The East Portland Action Plan (EPAP) acknowledges community strengths and supports existing efforts, while looking strategically at opportunities to improve livability and at policies to address some of the challenges facing East Portland. The EPAP committee was convened by the City of Portland, Multnomah County, and now Senator Merkley for the specific task of providing “leadership and guidance to public agencies and other entities on how to strategically address community-identified issues and allocate resources to improve livability for neighborhoods in the East Portland neighborhood area.”

3. Explain the fiscal impact (current year and ongoing).

Staff will incorporate work on EPAP as appropriate

4. Explain any legal and/or policy issues involved.

As people and services continue to move east, the East Portland Action Plan will assist Multnomah County in strategic planning for that area.

5. Explain any citizen and/or other government participation that has or will take place.

The East Portland Action Plan was developed by the community for the community. Over an eight month process with the City of Portland Bureau of Planning and Sustainability, 268 action items were identified. For full process summary and timeline visit
