Hi Shannon,

Attached is an NOI for the August 25 Consent Agenda that has been approved by KaRin for HD Human Resources to apply for funding to develop trainings related to workforce development. The project builds off of a recently awarded Accreditation Readiness grant from the State to develop a workforce development plan focused on Public Health Core Competencies. We submitted the application on Friday 8/12 but were not positive if we were going to move forward until Tuesday 8/9 (we did not find out about the opportunity until Friday 8/5). This short turnaround did not leave enough time to submit the NOI prior to the application, so we are submitting the NOI late. If the Board has any issues with the project, we will pull the application.

If you approve, please add your signature and forward to Marissa Madrigal and Lynda Grow (and cc me).

Lynda: sorry for the tardiness. If there are any issues getting this on the consent agenda for the 25th, or if you have any questions, please call.

Thanks!
