*Note: If Ordinance, Resolution, Order or Proclamation, provide exact title. For all other submissions, provide a clearly written title.*

<b>Date Requested:</b>	March 14, 2006	<b>Time Requested:</b>	3 hours
<b>Department:</b>	Department of County Management	<b>Division:</b>	Budget Office
<b>Contact(s):</b>	Karyne Dargan, Dave Boyer		
<b>Phone:</b>	503-988-3312	<b>Ext.</b>	22457
	<b>I/O Address:</b>		503/5/531
<b>Presenter(s):</b>	Dave Boyer, Karyne Dargan, Tom Moss of Public Strategies Group (PSG), and invited staff		

### General Information

**1. What action are you requesting from the Board?**

This work session will offer the Board a first chance to discuss its composite ranking of the FY 2007 budget program offers that have been submitted in each priority area. The Budget Office and PSG will facilitate a discussion by priority/outcome in which the BCC will view its composite ranking by priority area as well as each Outcome Team's ranking of the programs assigned to their team. Discussion will focus on clarifying understandings among Board members on the programs. There are no decisions to be made.

**2. Please provide sufficient background information for the Board and the public to understand this issue.**

The County is in the second year of priority-based budgeting, a different way of preparing its annual budget. The focus will be on what to keep, not on what to cut. The County wants to assure that it delivers results that matter most to citizens at the price citizens are willing to pay. In completing this budget priority-setting process, the County also wants to prepare itself to set priorities and focus the budget on results in FY 2007 and beyond.

**3. Explain the fiscal impact (current year and ongoing).**

N/A - Board work session only.

**4. Explain any legal and/or policy issues involved.**

N/A - Board work session only.

**5. Explain any citizen and/or other government participation that has or will take place.**

The budget priority-setting process has included significant public participation. Several community forums have been held to date, and additional public hearings and community forums have been scheduled at various times during the upcoming months.

Commissioners -

Attached you will find a spreadsheet addressing your request for a summarized list(s) of the program offers that are New, One Time Only (OTO), Backfill and Joint Offers. The following briefly describes each tab in the workbook:

- All New (Yellow) – is a list of all of the submitted program offers that are New and are requesting General Funds.
- OTO and Backfill (Turquoise) – is a list of the program offers that are requesting OTO funds or Backfill from the General Fund, or a combination of both. Please note the column titled "Other ID" identifies if there is a combination of OTO and Backfill or a Joint Offer.
- Joint Offers (Pink) – is a list of offers that are being submitted by more than one department.

It is important to remember that many of the lists overlap. For example, Program Offer 72032B A&T Business Application Systems Upgrade is a New Program offer that is requesting the use of OTO funds.

If you have any questions please don't hesitate to contact me.

Thanks,  
Karyne

**Subject:** Agenda for 3/14 and 3/15 FY 2007 Budget Work session - Comparing BCC ranking to Outcome Teams Ranking

**Board Members -**

Attached for your information is the agenda for the 3/14 and 3/15 FY 2007 budget work sessions to discuss the comparative ranking between the Board and the Outcome Teams.

The purpose of these work sessions is to discuss the rankings. There are no decisions to be made. PSG will facilitate a discussion by priority in which the BCC will see its composite ranking (Round #1) by priority as well as each Outcome Team's ranking of the programs submitted by their team. Discussion will focus on clarifying understandings among Board members on the programs. Outcome teams will briefly describe how they approached the ranking exercise and will be available to answer questions about their ranking; department heads and staff need to be available to answer questions about the programs.

Please note dates and anticipated times of next weeks work sessions:

Date	Begin	End
3/14	9:00 am	11:00ish
3/15	9:00 am	11:00ish
3/15	1:30 pm	2:45ish

We will get the comparative reports to you as quickly as we can. Much of it depends on how quickly the entire Board completes their ranking.

If you have any questions, please give me call.

Karyne

**Subject:** Budget Update

As some of you may know, the Board of County Commissioners will discuss their Round One program offer rankings with Outcome Teams and departmental staff on March 14 and 15. I would like to take this opportunity to thank everyone who worked so hard to develop their program offers, and to express my appreciation to Outcome Team members, who have participated in this process as well as doing their regular jobs.

I would also like to remind you that these rankings provide information and guidance to help develop the FY 2007 budget; they are not funding decisions. Each program offer represents important and valuable work that County employees provide. The ranking exercise gives us a way to openly discuss and gain understanding about how county programs contribute to our priorities.

We have a ways to go before funding decisions will be made. The Board will engage in another round of ranking at the end of March. I will release my Executive Budget in May. In May and June, there will be ample opportunities for department staff, employees and members of the public to provide input before amendments are proposed and the budget is adopted in June.

For anyone interested in making input now, we are hosting two public budget forums on March 14 and 18. You can also make input, get more information or access the rankings at the Budget Priority Setting website.

I will continue to keep you updated about the budget as more information becomes known. Thanks to everyone involved in this effort.

**Subject:** 3/14 and 3/15 BCC Worksession on Comparative Ranking - Supporting Information

Chair Linn, Commissioners, Other Electeds, Department Heads, and Outcome Team Leads & Facilitators -

Attached is the agenda for 3/14 and 3/15, a summary of the strategies and RFO's (Requests for Offers), and a comparison of the Board program rankings (Round #1) and the Outcome Team rankings for all of the priority areas. It is sorted by the Board's composite ranking. On 3/14 we will be reviewing Safety and Accountability. On 3/15 we will be reviewing Basic Living Needs, Thriving Economy, School Success and Vibrant Communities. Outcome Teams will make a brief presentation on their approach to ranking and then be available to answer questions. Department Heads and key staff will be available to clarify any questions on program offers.

The chart below shows the level of general agreement between the Board members and between the Board members and the Outcome Teams in their ranking. We have 89.4% agreement between the Board (after the first round of ranking) and 84.2% of agreement between the Board and the Outcome Teams. As compared to FY 2006 the overall level of agreement is similar, but the level of agreement within some priority areas has changed significantly (especially between the Board and Outcome Teams). Please note that the FY 2006 information is the Boards second round of ranking.

FY 2007

**Board and Outcome Team Agreement on 1st Round Rankings**

Again, just a reminder that the purpose of these works sessions are to discuss the rankings. There are no decisions to be made. PSG will facilitate a discussion by priority/outcome in which the BCC will see its composite ranking by priority as well as each Outcome Team's ranking of the programs submitted to their team. Discussion will focus on clarifying understandings among Board members on the programs. Outcome teams will briefly describe how they approached the ranking exercise and will be available to answer questions about their ranking; department heads and staff will be available to answer questions about the programs.

Here's how you read the comparative ranking reports:

- **Yellow Color Coded:** represents situations where there is divergence amongst BCC ranking (i.e. 3 ranked high and 2 ranked low)
- **Blue Color Coded:** represents situations where there is a divergence between the BCC ranking and the Outcome Teams ranking
- **Purple Color Coded:** represents programs that satisfy both criteria. There is a divergence in both the BCC vote and between the BCC and Outcome Teams ranking

This information will be posted to the MINT and WEB a little later this afternoon. As always, if you have any questions please do not hesitate to give me a call.

Thanks,

Karyne

PS- extra thanks to M. Jaspin, C. Elkin for creating the reports in such a short time-frame!!!

**FY 2007 Priority Based Budget  
MULTNOMAH COUNTY OREGON**

Notes from BCC Ranking Discussion  
March 14, 2006

---

**BCC Requests for Additional Information from  
Departments and Outcome Teams**

---

**Notes from BCC Ranking on March 14<sup>th</sup>  
Safety and Accountability Priorities**

**Safety Priority – BCC seeks:**

1. Additional information on the "Streams of Offenders" approach and how the Outcome Team used this theory in their approach to ranking.
2. DSS Justice (10019) – Follow up with public safety partners about collaborating to fund the system – Chair's Office
3. For FY 2008 – Outcome Teams recommend that a countywide vision be developed to understand how cultural competency/values are incorporated into and expressed in program offers.
4. Apples to apples comparison of the two Adult Recog offers (MCSO 60008 and DCJ 50068) and their results.

Below is some further explanation of DCJ's Recog program offer 50068.

DCJ currently staffs each shift according to the average number of defendants processed during that period of time. Some of the considerations made in determining the staffing levels during each shift are:

- The four hour time constraint required by open booking
- A greater number of bookings during the Swing and Graveyard shifts
- Weekly transports
- Probably Cause hearings on weekends and holidays
- Preparation of Court documents within 24 hours of arrest
- Sweeps and special operations

Average staffing levels are:

- Two staff per Day shift
- Three staff per Swing shift (with one extra staff on Saturday evenings due to increased booking)
- Three staff per Graveyard shift

Recog staff see an average of 16,000 defendants per year. On average, 30 percent (4800) of the cases are eligible for expedited release. The remaining 70 percent (11,200) of the defendants require a full interview.

Using a standard shift relief factor of 1.88, 15.04 staff are required to run Recog as each shift is currently staffed. Line-staff in the Recog unit are comprised of 13 Corrections Technicians. On-call staff fill in for vacations and sick time, allowing us to keep our overtime spending to a minimum.

In addition to determining a defendant's eligibility for release, Recog notifies the supervising PPO of an arrest of the offender, allowing for a detainer to be placed. Recog also provides background information on the defendant to the Pre-trial Supervision Program, allowing them to make a more informed determination of the eligibility of the defendant for Pre-trial release. The 24/7 operation allows PPOs in the field to call during hours the field offices are not open to check electronic file information on the offenders they supervise.

#### 5. Juvenile Information Intervention (50013) – follow-up discussion on the costs

Juvenile Informal Intervention: A cooperative agreement between the Department of Community Justice and District Attorney's office allows for informal handling of youth referred on criminal matters. These cases include felony drug possession, and felony/misdemeanor property offenses. Reductions in the below-listed services would result in reduced accountability and intervention services for youth, significant increases in the number of youth placed on formal probation, and a significant reduction in the department's response to victims. The Juvenile Diversion program offer 21010, jointly submitted by DSCP and DCJ, augments DCJ's existing Informal Intervention program, extending intervention services to those 1050 youth who currently receive warning letters.

Budget 2006 = \$1,634,450

Request 2007 = \$1,695,372

Domestic Violence Caseload: Provides intake, adjudication, and case management services for all domestic violence cases (primarily intra-familial violence between a child and parent) referred to the department.

Serves 80 youth and families per year.

Case Management: These youth meet the criteria for informal case handling (multiple misdemeanors or Class C felony), but are assessed at medium to high risk to re-offend. This includes the Felony Drug Diversion Program. Youth and families are provided with a range of services and youth are held accountable.

Serves 210 youth per year.

Sole Sanction / Victim Impact Program / Resolutions Northwest : Based on criteria, youth are either referred directly to the Victim Impact program, Resolutions Northwest (mediation services with felony and misdemeanor property offenders who otherwise would be adjudicated) or, following an assessment on risk to re-offend, referred to the Accountability Program for restitution / community service sanctions.

Serves 550 youth per year.

Intake, Court Docket Support Services: This position provides "front door" information and referral services for the entire department, as well as monitoring services to youth, under age 12, who have been referred for sexually inappropriate behavior (SIBS).  
Handles 3200 customers / requests per year.

Early Intervention: Provides family-centered intervention services for youth (under age 12) referred for serious felony behaviors (fire-setting, violence, animal abuse) but who are too young to adjudicate. This position works in close collaboration with Treatment Services EIU therapist and is their primary source of referrals.  
Serves 125 youth per year.

Major Suspension Program: In collaboration with Portland Public Schools, this position provides intensive intervention services to students (and their families) that are at medium to high risk to commit law violations and/or be expelled from school for engaging in acts that threaten school safety.  
Serves 80 students per year.

Warning/Resource Referral Letters: Letters acknowledging a criminal referral and listing resources available to address the delinquency issues are sent to parents of youth referred to the department for low level misdemeanor offenses where there is no loss to a victim.  
1050 letters per year.

Office/Management Support and Treatment Liaison: The unit is supported by a manager and two Senior Office Assistants (who also provide support to five juvenile court counselors from other work units). Also included is a .5 FTE Juvenile Court Counselor serving as a DCJ liaison to treatment providers under auspices of the Reclaiming Futures grant.

6. Update on the coordination of the Gang Intervention programs and the continuum of services information.  
DSCP and DCJ have been working together to create the continuum of gang services presented to the Board previously and which is reflected in the program offers for fiscal year 2007.

The continuum divides youth involved in gangs into two categories:

- The first category are youth who are involved in gangs but have not yet become involved in the juvenile justice system. DSCP Program offer 21009 Youth Gang Prevention is focused on youth in this category.
- The second category are services to youth who are involved with gangs and are in the juvenile justice system. DCJ Program Offer 50015 Juvenile Gang Resource Intervention Team (GRIT) funds the probation supervision for youth in the second category. DCJ Program offer 50017 Juvenile Communities of Color Partnerships funds the wraparound services for youth in the second category, and includes State Gang Transition Services (GTS) money.

#### **Accountability Priority – BCC seeks:**

7. Briefing for the IT Disaster Recovery options – need to understand what levels of service the program offers provide. Becky Porter has scheduled a Board Briefing for <sup>THIS DAY</sup> Thursday, April 4th, to discuss the above topic and also to provide additional information on the three options for Disaster Recovery.

8. MCSO Executive Office (60001) and Professional Standards (60002) need to be reexamined to determine if some or all of the costs should be identified as support/administration costs and spread to the operating programs.  
(no information received by deadline)
9. ITAX Sunset Contingency (95000B) – budget office will clarify/send out instructions on how this program will operate in the funding tool.  
This program offer was prepared to fully account for the reserves that have been established by the Board. This is one example of a program offer that could have a different outcome in purchasing than it did in ranking. If the Board believes that reserves offer a positive benefit and have a direct relationship to the Accountability strategy map then this should be ranked highly. But, the rationale behind the creation of that reserve was that it could provide a “glide path” for the ITAX sunset.  
  
If it is the Board’s desire to use that reserve as a revenue source to selectively backfill programs in FY 06-07 then you would not purchase this program offer. If, on the other hand, it is the Board’s desire to maintain this reserve for future use you would purchase it (or, some scaled version of it).
10. IT – Information Security (72074) understand how this program is coordinated with the departments’ existing HIPAA and IT security efforts. Becky Porter has scheduled a Board Briefing for Thursday, April 4th, to discuss the above topic and also to provide additional information on the three options for Disaster Recovery.
11. Deputy Department Director (72000B) – need to follow-up in light of Dave Boyer’s recent retirement announcement. Regardless of what is decided about replacing Dave Boyer as CFO and Department Director there will be a considerable hole left in the organization. This new position will be required in one capacity or another. A specific proposal on the operational need and recommended solutions will be described shortly.
12. TSCC (10008) – information from the County Attorney’s office regarding funding: what happens if we do not fund TSCC? This is an unfunded mandate from the State.

ORS 294.608 requires the Multnomah County Board of Commissioners to establish a tax supervising and conservation commission to monitor the financial affairs of local governments in the County. ORS 294.630 requires the County to appropriate sufficient funds for its operations:

“There hereby is created an account to be known as the tax supervising and conservation commission account in the general fund of each county subject to ORS 294.605 to 294.705. The tax supervising and conservation commission shall on or before April 1 of each year submit certified budgets for the ensuing fiscal year to the county court or board of county commissioners. The budget shall contain a complete and detailed estimate of the proposed expenditures of the commission for all purposes. Following the receipt of the budget the county court or board of county commissioners shall include the budget as submitted as a part of the county budget and shall make an appropriation for the tax supervising and conservation commission account sufficient to cover the proposed expenditures, but no appropriation shall be made in any county in any

year for such purpose in excess of \$ 280,000. The county court or board of county commissioners shall not reduce the amount of the budget as presented by the tax supervising and conservation commission, within the amount stated in this section, nor shall it refuse to approve any lawful request for disbursement of money from the tax supervising and conservation commission account." (Emphasis added).

Although Article XI Section 15 of the Oregon Constitution provides some relief to municipalities facing unfunded mandates, none of its provisions apply to ORS 294.630.

No statute specifically provides a remedy for the TSCC if it is not funded by the County or if its funding is reduced from its estimated budget. However, ORS 294.695 provides that the Attorney General shall be the legal advisor and counsel of the commission and shall represent it in all suits and actions and other legal proceedings. If the County refuses to comply with ORS 294.630, I expect that the Commission would request that the AG file a lawsuit against the County for failure to comply with the law.
