BOARD OF COUNTY COMMISSIONERS

Agency 050 Organization 9010

BOARD OF COUNTY COMMISSIONERS PURPOSE

Multnomah County's mission is to plan, finance, and deliver services to all citizens and properties in the County. These services must be delivered effectively and efficiently and distributed fairly in a manner that promotes public confidence in government.

The adopted Guiding Principles are:

- Provide equity and fairness in the delivery of Countywide services.
- Provide cost-effective, responsive services.
- Improve the general health, safety, and well-being of County citizens with an emphasis on those services that are preventive in nature.
- Assure continuity of vital public services.
- Achieve equity and stability in taxation.
- Encourage citizen involvement in County government.
- Provide equality in employment opportunity.
- Improve employee efficiency, productivity, and satisfaction.
- Promote excellence.

The Work Plan also includes "WHAT" statements as follows:

- Promote quality management of County programs.
- Allocate County resources to emphasize Countywide services.
- Enhance public understanding of and access to County services.
- Promote County employee health, development, and job satisfaction.
- Review and define the funding and service delivery roles of various levels of government.
- Improve delivery of vital services through coordinated intergovernmental responses.
- Provide necessary human services with an emphasis on disease and disability prevention.
- Assure optimum use and efficiency of County land and buildings.
- Maintain a Countywide law enforcement presence.
- Provide leadership for adequate services for youth.
- Protect and promote the County natural resources.

Each "WHAT" statement is then followed by "HOW" statements describing tasks to be completed and worked on during the year and "WHO" describing which department, committee, etc, responsible for conducting the study or implementing the "HOW" statement.

The purpose of the Board of County Commissioners is defined by the Multnomah County Home Rule Charter as amended November 4, 1986.

The Charter in Chapter 2.10, General Grant of Powers, states:

1. Except as this charter provides to the contrary, the County shall have authority over matters of County concern to the fullest extent granted and allowed by the constitutions and laws of the United States and the State of Oregon, as fully as though each particular power comprised in that general authority were specifically listed in the

NONDEPARTMENTAL
BOARD OF COUNTY COMMISSIONERS

charter.

2. The charter shall be liberally construed, and each power of the County under the charter shall be construed as a continuing power unless the charter or the grant of the power indicates the contrary.

Chapter 2.20, Where Powers Vested, also states:

Except as this charter or a state constitutional or statutory provision regarding the initiative and referendum provides to the contrary, the legislative power of the County shall be vested in and exercisable only by the Board of County Commissioners. Any other power of the County not vested by the charter elsewhere shall be vested in the Board but may be delegated by it.

The Board of County Commissioners conducts all legislative business of the County in two Board meetings per week. In addition, it holds an informal meeting for the purpose of reviewing the formal agenda and receiving informational briefings from staff, departments, and outside agencies. Some meetings are held outside the Courthouse, in the districts as described by the Charter. Some are held at night to provide greater citizen input. The Board's staff functions as a research resource for matters that come before the Board.

The Board:

Conducts official business of the County as required by state law and the efficient operation of the County.
Hears Land Use appeals from cases reviewed by the Planning Commission and Planning staff.
Adopts policies which guide direction of County activities.
Sits as the Budget Committee, reviews the Executive Budget, holds hearings, and adopts the final County budget.
Creates such boards and commissions as it deems necessary for advising on matters of interest to County, recruits and proposes citizens to serve on same, and confirms appointments made by the Chair to the Boards and Commissioners.
Acts as the liaison to County departments and advisory boards and commissions.
Monitors the activities of the Clerk of the Board and Assistant as official recorders of Board activities and repository for Board files.
Consults with the labor negotiator for the County and adopts final labor agreements.
May exercise bonding authority as prescribed by Charter and State Law.
May establish County Service Districts as prescribed by Charter.
Conducts official business and adopts budgets of established service districts while sitting as the governing body of the service district.
Is empowered to make changes in County administrative departments.
Fill vacancies in elective County offices.
Responds to citizen complaints.
Works with Citizen Involvement Committee and responds to concerns.

The composition of the Board changed January 1, 1987, when the Charter amendment adopted November 6, 1984 became effective. It deleted the County Executive position and the District 4 position. Four new districts were created and a Chair elected at large, with the Chair becoming a voting member of the Board.

Commissioner District 1 - Pauline Anderson

Mission

Commissioner Anderson intends to represent the constituents of District 1 and the citizens of Multnomah County in following the guiding principles of the Board and implementing our shared work plan.

It is Commissioner Anderson's personal vision that the County should strive toward the following goals:

NONDEPARTMENTAL
BOARD OF COUNTY COMMISSIONERS

Emphasizing Prevention and Early Intervention Services for Children as the approach which has the greatest long-range benefit and is most cost-effective in preventing criminal behavior, school failure, and child abuse.

Develop timely and effective citizen participation in County government and to facilitate meaningful and timely communication between citizens, County government and other related jurisdictions.

Inform citizens concerning their opportunities and rights in the decision-making process of all branches of government in Multnomah County: County Service Directory, Citizen Involvement Handbook, Computer Bulletin Board, County Conduit and Issues Roundtable.

Create meaningful and timely involvement opportunities for citizens in Multnomah County government: Citizen Budget Advisory Committees, Citizen Involvement Committee, County Citizen Advisory Boards and reports and recommendations to the Board of County Commissioners.

Integrate citizens into the decision-making process of Multnomah County government: County Citizen Advisory Boards, County Strategic Planning, Citizen Budget Advisory Committees, Committee for Citizen Involvement in Land use, the Citizen Involvement Committee, and County "Visions" process.

Relate Multnomah County needs and concerns to interjurisdictional agencies, as necessary, networking with other citizen participation organizations, boards, committees and commissions, in order to inform, create and integrate citizen concerns on shared regional issues, services, or needs through the appropriate decision-making process.

The Oregon State University Extension Service provides education and information based on timely research to help Oregonians solve problems and develop skills related to youth, family, community, farm, forestry, energy, and marine resources. Programs are further designed to increase self-worth, personal marketability, productivity, citizenship, leadership, and managerial skills.

County funding is involved in only a portion of the total OSU Extension Service Work Plan. County dollars are, however, necessary in order for the Extension Service to receive grant dollars from other services. Each broad program area develops and presents numerous educational programs throughout the year. Programs are designed for over 30 different audience groups, e.g., low-income children, the general public, single parents, elderly, farmers, shippers, etc.

Special Appropriations Program Description

Special Appropriations exists so that appropriations may be set aside for special computer based projects. This allows for clear and visible tracking of these projects. In addition, Special Appropriations acts as a repository for all General Fund Processing service reimbursements (see breakout below). In 1991-92 \$972,000 in new money has been identified for new systems development; projects will be approved by the Data Processing Management Committee.
