Exhibit B

Starting with the FY2005 grant there is a labeling requirement. When practicable equipment should be labeled as follows:

“Purchased with funds provided by the U.S. Department of Homeland Security”

Labels should be proportionate to the object being labeled (i.e. a vehicle label should be of appropriate size and legible and a label for hand-held radios should be as well. These labels will, of necessity, be of different sizes.). Items smaller than hand-held radios do not require labeling.
