Phone: 971-409-8956 Ext.            I/O Address:                                   

## Presenter

Name(s) & Title(s): Sherry Swackhamer, CIO and Director for Department of County Assets

George Chamberlin, Supervisory Special Agent, FBI

## General Information

### 1. What action are you requesting from the Board?

This is an information briefing on the threats and activities around cybersecurity, with particular emphasis on local government.

### 2. Please provide sufficient background information for the Board and the public to understand this issue. Please note which Program Offer this action affects and how it impacts the results.

With the continuous threat of business interruption, loss of reputation, and the obligations to protect and steward the data that Multnomah County collects and manages in support of the services provided by the County to the public, it is important to know the current state of cybersecurity activities from Federal to local levels. Constant vigilance and activities to identify and implement prevention / detection / mitigation measures are part of the overall strategy for the County's cybersecurity efforts.

### 3. Explain the fiscal impact (current year and ongoing).

The Department of County Assets, Information Technology division has an existing Security team to provide services through internal service rates. A proposed Program Offer for fiscal year 2016 identifies areas that the County can take to reduce vulnerabilities and improve the infrastructure of our technology systems.

**4. Explain any legal and/or policy issues involved.**

There are no direct legal or policy issues associated with this briefing.

**5. Explain any citizen and/or other government participation that has or will take place.**

The Department of County Assets has a Citizens Budget Advisory Committee that regularly reviews the activities of the Department.
