REYNOLDS SCHOOL DISTRICT NO. 7  
USE OF SCHOOL FACILITIES

School facilities shall be made available with capable and responsible adult supervision for community activities of an educational, recreational or civic nature when such usage does not conflict with or interfere with their use for school purposes.

The use of school facilities for partisan, political or sectarian purposes shall require specific approval of the Board of Directors and any consideration by the Board shall be prefaced by assurance that no cost will be incurred by the district in granting approval.

Groups using the facilities will be classified as follows, with priority for use in order listed:

Class I School sponsored and school connected groups, including student organizations, adult education classes and parent organizations.

Class II Non-profit, in-district educational and recreational groups, such as special parent activities, YMCA, Boy/Girl Scouts, Church related recreational groups, Public agencies of the City, County or State and Community organizations of a civic or service nature which exist for community betterment.

Class III Private organizations which exist primarily for the benefit of the membership, such as fraternal or social clubs or classes taught by individuals who charge a fee for their services, or any other group not specifically included in another category.

RULES FOR USE OF SCHOOL FACILITIES

APPLICATIONS:

Applications may be picked up from school or district office. After the form is completed, it is to be submitted to the school principal in person for consideration based upon the above priorities. The applications will be processed on order of receipt but not before September 15. Other factors being equal - larger groups will receive priority.

The party requesting the facility will be notified in writing when the application is approved or denied by the district office.

Building use will terminate the last week in May. Special requests for use of buildings during the summer must be forwarded directly to the Business Manager.

Rules covering special conditions shall be determined by the building principal as consistent with district policy.

#### AVAILABILITY:

1. The applicant must be a district resident and the membership of the group must consist of a minimum of 12 persons of which at least 50% reside in the district. A roster including the names, addresses and phone numbers must be submitted with the application.
2. To retain the use of the facility the group must maintain a consistent average of 10 or more participants.
3. No group or sub-group within an organized association shall use a facility more than once a week.
4. No more than two groups in any day, separated by one-half hour, and no more than four days per week, shall be scheduled.
5. Only one space per building shall be scheduled on a regular basis.
6. Buildings are not scheduled for use on Saturdays or Sundays on a regular basis or during vacations or legal holidays. There may be special occasions when such a request on a one-time only basis may be considered. If approved on a one-time only basis, the Business Manager will determine and compute the charges.
7. When there are conflicts, the school's special events take precedence.

#### EQUIPMENT AND FACILITIES:

1. No school athletic equipment shall be used other than volleyball nets.
2. Bleachers are available if approved on the original application and are set up under the supervision of the custodian.
3. Showers and locker rooms are not available.
4. No cafeteria equipment is to be used without the permission of the principal.
5. Any other equipment such as projectors, etc., will not be provided by the school except on a rental basis.
6. If meals are to be prepared or general use of the kitchen is required, a cook, preferably a building cook, shall be in the kitchen. The cook's time shall be paid at time and a half by the group using the kitchen.
7. Buildings are available in the existing conditions. Heat will not be provided unless specifically approved. (See fees)
8. Telephones are for emergency use only. Contact the custodian for access.

#### RESPONSIBILITIES:

The person in charge of the group shall be at the school for the entire time the facility is used. If this is not possible, another adult named on the application must be present and designated as being in charge of the group.

## RESPONSIBILITIES: (Continued)

Groups applying for the facilities as adult groups shall be maintained as adult groups.

The person in charge of the group using the facilities shall be responsible to restrict use to members of his/her group, and to the area for which application is made.

The building and equipment shall be left as it was found.

Tennis shoes shall be used in the gym at all times. No black sole running or athletic shoes will be allowed.

Activities contrary to individual school policies or practices will not be approved.

NOTE: Violation of any of the stated regulations will result in immediate termination of the use of the facility by the building principal. The individual who signs the application requesting the building shall be financially responsible for any damage which may occur and the signature of the applicant and alternate indicates that the regulations governing the use of the building have been read and understood.

## FIELDS:

This policy applies to fields as well as buildings except where specifically excluded or not applicable.

In addition, the following rules are included specifically for field use.

1. Fields can be scheduled throughout the summer months.
2. Any group requesting use of fields must provide the district with a schedule of dates and times of both practices and games. Copies of these schedules will be forwarded to the building principal. Any deviations from this schedule will need to be approved by the building principal.
3. Grounds will be maintained in accordance with the district grounds schedule. Special markings on grounds work will be the responsibility of the group using the field. Any other special grounds work must be approved by the school.

## DISTRICT RESPONSIBILITY:

The custodian will not be available to the group using the building except in an emergency or assistance as agreed upon at the time of application.

The district assumes no liability for injury to persons who are using the school facilities, or for theft or vandalism to their property.

### FEES:

All groups shall be expected to pay for any direct expenses resulting from use of the facility. In addition, a charge shall be made for use of school buildings, grounds, and facilities for all parties represented by Class III of this policy.

Fees are based on a schedule developed annually by the district. In addition to the basic rental fee, any use of the district's heating or cooling systems, custodial time or any special facilities or services will be assessed at the time the request is approved.

Public Meeting: September 7, 1983

Pursuant to notice by press release to newspapers of local circulation throughout Multnomah County and on the mailing list of the Committee and members of the Committee, a public meeting of the Multnomah County Home Rule Charter Review Committee was held at Reynolds High School Cafeteria, 1200 NE 201st, Troutdale, Oregon. The meeting convened at 7:10 p.m.

Present were Chair Frank Shields and Committee members Ann Porter, Paul Thalhofer, Roger Parsons, Chad Debnam, Penny Kennedy, Linda Rasmussen, Leeanne MacColl, Florence Bancroft, Carol Kirchner, Tanya Collier, and John Vogl. Absent was Marlene Johnsen.

The Agenda included testimony from individual members of the public and representatives of interested organizations regarding recommendations and possible amendments to the Multnomah County Home Rule Charter.

Chair Frank Shields opened the meeting by explaining the composition of the Committee and its purpose. Each member of the Committee represents a senatorial district of Multnomah County: Each member is a citizen nominated by the senators and legislators in senatorial districts the majority of whose voters reside in Multnomah County; two Committee members from each senatorial district, and from two different political parties.

Shields explained that the Committee was here to listen to individual members of the public and representatives of interested organizations as they testify before the Committee regarding recommendations and possible amendments to the Multnomah County Home Rule Charter. The Committee is in charge of a comprehensive study of the Charter and will report its findings to the people and the County Board of Commissioners with conclusions and recommendations, including any amendments proposed to the Charter, in time for the November 1984 general election.

Elise Swan, 1845 NW 13th, Gresham, Oregon. East Multnomah County League of Women Voters:

1. The Leagues of Women Voters of Portland and East Multnomah support the separation of administrative and legislative functions.
2. The Commissioners should continue to be elected from single member districts.
3. The salaries of elected officials should be recommended by outside professional consultants, with final approval by the Board of County Commissioners.
4. A paid lobbyist should represent the county's interest.
5. Multnomah County Commissioners should be elected. The following officials should be appointed: Sheriff, Assessor, and County Clerk. The office of District Court Clerk should be abolished.
6. Elected officials should not have to resign to run for another office. Vacancies on the Board of County Commissioners should continue to be filled by appointment, with the appointee free to run for re-election.
7. Sponsors of initiative petitions should be required to clear their petitions with an office similar to legislative counsel to insure correct wording and constitution application.
8. The Charter should be changed so that a candidate who receives more than 50% of the vote in the primary election be declared the winner.

This was reached by consensus of the two Leagues on May 12, 1983. The Leagues support Home Rule for Multnomah County.

Jim Spinks, 3621 SE Victory, Portland, Oregon:

Mr. Spinks expressed a concern regarding an East County Commissioner who might not be able to fulfill a full 4-year term. He would like to have the Charter changed so that an incumbent Commissioner could serve a second 4-year full term.

Jean Orcutt, 12831 SE Morrison, Portland, Oregon:

At the onset of her presentation, Orcutt requested that each Committee member give his/her name, occupation, and organization. Each member did so.

The following suggestions were made:

1. Eliminate the County Executive position and cut the Board of County Commissioners to three instead of five.
2. Divide Multnomah County into three (3) districts. Require that a Commissioner representing that district reside within that district, but the Commissioner be elected by a county-wide vote of the people.
3. Multnomah County Charter should provide that essential basic services (e.g., fire and sheriff protection) can not be cut without a vote of the people.

Wilma Wehmeier, 3114 SE 134th, Portland, Oregon:

1. She would like to see the office of County Executive eliminated and is very much against anybody being appointed.
2. A new city will mean a cut in the Board of County Commissioners.
3. Such essential services as libraries, elections, and sheriff should be kept within the county. Human services should also be kept within the county. Parks, undecided, perhaps have a user fee.

Ken Bassett, 98 NE 113th, Portland, Oregon:

1. He would like to see campaign expenditures limited to the amount of salaries officeholders are to be paid.
2. He would like to see the eight (8) year term limit to stay - as cited in Ballot Measure #6.

Walt Meyer, 13110 SE Alder, Portland, Oregon:

1. He stated his disappointment in high property taxes, in government waste, and in the fact that there are too many political appointees.
2. County lobbyist and the County Executive are not needed.

Herb Brown, 1546 SE 138th Avenue, Portland, Oregon:

1. His chief concern is to reword what is on the Charter. It would be more appropriate to have no more than two full consecutive terms rather than eight years.
2. There should always be a county government overseeing activities of the various cities within it (unincorporated or not).

3. Eliminate the County Executive office to save at least \$200,000 per year.
4. Reduce the Board of County Commissioners to three, particularly with consolidation and the incorporation of a new city in Mid County. However, they should not be eliminated at the same time: first the County Executive then phase out the number of Commissioners from five (5) to three (3) over a two year period.

John Stelzenmuller, 17848 SE Clay, Portland, Oregon:

1. The eight year term should be written in the Charter to say two full four year terms, not retroactive to 1976.
2. Eliminate the County Executive, which would give way to a rotating of the Chairmanship on the Board of County Commissioners. Should there be a new city, perhaps there should be a reduction of the number on the Board of County Commissioners.
3. He agrees to the rearranging of districts and with county-wide elections.
4. He believes in the continuation of the elections of the Commissioners who come in the middle of a term. However, he does not believe in the appointments of any commissioner or sheriff or any other official who is responsible to the community at large.
5. Having no lobbyist is here to stay since it was voted down, not to be rewritten in the Charter.
6. He is not opposed to having the Board of County Commissioners represent the county at the State level with regards to special interests.
7. He clarified that he would like to see monitoring, not lobbying, by the Board of County Commissioners and have the Board pass on the information to individuals to lobby.

Jim Worthington, 140 SE 205th Drive, (Unincorporated area):

1. The Committee should not only consider urban and rural services but also a third level, suburban, which is Mid County.
2. He stated that the county could get by with five (5) unpaid or drastically reduced salaries of the Board of County Commissioners. The Chair of the Commission position should be rotated whether the number of Commissioners be three or five.

3. He suggested area-wide service districts with elected officials for each. These special districts would include the libraries, fire, police, zoo, and transportation. Have the people decide on the level of services rendered.
4. He feels that the vacancy of any term <sup>of office</sup> with over two years remaining should be filled by an election.
5. The Auditor should have certain qualifications in order to be elected.
6. Worthington favors five part-time Board of County Commissioners elected by district.

Dan Mosee, 12330 NE Multnomah, Portland, Oregon:

1. He emphasized that as per the Charter there should be a Charter Review Committee every four years.
2. Eliminate the County Executive and have three (3) on the Board of County Commissioners. The Commissioner with the most votes would be the Chair.
3. Department of Justice Services is not needed.
4. Eliminate the District Court Clerk.
5. A system of restitution is needed.
6. Elected officials are to be elected to two full four-year consecutive terms.
7. Commenting on the election expense limitations, he cited that there should be no appointees. Rather, call a special election which may cost more money but there would be no entrenched machine.
8. The Auditor is to be completely independent [of the Assessor]. *(strike from record) per CR*

Eunice Jensen, 2911 SE 174th, Portland, Oregon:

1. She is not in favor of the fact that the Home Rule Charter gives the County the right to approve new taxes without a vote of the people.
2. The County Executive is to be eliminated. He has too much power and has the ability to dictate policy within the governmental structure.
3. Elected officials should have two full four-year terms.

4. There should be no regional government assuming the responsibility of Commissioners or other parts of government.
5. Three members on the Board of County Commissioners is all that is needed.

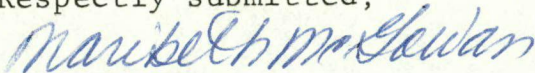

Elise Swan:

She stated that she represented the Tri-County Community Council in 1978 through 1981 before the Legislature.

She cited that it takes full-time monitoring of the Legislature and that lobbyists are monitors as well. Lobbyists are a resource.

The meeting was adjourned at 9:23 p.m.

Respectly submitted,

Maribeth McGowan  
Secretary

## PUBLIC MEETING NOTICE

### PUBLIC HEARING

DATE: Wednesday, September 7, 1983  
TIME: 7:00 P.M.  
PLACE: Reynolds High School Cafeteria  
Reynolds High School  
1200 N.E. 201st  
Troutdale, Oregon 97060

### AGENDA

The Committee invites individual members of the public and representatives of interested organizations to testify before the Committee regarding recommendations and possible amendments, if any, to Multnomah County's Home Rule Charter. The current Multnomah County Home Rule Charter charges the Committee with the responsibility of making a comprehensive study of the County's Charter. The Committee shall report to the people and to the Board of County Commissioners their findings, conclusions and recommendations, including any amendments proposed to the Charter, in time for the November 1984 general election.

The Committee requests, if possible, 20 copies of a written statement about 2 pages in length. The speakers will be called from a sign-up sheet available before the meeting. Each speaker will be limited to 5 minutes, with a speaker allowed to receive a maximum of 2 yields of time from other speakers present at the hearing.

This is a first in a series of hearings to be held before December 1983 during which the Committee is seeking general public comment and testimony regarding the Multnomah County Home Rule Charter.

6. Elected officials should not have to resign to run for another office. Vacancies on the Board of County Commissioners should continue to be filled by appointment, with the appointee free to run for re-election.
7. Sponsors of initiative petitions should be required to clear their petitions with an office similar to legislative counsel to insure correct wording and constitution application.
8. The Charter should be changed so that a candidate who receives more than 50% of the vote in the primary election be declared the winner.

This was reached by consensus of the two Leagues on May 12, 1983. The Leagues support Home Rule for Multnomah County.

Jim Spinks, 3621 SE Victory, Portland, Oregon:

Mr. Spinks expressed a concern regarding an East County Commissioner who might not be able to fulfill a full 4-year term. He would like to have the Charter changed so that an incumbent Commissioner could serve a second 4-year full term.

Jean Orcutt, 12831 SE Morrison, Portland, Oregon:

At the onset of her presentation, Orcutt requested that each Committee member give his/her name, occupation, and organization. Each member did so.

The following suggestions were made:

1. Eliminate the County Executive position and cut the Board of County Commissioners to three instead of five.
2. Divide Multnomah County into three (3) districts. Require that a Commissioner representing that district reside within that district, but the Commissioner be elected by a county-wide vote of the people.
3. Multnomah County Charter should provide that essential basic services (e.g., fire and sheriff protection) can not be cut without a vote of the people.

Wilma Wehmeier, 3114 SE 134th, Portland, Oregon:

1. She would like to see the office of County Executive eliminated and is very much against anybody being appointed.
2. A new city will mean a cut in the Board of County Commissioners.
3. Such essential services as libraries, elections, and sheriff should be kept within the county. Human services should also be kept within the county. Parks, undecided, perhaps have a user fee.

Ken Bassett, 98 NE 113th, Portland, Oregon:

1. He would like to see campaign expenditures limited to the amount of salaries officeholders are to be paid.
2. He would like to see the eight (8) year term limit to stay - as cited in Ballot Measure #6.

Walt Meyer, 13110 SE Alder, Portland, Oregon:

1. He stated his disappointment in high property taxes, in government waste, and in the fact that there are too many political appointees.
2. County lobbyist and the County Executive are not needed.

Herb Brown, 1546 SE 138th Avenue, Portland, Oregon:

1. His chief concern is to reword what is on the Charter. It would be more appropriate to have no more than two full consecutive terms rather than eight years.
2. There should always be a county government overseeing activities of the various cities within it (unincorporated or not).

3. Eliminate the County Executive office to save at least \$200,000 per year.
4. Reduce the Board of County Commissioners to three, particularly with consolidation and the incorporation of a new city in Mid County. However, they should not be eliminated at the same time: first the County Executive then phase out the number of Commissioners from five (5) to three (3) over a two year period.

John Stelzenmueller, 17848 SE Clay, Portland, Oregon:

1. The eight year term should be written in the Charter to say two full four year terms, not retroactive to 1976.
2. Eliminate the County Executive, which would give way to a rotating of the Chairmanship on the Board of County Commissioners. Should there be a new city, perhaps there should be a reduction of the number on the Board of County Commissioners.
3. He agrees to the rearranging of districts and with county-wide elections.
4. He believes in the continuation of the elections of the Commissioners who come in the middle of a term. However, he does not believe in the appointments of any commissioner or sheriff or any other official who is responsible to the community at large.
5. Having no lobbyist is here to stay since it was voted down, not to be rewritten in the Charter.
6. He is not opposed to having the Board of County Commissioners represent the county at the State level with regards to special interests.
7. He clarified that he would like to see monitoring, not lobbying, by the Board of County Commissioners and have the Board pass on the information to individuals to lobby.

Jim Worthington, 140 SE 205th Drive, (Unincorporated area):

1. The Committee should not only consider urban and rural services but also a third level, suburban, which is Mid County.
2. He stated that the county could get by with five (5) unpaid or drastically reduced salaries of the Board of County Commissioners. The Chair of the Commission position should be rotated whether the number of Commissioners be three or five.

3. He suggested area-wide service districts with elected officials for each. These special districts would include the libraries, fire, police, zoo, and transportation. Have the people decide on the level of services rendered.
4. He feels that the vacancy of any term <sup>of office</sup> with over two years remaining should be filled by an election.
5. The Auditor should have certain qualifications in order to be elected.
6. Worthington favors five part-time Board of County Commissioners elected by district.

Dan Mosee, 12330 NE Multnomah, Portland, Oregon:

1. He emphasized that as per the Charter there should be a Charter Review Committee every four years.
2. Eliminate the County Executive and have three (3) on the Board of County Commissioners. The Commissioner with the most votes would be the Chair.
3. Department of Justice Services is not needed.
4. Eliminate the District Court Clerk.
5. A system of restitution is needed.
6. Elected officials are to be elected to two full four-year consecutive terms.
7. Commenting on the election expense limitations, he cited that there should be no appointees. Rather, call a special election which may cost more money but there would be no entrenched machine.
8. The Auditor is to be completely independent of the Assessor.

Eunice Jensen, 2911 SE 174th, Portland, Oregon:

1. She is not in favor of the fact that the Home Rule Charter gives the County the right to approve new taxes without a vote of the people.
2. The County Executive is to be eliminated. He has too much power and has the ability to dictate policy within the governmental structure.
3. Elected officials should have two full four-year terms.

4. There should be no regional government assuming the responsibility of Commissioners or other parts of government.
5. Three members on the Board of County Commissioners is all that is needed.

Elise Swan:

She stated that she represented the Tri-County Community Council in 1978 through 1981 before the Legislature.

She cited that it takes full-time monitoring of the Legislature and that lobbyists are monitors as well. Lobbyists are a resource.

The meeting was adjourned at 9:23 p.m.

Respectly submitted,

#### MULTNOMAH COUNTY HOME RULE CHARTER

The Leagues of Women Voters of Portland and East Multnomah County support the separation of administrative and legislative functions.

The Commissioners should continue to be elected from single member districts.

The salaries of elected officials should be recommended by outside professional consultants, with final approval by the Board of County Commissioners.

A paid lobbyist should represent the county's interests.

Multnomah County Commissioners should be elected. The following county officials should be appointed: Sheriff, Assessor, and County Clerk. The office of District Court Clerk should be abolished.

Elected officials should not have to resign to run for another office. Vacancies on the Board of County Commissioners should continue to be filled by appointment, with the appointee free to run for re-election.

Sponsors of initiative petitions should be required to clear their petitions with an office similar to legislative counsel to insure correct wording and constitutional application.

The charter should be changed so that a candidate who receives more than 50% of the vote in the primary election be declared the winner
