DECISION SUPPORT SYSTEM - JUSTICE
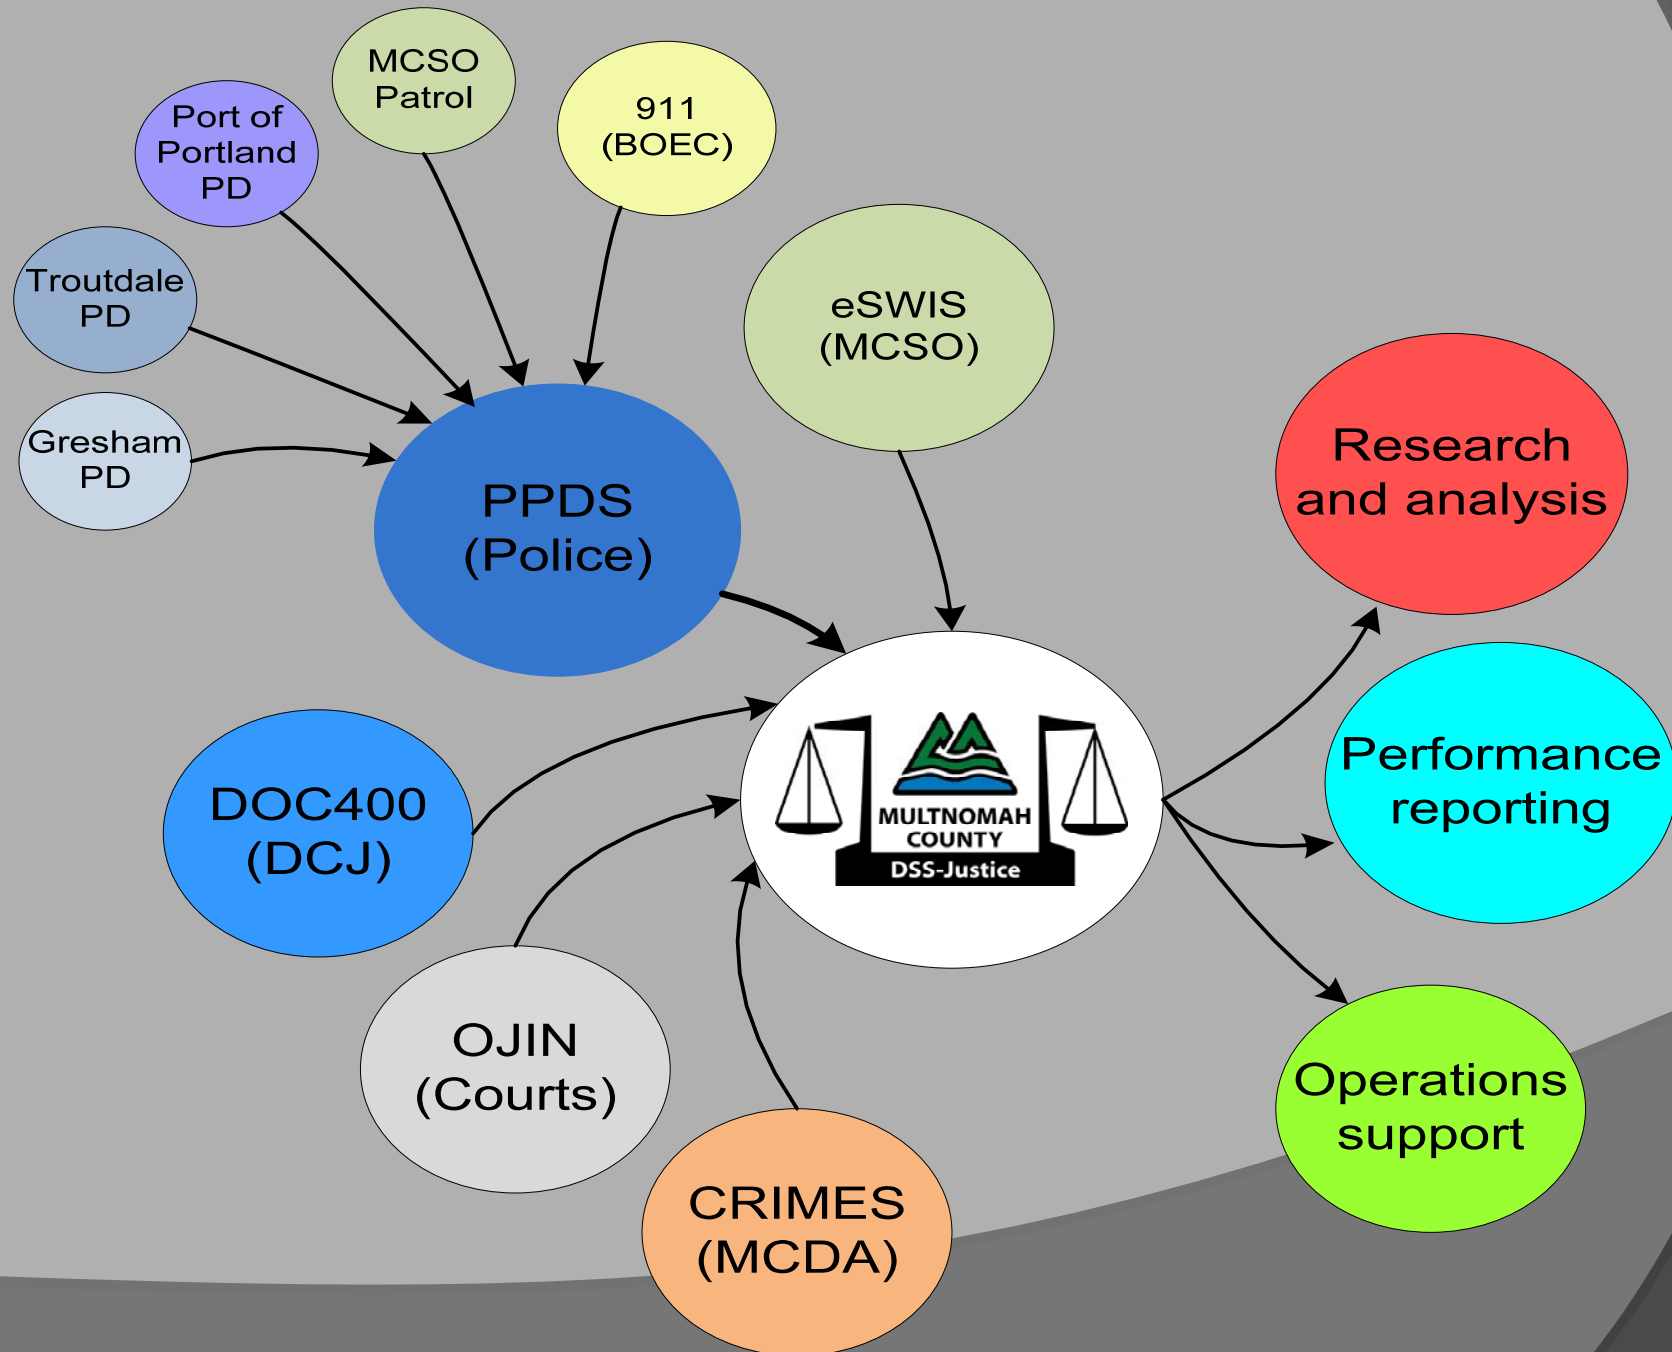

January 8th, 2012

PUBLIC SAFETY COORDINATING COUNCIL OF MULTNOMAH COUNTY
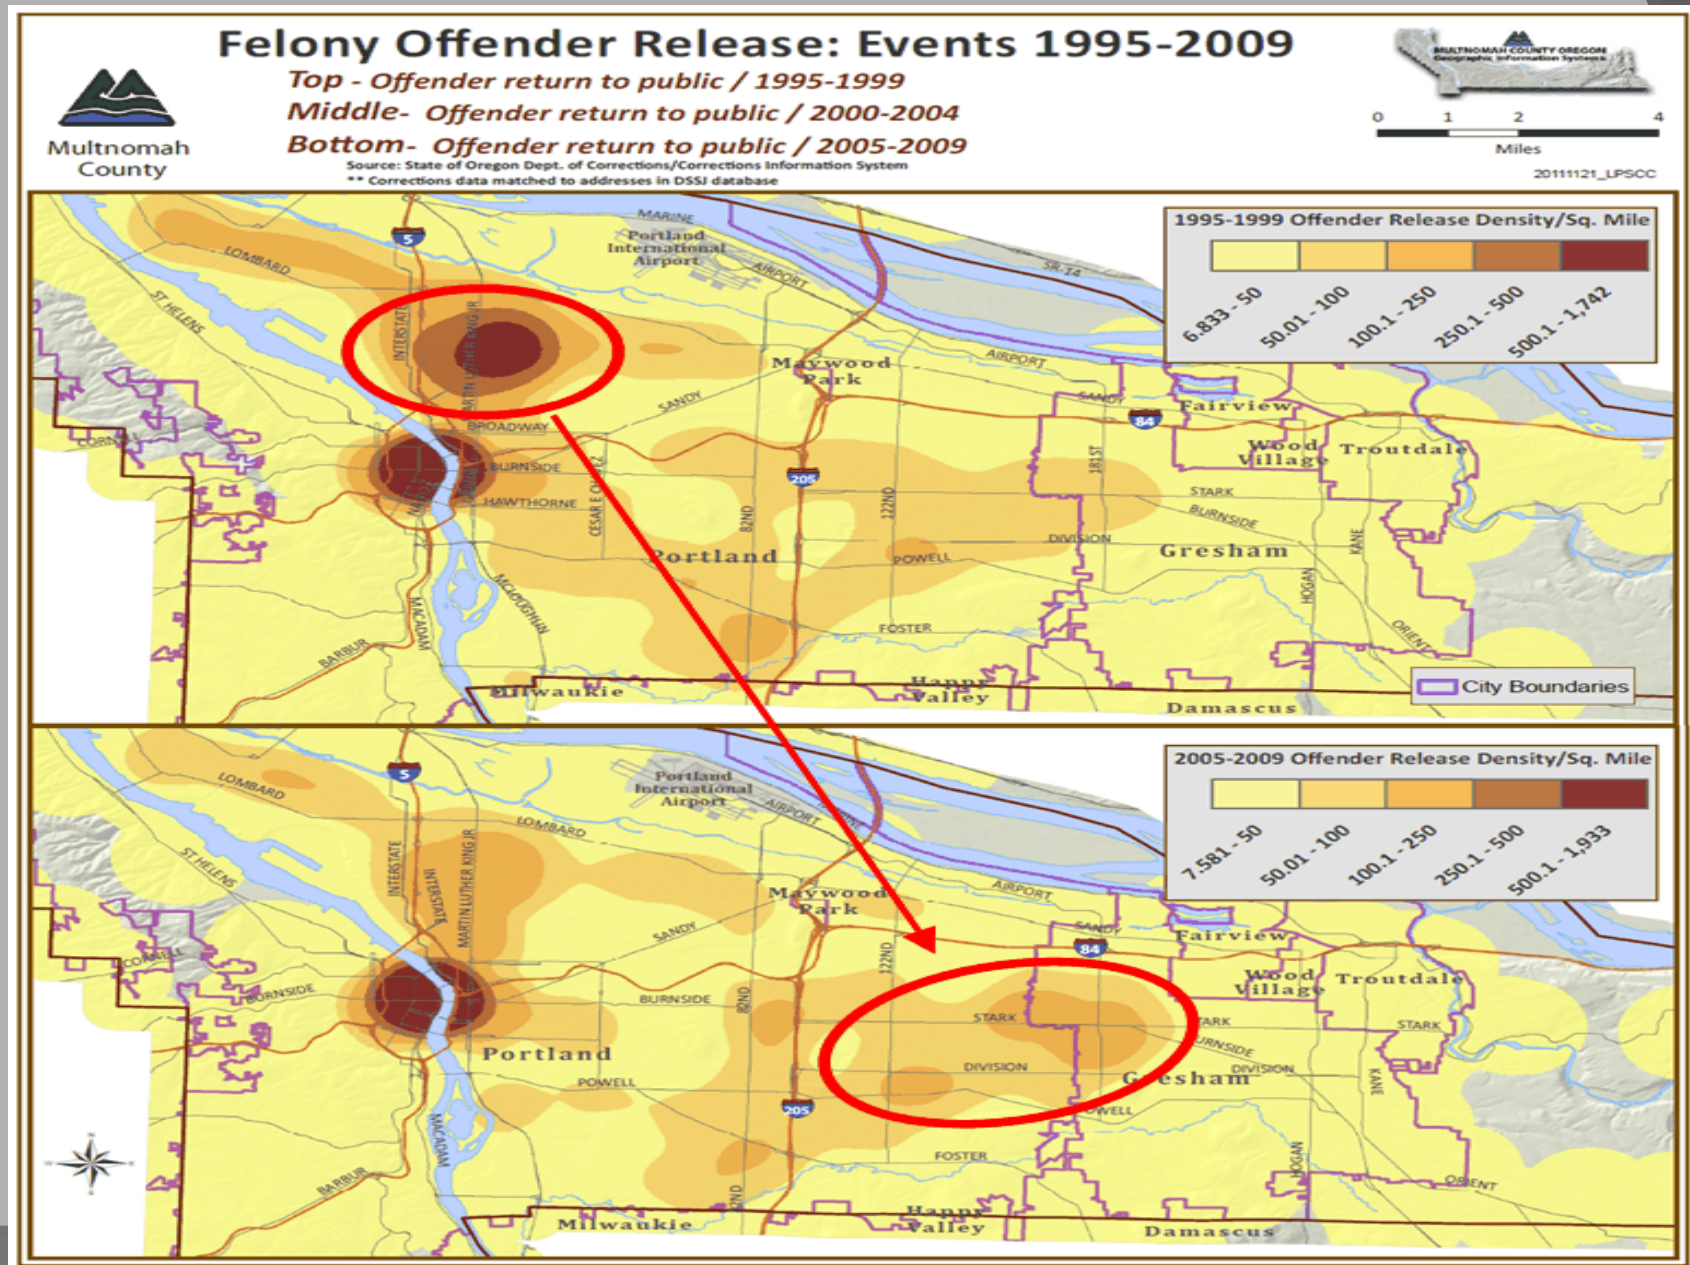

MULTNOMAH COUNTY

DSS-Justice

What is Decision Support System - Justice?

- Created in 1997, DSS-J is a hub for local public safety data.

- DSS-J is used to inform and to support work of LPSCC's Executive Committee.

- DSS-J oversight and budget transferred to LPSCC in 2010.

- LPSCC's DSS-J Policy Committee provides vision and oversight for this resource.

- LPSCC Public Safety Analyst provides data and technical assistance.

DSS-J 2012 Accomplishments

- LPSCC Executive Committee reviews and updates 2013 DSS-J Strategic Plan.

- Technical upgrade to SQL 2008 R2 platform from Oracle completed with funding from ITAB.

- Advanced work of LPSCC subcommittees impacting youth and gang violence, mental health and public safety, and emergency population releases from jail.

- Collaborated with Chair's Office and Commissioners to provide data describing persons in custody with ICE holds and overlap of homeless youth with the justice system.

- Increased our ability to integrate DSSJ data with GIS and analytical tools.

- Conducted trainings and outreach.

Next Steps 2013

- Work to manage maintenance costs and prioritize improvement projects.

- Monitor upgrades to Court and Police data systems and identify how these will impact DSSJ.

- Build relationships with our customers through trainings, outreach, and new projects.

- Increase the use of DSS-J data to inform work of LPSCC and our partners.

- Continue improvements to LPSCC's Public Safety Trends Report.

Decision Support System – Justice Policy Committee
