Scott,

I have reviewed this version of the IGA and I approve of the edits made and its ready to be executed. Keep in mind that this is an IGA that will require Board approval. While the Chair does not need to sign it after the Board approves it, if MCSO wants the Chair to sign it then you will need to create a signature line for her because right now there is no place for her to sign.

Hi Carlo -

I have just been brought in on this IGA to get it signed and processed. I have a very long email thread showing that you have looked at it, and made edits. But, I don't have an official approval from you on the final version. I'm sorry if this is duplicating effort, but the version I need to send out for signatures is attached for your approval.

Thank you,
