Dear Mr. Main:

Enclosed is a revised summary expense report and a summary budget sheet "BUD 1" to the Property Tax Program document that was approved by the Multnomah County Board of Commissioners on February 18.

There was a computational error of \$15,000 in the summary pages (Professional Services line item). This has been corrected.

You may attach the amended sheets to the Division of Assessment & Taxation's grant document.

Thank you.

IMMEDIATE RELEASE

FINAL PUBLIC TESTIMONY HEARD
ON MULTNOMAH COUNTY'S \$103 MILLION TAX PROPOSALS

On Thursday, February 18, 1993 at 9:30 A.M. in Room 602
of the County Courthouse at 1021 S.W. 4th. Avenue, the Multnomah
County Board of Commissioners will hear final public testimony on
three proposed tax measures which total \$103 million for a May 18,
1993 election.

The tax package proposed by the County Board includes \$31
million in general obligation bonds to renovate Central and Midland
libraries and for two serial levies that would generate \$31 million
for countywide library operations and \$41 million for running the
jail and corrections system over the next three years.

The general obligation bond requires voter approval and
allows the County to levy additional property taxes outside the \$10
cap imposed by Measure 5. The estimated cost to taxpayers for the
\$31 million bond over a 20 year period is 10.2 cents per \$1,000 of
assessed value or \$10.20 of property tax per year on a home
assessed at \$100,000.

-MORE-

The proposed three year rate based serial levies would renew two existing levies for jails and libraries that expire in June, 1993. These new levies would provide dedicated funds to operate the Multnomah County library and jail systems at current service levels. Both levies would remain at the existing tax rate and would be inside the \$10 cap which was approved by voters with the passage of Measure 5.

The rate based library levy would authorize Multnomah County to levy \$.40 cents per \$1,000 of assessed value or \$40 of property tax per year on a home assessed at \$100,000.

The rate based jail levy would authorize the County to levy \$.52 cents per \$1,000 of assessed value or \$52 of property tax per year on a home assessed at \$100,000.

It is expected that the Board of County Commissioners will place the tax package on the ballot in a "vote-by-mail" election on May 18, 1993.

All interested persons attending the hearing shall be given a reasonable opportunity to express an opinion on the proposed tax measures.

MULTNOMAH COUNTY LIBRARY SERIAL LEVY FACT SHEET

Summary:

The proposed three year rate based library serial levy is expected to be placed on the ballot in a "vote-by-mail" election on May 18, 1993. The measure requires voter approval and would authorize Multnomah County to dedicate an estimated \$30 million in revenue for countywide library operations over the next three years.

Background:

The Multnomah County Library serves the residents of the County by providing books and other materials to meet their informational, educational, cultural, and recreational needs. The Library upholds the principles of intellectual freedom and the public's right to know by providing access to information and collections which reflect all points of view. Seventy percent of Multnomah County residents (414,000 people) are registered borrowers of the Library.

The major source of operating funds for the Multnomah County Library system, Central Library and the 14 branches, has come from taxpayers through serial levy funding. A renewed levy would provide the continuation of dedicated funds to operate current County library services.

The current library serial levy expires on June 30, 1993. Library services cannot be maintained without additional monies and public support.

The proposed serial levy would remain at the existing tax rate and within the \$10 constitutional limitation of Measure 5.

What are the costs for a library serial levy?

The rate based serial levy would authorize Multnomah County to levy \$.40 cents per \$1,000 of assessed value or \$40 of property tax per year on a home assessed at \$100,000. This tax rate is the exact same rate that taxpayers are currently paying. Simply stated, there would be no increase cost to taxpayers.

How will the funds be used?

The proposed levy would provide dedicated funds to operate the Multnomah County Library. Services include but are not limited to the following:

- Operation of Central and the branch libraries.
- Purchase of books and reference materials.
- Library services for children, seniors and residents with special needs.
- An annual 6.1 million circulation of books and library materials.
- Outreach services to retirement centers, homebound residents, the homeless, low income housing developments, convalescent hospitals, and bookmobile service to communities with no nearby branch library.
- Library materials for five jails and the juvenile detention center and school.
- Countywide reference services and answers to 770,000 information questions per year.
- Access to information through an accurate, up-to-date computer system.
- Educational programs and exhibits.
- Preservation of rare books and valuable library collections.
- Shared access to the collections of other libraries through an Interlibrary Loan program.

MULTNOMAH COUNTY JAIL SERIAL LEVY FACT SHEET

Summary:

The proposed three year rate based jail serial levy is expected to be placed on the ballot in a "vote-by-mail" election on May 18, 1993. The measure requires voter approval and would authorize Multnomah County to dedicate an estimated \$39.3 million in revenue for jail and corrections operations over the next three years.

Background:

Multnomah County currently has 1,331 jail beds. These jail beds are used to house newly book persons as well as other unsentenced persons and sentenced inmates. The majority of the County's inmate population is being held on felony charges. The current population in Multnomah County's five jails is 22 percent sentenced and 78 percent unsentenced. It is anticipated that the continued operational funding of the Inverness Jail would allow Multnomah County to continue to provide beds for sentenced offenders.

The current jail serial levy expires on June 30, 1993. Jail and corrections services cannot be maintained without additional monies and public support.

The proposed serial levy would remain at the existing tax rate and within the \$10 constitutional limitation of Measure 5.

What are the costs for a jail serial levy?

The rate based serial levy would authorize Multnomah County to levy \$.52 cents per \$1,000 of assessed value or \$52 of property tax per year on a home assessed at \$100,000. This tax rate is the exact same rate that taxpayers are currently paying. Simply stated, there would be no increase cost to taxpayers.

How will the funds be used?

The proposed levy would provide dedicated funds to operate the Multnomah County Jails. Services include but are not limited to the following:

- Continuation of programs at Inverness Jail.
- Funding to support 514 jail beds.
- Health services to inmates.
- Maintenance of the facility.
- Monies to support 9 community service work crews.
- Support of two 40-bed residential alcohol and drug centers for men and women.
- Support of a 35-slot intensive outpatient alcohol and drug treatment program serving up to 100 convicted persons per year.

MULTNOMAH COUNTY LIBRARY GOVERNMENT OBLIGATION BOND FACT SHEET

Summary:

The proposed \$31 million general obligation bond to renovate both Central and Midland libraries is expected to be placed on the ballot in a "vote-by-mail" election on May 18, 1993. The revenue option requires voter approval and allows Multnomah County to levy additional property taxes outside the \$10 cap imposed by Measure 5.

Background:

In May of 1990, Central Library was found to be structurally dangerous because of accumulated damage from small earthquakes and the lack of supports in the building's second floor interior walls. The City of Portland is obligated to close the Central Library if structural defects are not repaired. Multnomah County has examined several options and finds a \$24.7 million dollar renovation over a five year period to be the most cost effective.

The Midland Library, one of the County's busiest branches, is over-crowded and inadequate. Circulation at Midland continues to be among the highest of the 14 branch libraries. Residents of mid-county have anticipated an expansion of the facility to provide greater accessibility to needed library books and reference materials. Cost to provide a new facility is estimated to be \$5.3 million.

What are the costs for a library government obligation bond?

The estimated cost to taxpayers for the \$31 million bond over a 20 year period is 10.2 cents per \$1,000 of assessed value or \$10.20 of property tax per year on a home assessed at \$100,000.

How will the funds be used?

Central Library

Central Library, which was constructed in 1913, needs major structural repairs to remain open to the public. After exploring various options, the Library Advisory Board has recommended the historic structure be remodelled rather than replaced by a new building.

The following proposed renovation projects for Central Library will include:

- Structural improvements will be made to the interior walls and ceilings and brought up to seismic safety standards.
- Patron accessibility to Central's collection will be greatly enhanced. This will result in 70% of the collection (about 300,000 books) made available to the public in open shelves.
- The electrical system will be upgraded.
- The building will be brought into compliance with disabled accessibility standards.
- Asbestos insulation in the heating system will be removed.
- Upgrades to the fire and security systems will be made.
- The children's library will be expanded.
- Humidity and temperature control improvements will be added for patron and staff comfort and, more importantly, to protect the book collection.
- Expansion on the roof of Central will provide staff lockers, lunchroom, and work areas. This addition will procure space on the three main floors for improved public access and revenue generating services such as a coffee shop and library store.
- Preservation of the historic architectural features of the Central Library.

Midland

The Library Board has recommended siting Midland at a new location, adequate for the construction of a one-story building modeled after the Gresham Regional Library. Replacement costs, which include at least 20,000 square feet of space and the probability of relocation, is estimated at \$5.3 million. If the government obligation bond is approved by voters in May, a suitable site will be found and design work completed by 1994. The existing Midland branch would continue to operate until the new building is completed sometime in 1996.

THIS AGREEMENT, made this 18th day of February, 1993 by and between MULTNOMAH COUNTY, a political subdivision of the State of Oregon, hereinafter called County, and KENNETH V. JAMES and MELBA S. JAMES, Husband & Wife hereinafter called Purchasers; the County agrees to sell to Purchasers the property hereinafter described for the price and on the terms and conditions set forth below:

POWELL ST ADDITION
SOUTH 10' OF LOT 6, BLOCK 6 NORTH 40' OF LOT 7, BLOCK 6

A. Purchase Price.

Purchasers agree to pay the sum of \$15,111.15, to be paid \$1,511.12 in cash upon the execution of this agreement, receipt whereof is hereby acknowledged, and the balance of said purchase price in equal monthly installments of not less than \$146.20 over a term of 180 months. Payment to include interest at the rate of 10 percent per annum on the entire unpaid balance of the purchase price remaining at the time of payment of each installment. Each payment shall first be applied to interest to date of payment; the balance to principal. First of said installments to be paid on March 15, 1993 and a like payment on the 15th of each and every month thereafter until the entire purchase price, both principal and interest, shall have been paid. Purchasers shall have the privilege of prepayment without penalty.

B. Terms and Conditions.

1. In addition to payment of installments hereinabove provided, Purchasers agree to pay, before delinquency, all taxes lawfully assessed and levied against said property during the life of this agreement and to pay and discharge, before delinquency, all municipal liens and assessments of any kind and nature lawfully assessed against said property.

2. Purchasers will keep all improvements on the property in at least as good condition and repair as they were on the date of possession by purchasers and shall not permit any waste or removal of all or part of the improvement.

3. Purchasers will not use or permit others to use any of the property for any "prohibited conduct" as that term is defined in 1989 Or Law Ch 791, § 1-14 and 22, or any "nuisance" as defined in ORS 105.555, as those statutes may now or hereafter be amended, supplemented or superseded, or otherwise do or allow any act or omission on or about the property that could subject the property or the County's or Purchasers' interest therein to forfeiture or the risk of forfeiture.

4. Purchasers will promptly comply with and cause all other persons to comply with all laws, ordinances, regulations, directions, rules and other requirements of all governmental authorities applicable to the use or occupancy of the property. In this connection, purchasers shall promptly make all required repairs, alterations and additions. These include, without limitation, any required alteration of the property because of the purchasers' specific use alterations or repairs necessary to comply with, and all applicable federal, state, local laws, regulations, or ordinances pertaining to air and water quality, hazardous materials as defined herein and other environmental zoning, and other land use statutes, ordinances and regulations.

5. Purchasers will not cause or permit any Hazardous Material to be brought upon, kept, or used in or about the property by Purchasers or their agents, employees, contractors, or invitees without the prior written consent of the County, which shall not be unreasonably withheld as long as Purchasers demonstrate to County's reasonable satisfaction that such Hazardous Material is necessary to Purchasers' business and will be used, kept, and stored in a manner that complies with all laws regulating any such Hazardous Materials brought upon or used or kept in or about the property;

6. As used in this Agreement, the term Hazardous Material means any hazardous or toxic substance, material, or waste, including, but not limited to, those substances, materials, and wastes listed in the United States Department of Transportation Hazardous Materials Table (49 CFR § 172.101), or by the United States Environmental Protection Agency as hazardous substances (40 CFR pt 302) and amendments thereto, petroleum products, or other such substances, materials, and wastes that are or become regulated under any applicable local, state, or federal law.

7a. Purchasers will indemnify, defend, and hold harmless the County, its elected officials, officers, and employees from and against any claims, loss or liability of any kind arising out of or related to any activity on the property occurring while purchasers are entitled to occupy the property under this or any predecessor agreement, whether or not the property is leased to others.

7b. This indemnification of the County by Purchasers includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal, or restoration work required by any federal, state or local governmental agency or political subdivision because of Hazardous Material present in the soil or groundwater or under the property. Without limiting the foregoing, if the presence of any Hazardous Material on property caused or permitted by purchasers or purchasers' agents or contractors results in any contamination of the property, Purchasers shall promptly take all actions at Purchasers' sole expense as are necessary to return the property to the condition existing prior to the release of any such Hazardous Material onto the property, provided that the County's approval of such action shall first be obtained, and approval shall not be unreasonably withheld, as long as such actions would not potentially have any material adverse long-term or short-term effect on the property. This indemnification by Purchasers includes, without limitation, reimbursement for any diminution in the value of the property and reimbursement for sums paid in settlement of claims, attorney fees, consultant fees, and expert fees. The obligations of paragraph B7a. and B7b. shall survive any termination or cancellation of this agreement for any reason.

8. Purchasers will keep all improvements now existing or which shall hereafter be placed on the property insured against fire and other casualties covered by a standard policy of fire insurance with extended coverage endorsements. The policy shall be written to the full replacement value and loss payable to County and Purchasers as their respective interests may appear, and certificates evidencing the policy shall be delivered to County and shall contain a stipulation providing that coverage will not be canceled or diminished without a minimum of ten days' written notice to the County. In the event of a loss, Purchasers shall give immediate notice to County. County may make proof of loss if Purchasers fail to do so within fifteen days of casualty.

C. Default

Time is the essence of the Agreement; a default shall occur if:

1. Purchasers fail to make any payment within ten days after it is due;
2. Purchasers fail to perform or comply with any condition and do not commence corrective action within ten days after written notice from the County specifying the nature of the default, or, if the default cannot be cured within that time, fail to commence and pursue curative action with reasonable diligence.
3. Purchasers become insolvent; a receiver, trustee or custodian is appointed to take possession of all or a substantial part of Purchasers' property or properties; Purchasers make an assignment for the benefit of creditors or file a voluntary petition in bankruptcy; or Purchasers are subject to an involuntary bankruptcy which is not dismissed within ninety days.
4. Purchasers make or allow to be made a fraudulent transfer under applicable federal or state law, conceal any of their property from creditors; make or allow to be made a preference within the meaning of the federal bankruptcy laws; or allow a lien or distraint upon any of their property.

D. Tax Notice

Until a change of address is requested, all tax statements shall be sent to the following address:

BRIEF SUMMARY (include statement of rationale for action requested, as well as personnel and fiscal/budgetary impacts, if applicable):

House Bill 2338 requires counties to submit their Assessment & Taxation budget for review by the Department of Revenue no later than March 1, 1993. The budget must be approved by the Board of County Commissioners prior to submission to the Department of Revenue in order for the county to be able to share in the statewide "grant" revenue pool.

MEMORANDUM

TO: Board of County Commissioners
FROM: Betsy Williams, Director *BHW*
Dept. of Environmental Services
DATE: February 5, 1993
SUBJECT: A & T Grant Budget (FY 1993-94)

On Thursday, February 18, 1993, you will be asked to approve the FY 1993-94 budget for the Division of Assessment and Taxation. As you remember, we are required to submit the A & T budget to the Department of Revenue under legislation imposed by HB 2338.

That legislation took Assessment and Taxation out of the County's normal budget cycle. Under HB 2338, the Board of County Commissioners must certify the total expenditures for the tax appraisal and collection functions prior to March 1. The approved budget is then reviewed by the DOR which determines if the budget is sufficient to bring the County into compliance with statutory mandates and DOR regulations.

HB 2338 established a funding mechanism for the tax appraisal and collection system in the State of Oregon. Counties share in a statewide "grant" pool created by an increase in the delinquent tax rate (increased from 12% to 16%) and from a \$20.00 per transaction real estate transfer fee. In FY 1992-93 Multnomah County will receive approximately \$2,250,000 from this statewide pool to supplement the A & T budget.

Attached for your review is the Assessment and Taxation "Net General Fund Cost." We have identified areas where there were significant budget changes.

As in past years the grant encompasses some areas not under A & T administration. Tax Title is in this category, as are the costs associated with the development of appraisal/tax collection and distribution. In the County budget this expense is shown as part of the Data Processing Special Appropriations fund. However, for

purposes of the state "grant" process we must include it with the A & T budget to show the overall cost of performing those functions.

Not included in this grant document are two A & T sections -- Licenses and Recording -- they are not covered under HB 2338 and consequently not approved by the DOR.

We are projecting Multnomah County's share of the statewide revenue pool to be approximately 21% of the total budget that is certified by the DOR. This figure is drawn from our past two years experience.

We are including an overall summary of the total budget request included in the Property Tax Program as well as summary pages for the individual sections within that program.

Should you have any questions or concerns regarding any of this information, you will have an opportunity to direct questions to A & T staff at the informal briefing on Tuesday, February 16, 1993.

RESOLUTION
93-49

WHEREAS, House Bill 2338, hereinafter referred to as HB 2338, which passed during the 1989 legislative session significantly altered the funding structure for Assessment & Taxation; and

WHEREAS, in Multnomah County, meeting the requirements of HB 2338 will result in additional expenditures for Assessment & Taxation over the next several years; and

WHEREAS, a major purpose of HB 2338 is to bring Assessment and Taxation operations into compliance with Department of Revenue regulations; and

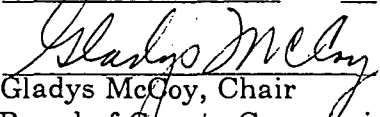

WHEREAS, HB 2338 created a statewide revenue pool to help offset the additional costs of being in full compliance with Department of Revenue regulations; and

WHEREAS, HB 2338 requires counties to file by March 1 of each calendar year an estimate of expenditures for their total Property Tax Program with the Department of Revenue; and

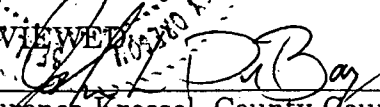

WHEREAS, Assessment & Taxation has prepared such an estimate of expenditures in accordance with HB 2338 and Department of Revenue administrative guidelines;

NOW THEREFORE BE IT RESOLVED that the attached estimate of expenditures for the fiscal year 1993-94 Property Tax Program for the County of Multnomah is certified for filing with the Department of Revenue as required by HB 2338.

(Also, verify mail address, data on sales file and data that relates to other sections and agencies.)
 - b. Provide customer service to the public and other sections via the telephone and at the counter regarding ownerships, annexations, maps, how data is available (microfiche, microfilm, hard copy), etc.

 - d. Assist in the minor maintenance of microfiche and microfilm readers and reader/printers, as well as other office equipment.
 - e. Communicate orally and/or in writing to the public, title companies, other agencies and sections regarding chain of title, description problems, etc.

- c. Load microfilm into cameras as required and take off the exposed film for processing each day.
- d. Prepare envelopes for mailing recorded property documents back to the correct party.
- e. Perform other duties including assisting the public at the counter, answering the telephones, etc.

RECORD MANAGEMENT

An additional position is needed in Record Management Section due to the increasing work load. The increase is in the number of documents that we must go through to find the deeds and contracts that we process; in the increased number of deeds and contracts to process; in the increased number of documents, and corrections to the roll to be filed; in the increased number of documents to be prepared for microfilming; and in the increased amount of research being done as a result of the re-mapping project.

SORTING:

The number of documents that we go through to find the deeds and contracts has increased 44.6% over the last nine (9) years. This year we will have to sort through 147,000 plus documents, looking for 49 types of documents out of 137 types of documents that must be recorded. Of the 49 types, 23 types are used by other Sections in Assessment & Taxation for valuation, mapping, address, etc. reasons.

PROCESSING:

The number of documents that we must process for ownership changes have increased by 17.3% over the last four (4) years coupled with more complex documents that require research to determine first what property is involved in the transaction and what interest is being conveyed. The complexity of the documents negates the use of a temporary to assist in this function.

RESULT:

In 1989, we were three (3) weeks behind The Recording Section in processing ownership changes. The Supervisor is now doing some of the clerical work in hopes of catching up, and yet, no gain has been noticed in the last six (6) months. At present, we are three (3) months behind in ownership changes, which affects the sales data that is used by Appraisal, and the names and addresses used on tax bills and other mailings.

FILING:

The increase in the number of ownership changes and the fact that the Board of Equalization and Board of Ratio Review Orders are now permanent records, the number of documents that we must file and then prepare for microfilming has doubled. Keeping these files current for inquiries takes time away from our sorting and processing. We have tried using a temporary at various times during the year, but the temporary has not been able to help with the processing of ownership changes, which is the largest problem.

CONCLUSION:

A full time Office Assistant II is needed in place of 700 hours of temporary time and cost.

RECORDING

An additional position is needed in the Recording Section due to the increased work load. The increase is in the number of documents being recorded; in the number of documents being mailed back after recording; and in the number of inquiries via telephone, mail, and in person for recording information.

RECORDINGS:

In 1983 the number of documents recorded was **88,013**. In 1991 we recorded **127,274** documents. Over the nine (9) year period the increase is **44.6%**. The increase is a result of many factors. Some of which are Legislative requirement to record documents that had not been recorded before but were a part of the Public Record in the Courts; low interest rates coupled with a growing population mean more recordings in the form of deeds and mortgages; etc.

MAIL:

In 1983 the number of documents that we had to mail back to the requestor in keeping with O.R.S. 205.180 was **23,614**. In 1993 we will as a result of O.R.S. 205.238 have to mail back to the requestor approximately **140,000** documents. The same number as we record. Over a one (1) year period an increase of **592.9%**. The increase is due to the Title companies who were receiving the documents back after recording via their messengers now are cutting costs and having the parties involved in the various transactions request the document be returned to them. Therefore, in keeping with the above mentioned statutes, our work load will drastically increase by mailing to individuals rather than a mass mailing to a title company.

RESULT:

The supervisor has been working evenings to keep up with the mail per ORS 205.238 as the staff has not had time during the day to do mail. The supervisor has also been working at the counter regularly to keep the receiving of documents current.

CONCLUSION:

A full time Office Assistant II is needed to meet the increased work load.

RECORD MANAGEMENT

1. List the proposed duties of the position:

- a. Process ownership changes from deeds & similar documents verifying property descriptions, chain of title, etc. (Also verify mail address, and data on sales file. Data that relates to other sections & agencies.)
- b. Provide customer service to the Public, and other sections via the telephone and at the counter regarding ownerships, annexations, maps, how data is available (microfiche, microfilm, hard copy), etc.

- d. Assist in the minor maintenance of microfiche and microfilm readers and reader/printers. As well as other office equipment.

BEFORE THE BOARD OF COUNTY COMMISSIONERS

In the Matter of Submitting a Three Year

Election

RESOLUTION
93-51

WHEREAS, the current three-year library levy of \$10,300,000
per year expires June 30, 1993; and

WHEREAS, the Board of County Commissioners of Multnomah
County (the "Board" herein) considers adequate funding to
maintain quality library services in Multnomah County to be
necessary and in the public interest; and

WHEREAS, the Board finds that existing and anticipated
County revenues for the three fiscal years commencing July 1,
1993, will be insufficient to provide adequate library services,
particularly after anticipated reductions of tax revenues
required by Measure 5; and

WHEREAS, the Board determines that in order to provide
adequate funding for library services it is necessary to continue
the County's tax levies for three fiscal years commencing July 1,
1993, 1994 and 1995, in excess of the amounts within the six
percent limitation in Article XI, Section 11 of the Oregon
Constitution.

NOW, THEREFORE, BE IT RESOLVED that

1. An election is hereby called to be held on May 18,
1993, at which the measure described in Exhibit "A" (Ballot

1 Title) shall be submitted to the electors of Multnomah County.
2

3 2. Exhibit "A" (Ballot Title) is hereby adopted and made a
4 part of this Resolution. The ballot title shall be printed
5 substantially in the form set forth herein.

6 3. The levy will be outside the 6% limitation of Article
7 XI, Section 11, Oregon Constitution.

8 4. The foregoing election and election date are certified

12 held a tax coordination hearing on January 27, 1993.

13 6. The Clerk of the Board shall forthwith deliver

Exhibit A (Library Levy)

BALLOT TITLE

CAPTION: THREE-YEAR SERIAL LEVY TO CONTINUE LIBRARY OPERATIONS

QUESTION: Shall Multnomah County operate Libraries with three-year levy of \$0.4034 per \$1,000 assessed valuation, outside tax base, beginning 1993-94?

EXPLANATION: This Measure continues the existing three-year serial levy approved by voters in 1990, at exactly the same rate that is now levied. The county would continue to collect approximately 40 cents per \$1,000 of assessed value, about \$26.22 per year on a home assessed at \$65,000.

Approval of the levy will allow the county to continue:

- Operating and staffing the downtown Central Library, Gresham Regional Library and 13 branches;
- Providing library services to children, adults and senior citizens with special needs.

If the current levy is not continued, the library services may be reduced significantly, library hours will be shortened, and some libraries may be closed.

This continuing levy is within the \$10 tax rate limit in Ballot Measure 5.

This serial levy will provide revenue estimated NOT TO EXCEED \$11,021,029 in 1993-94, \$11,789,579 in 1994-95, and \$12,614,849 in 1995-96 dedicated to library operations.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate.

The levy is subject to the \$10 limit in Section 11b, Article XI, Oregon Constitution, (1990 Measure 5). This Measure would reduce property tax collections for some other units of local government due to the \$10 rate limitation of the Oregon Constitution.

BALLOT TITLE

CAPTION: Three Year Serial Levy for Library Operations.

QUESTION: Shall Multnomah County continue Library operations by levying \$0.4034 cents per \$1,000 assessed valuation, outside tax base, for three years?

EXPLANATION: This Measure will continue the existing 3 year serial levy at **exactly the same rate that it is now**. That rate is \$0.4034 per \$1000 of assessed value. This means approximately 40 cents per \$1000 of assessed value or approximately \$26.00 per year on a home assessed at \$65,000.

This approximately \$26.00 per year would:

- Operate and staff the Central Downtown library, Gresham Regional library and 13 branches.
- Purchase Books for Central, Gresham and 13 branches.
- Provide library services to children, adults, seniors and citizens with special needs.

This levy would continue a 3 year Library levy approved by the voters in 1990.

This continuing levy is within the \$10 cap approved by voters with Measure 5.

This serial levy will provide revenue estimated NOT TO EXCEED \$11,021,029 in 1993-94, \$11,789,579 in 1994-95, and \$12, 614,849 in 1995-96 dedicated to library operations.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate.

The levy is subject to the \$10 limit in Section 11b, Article XI, Oregon Constitution, (1990 Measure 5). This measure would reduce property tax collections for some other units of local government due to the \$10 rate limitation of the Oregon Constitution.

BEFORE THE BOARD OF COUNTY COMMISSIONERS

FOR MULTNOMAH COUNTY, OREGON

In the Matter of Submitting to the
Voters in a Countywide Election a Three
Year Rate Based Serial Levy to Fund Jail
Operations

RESOLUTION
93-52

WHEREAS, the current three-year jail space and drug treatment
levy expires June 30, 1993; and

WHEREAS, the Board of County Commissioners of Multnomah County
(the "Board" herein) considers adequate funding of the criminal
justice system to be necessary and in the public interest; and

WHEREAS, the Board finds that existing and anticipated County
revenues for the three fiscal years commencing July 1, 1993, will
be insufficient to provide adequate public safety services through
jail capacity and drug and alcohol treatment programs, particularly
after anticipated reductions of tax revenues required by Measure 5;
and

WHEREAS, the Board determines that in order to provide
adequate funding for such services it is necessary to continue the
County's tax levies for three fiscal years commencing July 1, 1993,
1994, and 1995, in excess of the amounts within the tax base.

NOW, THEREFORE, BE IT RESOLVED that

1. An election is hereby called to be held on May 18, 1993,
at which the measure described in Exhibit "A" (Ballot Title) shall
be submitted to the electors of Multnomah County.

2. Exhibit "A" (Ballot Title) is hereby adopted and made a

part of this Resolution. The Ballot Title shall be printed substantially in the form set forth herein.

3. The Levy will be outside the 6% limitation of Article XI, Section 11, Oregon Constitution.

4. The foregoing election and election date are certified to the Director of the Multnomah County Division of Elections.

5. The measure is certified to comply with ORS 310.180 to 310.188; the Tax Supervising and Conservation Commission having held a tax coordination hearing on January 27, 1993.

6. The Clerk of the Board shall forthwith deliver certified copies of this resolution to the Director of the division of Elections and the Tax Supervision and Conservation Commission for their action as provided by law.

ADOPTED this 18th day of February, 1993.

Exhibit A (Jail Levy)

BALLOT TITLE

CAPTION: THREE-YEAR SERIAL LEVY TO CONTINUE JAIL OPERATIONS

QUESTION: Shall Multnomah County operate Jails with three-year levy of \$0.5288 per \$1,000 assessed valuation, outside tax base, beginning 1993-94?

EXPLANATION: This Measure continues the existing three-year serial levy approved by voters in 1990, at exactly the same rate that is now levied. The county would continue to collect approximately 53 cents per \$1,000 of assessed value, about \$34.37 per year on a home assessed at \$65,000.

Approval of the levy would allow the county to continue:

- Operating the 514 secure beds at Inverness jail;
- Operating 80 secure residential Drug and Alcohol Treatment beds for offenders.

If the county is not able to operate Inverness jail, which provides about 40 percent of the county's total jail beds, additional offenders will have to be released. Estimated releases would total nearly 1,000 offenders per month.

This continuing levy is within the \$10 tax rate limit in Ballot Measure 5.

This serial levy will provide revenue estimated NOT TO EXCEED \$14,443,421 in 1993-94, \$15,454,460 in 1994-95, and \$16,536,272 in 1995-96 dedicated to jail operation.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate.

The levy is subject to the \$10 limit in Section 11b, Article XI, Oregon Constitution, (1990 Measure 5). This Measure would reduce property tax collections for some other units of local government due to the \$10 rate limitation of the Oregon Constitution.

Exhibit A (Jail Levy)

BALLOT TITLE

CAPTION: Three Year Serial Levy for Jail Operations.

QUESTION: Shall Multnomah County continue Jail operations by levying \$0.5288 cents per \$1,000 assessed valuation, outside tax base, for three years?

EXPLANATION: This Measure will continue the existing 3 year serial levy at **exactly the same rate that it is now**. That rate is \$0.5288 per \$1000 of assessed value. This means approximately 52 cents per \$1000 of assessed value or approximately \$34.40 per year on a home assessed at \$65,000.

This approximately \$34.40 per year would:

- Operate 514 secure jail beds
- Operate secure residential Drug & Alcohol Treatment beds for inmates
- Pay the Deputy Sheriff's and Correction officers to operate the facilities and guard the prisoners.

This levy would continue a 3 year Jail levy approved by the voters in 1990.

This continuing levy is within the \$10 cap approved by voters with Measure 5.

This serial levy will provide revenue estimated NOT TO EXCEED \$14,443,421 in 1993-94, \$15,454,460 in 1994-95, and \$16,536,272 in 1995-96 dedicated to jail operation.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate.

The levy is subject to the \$10 limit in Section 11b, Article XI, Oregon Constitution, (1990 Measure 5). This measure would reduce property tax collections for some other units of local government due to the \$10 rate limitation of the Oregon Constitution.

ORDER NO. 93-53

WHEREAS, the Board of County Commissioners and the Library Board of Multnomah County, Oregon are committed to maintaining a high quality library system dedicated to public access and service; and

WHEREAS, the historic Central Library has been determined by structural engineers to be a "dangerous structure" due to deficiencies in its original construction and accumulated damage from small earthquakes; and

WHEREAS, the City of Portland, Oregon is obligated to require closure of the Central Library if the structural defects are not corrected; and

WHEREAS, the County has examined various options, including the established cost of new construction and finds renovation of the Central Library to be the most cost effective; and

WHEREAS, the Midland Branch Library, one of the County's busiest library branches, is over-crowded to an extent that significantly reduces access to patrons; and

WHEREAS, citizens in the Midland Branch service area have anticipated a larger branch in the last two serial levy elections, but constitutional limitations have prevented that action; and

WHEREAS, the Library Board is committed to providing a well sited, adequately sized facility to serve all of Mid-County; and

WHEREAS, Oregon Revised Statutes 287.055 requires the calling and holding of a public hearing concerning submitting the question of issuing the bonds; and

WHEREAS, the Board of County Commissioners convened a public hearing on February 11, 1993 and publication of such notice was given by the County on January 28, 1993 and February 4, 1993; and

WHEREAS, prior to the Board hearing, the Tax Supervising and Conservation Commission conducted the tax coordination hearing required under ORS 310.186;

NOW THEREFORE, BE IT ORDERED:

1. That a measure election is hereby called for the purpose of submitting to the electors of the County the question of contracting a general obligation bonded indebtedness in an amount not to exceed \$31,000,000 to finance the renovation of the Central Library and reconstruction/remodeling of the Midland Branch Library, to possibly acquire additional land for the Midland Branch Library and to pay the cost of issuance of the bonds. The general obligation bonds shall mature over a period not exceeding twenty (20) years.
2. That the measure election hereby called shall be held in the County on May 18, 1993.
3. That the ballot title attached hereto as Exhibit A is adopted and incorporated herein.
4. The County Clerk of Multnomah County, Oregon shall conduct the election and shall cause the Notice of Measure Election to be published in accordance with the laws of the State of Oregon.

ADOPTED this 18th day of February, 1993.

BALLOT TITLE

CAPTION

GENERAL OBLIGATION BONDS FOR DOWNTOWN CENTRAL AND MIDLAND LIBRARY FACILITIES

QUESTION

Shall Multnomah County be authorized to sell up to \$31 million in general obligation bonds to renovate/reconstruct library facilities?

If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of Section 11b, Article XI of the Oregon Constitution (1990 Measure 5).

EXPLANATION

Downtown Central Library needs reconstruction due to deficiencies in original 1913 construction. Building was declared dangerous by city inspectors.

Midland Branch, one of county's busiest, is severely overcrowded. Access is reduced for mid-county patrons.

Funds will renovate historic downtown library, reconstruct Midland Branch and possibly acquire land.

Estimated tax rate is \$0.10 per \$1,000 of assessed value (about \$6.50 yearly on home assessed at \$65,000).

Measure authorizes up to \$31 million in Multnomah County General Obligation Bonds. Bonds mature over period not exceeding 20 years.

Pursuant to Section 11b, Article XI of the Oregon Constitution (1990 Measure 5) this Measure would not reduce property tax collections for other units of local government.

EXHIBIT A (G.O. BONDS)

CAPTION

General Obligation Bonds for Library Facilities

QUESTION

Shall Multnomah County be Authorized to Sell up to \$31 million in General Obligation Bonds to Renovate/Reconstruct Library Facilities?

If the Bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of section 11b Article XI of the Oregon Constitution (1990 Measure 5).

EXPLANATION

The downtown central library is in immediate need of reconstruction due to deficiencies in its original 1913 construction. The Midland branch library is one of the county's busiest. Overcrowding is reducing access to mid-county patrons. These general obligation bonds, not to exceed \$31 million, will renovate the historic downtown library, reconstruct the Midland library and possibly acquire additional land for the Midland branch library. These bonds would mature over 20 years and add an estimated .10c per \$1,000 of assessed value to property taxes.

Pursuant to Section 11b, Article XI of the Oregon Constitution (1990 Measure 5) this Measure would not reduce property tax collections for other units of local government.

ORDER NO. 93-53

WHEREAS, the Board of County Commissioners and the Library Board of Multnomah County, Oregon are committed to maintaining a high quality library system dedicated to public access and service; and

WHEREAS, the historic Central Library has been determined by structural engineers to be a "dangerous structure" due to deficiencies in its original construction and accumulated damage from small earthquakes; and

WHEREAS, the City of Portland, Oregon is obligated to require closure of the Central Library if the structural defects are not corrected; and

WHEREAS, the County has examined various options, including the established cost of new construction and finds renovation of the Central Library to be the most cost effective; and

WHEREAS, the Midland Branch Library, one of the County's busiest library branches, is over-crowded to an extent that significantly reduces access to patrons; and

WHEREAS, citizens in the Midland Branch service area have anticipated a larger branch in the last two serial levy elections, but constitutional limitations have prevented that action; and

WHEREAS, the Library Board is committed to providing a well sited, adequately sized facility to serve all of Mid-County; and

WHEREAS, Oregon Revised Statutes 287.055 requires the calling and holding of a public hearing concerning submitting the question of issuing the bonds; and

WHEREAS, the Board of County Commissioners convened a public hearing on February 11, 1993 and publication of such notice was given by the County on January 28, 1993 and February 4, 1993; and

WHEREAS, prior to the Board hearing, the Tax Supervising and Conservation Commission conducted the tax coordination hearing required under ORS 310.186;

NOW THEREFORE, BE IT ORDERED:

1. That a measure election is hereby called for the purpose of submitting to the electors of the County the question of contracting a general obligation bonded indebtedness in an amount not to exceed \$31,000,000 to finance the renovation of the Central Library and reconstruction/remodeling of the Midland Branch Library, to possibly acquire additional land for the Midland Branch Library and to pay the cost of issuance of the bonds. The general obligation bonds shall mature over a period not exceeding twenty (20) years.
2. That the measure election hereby called shall be held in the County on May 18, 1993.
3. That the ballot title attached hereto as Exhibit A is adopted and incorporated herein.
4. The County Clerk of Multnomah County, Oregon shall conduct the election and shall cause the Notice of Measure Election to be published in accordance with the laws of the State of Oregon.

EXHIBIT A (General Obligation Bonds)

BALLOT TITLE

CAPTION

GENERAL OBLIGATION BONDS FOR DOWNTOWN CENTRAL AND MIDLAND LIBRARY FACILITIES

QUESTION

Shall Multnomah County be authorized to sell up to \$31 million in general obligation bonds to renovate/reconstruct library facilities?

If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of Section 11b, Article XI of the Oregon Constitution (1990 Measure 5).

EXPLANATION

Downtown Central Library needs reconstruction due to deficiencies in original 1913 construction. Building was declared dangerous by city inspectors.

Midland Branch, one of county's busiest, is severely overcrowded. Access is reduced for mid-county patrons.

Funds will renovate historic downtown library, reconstruct Midland Branch and possibly acquire land.

Estimated tax rate is \$0.10 per \$1,000 of assessed value (about \$6.50 yearly on home assessed at \$65,000).

Measure authorizes up to \$31 million in Multnomah County General Obligation Bonds. Bonds mature over period not exceeding 20 years.

Pursuant to Section 11b, Article XI of the Oregon Constitution (1990 Measure 5) this Measure would not reduce property tax collections for other units of local government.
