# MULTNOMAH COUNTY SERVICE DISTRICTS' BUDGETS FOR FISCAL YEAR 2012-2013

## Introduction

Multnomah County's Service Districts have been created under the provisions of the Oregon Revised Statutes, Chapter 451, to provide construction and operation of sanitary sewer systems and to provide street lighting in particular areas of the County. The Multnomah County Board of Commissioners serves as the governing body of each District. The budget committee for each District consists of the members of the Board and residents of the District appointed by the Board.

The annual budget for each district is prepared under the direction of a budget officer designated by the Board. The budget committee reviews the annual budget and approves it, either as submitted by the budget officer or with revisions requested by the committee.

These procedures fulfill the requirements of Oregon's Local Budget Law (ORS 294), which provides specific methods for obtaining public review and comment on the financial and administrative policies of the Districts.

## Explanation of the Budget Document

This document consists of a detailed schedule of the resources and requirements of each of the two Districts in Multnomah County.

Preceding the financial information for each District is a brief budget message, which discusses special items pertaining to the individual district, including any major changes in either resources or requirements.

## Service Districts' Financial Policies

Multnomah County Departments of Community Services and County Management provide administrative and financial services respectively, to the two Districts. Each District is, however, a separate and independent financial entity. Expenses incurred, such as administration, finance and engineering are met with revenue from sewer user charges, connection fees and/or assessments to real property within the street lighting or sanitary sewer service district.

For the purposes of countywide financial reporting, each district is treated as an Enterprise Fund and accounted for on the accrual basis of accounting. This practice conforms to generally accepted accounting principles (GAAP). Under the accrual basis of accounting, all revenues are recorded at the time they are earned and expenditures are recorded at the time they are incurred. Budgets and comparative historical cost summaries are prepared using these bases. This practice conforms to Oregon's Local Budget Law.

### Summary of Service Districts' Requirements

<b>SERVICE DISTRICT</b>	<b>ACTUAL 09-10</b>	<b>ACTUAL 10-11</b>	<b>BUDGET 11-12</b>	<b>PROPOSED 12-13</b>
Dunthorpe-Riverdale Service District No. 1	\$1,356,719	\$1,274,426	\$1,528,575	\$1,674,250
Mid-County Service District No. 14	\$587,865	\$599,507	\$594,150	\$638,600
<b>TOTAL</b>	<b>\$1,944,584</b>	<b>1,873,933</b>	<b>\$2,122,725</b>	<b>\$2,312,850</b>

### Summary of Administrative Reimbursements (Charges by Multnomah County to Service Districts)

<b>SERVICE DISTRICT</b>	<b>ACTUAL 09-10</b>	<b>ACTUAL 10-11</b>	<b>BUDGET 11-12</b>	<b>PROPOSED 12-13</b>
Dunthorpe-Riverdale Service District No. 1	\$51,893	\$37,187	\$50,000	\$50,000
Mid-County Service District No. 14	\$32,780	\$41,590	\$46,250	\$46,250
<b>TOTAL</b>	<b>\$84,673</b>	<b>\$78,777</b>	<b>\$96,250</b>	<b>\$96,250</b>

# MULTNOMAH COUNTY SERVICE DISTRICTS' PROPOSED BUDGETS FOR FISCAL YEAR 2012-2013

## Budget Message — Dunthorpe-Riverdale Service District No. 1

This District was formed in the middle 1960's and by 1970 had removed a significant source of pollution from the Willamette River. Its 563 clients are mainly located in unincorporated Multnomah County with a few customers in northern Clackamas County. Through its wastewater management program, the District is able to provide high quality service to ratepayers while protecting the area's sensitive surface water features from sanitary sewer overflows.

The district contracts with the City of Portland's Bureau of Environmental Services (BES) to maintain the District's lines and treats the sewage flow at Portland's Tryon Creek Wastewater Treatment Plant. BES also provides design and engineering services for construction, reconstruction, and/or improvement of District facilities. The District continues to coordinate planned capital maintenance projects with the City of Portland Water Bureau's capital program. The fiscal year 2013 capital program is proposed at \$525,000 to complete project closeout costs on the Elk Rock pump station, finish design and start construction of a new pressure main and continue to respond to smaller pipe rehabilitation projects. The Projects are identified in the District's sanitary system facilities plan and are necessary to ensure a reliable sewer system is operating for the residents served.

The current service charge is \$122.00 per month for line connections to the District system. To meet the anticipated treatment, maintenance and capital requirements for FY 2013 the District rate is proposed to move to \$125.00 per month. This new rate provides the District with the necessary operating resources to match needs. An unappropriated ending fund balance at \$623,000 is intended to support the District's future capital needs.

# MULTNOMAH COUNTY SERVICE DISTRICTS' PROPOSED BUDGETS FOR FISCAL YEAR 2012-2013

## Budget Message — Mid-County Service District No. 14

This County Service District originally known as Tulip Acres Lighting District when formed in 1967 now includes most of the unincorporated urban area of Multnomah County as well as the cities of Fairview, Maywood Park, and Troutdale. District growth has stabilized due to the substantial completion of municipal annexations.

Portland General Electric (PGE) provides energy and maintenance services for the District. The County's Department of Community Service's Road Services Division provides administration, illumination engineering, and design services to the District and its customers.

The District capital program has slowed significantly and has moved towards individual or small group pole replacement projects. The District proposes a \$50,000 capital pole replacement program for the fiscal year 2013 budget to replace equipment that is at end of life and be prepared to start a streetlight conversion program which will target a replacement of high pressure sodium streetlights to LED.

The District's current assessment is \$50.00 per property per year. For fiscal year 2012-2013, the district proposes no change in this rate. This new rate provides the District with the necessary operating resources to match needs. An unappropriated ending fund balance of \$182,350 is intended to support future LED conversions and replacement of depreciated District equipment.
