Commissioner Dan Saltzman
Commissioner Gary Hansen
Commissioner Sharron Kelley

FROM: Commissioner Tanya Collier

DATE: May 10, 1993

SUBJECT: CCYSC

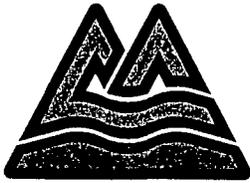

Just a short note to remind you that I will be unable to attend the Community Children and Youth Services Commission Joint Meeting tomorrow evening.

I had made a commitment to speak at the International Managerial and Professional Women's Annual Dinner. This engagement was put on my calendar several months ago.

I do regret not being able to attend, and would very much appreciate the opportunity to hear how the meeting goes.

Thanks.

RE: Joint Meeting May 11, 1993 with Community Children
and Youth Services Commission

I believe that a one hour joint meeting of the Board of County Commissioners and the members of the Community Children and Youth Services Commission would be interesting and helpful to both Commissions. The Children and Youth Services Commission's next meeting is Tuesday, May 11th.

We would join the CCYSC in their meeting room on the second floor of the Mead Building at 6 p.m. on May 11th and would spend the first hour of their meeting in a sharing of concerns and priorities for Multnomah County's children and youth. There are specific issues, including Children's Care Team proposals, upon which the BCC and CCYSC could focus on at this time.

This should be a good opportunity for beginning what I hope is an ongoing dialogue between County Commissioners and Children and Youth Services Commissioners.

Please let me know if you are unable to attend.

PROCEDURAL MATTERS

The meeting was called to order at 6:09PM by Commission Chair, Pauline Anderson.

The minutes of March 9, 1993, were unanimously approved as submitted.

CCYSC

Minutes - April 20, 1993

Page 2

CCYSC Retreat: Commission members agreed that a CCYSC retreat would be beneficial for the full Commission. It was decided that members will gather on June 11th, beginning at 1:00PM, to discuss various CCYSC matters, including Commission roles and responsibilities, committee structure, etc.

Diversion Plan: Dwayne McNannay, Juvenile Justice Division, addressed the Commission regarding the Multnomah County Juvenile Justice Division 1993-95 CSD Diversion (Parole) Plan. The document outlines the County's plans for limiting the number of youth committed to the State training school system. It is required by the State that the document be approved by the local CCYSC for the release of funding to the County by the State.

Commissioner Nan Waller moved that the Commission approve the Diversion Plan; unanimous approval.

A formal letter of approval will be provided to the Juvenile Justice Division.

Responses to RFP's

Intervention: Commissioner Nan Waller addressed the Commission regarding the rating process for RFP #3P2001 Multi-Services for African American Males; approximately \$193,124 of Juvenile Services Act (JSA) dollars. She explained that two agencies submitted proposals for rating: Emmanuel Community General Services, Inc. and the Urban League of Portland. Each panel member read and rated the proposals prior to their meeting to discuss ratings, interview the respondents, and arrive at a final score and ranking.

It is the recommendation of the panel members that Emmanuel Community General Services, Inc. be awarded the contract for Multi-Services for African American Males. After discussion regarding the reasoning for recommending one program over the other, Commissioner Nan Waller moved that the CCYSC approved the recommendation of the panel members to award the contract to Emmanuel Community General Services, Inc.; Commissioner Sharon McCluskey seconded; Commissioner Cornetta Smith abstained; motion passed. The recommendation will then be forwarded to the Purchasing section for final approval and award.

SRI: One of the panel members for the SRI contracts, June Anderson, addressed the Commission regarding the panel's recommendations relative to Middle School Support Services and Youth Conservation Corps.

Middle School Support Services: These funds target student retention programs that provide student assistance through tutorial, mentoring, and peer helper support for middle school students between the ages of 11 and 15 who have been designated to be at risk of dropping out of the

traditional school environment. Programs that identify and target Native American youth were given special consideration as part of the CCYSC SRI Strategy.

Funds available include: \$22,534, designated for one program in East Multnomah County; and \$33,801, designated for up to three programs within the Portland Public Schools system.

The panel recommended that \$33,801 be awarded to the Indian Education Project through Portland Public Schools. The panel determined, based on a lack of proposals/representation from East Multnomah County, that follow-up requests to East County School Superintendents should solicit program proposals. In the event that no additional proposals are received, the panel recommends that full funding (\$56,335) be awarded to the Indian Education Project through PPS. Unanimous approval.

Youth Conservation Corps: These funds target a program that will provide Multnomah County youth between the ages of 16 and 24 with experience in the areas of human service projects and environmental and ecological conservation. Of those youth, 75% must be at-risk or disadvantaged as defined by the OYCC Advisory Committee. The program will provide opportunities for youth to improve their education, leadership, and career development skills. Total available funds include \$11,878 for one program. The panel recommends that Youth Conservation Corps funds be awarded to Delaunay Mental Health Center; unanimous approval.

Prevention: Commissioner McCluskey addressed the Commission regarding the Prevention RFP's.

Developmental Screening for Young Children: These dollars provide funding for developmental screening and referral for Multnomah County children ages birth to five, with strong preference given to those who cannot or do not access other health services; 33% of services to children in mid or east County; 33% of services to children ages birth to three. Total available funds include \$26,615 of State Great Start funds and \$5,477 of County General Funds, with a total of \$32,092 for one project.

The SKIP (Screening Kids, Informing Parents) program through Portland Public Schools was the only respondent to this RFP. Commissioner McCluskey moved that the CCYSC approve the panel's recommendation to award funding to the PPS SKIP program; unanimous approval.

Middle School Growth Promotion: These dollars provide funding for growth promotion services for Multnomah County middle school youth, with preference to programs which serve ethnic minority youth. Total funds available: \$62,441, including \$59,443 of State Juvenile Services funds and \$2,998 of County General Funds to fund one program.

Proposals were submitted by both Self Enhancement and TLC/TNT. The panel recommends that the contract award be given to Self Enhancement; Commissioner McCluskey moved that the CCYSC approve this recommendation. (Note: Commissioner Cornetta Smith declared a conflict of interest due to Albina Ministerial Alliance being the contract agency for Self Enhancement.) Motion passed.

Early Education for Alcohol & Drug Affected Children: These dollars provide funding for an early education and developmental program for children ages birth to five who are affected by alcohol and drugs, and whose parents are in treatment. Preference to programs associated with residential treatment; preference to services for Native Americans. Total funds available include \$31,000 of State Juvenile Services funding for one project.

Two responses were received: one from NARA (Native American Rehabilitation Association) and one from CODA (Comprehensive Options for Drug Abusers). The panel recommends to the Commission that NARA be awarded the contract for the Early Education for Alcohol and Drug Affected Children. Commissioner McCluskey moved that the Commission approve this recommendation; unanimous approval.

Early Access: Jim Clay addressed the CCYSC regarding Early Access proposals. It was explained that in each of the three instances, only one qualified proposal in each service category was submitted. Also, in each instance, the service proposed is a continuation of current services by a current contractor.

Runaway and Family Intervention Services Notice of Intent: These dollars provide funding for a 24-hour crisis hotline, emergency crisis intervention counseling, clinical needs assessment, case management, short term shelter for youth, and family mediation. Total available funding: \$320,333. Janus Youth Programs, Inc, Harry's Mother program was the respondent to this proposal.

Commissioner Nan Waller moved that the CCYSC award the contract to Janus Youth Programs, Inc., Harry's Mother; unanimous approval.

Court Appointed Advocates Notice of Intent: These dollars provide funding to recruit, train, supervise, and evaluate community volunteers to receive court appointment status in the child welfare system; conduct needs assessments for youth involved in juvenile court proceedings; advocate for the child's best interest. Total funding available is \$35,186. Multnomah County CASA, Inc. was the respondent to this RFP.

Commissioner Muriel Goldman moved that the CCYSC award the contract to Multnomah County CASA, Inc.; unanimous approval.

Commissioner Steve Fulmer suggested that, when more than one contract is awarded through a single RFP, a listing of the specific amount awarded to each contract would be helpful. Staff produced the information requested.

Child Care Block Grant Dollars

The State CCYSC is requesting that the Multnomah County CCYSC submit a plan amendment revising the budget with regard to Child Care Block Grant dollars. These are federal dollars which are allocated according to the federal fiscal year, which runs from October to September. The budget prepared by YPO staff runs on a July to June fiscal year.

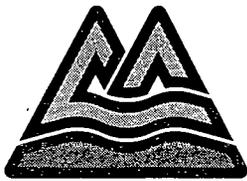

The budget had not reflected expenditures necessary to finish out the last quarter of the federal fiscal year, ending September 30, 1993, which is the first quarter of the county/state fiscal year. Therefore, the State's budget indicates that we had unobligated dollars (\$41,500), which are, in fact, obligated to existing providers.

Commissioner Nan Waller moved that the CCYSC approve the stated plan amendment; unanimous approval.

Miscellaneous

Commission members entered into a discussion regarding small expenditures for conferences and such, specifically regarding designating specific amounts and targeting them for "Advocacy Committee" issues. Many times throughout the year, agencies request small amounts of funding, staff support, etc, for special events. Currently, requests are fulfilled through Youth Program Office resources upon a first come, first serve basis, and with regard to the CCYSC Plan. Members recommended that the CCYSC look at designating funds in the future.

At the request of Michael Morrissey, Commissioner Steve Fulmer moved that the CCYSC approve the expenditures of \$1,600 to the Native American Youth Conference and \$1,000 the Latino Youth Conference, with the Advocacy Committee, and perhaps an ad-hoc group, to address this issue.

Child and Youth Center RFP

(Commission members agreed to move forward with presenting information surrounding the Child & Youth Center proposals while waiting for additional members to arrive.)

The Child and Youth Centers provide community based, family centered, developmentally and culturally appropriate, multiply integrated services for children and young people (ages birth through 17 years), and their families. Approximately \$1,568,796 of County General Funds are expected to be available for six Centers, one center in each of the six Multnomah County Service Districts. Those districts are: East County, Mid County, South East, West Side, North Portland, and North East. In three of the Districts, additional Parent/Child Development Center (PCDC) services will be funded (\$435,000 State Great Start). These Districts are: South East, North Portland, and an undetermined site (which will be determined through the responses to the RFP).

CCYSC

Minutes - April 29, 1993

Page 3

The panel, made up of nine members, rated proposals and interviewed respondents. Proposed projects were evaluated by service district in comparison to all submitted projects in any given district, not in overall comparison to each other. Recommendation for PCDC services seed money was made following the ranking of top proposed projects in each district, across the relevant service districts.

The panel also submitted recommendations for both incorporation in future RFP's, and implementation with new contracts as they are negotiated.

Respondents were also given the opportunity to make comments/recommendations regarding the process.

The panel's recommendation by service district:

East County	Edgefield Children's Center
Mid County	Lutheran Family Services
South East	Portland IMPACT
West Side	Neighborhood House
North Portland	Delaunay Mental Health
North East	Urban League of Portland

PCDC Seed Money	Edgefield Children's Center
	East County CYC (ECCYC)

New money, when available, should be allocated to ECCYC to establish funding on a par with SECYC and NPCYC. New PCDC services should be implemented at the following sites, in descending order:

Neighborhood House (West Side CYC)
Lutheran Family Services (Mid County CYC)
Urban League of Portland (North East CYC)

The panel made these recommendations, however, without a quorum the recommendations could not be formally approved and forwarded to Purchasing. In order to approve the recommendations, the CCYSC must hold an additional meeting on Thursday, May 6th, 8:00AM.
