNMENTAL EXPERIENCE:** Committee Precinct Person; Legislative Aide Oregon Legislature 1987-present

**KAREN MINNIS—FUNDING EDUCATION FIRST**

Education of our children is vital! We must provide adequate resources for schools while requiring accountability for spending. Our K-12 system must provide flexible and innovative ways to prepare young people for the job markets of the future.

**KAREN MINNIS—PRIORITIZE STATE SPENDING**

We need to closely scrutinize the use of taxpayer money as well as set common sense priorities on state spending. Schools and public safety are my highest priorities. I will look diligently for ways to create better efficiencies in state government and work to eliminate duplication of services and government waste.

**KAREN MINNIS—HOLD CRIMINALS ACCOUNTABLE**

Statistics show that one in four of us will be a victim of violent crime. It is alarming statistics such as these that motivate me into public service. We must prevent weakening of the sentencing guidelines currently in place, hold repeat offenders accountable for their crimes, and provide restitution to the victims of crime.

**KAREN MINNIS—COMMUNITY PROBLEM SOLVER**

I believe strongly in serving the needs of the community. As a legislative aide for over ten years I have helped many residents solve difficult problems with government agencies. I know how to find positive solutions for people in need.

**Michael Cargill**  
**Republican**  
**State Representative, 21st District**

**OCCUPATION:** Bank Accounting  
**OCCUPATIONAL BACKGROUND:** Assistant Manager of small business; Retail Marketing; Musician.  
**EDUCATIONAL BACKGROUND:** Elk Grove High School 1984; Mt. Hood Community College 1993.  
**PRIOR GOVERNMENTAL EXPERIENCE:** Precinct Committee person 1992 to present; District 21 House Captain 1996 to present; Oregon Republican Party State Central Committee 1996 to present.

**MIKE CARGILL: Community Involvement**

Mike has proven himself committed to the local community;

1. Mike is a mentor at a local grade school.
2. Mike works with youth through church activities and outreaches.
3. Mike volunteered as a teen center board member.
4. Mike is a member of a multicultural community outreach.

**MIKE CARGILL: Crime**

Mike supports crime victims' rights and the full implementation of Measure 40.

"I believe justice must be swift and tough to serve as a deterrent, helping keep schools and communities drug free."

**MIKE CARGILL: Education**

Mike will vote to maintain local control on education and ensure stable funding with greater accountability.

"If education's our number one priority, why is it always funded during the final days of the session? Is this how the average family operates a budget? Let's put our kids first!"

**MIKE CARGILL: Taxes**

Mike believes it's time retired senior citizens living on a fixed income see a reduction of their property taxes.

Mike supports the 2% kicker and will vote to make sure repayment for the state's mistake of overtaxing federal retirees comes from the general fund, not our kicker!

"I'll work to hold the line on increased taxes. My opponent sponsored legislation to either reduce or eliminate the kicker plus raise taxes, while claiming to, 'stop taxing working families into mediocrity.' Which do you want representing you in Salem?"

If we truly want change we need to stop voting for the same people who don't deliver!

**Mike Cargill will be a fresh new voice for District 21!**

**EDUCATIONAL BACKGROUND:** BS, History, Portland State University, 1975; Grant High School, 1970.  
**PRIOR GOVERNMENTAL EXPERIENCE:** State Senator, Oregon State Senate, 1993 through present; Legislative Liaison, Portland Firefighter's Association, 1986 to 1993; Portland Fire Bureau Legislative Liaison, 1983 through 1985; Legislative Assistant, House Majority Office, 1977 Oregon Legislature; Legislative Intern, House Majority Office, 1975 Oregon Legislature.

**Oregonians Supporting Randy Leonard**

**Governor John Kitzhaber:**

"No one in the Oregon Senate fought harder than Randy Leonard to protect innocent citizens from criminals, to adequately fund our schools so that our children get the education they deserve and to create more and better-paying jobs for working class Oregonians. Randy will work for programs to identify at-risk juveniles before they end up in prison."

**Multnomah County Commissioner Sharron Kelley:**

"Randy Leonard impressed me with his commitment to finding solutions for the problems faced by the residents of east Portland and mid-Multnomah County. No one was more accessible and willing to help me get the wheels of state government moving to protect our constituents."

**Leo Painton, President, Portland Police Association:**

"Randy Leonard stood up and fought for laws to make the job of our Police Officers safer and more effective to serve Portland Citizens. That is why Police Officers throughout Oregon voted Senator Randy Leonard "Legislator of the Year".

**Mike Schrunk, Multnomah County District Attorney:**

"I'm supporting Randy Leonard because no legislator worked harder to pass laws that protect citizens and police officers from violent criminals."

**Randy Leonard will keep fighting for:**

- The best public school system possible—including Head Start, community colleges and universities.
- A fairer tax system for working Oregonians.
- Programs to prevent juveniles from committing violent crimes.

**State Representative, 22nd District**

**OCCUPATION:** Public Health Nursing supervisor, Mother of Matt and Elisa

**OCCUPATIONAL BACKGROUND:** Public Health Nurse; Research Biologist

**EDUCATIONAL BACKGROUND:** Radford University, BSN (nursing); University of Colorado, MA (biology); Willamette University, BA (biology); Gresham High School

**PRIOR GOVERNMENTAL EXPERIENCE:** Gresham School Board; Oregon School Board Director; Oregon Child Abuse Assessment Advisory Council; County Local Health Official for Maternal Child Health; County HIV Prevention Planning Task Force; Healthy Start of Clackamas County; District Advisory Planning Committee of Substance Abuse; County Aging Task Force; Teen Parent Outreach Program Advisory Committee

Laurie Monnes Anderson  
Experienced Leadership with Our Community's Values

A public health nurse, Gresham Barlow School Board member, mother of two, and deeply rooted in our community, Laurie Monnes Anderson has made a real difference. She's not a politician, but a leader who reflects the mainstream values of our community.

Through her hands-on experience with the issues important to us, Laurie Monnes Anderson understands what the legislature needs to do in the next session:

- Laurie believes in adequate school funding, accountability for how that money is spent, holding students to higher standards and keeping drugs and violence out of our schools.
- Working with high-risk youth, Laurie knows that to fight juvenile crime, we need to practice effective prevention, while holding young people accountable for their actions, making those who steal or vandalize pay their victims back directly.
- As a nurse, Laurie will fight for an HMO Patients' bill of Rights, and will work to keep guns out of the hands of children or criminals.
- As a longtime Gresham community leader, Laurie will represent our values, and make sure that Gresham and Oregon stay great places to live.

At a time when the Legislature talks about our problems without ever solving them, we have a chance to elect someone who understands our priorities and has done something about them—in the community, where it counts.

**Ron Sunseri  
Republican**

**State Representative, 22nd District**

**OCCUPATION:** Real Estate Associate Broker

**OCCUPATIONAL BACKGROUND:** Small business owner

**EDUCATIONAL BACKGROUND:** Columbus College, Infantry Officer Advanced Course; Military Flight School.

**PRIOR GOVERNMENTAL EXPERIENCE:** Elected State Representative 1990, 1996. Committees: Education; Judiciary, Criminal Law; Chair, Family Law; Labor. Military pilot, Vietnam, 1969.

**RON SUNSERI: EXPERIENCED AND EFFECTIVE**

"When the city of Gresham needed their State Representative, Ron was there to help in every way. He has clearly developed a strong influence and is able to get things done. Ron is an effective Legislator."

Bernie Guisto, Chief of Police, Gresham.

"I want to thank you for your tireless efforts on our behalf. If at least half the other Legislators had the integrity you have, maybe the public would have more trust in government."

Gussie McRobert, Mayor, Gresham.

**PUBLIC SAFETY:** Ron worked to keep our neighborhoods safe by beefing up drunk driving laws, toughening laws against sex offenders and strengthening crime victims rights.

**EDUCATION:** Ron put our kids first by funding education at record levels, plus \$50 million for building improvements and new books benefiting Gresham-Barlow schools. Ron strongly supports an honest standard of academic excellence.

**TAXES:** Ron believes families and small businesses thrive when they keep more of what they earn. Ron kept his promise to oppose breaking the state's spending limit and led the fight to return the 2% kicker to you, the taxpayer.

**ROADS:** Ron supports maintaining highways, but opposed a package that would have tripled auto registration fees and imposed fees on utility bills creating the highest tax increase in Oregon's history!

"It's a privilege to serve as your State Representative. I enjoyed working hard to represent you. I promised to support quality education, keep our families and seniors safe, and promote efficient government while reducing the tax burden. I kept those promises, but there's more work to do. If you have questions, please call me 663-3800."

**State Representative, 56th District**

**OCCUPATION:** Retired Science Teacher  
**OCCUPATIONAL BACKGROUND:** Hood River County School District - 1969-1998; Oakridge School District 1967-1969  
**EDUCATIONAL BACKGROUND:** Foster Grade School; Sweet Home Union High School; Oregon State University (Bachelors and Masters Degrees); plus graduate work at other universities  
**PRIOR GOVERNMENTAL EXPERIENCE:** Dee Fire Department, Board Member and Fire Chief; Region 9 ESD Board Member (Wasco and Hood River Counties)

**PAUL ZASTROW - WORKING FOR  
A BRIGHT FUTURE...**

Living in the Mid-Columbia for nearly 30 years, **Paul Zastrow** knows we need leaders who make it a priority to keep this area a special place and give our next generation the tools to succeed.

**FOR GOOD EDUCATION FOR OUR KIDS**

**Paul Zastrow** spent 29 years as a teacher in the Hood River County School District. He watched the incumbent fail to solve our children's needs year after year.

That's why **Paul's** action plan to improve education includes:

- More emphasis mastering basic skills
- Stabilizing school funding
- Reducing overcrowded classrooms

Unlike the incumbent, **Paul** will fight for a seat on the Education Committee to ensure our children have a safe place to learn and grow.

**FOR SAFE CHILDREN AND FAMILIES**

To help solve juvenile crime, people in Salem need experience dealing with young people. **Paul Zastrow** knows preventing juvenile crime, means identifying violent juveniles before they commit their first crime and giving them needed treatment. **Paul** believes that we must hold juveniles accountable and responsible for their own behavior. He will make it a priority to give children a safe start.

**FOR OUR WAY OF LIFE**

**Paul Zastrow** will protect our Mid-Columbia heritage, agriculture, and our family farms and precious water resources.

**FOR ALL OF US**

**Paul Zastrow** knows if we are to protect our future, we can't play politics-as-usual. Unlike the incumbent who has taken large contributions from tobacco companies and special interests, the people **Paul** will represent in the legislature support his campaign.

**FOR A BRIGHT FUTURE, VOTE FOR PAUL ZASTROW**

**PRIOR GOVERNMENTAL EXPERIENCE:** Chair, Oregon Government Ethics Commission; Chair, Education Committee of Legislative Ways and Means; Vice-Chair, Senate Education Committee; State Senator; State Representative; Chair, Health and Human Services Committee; Trade and Economic Development Committee; Agriculture and Natural Resources Committee

## STAN BUNN: FOR SAFE SCHOOLS THAT WORK

- Stan Bunn wants dangerous and disruptive students removed from the classroom.
- Stan Bunn insists on zero tolerance for weapons in our schools.
- Stan Bunn supports education reform that gets back to basics.
- Stan Bunn understands smaller class sizes are critical.
- Stan Bunn will fight for an Oregon budget that funds schools first.
- Stan Bunn knows the value of early childhood programs, such as Head Start.

"Stan Bunn stands out as the candidate who is best qualified to lead the Department of Education. I support and endorse his candidacy."

-Norma Paulus,

Oregon Superintendent of Public Instruction

"I have worked with Stan Bunn over many years and urge his election as an outstanding choice for Superintendent of Public Instruction."

-The Honorable Victor Atiyeh,  
Former Governor

## STAN BUNN: BECAUSE WE'RE IN THIS TOGETHER

As a parent, Stan Bunn understands Oregon's children face a changing world. Their quality of life depends on whether our schools deliver the tools they need to compete and succeed. Stan Bunn believes parents, teachers, and the community must work together to make it happen. It will take work and commitment and Stan Bunn will partner with those people, working for the good of our children.

## STAN BUNN: BECAUSE NO VOTE YOU CAST THIS NOVEMBER WILL HAVE MORE IMPACT ON OUR CHILDREN

"Stan Bunn...has earned his reputation as one of Oregon's most thoughtful and decent public officials."

-The Oregonian, May 15, 1996

"Not all Oregon schools have the same problems. I'm convinced Stan Bunn will work equally hard for all of our schools."

-Congressman Bob Smith

"Bunn is a long-time supporter of education, known for his conservative but logical approach to fiscal issues....He has a reputation as an open-minded advocate for education."

-The Newberg Graphic, May 16, 1996

"...In 11 years as a legislator, Bunn has honed a reputation as a bright, compassionate and principled lawmaker."

-The Eugene Register Guard, March 24, 1991

"I support Stan Bunn because he has clear goals for education in Oregon which can truly make a difference in our children's lives. He has been a strong supporter of teachers and we are ready to work with him."

-James K. Sager, President, Oregon Education Association

## A MESSAGE FROM STAN BUNN:

"Excellence in Education; Getting There Together," captures my belief that, together, we can offer our youth an excellent education. No one person or group can do it alone, but together we can. Having the right kind of leadership is tremendously important. My leadership skills will help all those concerned with education to focus on and accomplish our goals. I am excited about doing this job, and you have my commitment to work hard and give my best efforts to serve well.

Long before my role as a parent, educator, attorney, and legislator, I was an Oregon Kid who went to school in Lafayette and Dayton, picked strawberries and beans in the summer, worked on our family farm and earned my State Farmer degree in FFA. I still have those deep Oregon roots and want current Oregon kids from every part of the state to have the educational opportunities that helped me. I want them to have what they need to step into their world, and to be ready to lead it.

I am ready to help make that happen. I ask for your support.

Stan Bunn

**EVERYONE IS FOR EXCELLENCE IN EDUCATION.  
STAN BUNN IS THE ONLY CANDIDATE WITH THE  
SKILLS AND A SENSIBLE PLAN TO GET US THERE.**

# Margaret Carter

## Nonpartisan

### Superintendent Of Public Instruction

**OCCUPATION:** Community college counselor and faculty member.

**OCCUPATIONAL BACKGROUND:** Rural music teacher. Reading teacher, Albina School. Counselor and faculty member, Portland Community College, 1973-present.

**EDUCATIONAL BACKGROUND:** B.S. in Elementary Education, Portland State University. Master's in Education Psychology, Oregon State University.

**PRIOR GOVERNMENTAL EXPERIENCE:** Oregon State Representative, 1985-present. Vice-chair, House Education; member, Revenue and School Finance, Joint Ways and Means.

**Community Service:** American Red Cross, Board of Directors; Meals on Wheels; Emanuel Hospital Foundation, former Board member; Governor's Task Force on Pregnancy and Substance Abuse; Governor's Council on Drugs and Alcohol

#### MARGARET CARTER: A LIFETIME COMMITTED TO EDUCATION.

"...the candidate we like is Margaret Carter, also a legislator, but someone with a much longer and richer career in education than Bunn."

*Ashland Daily Tidings, 5/7/98*

Margaret Carter began her career as a music teacher in rural schools. She earned degrees in elementary education and education psychology, and worked as a reading teacher. With remarkable energy, she raised nine children and took an active role in the community. As a mother, Margaret always made education a top priority. As an educator and counselor, she has helped thousands of young people.

"Margaret Carter is a mother, teacher and supporter of schools, who has the best interests of our children, teachers, families and communities at heart."

*Lolita Darby, Teacher, Portland*

"Carter...is very concerned about the American family and education and keeping kids safe."

*The Oregonian, 11/7/94*

"Carter has a reputation for caring about children..."

*Wilsonville Spokesman, 12/10/97*

"Margaret Carter is a lady who has been in a classroom. She knows how children learn. She knows what we need from Salem is not more regulation, but more inspiration."

*Arnold Coe, Baker City  
School Superintendent*

#### MARGARET CARTER: RECOGNIZED FOR HER CONTRIBUTIONS

March of Dimes, 1987 Woman of Achievement  
League of Women Voters, 1995 Distinguished Service Award  
Oregon Community College, 1995 Outstanding Service Award  
Oregon Commission for Women, 1997 Woman of Achievement  
Oregon Alzheimer Association, 1997 Public Service Award

#### MARGARET CARTER: BRINGING PEOPLE TOGETHER.

As a Representative, Margaret Carter earned a reputation for getting people to work together for the common good – labor and management, urban and rural, Democrats and Republicans.

"...Carter (a community college counselor) has the support of Republican legislators such as John Watt, Lenn Hannon and Bill Markham. That says a lot for her ability to work across the political divide."

*Medford Mail Tribune, 5/15/98*

"Margaret Carter has a history of bringing people together. She is able to blend the political process with the practical realities of education."

*Barbara Ross, Corvallis  
School Board member*

"Margaret Carter understands the concerns of rural school districts. She is an education leader for the whole state."

*Marc Kane, Klamath Falls*

"Margaret Carter is one of those rare leaders who inspires excellence and cooperation in others."

*Lee Beyer, Springfield*

#### MARGARET CARTER: A REMARKABLE LEADER

As a State Representative, Margaret Carter helped create a permanent Head Start in Oregon and helped found the Oregon Youth Conservation Corps. She was chief sponsor of the Oregon Workforce 2000 Act, bringing technology learning centers into Oregon communities. Margaret served as Vice Chair of the House Education Committee, helped balance the state's budget as a member of Ways and Means and served on Revenue and School Finance.

"Margaret Carter understands how children learn and the challenges teachers face. She knows how our schools work."

*Bob Shook, Beaverton  
School Board member*

#### MARGARET CARTER: A POSITIVE VOICE FOR EDUCATION

"The greatest gift we can give our grandchildren is a topnotch school system. Margaret Carter will provide the hard work and inspiration we need to achieve this goal."

*Oregon State Council for Senior Citizens*

"It's time we started talking about what's working in education. Margaret Carter will be the positive voice we need for education."

*Jody Daniels Fischer, Woodburn  
School Board member*

"We support Margaret Carter. She has both a demonstrated ability to lead and a lifetime of working in education."

*Former candidates for State Superintendent:*  
**Ron Adams, College Administrator, West Linn**  
**Jack Bray, Education Consultant**  
**Alan DeMeurers, Teacher, Salem**

# William Riggs (Nonpartisan) Judge Of The Supreme Court, Position 7

**OCCUPATION:** Judge, Oregon Court of Appeals  
**OCCUPATIONAL BACKGROUND:** Judge, Multnomah County Circuit Court; Attorney; farm worker; cannery worker  
**EDUCATIONAL BACKGROUND:** Univ. of Oregon, JD; Portland State Univ., B.S.; Willamette Univ.; Hillsboro Union HS  
**PRIOR GOVERNMENTAL EXPERIENCE:** Judge, Oregon Court of Appeals, 10 years; Judge, Multnomah County Circuit Court, 10 years; US Navy active and reserve for 30+ years, retired as captain.  
**Family:** Two children; two grandchildren

## Judge William Riggs For Supreme Court The Only Judge for the Job

With 20 years distinguished experience as a judge (including 10 years on the Oregon Court of Appeals), a record of fairness, a reputation for integrity and support throughout every part of Oregon, there has never been a clearer choice for Supreme Court than Judge William Riggs.

*"Judge Bill Riggs is the only candidate with judicial experience. He also has a record of fairness, and it is important that justice stay above politics. That is why Judge Bill Riggs is the clear choice for Oregon State Supreme Court."*

Governor John Kitzhaber, M.D.

*"Judge William Riggs has 10 years of solid service on the Oregon Court of Appeals on top of 10 years as a circuit court judge in Multnomah County...Riggs is an intelligent, common-sense jurist who has the respect of the bar and a legal briefcase full of endorsements."*

Oregonian, April 29, 1998

## He's Earned Our Trust

Judge Riggs has won the respect of those with whom he has worked, including judges, attorneys and his shipmates in the Navy, where he won several awards and medals, including the Defense Meritorious Service Medal. Even candidates who ran against him in the primary election have endorsed Judge Riggs.

*"As candidates for this seat during the primary, we urge Oregonians to vote for the best-qualified candidate on the ballot this November: Judge Bill Riggs. Judge Riggs will maintain the integrity and independence that is so important for Oregon's Supreme Court."*

Jim Westwood and James Rice

## A Tough, No-Nonsense Approach to Crime

Judge Riggs served for 10 years on the Multnomah County Circuit Court, during which time he sentenced hundreds of criminals to hard time. Judge Riggs understands the impact of crime on our communities. He is the candidate who has delivered justice for victims of crime first-hand. Judge Riggs was a Director of the Oregon Judicial Foundation for Criminal Justice – an organization that educates judges, attorneys, and citizens on the impact of crime on adult and child victims.

*"As police managers, we believe the State Supreme Court needs a judge with a broad view of crime control and police issues. (Judge Riggs') demonstrated concern for the priorities of working law enforcement professionals has earned our support."*

Portland Police Commanding Officers Association

## Keeping Politics Out of the Supreme Court

Beyond being the only candidate with judicial experience, Judge

Riggs is also the choice to keep politics out of our judicial system. He is not a politician. He has no personal or ideological agenda he wants to push. Judge Riggs will keep the Supreme Court impartial, fair and above politics. And that is an important difference in this race.

*"The danger is in electing a politician rather than a qualified jurist...Far and away the best candidate in the race for Supreme Court this time around is William Riggs. This is so because he is the only candidate with any experience as a judge...Please join us in voting for Judge William Riggs."*

Wallowa County Chieftain, May 14, 1998

## Oregon's Overwhelming Choice

Judge Riggs has earned the support of newspapers, organizations, community leaders, elected officials and citizens in every part of Oregon. Rarely has there been such a dramatic difference in support between two candidates. There is a good reason for that: this may be the most important vote you cast this year. Just some endorsements include:

*"Riggs' record is one of common sense and objectivity. He would bring a tough-on-crime approach to the bench, balanced by a legitimate concern for the rights of individuals and workers. His objectivity has won him the backing of a wide variety of organizations and individuals that include Democrats and Republicans alike. Riggs is the clear choice for position 7 of the Oregon Supreme Court."*

Hermiston Herald, April 29, 1998

*"...we favor Riggs because of his demonstrated judicial competence and because (of) his background, which includes the handling of many criminal cases..."*

Eugene Register Guard, May 5, 1998

*"Legal observers say (Riggs) is one of the best judges on the hard-working – some might say overworked – Court of Appeals. Riggs would bring not only experience, but also a strong work ethic to the Supreme Court...The time he spent on the Circuit Court and the Court of Appeals has prepared him well for the decisions he would have to make on the Supreme Court."*

# Bob Tiernan (Nonpartisan) Judge Of The Supreme Court, Position 7

**OCCUPATION:** Attorney; Personnel and Labor Relations Specialist; Lieutenant Commander, U.S. Naval Reserve  
**EDUCATIONAL BACKGROUND:** Small Business Owner  
**EDUCATIONAL BACKGROUND:** Georgetown University Law School (LLM); University of Puget Sound Law School (JD); Oregon State University (B.S.).  
**PRIOR GOVERNMENTAL EXPERIENCE:** Oregon State Representative, 1993-1996. Chair, Crime and Corrections Subcommittee; Judiciary Committee; Civil Law and Judicial Administration Subcommittee; Chair, General Government Committee; Commerce Committee; Labor Committee  
**Family:** Bob and Sue Hart Tiernan have three children: Rob (17), Jenny (15), and Katie (12).  
**Past Community Involvement:** Board Member, Oregon Council on Alcohol and Drug Abuse; Board Member, United Cerebral Palsy; Little League Coach; Organizer, Leslie Meyers Home (raised money and built handicap accessible home for paralyzed crime victim)

## BOB TIERNAN PROVEN RECORD PROTECTING OREGONIANS

Bob Tiernan's leadership has made our communities safer. Bob sponsored the "Tough on Crime" initiatives: Measure 11 increasing prison sentences for violent criminals, and Measure 17 requiring prisoners to work. Bob supported Measure 40 giving crime victims more rights and bringing Oregon law into line with federal law, making the system work to hold criminals accountable.

## BOB TIERNAN VOICE FOR THE VULNERABLE

Bob Tiernan's leadership on the Crime Subcommittee helped make children, women, and the elderly safer. Despite opposition from special interest groups, Bob fought successfully for sex offender notification, anti-stalking laws, and stiffer penalties for those who abuse the elderly and harm seeing eye dogs.

## BOB TIERNAN INDEPENDENT AND FAIR

Bob Tiernan is fair, impartial and independent. We need a judge free from conflicts, not one endorsed by special interests. We need a judge willing to uphold your right to vote on initiatives, not one backed by those trying to take that right away.

## BOB TIERNAN HARD WORKING, EXPERIENCED, HONEST

Bob Tiernan is an experienced attorney working with small businesses and everyday citizens. He is a Naval Reserve Intelligence Officer entrusted with our nation's most sensitive secrets. He helped evacuate civilians during the Liberian Revolution, worked against drug smugglers in Panama, and searched for our Vietnam War POW/MIAs.

## BOB TIERNAN THE PEOPLE'S CHOICE

"Bob Tiernan's record speaks for itself. A man of integrity and courage, Bob led the fight to keep violent criminals behind bars, keep children safe from child molesters, and give crime victims more rights. Bob truly is a leader in the effort to keep Oregonians safe and to protect our quality of life."

Steve Doell  
President, Crime Victims United

"Bob Tiernan represents a judge's best qualities. He is articulate, hard-working, compassionate, independent, and fair. He is not beholden to any special interest, but truly works for the people."

Sean Donahue  
Portland Attorney

"Few, if any, have done as much to fight for tough criminal laws to protect Oregonians than Bob Tiernan."

Tom Cutsforth  
District Attorney, Wheeler County

"As the mother of two small children, I believe this is one of the most important votes we will cast. We need Bob Tiernan on the Supreme Court because he will stand up for our children. He is kind, compassionate, and fair. Too many judges let child pornographers off the hook and violent criminals out on the street on technicalities. I want someone like Bob Tiernan who I can trust to keep my loved ones safe."

Lori Piercy  
Rainier

"Bob Tiernan's qualifications are outstanding. I want a Supreme Court Justice who will work hard to make our justice system work."

John Minnis  
Chairman, House Judiciary Committee

"Bob Tiernan will bring fairness and impartiality to the Supreme Court. He will not overturn voter passed initiatives for political or personal reasons."

Jim Greene  
Lake Oswego

Dear Voter,  
I love Oregon and want to preserve our quality of life for our children and grandchildren. I believe in a **fair, independent, and impartial** judicial system free from the influence of special interests. I am the candidate with a track record of fighting for everyday folks, law-abiding citizens, and the most vulnerable. I would be honored to have your vote.

Graduate, Sunset High School (Beaverton) (1964). Post-doctoral fellowships at Duke University, Bowdoin College, Princeton University and Stanford Law School.

**PRIOR GOVERNMENTAL EXPERIENCE:** Oregon Criminal Justice Council, 1992 (Chair – Committee on Probation Violations); Oregon Commission on the U.S. Constitutional Bicentennial, 1985-1987; Marion-Polk Local Government Boundary Commission, 1972-1980; Salem Sister City Commission, 1974-1976.

#### COMMUNITY ACTIVITIES AND SERVICE

Volunteer mediator, Polk County Victim-Offender Reconciliation Program and Marion County Neighbor-to-Neighbor Program; Grant Neighborhood Litter Patrol; evaluator of North Salem High School graduation projects; judge “We the People” competition for Classroom Law Project and Center for Civic Education; presenter, annual Classroom Law Project Summer Institute; Willamette Valley Inns of Court; former board member, Oregon Law Institute.

#### PUBLICATIONS

Co-author of texts on constitutional law and dispute resolution. Author and co-author of several law review and academic journal articles.

#### PERSONAL

Born in Salt Lake City, Utah, August 16, 1946. Moved to Oregon in 1961. Sunset High School representative to Girls’ State and Oregon’s representative to Girls’ Nation (1963); winner, National Elks Leadership contest (1964). Married to Willamette University mathematics professor Richard S. Hall, Jr.

“For more than two decades, from Washington, D.C., to Oregon, I have had the pleasure to know and work with Sue Leeson as she has progressed from university professor to United States Supreme Court fellow to appellate court judge. In each stage of her life, Justice Leeson has shown herself to be a committed public servant, a model of integrity, and a demanding but compassionate legal scholar. Justice Leeson has worked tirelessly to turn her talents to the benefit of the community—as a local volunteer for the Polk

County Victim-Offender Program, through the countless hours she has spent nurturing young students, and through the substantial written contributions she has made to the law. Voters should retain Justice Leeson’s thoughtful voice on the Oregon Supreme Court.”

- Mark O. Hatfield, U.S. Senator (Retired)

“Justice Leeson has proven herself to be a hardworking, productive, thorough judge who takes the law and her judicial responsibilities—but not herself—very seriously. She thinks and writes clearly and treats litigants fairly. She also has a good sense of humor and brings a healthy dose of common sense to her work. Voters should retain Justice Leeson on the Oregon Supreme Court.”

- Hon. Betty Roberts, Senior Associate Justice,  
Oregon Supreme Court

“Sue has a razor-sharp mind, speaks and writes plain English, lives modestly, is as honest as the day is long, honors her mother, is adored by her friends, works from sun up to sun down and has both feet on the ground.”

- Richard Breen, Professor of Law,  
Willamette University

“Sue Leeson is a smart, energetic judge who should be retained.”

- Jacob Tanzer, former Associate Justice,  
Oregon Supreme Court

“In addition to writing clear, well-reasoned opinions (and a lot of them), Sue Leeson has been a leader in bringing innovation to the Oregon appellate courts. The appellate settlement conference program gives civil litigants an opportunity to resolve their disputes more quickly, comprehensively, and at less cost than through protracted litigation. Justice Leeson saw the need for such a program and spearheaded its creation. We need Justice Leeson’s hard work and creative spirit on the Oregon Supreme Court.”

- Judy Henry, Director,  
Appellate Settlement Conference Program;  
Former president, Oregon State Bar

“I am confident (Justice Leeson) will be an exceptional and invaluable addition to the Supreme Court. Her academic rigor, tempered by real-life experience, will serve Oregon well.”

- Governor John Kitzhaber

**Virginia L. Linder (Nonpartisan)  
Judge Of The Court Of Appeals,  
Position 4**

**OCCUPATION:** Judge, Oregon Court of Appeals  
**OCCUPATIONAL BACKGROUND:** Oregon Solicitor General; Assistant Solicitor General; Attorney-in-Charge, Education Section, General Counsel Division; Assistant Attorney General, Appellate Division  
**EDUCATIONAL BACKGROUND:** Willamette University, JD, *cum laude* (1980); Southern Oregon State College, BA, *summa cum laude* (1975)  
**PRIOR GOVERNMENTAL EXPERIENCE:** Oregon Department of Justice, 1980-1997

**Judge Virginia Linder: Experienced**

"Virginia Linder's experience and skill make her an excellent addition to the Oregon Court of Appeals. I am very pleased to be able to appoint a lawyer of her caliber to this position."

– Governor John A. Kitzhaber

**Judge Virginia Linder: Hard Working**

"Virginia is one of the smartest and most hard-working lawyers I have ever known. She is the only person I know whose brief on the merits was so persuasive that the United States Supreme Court reversed the case without even scheduling oral argument. Virginia has a wonderful judicial temperament. She is courteous and collegial; and decisive without being abrasive. She will quickly emerge as a leader on a court beleaguered by one of the heaviest caseloads in the nation."

– Dave Frohnmayer,  
former Attorney General of Oregon (1981-1991)

**Judge Virginia Linder: Professional**

"I have known Virginia Linder since she became a lawyer in 1980. I was serving on the Court of Appeals at that time, and I was immediately impressed, as were my colleagues, at her skills as an appellate lawyer. When she presented cases to either appellate court, the judges always knew her briefs would be well researched and well written. When she argued before either court, it was always with personal confidence, with professional respect for the court, and with a complete command of the details of the case. Virginia Linder will be one of the finest appellate judges we have ever had in Oregon."

– Betty Roberts, retired Oregon Supreme Court Justice

Judge Wollheim served on the Board of Directors of the Multnomah County Legal Aid Service from 1993 to 1998, where he was Secretary from 1994 to 1995 and Board Chair from 1995 to 1997. Judge Wollheim was on the Board of Directors of the Labor's Community Service Agency from 1996 to 1998. Judge Wollheim was also on the Board of Directors of the Willamette Valley Law Project from 1989 to 1988, where he served as Vice-president and President. Previously Judge Wollheim volunteered with the Volunteer Lawyers' Project, representing low income clients for free. Judge Wollheim also serves as a volunteer judge for the Mock Trial program for high school students.

### RESPECTED THROUGHOUT OREGON

"Bob Wollheim draws upon both a wealth of experience arguing before the Court of Appeals and a commitment to principled community involvement and his appointment reflects the Court's tradition of efficiency and legal excellence."

Governor John Kitzhaber, M.D, February 27, 1998.

"I've known Bob Wollheim for almost 30 years. He is an excellent Court of Appeals Judge."

Sidney Lezak, Former United States Attorney for Oregon.

"Before becoming a judge, Bob Wollheim was my choice to represent my clients before the Court of Appeals. He is an asset to the people of Oregon."

Kate Donnelly, Eugene Attorney.

"Bob Wollheim has the intellect and temperament to serve the people of Oregon as a Court of Appeals Judge."

J. Robert Moon, Jr., Baker City Attorney.

"I've known Bob Wollheim since law school. I've always been impressed with his willingness to listen to people. He is a great choice for the Court of Appeals."

David Tilton, Coos Bay Attorney.

"Judge Wollheim is well known for his broad knowledge of the law and his ability to explain the law to both lawyers and clients."

Linda Love, Lake Oswego Attorney.

"Bob Wollheim was a hard working attorney. He is well known for his sense of fairness and common sense."

Arthur Stevens, Medford Attorney.

"Bob and his family have been my neighbors for ten years. Our kids have grown together. He knows what it takes to raise a family today. He knows what it takes to run a small business, I fully support him."

Sue Ayers, Portland Small Business Owner and Homemaker.

Energy and  
Telecommunications  
Policy Advisor.

**OCCUPATIONAL  
BACKGROUND:**  
Attorney, Ball Janik  
LLP; Academic  
Advisor, Portland  
Community College;  
Assistant Dean of  
Admissions, Lewis &  
Clark College.

**EDUCATIONAL  
BACKGROUND:**  
Harvard University,  
M.P.P.; University of  
California at  
Berkeley (Boalt  
Hall), J.D.; Lewis &

Clark College, B.A.

**PRIOR GOVERNMENTAL EXPERIENCE:** Assistant to City  
Commissioner Erik Sten.

#### **SHE'S NOT YOUR TYPICAL CANDIDATE**

Looking for a better life, her mother came to the United States insisting that her children value education, hard work, and contributing to the community. Serena learned those lessons well. She put herself through college, graduate school and law school. Then she came back and put her accomplishments and determination to work for us.

#### **Creating Better Futures Through Education**

As an academic advisor and admissions officer, Serena helped young people and adults create a better future for themselves and their families.

#### **Supporting Safe and Healthy Families**

Serena is a strong advocate for living wages. As past president of the L.I.F.E. Center, she led efforts to promote self-sufficiency among low-income individuals and families.

#### **SERENA CRUZ - THE COMMUNITY'S CHOICE FOR Stronger Schools**

"Serena's personal struggle to educate herself, combined with her professional experience in local education make her my choice for County Commissioner." *Gloria Gostnell, Northeast Portland Principal and Resident*

#### **Affordable Housing**

"Serena understands that we have to deal with both rising housing prices and declining wages to solve our affordable housing problem." *Commissioner Erik Sten*

#### **Safer Neighborhoods**

"By ensuring Multnomah County invests in early intervention and strong prevention programs, Serena will keep our kids in school, not the criminal justice system." *Rep. Jo Ann Bowman*

#### **Healthier Communities**

"Serena stands out in her ability to apply her understanding of policy issues to improve the health and welfare of the community." *Oregon Nurses Association, District One*

#### **New Leadership**

"Impressive... Cruz is a highly educated, energetic new face in local politics." *Editorial, The Oregonian, April 14, 1998*

Services, Budget Advisory committee.

**COMMUNITY SERVICE:** Beaumont-Wilshire Neighborhood  
Association Chairperson, Delaunay Mental Health Center Board  
of Directors, Portland Jaycees, Ombudsman representative,  
State of Oregon, Junior Achievement Advisor.

#### **DAN IVANCIE IS DEDICATED TO BUILDING STRONG, SAFE COMMUNITIES**

Law enforcement officers need to be supported in their  
community policing efforts. Violent juvenile offenders must be  
treated as adults. Neighborhoods must be protected from gang  
warfare and drugs.

#### **DAN IVANCIE IS COMMITTED TO CREATING A HEALTHY ENVIRONMENT FOR OUR CHILDREN**

Dan is the father of two school age children. As a father, Dan  
realizes the importance of quality neighborhoods and schools.  
He will work for increased funding for schools, as well as early  
youth intervention. Affordable housing for our citizens will be a  
priority.

#### **DAN IVANCIE WILL FIGHT FOR SENIORS**

Dan cares deeply about the needs of seniors. As a volunteer  
ombudsman, Dan helped seniors in adult foster care homes.  
Effective social service programs are important to Dan. He has  
the skills to bring results for seniors.

#### **DAN IVANCIE WILL WORK FOR A COST EFFECTIVE COUNTY GOVERNMENT**

Dan believes there is significant waste in county government.  
In his service as County Auditor, Dan uncovered examples of  
waste and inefficiency. He plans on continuing this effort.

"As a lifelong resident of our community, I am committed  
to serving you, the citizens of North and Northeast Portland.  
I sincerely ask for your vote on Tuesday, November 3rd."

Willamette Week, May 8, 1996

"Councilor Rod Monroe has shown himself to be competent and diligent... Monroe offers experience and understanding of regional growth issues... His budget and finance background, both at Metro and in other capacities, will become increasingly important..."

The Oregonian, April 20, 1996

"Rod has demonstrated leadership in finding solutions to tough budgetary matters for Metro. He is committed to community livability, a tight urban growth boundary, and transportation options for people."

Mike Burton - Metro Executive

"I am impressed with the strength of purpose exhibited by Councilor Rod Monroe. He works diligently to protect the livability of our neighborhoods."

Tanya Collier

"Councilor Monroe has demonstrated the vision to guide our region's growth, the fiscal experience to keep Metro running efficiently, and the integrity to stand by his belief that our region grow wisely."

**Scott Pratt's Priorities**

**Protect our neighborhoods!** As a neighborhood association leader, husband and father, I understand neighborhood concerns about growth and traffic. Our neighborhoods are under siege!

"Scott Pratt will make Metro manage growth and not let growth manage us!" Denise Harrington - Small Business Owner

**Include Citizens as an Indispensable Part of growth planning!** I have fought for a strong role for neighbors in the decisions that affect us. I am committed to including citizens and neighborhoods in decisions about growth.

"Scott Pratt has successfully organized citizens so we have more clout. He'll make Metro listen to us."

Steve March - Senior citizen advocate, neighborhood leader  
**Smart Growth!** I believe that redevelopment is the best way to grow. When we grow out, we must protect farm and forestland, wildlife, clean air and clean water. Smart growth includes a mix of housing and employment choices with parks and open space throughout. Safe and convenient transportation choices with better mass transit, safer bike and pedestrian options will reduce air pollution and traffic congestion.

"Scott Pratt has worked long and hard to protect and improve our environment."

Lisa Naito - Multnomah County Commissioner  
**Not a career politician.** That's why neighborhood leaders, environmentalists, business owners, Democrats and Republicans endorse me.

"Scott Pratt has the new ideas needed to lead us into the future."

#### **COMMUNITY AND ENVIRONMENT**

##### **What Value is Regional Government?**

Metro can provide services to protect cities and counties'  
shared resources of water, air quality, transportation, streams,  
greenspace. Metro's planning should save you money, not  
burden you with taxes. Regional plans are only as strong as their  
neighborhood roots.

##### **Our Region is Beautiful. Why Spoil It?**

What purpose is served by sacrificing quality of life to force  
growth? When your tax dollars go to subsidizing growth, basic  
services suffer. You're paying enough. Your government  
bureaucracies should deliver pure water, public safety,  
economical transit, non-polluting sewers, good roads, walkways,  
schools, parks.

##### **Who Pays the Price of Growth?**

You're paying, but is it your responsibility? Crowding thousands  
of new housing units into residential neighborhoods, while  
exempting developers from paying taxes, is fiscally irresponsible.  
Too-rapid growth causes problems. Developers should pay their  
own costs, not you.

##### **Should Environmental Laws Apply Equally?**

Fish and wildlife deserve protection. Pollution of Northwest  
rivers by favored industries such as Port of Portland must stop.

**LIZ CALLISON** will ask the tough questions. Liz has a proven  
record as a reporter and environmentalist. She's no status quo  
bureaucrat.

**LIZ CALLISON** is a parent and third generation Portlander,  
with elected experience as a County Soil and Water Conservation  
District Director. She understands what's needed for a healthy,  
safe environment.

FEDERAL VOTING ASSISTANCE PROGRAM  
OFFICE OF THE SECRETARY OF DEFENSE  
WASHINGTON, DC 20301-1155

March 23, 1993

Mr. Phil Keisling  
Secretary of State  
136 State Capitol  
Salem, OR 97310

Dear Mr. Keisling:

The Federal Voting Assistance Program wishes to congratulate the Multnomah County Elections Division in its laudable efforts to enfranchise and inform citizens covered under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) by developing a Candidate Information Packet available for distribution with ballots to all Oregon UOCAVA voters in the 1992 Presidential Election.

Please deliver the enclosed letter and certificate of commendation to Ms. Vicki K. Erwin on behalf of the Federal Voting Assistance Program and extend our congratulations to her on the success of her Division's endeavors to facilitate voting for Multnomah County and all Oregon UOCAVA voters.

Thank you for your support in simplifying voting procedures for Oregon military and overseas citizens. We appreciate your cooperation and we look forward to working with you in the future in supports of these citizens.

Sincerely,

A handwritten signature in cursive script, reading "Phyllis J. Taylor", is written over a horizontal line.

**Executive (Closed) Sessions**

**1. Permissible Purposes**

County bodies may meet in executive sessions only in specified situations. ORS 192.660. An "executive session" is defined as "any meeting or part of a meeting of governing body that is *closed* to certain persons for deliberation on certain matters." ORS 192.610(2) (emphasis added).

The board may hold an open session even when the law permits it to hold an executive session. The board is authorized to hold closed sessions regarding the following subjects:

**(1) Labor Negotiator Consultations**

The board may meet in executive session for deliberations with persons designated by it to conduct labor negotiations. ORS 192.660(1)(d). The media may be excluded from such sessions. ORS 192.660(3).

**(2) Real Property Transactions**

The board may go into executive session to deliberate with persons designated by it to negotiate real property transactions. ORS 192.660(1)(e). Real Property transactions are not limited to purchase or sale of real property, but may include long-term leases. This exemption does not include discussions of long-term space needs or general policies concerning lease sites.

The executive session is limited to discussions of negotiation about specific real property and should not include discussion of long-term space needs or general policies concerning lease sites.

**(3) Legal Counsel**

Executive sessions may be used by the board to consult with counsel concerning legal rights and duties regarding current litigation or litigation likely to be filed. ORS 192.660(1)(h). This authorization parallels the Public Records Law exemption for documents pertaining to litigation. ORS 192.501(1). The discussions may include substantive analysis of the legal merits, risks and ramifications of the litigation, as well as procedural options.

Discussions in executive sessions may proceed even to the point at which the board reaches an informal consensus as to its course of action. ORS 192.660(4) guarantees that the results of any consensus will be made public because any final decision must be made in open session.

Written legal advice from counsel is privileged information under ORS 40.225. It is exempt from disclosure under ORS 192.502(8) and a proper subject of an exempt session under ORS 192.660(1)(f). If appropriate steps are taken, an executive session may be used to discuss any legal matter of a confidential nature even without the existence or likelihood of litigation.

#### (4) Exempt Public Records

The board may meet in executive session to consider records "that are exempt by law from public inspection." ORS 192.660(1)(f). The Public Records Law, specifically ORS 192.496, 192.501 and 192.502, exempts records from public inspection. Unless a record is exempt under one this or some other law, the board may not consider the record in executive session under ORS 192.660(1)(f).

#### (5) Labor Negotiations

In 1997 the law was changed to require labor negotiations to be conducted by the board in open meetings unless both sides request negotiations in executive session. ORS 192.660(2). Note that county labor negotiations with employees' representatives are not subject to the meetings law at all if the negotiations are conducted for the county by *individuals* retained by the chair. In these circumstances, the public and the media cannot invoke the Public Meetings Law as a basis for attending negotiation sessions. *Southwest Oregon Publishing Co v. Southwest Oregon Community College*, 28 Or App 383 (1977).

### 2. Final Decision Prohibition

ORS 192.660(4) states: "No executive session may be held for the purpose of taking any final action or making any final decision." The board may reach a consensus in executive session. The purpose of the "final decision" requirement is to allow the public to know the *results* of the discussions. Taking a formal vote in open session satisfies that requirement, even if the public vote merely confirms a decision made informally in closed session.

### 3. Method of Convening

An executive session may be called during a regular, special or emergency meeting for which notice has already been given in accordance with ORS 192.649. The person presiding at the meeting must announce the statutory authority for the executive session before going into closed session. ORS 192.660(1). When a meeting that will be solely an executive session is called, the statutory authority for the executive session must be set forth in addition to notice requirements for any other meeting.

### 4. Media Representation

The Public Meeting Law expressly provides that representatives of the news media *shall be allowed* to attend all executive sessions except for sessions involving deliberations with persons designated to carry on labor negotiations, *Barker v. City of Portland*, 67 Or App 23 (1984).

As stated above, the board may consult with counsel about pending litigation or litigation likely to be filed. The board may exclude any member of the media from such a meeting if the member is a party to the litigation to be discussed or is an employee, agent or contractor of a new media organization that is a party to the litigation. ORS 192.660(4).

The board may require that specified information that is the subject of the executive session *not* be disclosed. ORS 192.660(3). The presiding officer should make the specification. Absent a specification, the entire proceedings may be reported and the purpose of the executive session may be frustrated. The media may discuss the statutory grounds justifying the executive session.

The meetings law contains no sanction to enforce the requirement that a news representative not disclose specified information. Penalties may raise freedom of press and speech questions. The Attorney General has concluded, " 'enforcement'... depends upon cooperation between public officials and the media." AGM 114.

Reporters have no obligation to refrain from disclosing information obtained at an executive session if the council fails to specify that certain information is not for publication. Reporters may, but are not required to, inquire whether a board failure to specify was an oversight. Reporters are under no obligation to keep confidential any information the reporter independently gathers as the result of leads obtained in executive session. Reporters may disclose matters discussed in executive session which are not properly within the scope of announced statutory authorization of executive sessions.

The board may request a news medium not to assign a particular representative to cover board meetings if the representative has irresponsibly violated a clearly valid nondisclosure requirement. That representative may be barred from future executive sessions because the meeting law purposes will be met by allowing attendance of another representative, and representatives from other news media.

#### **5. Other Persons Attendance**

The board may permit others to attend executive sessions. Generally, executive sessions are closed to all except commissioners, commissioners' staff, county counsel, persons reporting on the subject of the executive session or otherwise involved, and news media representatives. However, the law does not prohibit the board from permitting other persons to attend.

## OREGON CODE OF ETHICS

---

After the Watergate scandal in 1974, Oregon voters adopted a comprehensive ethics law for public officials. The law attempts to ensure that government officials promote general public interests rather than private, financial interests. The policy states "that a public office is a public trust, and that as one safeguard for that trust, the people require all public officials to adhere to the code of ethics set forth in ORS 244.040." ORS 244.010(1).

ORS chapter 244 has four major parts: (1) abuse of office, (2) conflicts of interest, (3) statement of economic interests, and (4) the ethics commission. The first two parts are of major importance to public officials and employees. The 1993 Legislature amended ORS 244 and changed the commission name to the Oregon Government Standards and Practices Commission.

### **1. Abuse of Office**

#### **a. Who does the ethics law apply to?**

The law applies to all "public officials." The definition of "public officials" is broad and includes any person who serves state or local government as an officer, employee or agent. It includes board commissioners, the chair, sheriff, auditor, county counsel, county employees, members of county commissions and committees, and persons who work for the county on contract. It applies whether or not a public official is paid. ORS 244.020(15).

#### **b. What does the ethics law prohibit?**

##### **1) Use of position**

Public officials may not use or attempt to use their position to obtain financial gain or avoid financial detriment that would not otherwise be available but for the holding of the official position. This applies to public officials and "relatives" of public officials including spouses, children, children of spouses, and brothers, sisters or parents of officials or spouses. It also applies to businesses with which the public official or relative is associated as owner, employee, officer, director or owner of stock worth \$1,000 or more.

It is improper for an official to lobby commissioners or county employees to award a contract to a business owned by the official. Also, public officials may not use their positions to avoid county taxes, charges or fees paid by other citizens.

Note: County Executive Order 206 adopted Rule 5, Code of Ethics on May 28, 1993. Most of the county rules follow and restate the state code of ethics requirements. However, Rule 5.02.8 adds requirements. "No employee shall solicit private business from other employees for personal gain while on county time. No supervisor or lead

worker shall solicit private or charitable business from subordinates at any time, with the exception of a charitable effort organized countywide or county agency-wide."

The state law does not apply to official salary, honoraria, reimbursement of expenses, or unsolicited award for professional achievement for a public official or a public official's relative. A public official or relative may accept a Nobel Prize without concern for this law. ORS 244.040(1).

Official salary is not defined in the Code of Ethics. The Oregon Government Standards and Practices Commission has interpreted official salary to "include all components of compensation package such as insurance, paid leave, retirement benefits and formally adopted policy providing access to and usage of agency resources for nonsalaried officials." Thus, an official policy that permits public officials to obtain personal cellular telephone service at government rates as part of official compensation would not violate the ethics law.

Example: A state senator had considerable authority over Workers' Compensation Division laws and budgets. The senator also received business fees for services to individuals interested in contracts and referrals from the Workers' Compensation Division. The senator introduced a client to state officials to promote the client's business.

Held: Senator guilty of unethical conduct and received maximum fines and penalty. *Groener v. Oregon Government Ethics Commission*, 59 Or App 459 (1982).

Example: SAIF official purchased personal car as "add-on" to SAIF fleet purchase and saved about \$1300. No additional cost to public agency, and no cost to vehicle vendor.

Held: Ethical violation because official "availed himself of" financial benefit accessible only because of his status as public official. Person would not have been benefited "but for" the official position. *Davidson v. Oregon Government Ethics Commission*, 300 Or 415 (1985).

Example: State employees offered cellular telephone service at "special rate" for government employees.

Held: There "may be limited circumstances when public officials may take advantage of group discounts or other marketing incentives." These include when the benefit is not solicited by the public official **and** the benefit is "also available to a substantial segment of the population who are not public officials...." *Oregon Government Standards and Practices Commission*, Opinion 97S-034 (November 1997).

Example: Public employees personal use of employer's telephones, cellular phones and computers (including Internet access).

Held: (a) Personal use of public telephones is not ethical violation because "it is normal practice by both public and private employers to permit employees to use business telephones..." for personal business. However, personal long distance calls, even if employee reimburses public employer may be ethical violation. (b) Use of public computer on employee's own time may not be ethical violation. However, public

computer use by employee to avoid a financial detriment is legally prohibited. This may include personal use to avoid private purchase of computer hardware or software. (c) Personal use of public cellular phone does not violate ethics code where use is **directly** related to official duties, such as phone use to inform family of late meeting or schedule change. However, personal uses beyond those necessitated by public business or emergency would violate ethics code. This is the result even where employee reimburses employer for personal use. *Oregon Government Standards and Practices Commission*, Technical Advisory Opinion 98A-1003 (July 1998).

## 2) Gifts

The law prohibits public officials and relatives of public officials from soliciting or receiving any gifts over \$100 in a calendar year from anyone who has a financial interest in a county legislative or administrative decision. A gift is anything of economic value, but the definition excludes gifts from family members, food/ lodging/travel for events attended in official capacity, and campaign contributions. ORS 244.040(2).

Example: Mayor, council president and city manager traveled to New York City to present city's bond proposal to investment rating service. The travel expenses of officials' spouses were paid by financial institution that prepared city bond package.

Held: The food, lodging and travel exemption does not apply to family household members. Payment of these expenses were illegal gifts because they were not "extended to others who are not public officials." Officials were fined twice the value of the reimbursed expenses. *Keller v. Oregon Government Ethics Commission*, 94 Or App 462 (1988), 106 Or App 727 (1991).

Note: The law was amended in 1993 to permit officials and their relatives to receive food or beverage if consumed in presence of purchaser. Public officials may also receive entertainment if experienced in presence of purchaser where entertainment value does not exceed \$100 per person on a single occasion and is not greater than \$250 in a calendar year. ORS 244.020(8)(d) and (e).

## 3) Confidential information

Public officials may not further or attempt to further personal gain through use of confidential information gained in the course of or by reason of their official positions or activities in any way. Public officials often receive information that is not available to the general public. It is improper for an official to sell such information for use by another or to make use of such information for personal gain. ORS 244.040(4).

## 4) Employment

A public official may not solicit or receive promises of future employment when there is any relationship or understanding that the promise will influence the public official's actions. ORS 244.040(3).

## 2. Conflicts of Interest

### a. What is an actual conflict of interest?

An actual conflict of interest exists whenever the effect of any action, decision or recommendation by a person acting as a public official **would** cause private pecuniary benefit or detriment for the person or the person's relative or any business with which the person or a relative is associated. If public officials approve or recommend approval of applications involving their own land, award contracts or make purchases from persons to whom they owe money, or approve employment agreements with organizations for whom spouses work, then there is a conflict of interest. A conflict exists even if the official would lose money by taking a particular action. When an official's relative or a business associated with a relative would be affected by an official decision, there is also a conflict of interest. ORS 244.020(1).

### b. What is a potential conflict of interest?

A potential conflict of interest exists whenever the effect of any action, decision or recommendation by a person acting as a public official **could** cause private pecuniary benefit or detriment for the person or person's relative or any business with which the person or a relative is associated. ORS 244.020(7).

Example: If a planning commissioner is a member of a church that requests a land use plan map amendment, does the commissioner have a potential conflict of interest?

Answer: No. Although the commissioner's vote could benefit the church, it would not provide a "private pecuniary benefit or detriment" to the commissioner or a member of the commissioner's household. *Attorney General Opinion 8034 (1981)*.

Since that opinion the ethics law has been amended to exclude from definition of "business" nonprofit IRC 501(c) corporations where the associated public officials receive no remuneration. The statute now states that "membership in or membership on the board of directors of a nonprofit corporation that is tax-exempt under section 501(c) of the Internal Revenue Code" is not a potential conflict of interest. ORS 244.020(7)(c).

Note: The county ethics rules are different. Executive Order 206 adopted Rule 5, Code of Ethics on May 28, 1993. Rule 5.02.7 states that county officials and employees "who are in a position to influence contract decisions affecting nonprofit organizations shall not serve on decision-making boards of, or be employed by, contractors who could benefit from such involvement."

There is a class exemption to the definition of a potential conflict of interest. Whenever the public official's action would affect other members of a large class the same way it affects the official, there is no legal potential conflict of interest. For example, if a city considers a storm water charge, then public officials who are city customers would have a potential conflict of interest were it not for the "class

exemption." There are enough members of the class that the interest of each official is small compared to all the other members of the class. On the other hand, if the public official owns property about to be rezoned with other properties, a conflict of interest exists because the number of other property owners who are members of the class is small. ORS 244.020(7)(b).

c. What do I do if I have an actual or potential conflict of interest?

The simple answer is to disclose the conflict of interest. Elected public officials and appointed public officials serving on commissions or boards must announce publicly potential conflicts of interest prior to taking any action. When there is an actual conflict, the official must announce publicly the nature of the actual conflict and refrain from participating as a public official in any discussion or debate on that issue. This official must not vote on the issue. ORS 244.120(2). An actual or potential conflict of interest must be declared at any meeting where the issue is acted upon, discussed, or considered in any manner.

Appointed public officials must notify in writing the person who appointed them to office of the nature of the conflict. Notification must include a request that the appointing authority dispose of the matter giving rise to the conflict. The appointing authority then has the obligation to assign the matter to another person, or to prescribe a manner for the public official to dispose of the matter. ORS 244.120(1)(c).

### **3. Penalties**

Violations of public ethics laws may result in a civil penalty of up to \$1,000 imposed by the Oregon Government Standards and Practices Commission. This fine is in addition to any other penalty or sanction that may be imposed by any other law, including removal from office. ORS 244.350.

In addition, public officials who financially benefit from a violation of any provision of ORS chapter 244 may be required to forfeit twice the amount of that profit. OAR 199-20-030.

Specific criminal statutes can also apply to public officials including receipt of a bribe by a public official, ORS 162.025, misuse of entrusted government property, ORS 162.095, and misuse of confidential information for personal financial benefit, ORS 162.425.
