A decision from Class/Comp is not required for this change because this is one of a few classes that allow automatic promotion upon satisfaction of certain requirements.	13_HD_SA_02

40014	Immunizations	Health	0	592	592	0.05	Changes a Licensed Community Practical Nurse (LCPN) position back to a Community Health Nurse (CHN). The FY 2013 proposed budget for Immunization anticipated the reclassification of a CHN to a LCPN because the complexity of tuberculosis assessments appeared to be in the scope of a LCPN. After a review of the position, it was determined that the complexity of assessments was beyond the scope of a LCPN and that the position should continue as a CHN. The position was budgeted as a vacancy and at a lower step than the current incumbent's. This amendment corrects the position's job class number, and, in order to accurately budget the position's personnel costs, reduces the temporary budget by the requisite amount. A number of cities and counties nationally have demonstrated successes with this model. State legislation enacted in 2009 (EEAST) allows counties in Oregon to enact PACE type financing programs. To fund this DCJ is using the salary savings from the Federation of Oregon Parole & Probation Officers (FOPPO) bargaining unit labor agreement which was settled in May 2012. The Juvenile Services Division (JSD) is currently in the process of analyzing services and designing an organizational restructure which JSD plans to have implemented by the end of calendar year 2012. Restoring these two Juvenile Counselor positions for 6 months will help to maintain current service levels until the re-organization is in place.	13_DCJ_PA_01

Attachment C - FY 2013 Budget Notes

ADOPTED May 31, 2012

<p>Southeast Health Center (Kafoury)</p>	<p>Re-opening the Southeast Health Center in FY 2013 is a priority of the Board of County Commissioners. This budget sets aside \$802,015 in General Fund Contingency for the capital construction necessary to open the clinic. The Health Department is working to reduce and finalize the construction budget, right now estimated at \$1.7 million and to reach out to partners to help close the capital funding gap. The goal is to open the SE Health Center by April 2013 to ensure the successful transfer of Westside clients. The Health Department will return to the Board when budget, financing and construction plans are finalized through the FAC-I process to request release of these funds.</p>
<p>Couch Street Houses (Kafoury)</p>	<p>The Couch Street Transitional Houses are an asset to the County and the community, as they provide affordable transitional housing options for women under the supervision of the Department of Community Justice. With the understanding that there are fiscal challenges to the continued ownership of these houses, the Board requests DCJ form a workgroup, including members of Board staff, to look at similar County disposition processes and return to the Board by August with recommendations. The Board also requests that the recommendations include how we maintain transitional housing options for this population.</p>
<p>OTO for Corrections Deputy Hiring (Cogen)</p>	<p>Earmarks \$239,000 of one-time-only funds for the Multnomah County Sheriff's Office to hire, equip and train Corrections Deputies to fill vacant positions and reduce the reliance on overtime to fill corrections posts.</p> <p>During the request for funds, the Sheriff's presentation will include the following information:</p> <ul style="list-style-type: none"> • How the FY 2012 and FY 2013 funding was spent (budget vs. actual) • # of corrections deputies hired by month with this funding (including FY 2012) • # of correction deputy vacancies remaining • # of retirements by month since July 1, 2011 • Overtime spending of both corrections and law enforcement, broken down by division and by facility (by month, fiscal year-to-date) • Current Year Estimate and Projected Year-end General Fund Spending vs. Budget

Attachment C - FY 2013 Budget Notes

ADOPTED May 31, 2012

High Priority Building Projects (Smith)	<p>The Board of County Commissioners directs the Department of County Assets to identify a list of high priority building upgrades, deferred maintenance, or lifecycle replacement that would maximize energy savings and efficiencies. DCA should work with the Chief Financial Officer to identify potential funding options and timelines, and return to the Board with recommendations for further action by September 30, 2012. In considering funding options, the CFO should recommend the appropriate size and scope for the relevant funding tool.</p>
Commission on Children, Families and Communities (Shiprack)	<p>In 2012, the Oregon Legislature passed HB 4165 abolishing the State Commission on Children, Families and Communities (CCFC) and established a new model for delivering early childhood services. The new model calls for the creation of Community Based Coordinators of Early Learning Services, which will replace the work of local Commissions on Children Families and Communities. Multnomah County's Government Relations Office is leading an internal Early Learning Council (ELC) workgroup to look at this new system and review the county's roles and responsibilities.</p> <p>The Government Relations Office will work with this work group and the Budget Office to develop a transition plan from our existing local commission model to the new Early Learning Council model. The Government Relations Office should report to the Board by September 1, 2012 with recommendations for a transition plan.</p>
PERS Funding (Shiprack)	<p>The Chief Finance Officer will prepare a briefing and identify opportunities for the County to mitigate the impact of PERS rate increments on direct services and offer specific recommendations as to how to manage PERS liability. The briefing should include legislative changes, issuance of pension obligation bonds or other financing alternatives.</p> <p>The CFO should report back to the Board by November of 2012.</p>

Attachment C - FY 2013 Budget Notes

ADOPTED May 31, 2012

<p>Impacts of City of Portland Funding on the District Attorney's Office (Kafoury)</p>	<p>The Board directs the District Attorney's Office to provide a status briefing no later than July 31, 2012 on overall city funding and the impact of the loss of a 0.50 Deputy District Attorney 2 position assigned to the Service Coordination Team program. The Board is concerned that the loss of this position will adversely impact the effectiveness of the Service Coordination Team's efforts to address chronic crime issues and reduce recidivism rates for offenders entering the program.</p>
<p>Project Metamorphosis (Shiprack)</p>	<p>This Budget Note is the result of the loss of funding for Project Metamorphosis. Outreach screening and assessment, peer mentoring, counseling, support groups and psychiatric assessment have been provided to over 276 homeless youth annually using this program model. Due to compression impact on the Portland Children's Levy, this recognized program for homeless mentally ill youth lost its funding. It is the concern of the Board that access to critical mental health and addictions treatment for homeless youth will be lost, leaving a serious gap in services for this vulnerable population.</p> <p>The Department of County Human Services will work with the District 3 and District 2 Offices, the City of Portland, the Homeless Youth Oversight Committee and other identified leaders to assess the impact of loss of funding to Project Metamorphosis, a program to engage and encourage homeless youth to exit street life.</p> <p>This assessment will result in options and recommendations for serving homeless mentally ill youth, and DCHS will report their findings to the Board of County Commissioners no later than October 2012. The Board earmarks \$265,000 in the General Fund contingency to address such options and recommendations.</p>

ATTACHMENT D

Adopted May 31, 2012

The Board makes the following response to the recommendation made by the Tax Supervising and Conservation Commission (TSCC) which is contained in the letter certifying the FY 2013 County budget.

I. Recommendation – Expenditures exceeded appropriations

The audit for Fiscal Year 2010-11 included the following note: Expenditures exceeded appropriations in the Risk Management Fund for the Department of County Management by \$14,708.

Local Budget Law does not allow for the expenditure of funds above approved appropriation levels. Care needs to be taken to ensure that spending is within approved limits or that budget adjustments are authorized prior to the expenditure of funds.

Response –

The Board formally acknowledged receipt of the Comprehensive Annual Financial Report (CAFR) for Fiscal Year 2011 on January 12, 2012 via Resolution 2012-009, finding:

- Expenditures in the Risk Management exceeded appropriations by \$14,708,000 as a result of an internal loan that was made to the Willamette River Bridge Fund to support construction costs associated with the Sellwood Bridge replacement project.
- There was sufficient cash in the Risk Management Fund to make the short-term loan.
- The over expenditure was due, in part, to a conflict between the way that internal loans are authorized by ORS and Generally Accepted Accounting Principles (GAAP).

The loan was authorized via Board Resolution 2011-024, and in order to make sure this situation does not occur in the future, the Chief Financial Officer will recommend alternatives to internal loans, when such loans may extend beyond the end of the fiscal year as noted in Resolution 2012-009.
