RESOLUTION
#88-107

WHEREAS, when project completion overlaps fiscal years, continued funding requires new or continued appropriations in succeeding fiscal years; and

WHEREAS, efficient allocation of financial resources dictate that budget resources not used for projects upon which no substantial progress has been made beyond the preliminary stages during any fiscal year may be reallocated to other budget requirements; and

WHEREAS, the Board of Commissioners deem a policy for assuring continued budget appropriations for major projects in progress will eliminate uncertainty in the public and in County contract administration and will foster a more efficient use of public funds;
