## MULTNOMAH COUNTY SERVICE DISTRICTS' APPROVED BUDGETS FOR FISCAL YEAR 2014-2015

### **Budget Message — Dunthorpe-Riverdale Sanitary Service District No. 1**

This District was formed in the middle 1960's and by 1970 had removed a significant source of pollution from the Willamette River. Its 566 clients are mainly located in unincorporated Multnomah County with a few customers in northern Clackamas County. Through its wastewater management program, the District is able to provide high quality service to ratepayers while protecting the area's sensitive surface water features from sanitary sewer overflows.

The District contracts with the City of Portland's Bureau of Environmental Services (BES) to maintain the District's lines and treats the sewage flow at Portland's Tryon Creek Wastewater Treatment Plant. BES also provides design and engineering services for construction, reconstruction, and/or improvement of District facilities. The County's Department of Community Service's performs financial and administrative services to the District and its customers. The District continues to coordinate planned capital maintenance projects with the City of Portland BES. The fiscal year 2014 - 2015 capital program is proposed at \$825,000 to continue with the replacement of a force pressure main and \$25,000 targeting smaller pipe rehabilitation projects. The Projects are identified in the District's sanitary system facilities plan and are necessary to ensure a reliable sewer system is operating for the residents served.

The current service charge is \$130.00 per month for an individual home connection. For fiscal year 2014 - 2015 the district budget was approved with no change to the rate. The service charge provides the District with the necessary operating resources to match needs. An unappropriated ending fund balance at \$879,500 is intended to support the District's future capital needs.
