

BEFORE THE BOARD OF COUNTY COMMISSIONERS  
FOR MULTNOMAH COUNTY, OREGON

**RESOLUTION NO. 2011-006**

Adopting the Multnomah County 2011 State Legislative Agenda

**The Multnomah County Board of Commissioners Finds:**

- a. County officials are elected to protect the health and welfare of their constituents.
- b. Multnomah County has a vested interest in advancing state legislative initiatives on behalf of its residents, especially vulnerable populations.
- c. It is necessary to have a 2011 legislative agenda that harnesses county resources efficiently to promote priorities set by the Board.
- d. The Board has developed a legislative agenda that identifies key initiatives to pursue in the state legislature in 2011.
- e. The Multnomah County 2011 legislative agenda promotes the physical and mental well-being of its residents through robust public services, good government, environmental stewardship, and the public's safety.
- f. Multnomah County 2011 legislative agenda provides specific policy guidance to county officials and its lobbyists acting on its behalf in the state legislature.

**The Multnomah County Board of Commissioner Resolves:**

1. To undertake all activities and use the necessary resources wisely to promote the success of the attached 2011 State Legislative Agenda.
2. To reserve the right to modify any policy position in the 2011 State Legislative Agenda.

ADOPTED this 20th day of January, 2011.

BOARD OF COUNTY COMMISSIONERS  
FOR MULTNOMAH COUNTY, OREGON

## MULTNOMAH COUNTY STATE LEGISLATIVE AGENDA 2011

Jan. 20, 2011

Counties across Oregon are facing an unprecedented challenge to provide core public services during this economic crisis and we recognize that this task will become even more difficult in the months ahead as the State grapples with a \$3.5 billion deficit for the 2011-13 biennium. This is a challenge we must address together. Our ability to provide services – everything from public safety to health care to roads and bridge maintenance – affects the economic vitality of our region and state. Our 2011 legislative agenda reflects our determination to work in partnership with state leaders to find new and more efficient ways to deliver services and to seek opportunities and tools to solve problems at the local level.

### LEGISLATIVE PRIORITIES 2011

#### **Public Safety**

Our Public Safety System includes the Sheriff's Office, District Attorney, and Department of Community Justice. We are responsible for the successful reentry of adult offenders, juvenile crime prevention, patrol, the county jail system, and prosecution. Nearly 50% of our county general fund budget is spent on public safety.

- **Corrections:** Support strategies for reducing the cost of corrections in Oregon. Promote, with adequate funding, effective supervision in local communities.
- **Gang Intervention:** Preserve and enhance funding for critical gang intervention programs, including the East Multnomah County Gang Enforcement Program.
- **Juvenile Services.** Preserve state funding for Multnomah County to safely manage juvenile offenders in the local community and increase access to residential placements.
- **Pre-trial Services:** Oppose legislation to reinstate the bail bonds industry in Oregon, which would weaken public safety and the pre-trial service system.
- **Human Trafficking.** Support efforts to prevent victimization of children and provide support services for children who have been victimized.

- **Court facilities.** Support the creation of a court facility construction account as part of legislation to reform court filing fees. Courthouses throughout the state are in dire need of repair or replacement. Rather than depending upon State General Funds, those who use the facilities will help pay the costs.

### **Health and Human Services**

We are the public health and mental health authority and are responsible for providing a broad range of safety net services for our community. This includes early childhood services, mental health, alcohol and drug treatment, disease prevention, and services to help seniors and the disabled to live independently. We operate seven health clinics and thirteen school based health centers. We are responsible for disease prevention and immunization services.

- **Seniors and People with Disabilities.** Support updated workload methodology to ensure adequate funding for case management. Currently, counties are only paid 90% of the state cost and are not funded for the full caseload. Support changes to the Senior/Medical Tax Deduction to help fund Aging and Disability Resource Centers.
- **Health Care Integration.** Work with state leaders on efforts to integrate and coordinate the delivery of physical and mental health care, oral care, long-term care and community “wrap-around” services. Coordinating these services will ultimately lower costs and improve the health of the community.
- **Affordable Housing.** Maintain document recording fee resources for affordable housing. Increase funding for the Emergency Housing Account to expand our capacity to address homelessness. Support programs that increase opportunities for affordable housing.

### **Community Services**

We provide essential services like road and bridge maintenance, land use and transportation planning, elections, and animal shelters.

- **Elections.**
  - Support the Government Efficiency Task Force recommendations to eliminate precinct committee person elections.
  - Monitor reform efforts that move the registration deadline to a date closer to the election.

- **Transportation.** Support appropriate updates to HB 2001 and ensure that revenues are maintained for the Sellwood Bridge project.

### **Revenue Stability**

At a time when State General Fund dollars are limited, local governments needs more tools to solve problems at the local level.

- **Lift Preemptions.** Support legislation to lift preemptions and other restrictions on local government, including the preemption on local tobacco taxes. This will allow counties to address local problems at the local level without the use of State General Fund dollars.
- **Shared state revenue.** Preserve counties' share of state liquor, lottery and tobacco revenues, which help fund local public safety, health and other essential services.
