BEFORE THE BOARD OF COUNTY COMMISSIONERS
FOR MULTNOMAH COUNTY, OREGON

In the Matter of County Participation)	RESOLUTION
in Phase Two of the Community Integration)	
Project (Fairview downsizing))	89-198

WHEREAS the Board of County Commissioners believes that individuals with developmental disabilities are entitled to a full range of opportunities for community living, and

WHEREAS the Board of County Commissioners is committed to the process of reducing the size of Fairview Training Center and providing community living options for Fairview residents, and

WHEREAS Multnomah County has been a participant in past state/county efforts to place Fairview residents into neighborhood living options, and

WHEREAS the Board recognizes that the number of community providers available to accept additional Fairview residents has fallen to drastic levels and that recruitment of new providers has become increasingly difficult, and

WHEREAS the Executive Department of the State of Oregon has reported that the inadequacy of wages paid to direct care staff employed by these providers is a critical element in recruiting new providers and retaining those now in economic crisis, and

WHEREAS the State has been unable to assure the Board that sufficient monies will be made available to improve the wage base for these direct care staff, and

WHEREAS other critical elements of a successful community system remain unaddressed to date by the State, and

WHEREAS Multnomah County would be willing to continue its commitment to a joint state-county effort to expand community options but is unwilling to be a participant in destabilizing the community service system,

NOW, THEREFORE BE IT RESOLVED THAT:

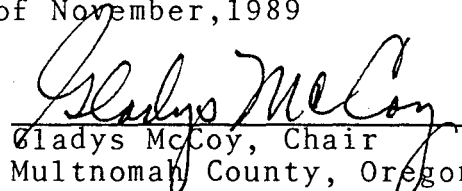

Multnomah County declines to participate in Phase Two of the Community Integration Project until the following conditions are satisfactorily addressed by the State of Oregon:

1. Residential direct care staff salaries must be increased to an adequate level of both wages and fringe benefits.
2. Professional resources to provide basic medical care, occupational and physical therapy, dentistry, and consultation must be expanded in the community.
3. Funds must be provided for psychiatric services beyond what is currently covered by the Medicaid program.
4. Case management funds already budgeted must be advanced to the County so that sufficient staff may be hired to plan for and serve the increased number of clients.
5. Subcontractor administrative support must be increased.

BE IT FURTHER RESOLVED THAT:

The Board of County Commissioners is prepared to join with advocates, providers, and others to urge the State Department of Human Resources to make available sufficient resources to meet the above conditions and, if necessary, will support the Department of Human Resources before the Emergency Board in seeking these resources.

MULTNOMAH COUNCIL ON CHEMICAL DEPENDENCY SUPPLEMENTAL QUESTIONNAIRE

Thank you for your interest in the Multnomah Council on Chemical Dependency (MCCD). Please complete this supplemental questionnaire. Your responses will be shared with other MCCD members as background information to assist them to know you better. Return the questionnaire to:

Multnomah County Alcohol and Drug Program Office
426 SW Stark, 6th Floor
Portland, Oregon 97204

NAME: Sgt. C. Groupe, CAD

Personal or professional interest in alcohol and drug issues:

I Am 7 years into recovery from chemical dependency. As an Active chemical dependent I received services from public sector Agencies and so have the perspective of a veteran of these programs. As chemical dependency professional I have worked in public sector programs, although I am now in the private sector. As a concerned citizen I want to work co-operatively with others to see that our community provides quality services to those who need them.

Current Occupation:

Clinical Supervisor of Downtown Recovery, the chemical dependency treatment unit at Medical Center Hospital, in Downtown Portland.

Recent Employment:

I have been employed by Downtown Recovery since January, 1989. I was employed by Harmony House, Inc, a publically funded A&D treatment program for 5 yrs. prior to January, 1989.

Organizational affiliations:

ALMACA/EAPA, ATA, ACCBO. Prior involvement with the Public
Intebriate Service Network

Community/volunteer involvement:

I am pursuing engagements at Area churches, community centers, etc,
speaking on Alcohol/drug issues, spiritual issues and interpersonal
relationships.

Educational background:

Achieved unconditional Oregon CADIC April 1, 1988 following several
years of Academic and independent studies on the nature, depth and
scope of Alcohol and drug problems. Ongoing education and skill enhancement
through CIAS, PCC, and Area seminars and workshops.

What skills and/or knowledge do you offer to the MCCD?

I bring the perspective of one who has been involved in public sector A&D services
as both client and provider. I have an understanding of the needs of the
population served. I am an A&D professional with a wide range of knowledge
and experience in the field. I work co-operatively with others, have good
organizational skills, and a commitment to making a difference.

What expectations do you have of MCCD?

I expect to be involved with a group which is dynamic and committed to
planning an array of quality services which will positively impact the
community. I expect us to be innovative, creative and resourceful.

What skills and/or knowledge do you offer to the MCCD?

LABOR MARKET / EMPLOYMENT INFO.

What expectations do you have of MCCD?

I would have to be honest in saying that I know very little about DRUG & ALCOHOL DEPENDENCY. I am an ADULT CHILD of an ALCOHOLIC PARENT & would hope that this affiliation would give me a greater understanding of the problems facing both those "dependent" & the community. Several of my co-workers that work with this target group have attended various work-shops on these issues. AND I have always had the desire to be included in these "learning experiences."

What skills and/or knowledge do you offer to the MCCD?

Family and occupationally experienced with alcohol abuse.
Family and occupationally experienced with drug abuse.
Trained in psychological and sociological theories relative to substance abusers.

What expectations do you have of MCCD?

Despite a plethora of theories as to cause and treatment of substance abuse, we have no definitive knowledge of cause or clinical treatment. Consequently the short term approach must be educationally oriented to curtail increased use while processing the problems (damage control) caused by abuse. MCCD can be most effective by identifying and facilitating

[10042] FUNDING for programs that provide this education and damage control.

Between

MULTNOMAH COUNTY, OREGON

and

MULTNOMAH COUNTY CORRECTIONS OFFICERS ASSOCIATION

ARTICLE 1

PREAMBLE

This Agreement is entered into by Multnomah County, Oregon, hereinafter referred to as "the County", the Multnomah County Sheriff, hereinafter referred to as the "Sheriff," and the Multnomah County Corrections Officers Association, hereinafter referred to as "the Association."

The purpose of this Agreement is to set forth those matters pertaining to rates of pay, hours of work, fringe benefits, and other matters pertaining to employment, consistent with the parties' objective of providing ever improving services to the people of Multnomah County that can be characterized as fair, economical and beneficial to the quality of life in this community.

ARTICLE 2

DEFINITIONS

A. For purposes of this Agreement, "probationary employee" means a permanent employee serving a twelve (12) month period to determine his or her suitability for continued employment. Probationary employees shall be included within the bargaining unit except that they shall have no rights under the grievance mechanism for purposes of discipline or discharge. Such probationary period shall begin on the date of appointment from a list certified by the Employee Relations Division. During the period of probation, the employee may be dismissed without cause. When a temporary employee becomes a permanent employee, time spent in temporary status shall apply to the probationary period, provided that the job classification is the same, the job responsibility is substantially the same, and there is no break in service.

B. For purposes of this Agreement, "supervisor" or "supervisory employee" is defined in ORS 243.650 - 243.782 means an individual having authority in the interest of the employer to hire, transfer, suspend, layoff, recall, promote, discharge, assign, reward, or discipline other employees, or having responsibility to direct them, or to

adjust their grievances, or effectively to recommend such action, if in connection therewith, the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment.

C. For purposes of this Agreement, "permanent employee" means an employee who following an examination process is appointed from a list of eligibles certified by the Employee Relations Division to fill a budgeted position; provided that a permanent employee shall retain such status upon temporary or permanent transfer, promotion, or demotion.

D. For purposes of this Agreement, "temporary employee" is any non-permanent employee who has worked less than six (6) months.

E. For purposes of this Agreement, "day" as used in this Agreement shall mean calendar days unless otherwise specified.

ARTICLE 3

RECOGNITION

The County recognizes the Association as the exclusive representative for the purpose of establishing wages, hours and conditions of employment for the Corrections Officers' bargaining unit. The parties recognize that the unit was certified October 11, 1984, by the Employment Relations Board as being composed of all permanent, non-supervisory Corrections Officers in the Multnomah County classified service (Corrections Officer and Correction Officer Supervisor (Sergeant)) excluding Program Manager Corrections (ranks of Lieutenant and above) and temporary employees (i.e., employees not appointed pursuant to Multnomah County Code 3.10 from a certified list of eligibles and who have served less than six (6) months). "Supervisory employee" as used above shall be defined in ORS 243.650.

The positions covered by this Agreement are listed in Addendum A attached hereto and made a part hereof.

ARTICLE 4

MANAGEMENT'S RIGHTS

The County shall retain the exclusive right to exercise the customary functions of management including, but not limited to, directing the activities of the Division, determining the levels of service and methods of operation and the introduction of new equipment; the right to hire, layoff, transfer and promote; to discipline or discharge for just cause, to determine work schedules and assign work and any other such rights, insofar as these rights do not affect the meaning, interpretation or application of any other terms of this agreement. The County, in exercising the above mentioned functions, will not discriminate against any employee because of his membership in the Association. Management rights, except where abridged by specific provisions of this agreement, or general law, are not subject to the grievance procedure.

ARTICLE 5

ASSOCIATION SECURITY

Employees shall have the right to self-organize, to form, join or assist labor organizations or to refrain therefrom, to bargain collectively through representatives of their own choosing, and there shall be no discrimination exercised against any employee covered by this Agreement because of his/her membership or Association activities or because he refrains therefrom. The Association shall have the duty to fairly represent all members of the bargaining unit, whether or not they are Association members.

ARTICLE 6

CHECK OFF

The County agrees to deduct once each pay period from the pay of employees covered by this Agreement as applicable:

1. The Association membership dues of those Association members who individually request such deductions in writing on the form attached hereto as Addendum B;

2. A service fee, in lieu of dues, from any employee who is a member of the bargaining unit and who has not joined the Association within thirty (30) days of this Agreement or within thirty (30) days of becoming an employee, whichever date is later.

3. The Association expressly agrees that it will safeguard the rights of non-association of employees, based upon bona fide religious tenets or teachings of a church or religious body of which such employee is a member and as to any such employee such sums paid by such employee equivalent to regular Union dues, the aforesaid in-lieu-of-dues payment shall be paid to a non-religious charity mutually agreed upon by the employee making such payment and the Association, or in lieu thereof, the employee shall request

that such in-lieu-of-dues payment not be deducted and shall make such payment to a charity as heretofore stated and shall furnish written proof to the Association and the County, when requested, that this has been done.

4. The Association expressly agrees that no funds derived from the in-lieu-of-dues payment shall be expended for political purposes by the Association.

The amount of service fee shall be set at the amount of dues generally deducted.

The aggregate deduction of all employees for dues checked off and service fees shall be remitted each pay period to the Association.

5. The County agrees to furnish the Association each month a listing of all new employees hired into the bargaining unit during the month and of all employees who terminated during the month. Such listing shall contain the names of the employees, along with their job description, work locations and home addresses.

ARTICLE 7

NO STRIKE AND NO LOCKOUT

No employee covered by this Agreement shall engage in any work stoppage, slow-down, picketing (except informational picketing), or strike at any County facility or at any location where bargaining unit work is required during the life and duration of this Agreement. If any such work stoppage, slow-down, picketing, or strike shall take place, the Association will immediately notify such employees so engaging in such activities to cease and desist.

Employees in the bargaining unit, while acting in the course of their regular employment, shall not refuse to cross any picket line established by any labor organization when called upon to cross such picket line in the line of duty. It is understood, however, that no employee shall be disciplined or discharged for refusal to cross a picket line for the purpose of performing work which does not properly fall within the scope and jurisdiction of this Association, and the job duties normally performed by members of this bargaining unit. Any employee engaging in any activity in violation of this Article may be subject to immediate disciplinary action including discharge. Such discipline

shall require written notification before the action is taken and afford the employee an opportunity for an informal meeting with the appointing authority to discuss the proposed disciplinary action. There will be no lockout of employees in the unit by the County as a consequence of any dispute during the life and duration of this Agreement.

ARTICLE 8

HOLIDAYS

1. Holidays and Holiday Pay.

Any day the President and/or Governor of Oregon declares a holiday for all public and private sector employees shall be recognized and observed as a paid holiday. In lieu of any other specific, recognized or observed holidays, each employee shall be credited with eleven (11) personal holidays per year at the commencement of each fiscal year and the employee shall receive one (1) day's pay at the straight time rate for each of the holidays selected on which he performs no work. It is understood that one of these personal holidays is in recognition and celebration of the contribution of Martin Luther King to the people of the United States. An employee hired subsequent to July 1 of a fiscal year shall be credited with 7.33 hours of personal holiday time for each full month remaining in the fiscal year.

If any employee is scheduled to work New Year's Day, Independence Day, Thanksgiving Day or Christmas Day and still has remaining personal holidays, such work day may be designated as a personal holiday and worked at the holiday

overtime rate of two and one-half (2-1/2) times the regular rate, or an employee may opt to be paid one and one-half (1 1/2) times the regular rate and be granted an additional personal holiday.

2. Taking of Holidays.

Employees shall be allowed to use the personal holidays singly or consecutively and they may be used in conjunction with regularly scheduled vacations. An employee may use personal holidays with 24 hours' notice or a shift commander's or designee's approval if there is a vacant slot on the vacation/personal holiday sign-up calendar. Approval shall be on a first-come first-serve basis.

3. Scheduling.

Employees may schedule the use of personal holidays by the same procedure employed for scheduling of vacation times, and the application of seniority shall apply on the same basis as it applies to vacation scheduling. However, if the right of seniority in selection of personal holidays is not employed at the same time as selection of vacation times, then the right of selection by seniority is waived. In any event, the County will make good faith efforts to assure availability of relief personnel whenever an employee gives the County at least ten (10) days advance written notice of a desired personal holiday time.

An employee may cancel a previously scheduled personal holiday with twenty (20) days' advance written notice to the employer, or with fewer days' advanced notice if the employer consents in writing. The employer may cancel a previously scheduled personal holiday only in case of a bona fide emergency. In such emergency, no prior notice is required. Cancellation of personal holidays scheduled through use of annual vacation sign-up procedures shall be governed exclusively by Article 9, Section 3.

4. Unused Holidays.

Personal holidays do not accrue on the same basis as vacations. Personal holidays which have not been used by June 30 of the fiscal year shall be paid off at the rate of overtime (1 1/2 pay) for each unused holiday, that was requested but not granted, except New Year's Day, Independence Day, Thanksgiving Day or Christmas Day. Unused holidays which were not requested shall be paid off at the straight time rate.

In the event of termination by resignation, lay-off, or discharge, holiday time will be compensated at the rate of 7.33 hours of straight time pay for each month worked during the current fiscal year, less the total hours of any personal holidays taken. Employees will not accrue personal holidays during a leave of absence without pay.

ARTICLE 9
VACATION LEAVE

1. Accrual.

Employees shall accrue vacation time in accordance with the following schedule:

- a. Less than five (5) years service, 3.08 hours per bi-weekly pay period of service, cumulative to two hundred (200) hours. After one (1) year of service, an employee shall be entitled to two (2) weeks (i.e., eighty (80) hours) vacation.
- b. Five (5) years, but less than ten (10) years of service, 4.62 hours per bi-weekly pay period cumulative to two hundred forty (240) hours; and shall be entitled to three (3) weeks (i.e., one hundred twenty (120) hours) vacation.
- c. Ten (10) years, but less than twenty (20) years of service, 6.15 hours per bi-weekly pay period cumulative to three hundred twenty (320) hours; and shall be entitled to four (4) weeks (i.e., one hundred sixty (160) hours) vacation.

d. Twenty (20) or more years service, 7.69 hours per bi-weekly pay period of service, cumulative to three hundred twenty (320); and shall be entitled to five (5) weeks (i.e., two hundred (200) hours) vacation.

2. Vacation Times.

Employees shall be permitted to choose either a split or entire vacation. Vacation times shall be scheduled by the County according to classification, based primarily on the needs of efficient operations and the availability of vacation relief. Employees shall have the right to determine vacation times by a semi-annual sign-up, but in any case, vacation times shall be selected on the basis of seniority. Seniority shall be exercised only once a year and only to the extent of his annual accrual.

Sign-up for vacation shall be in forty (40) hour increments with preference towards periods of days that mesh with or are contiguous to each employee's work week or weekend. Thus, an employee whose normal days off are Tuesday and Wednesday should attempt to schedule his vacation to commence on a Thursday and end on a Monday.

3. Change of Scheduled Vacation.

Once a vacation has been scheduled, neither the employer nor the employee may change the scheduled vacation without first giving forty-five (45) days' notice to the other party of the change, except by mutual consent. This provision is not applicable to: (1) emergencies, or (2) situations where the employee has voluntarily transferred or has received a promotion since the vacation was scheduled. In situations where an employee has been involuntarily transferred, any vacation scheduled prior to the transfer shall not be changed.

4. Termination or Death.

After six (6) months of service, upon the termination of an employee for any reason, or in the event of the death of an employee, all accumulated vacation shall be paid either to the employee or his heirs, whichever the case may be.

5. Accrual During Leave.

Vacation leave shall not accrue during a leave of absence without pay which exceeds thirty (30) calendar days.

ARTICLE 10

SICK LEAVE

1. Accrual.

Employees shall accrue sick leave at the rate of 3.69 hours for each bi-weekly pay period worked, to be used in the event of his or her illness or illness of a member of his or her immediate household. Sick leave may be accrued on an unlimited basis.

Absence due to sickness in excess of three (3) days must be verified by a physician's certificate at the request of the County.

2. Bereavement Leave.

In addition to regular sick leave, an employee shall be granted not more than three (3) days' leave of absence with payment at the regular rate of pay for working time missed during such three (3) day period in the event of death in the immediate family of the employee. Such leave with pay shall be for the purpose of making household adjustments or to attend funeral services.

3. Immediate Family.

For purposes of the immediately preceding paragraph only, an employee's immediate family shall be

defined as spouse, parents, children, grandchildren, brother, sister, grandparents, father-in-law, mother-in-law, sister-in-law, or brother-in-law. In the event of death involving relationships other than those set forth above, under exceptional circumstances, a leave of absence may be granted by the Sheriff upon request.

4. Reporting of Sick Leave.

Any employee who must be absent due to illness shall notify the supervisor on duty as early as possible but no later than one (1) hour before the beginning of his or her shift. Failure to so report may result in loss of pay for the day involved.

5. Maternity Sick Leave.

The use of sick leave during pregnancy shall be subject to the same standard as any other illness or injury under the terms of this Article except as provided by Section 8 of this Article (Parental Sick Leave).

6. Other Sick Leave Provisions.

a. Used sick leave shall be charged on the basis of forty (40) hours per week, or:

- (1) ten (10) hours per day for four (4) day work week employees, or
- (2) eight (8) hours per day for five (5) day work week employees.

b. Sick leave charges in excess of accrued sick leave credits may be charged against earned and available annual leave or leave without pay at the employee's option. Leaves without pay shall be subject to the approval of management.

c. Sick leave shall be charged to the nearest full hour.

7. Sick Leave In Application to Final Average Salary.

In accordance with the terms of ORS 237.153, accumulated unused sick leave will be applied to final average salary.

8. Parental Sick Leave.

During the term of a parental leave mandated by Oregon Law, the employee on such leave may use accumulated sick leave up to twelve (12) weeks following birth or adoption of a child. The leave may extend for the full twelve (12) weeks regardless of parental leave taken by the other parent.

ARTICLE 11

OTHER LEAVES

1. Leave of Absence.

Consistent with the needs of the County, leaves of absence without pay for a limited period, not to exceed one hundred eighty (180) days, shall be granted for any reasonable purpose and such leaves may be renewed or extended for any reasonable period.

Any employee who has been granted a leave of absence without pay and who for any reason fails to return to work within five (5) days after the expiration of said leave of absence shall be considered as having resigned his position with the County, and his position shall thereupon be declared vacated, except and unless the employee prior to the expiration of his leave of absence has made application for and has been granted an extension of said leave, or has furnished evidence that he or she was unable to apply for an extension of such leave by reasons of sickness, or physical disability, or physical impossibility of compliance.

2. Jury Duty.

Employees shall be granted leave with full pay in lieu of jury fees any time they are required to report for jury duty and be absent from work on that day. Any employee required to attend jury duty shall be considered as a day shift employee with a schedule of Saturday and Sunday off without loss of shift differential for the employee's regularly assigned shift.

3. Voting Time.

Employees shall be granted two (2) hours to vote on any election day if due to shift scheduling they would not be able to vote.

4. Association Business.

a. Members of the Association selected by the Association to participate in Association activity shall be granted a leave of absence without pay at the request of the Association subject to availability of relief personnel.

b. The Association negotiating team may be comprised of not more than seven (7) members of which up to three (3) may attend negotiating sessions without loss of pay. The Association shall notify the Chief of

Corrections of the selected members not less than seven (7) days in advance of each negotiating session. The three (3) designated members shall be scheduled on day shift for the date scheduled for a negotiating session.

5. Educational Leave.

After completing one (1) year of service, an employee upon request may be granted a leave of absence without pay for educational purposes at an accredited school when it is related to his employment. The period of such leave of absence shall not exceed one (1) year, but it may be renewed or extended upon the request of the employee when necessary.

One (1) year leaves of absence for educational purposes, including any requested extension, may not be granted more than once in any three (3) year period.

Employees may also be granted leaves of absence with or without pay for educational purposes for reasonable lengths of time to attend conferences, seminars, briefing sessions or other functions of a similar nature that are intended to improve or upgrade the individual's skill or professional ability, provided it does not interfere with the operation of the County.

6. Tuition Reimbursement.

The tuition reimbursement policy as set forth in the County's Board Order dated November 21, 1978, will be continued.

7. Military Leave.

Employees who have served with the County for six (6) months or more immediately preceding an application for military leave, and who are members of the Armed Forces of the United States, are entitled to a leave of absence with pay from their duties for a period not exceeding fifteen (15) calendar days or eleven (11) work days in any calendar year. Employees will be granted a leave of absence without pay for any additional time needed for the purpose of discharging their obligation of annual active duty for training in the military reserve or National Guard.

ARTICLE 12

HEALTH AND WELFARE

1. Medical-Hospital.

The County agrees to contribute monthly on behalf of each eligible employee the entire monthly premium for "C" coverage benefits under the Kaiser Foundation Health Plan of Oregon, or to provide at no cost to the employee a plan of benefits including vision care as set forth in the ODS ASO Agreement currently in effect and incorporated herein by reference. Parties acknowledge that not later than two weeks from the date of ratification of this agreement by the Board of County Commissioners, the current plan of benefits shall be replaced by the same County "Comprehensive" plan of benefits as was implemented September 1, 1988 for members of the County's Oregon Nurses Association bargaining unit under the ODS (formerly Blue Cross) ASO Agreement.

Coverage shall include the employee and his or her immediate family, i.e., wife/husband and eligible dependent children.

2. Dental Plan.

The County agrees to contribute monthly on behalf of each eligible employee the entire monthly premium for the group dental service program "DNT 2" offered by the Kaiser Foundation Health Plan of Oregon, or to provide at no cost to the employee a plan of benefits as set forth in the ODS ASO Agreement currently in effect and incorporated herein by reference. Coverage shall include the employee and his or her immediate family, i.e., wife/husband and eligible dependent children.

3. Vision Care.

The County agrees to provide a Vision Care Program through ODS with the same benefits as provided during FY 1988-89 under the Blue Cross Vision Care Program Plan 2, for each eligible employee and family member/dependent enrolled in the ODS Medical Plan.

4. Eligible Employees.

Employees shall be eligible for medical-hospital coverage on the first day of the month following the month of employment. Employees shall be eligible for the dental plan on the first day of the month following six (6) full months of employment.

5. Successor Plans or Carriers

The County may change the above insurance plans or carriers subject to the following terms and limitations:

a. If the County chooses to change from a plan or carrier which is still available, the County agrees that the overall existing level of benefits for each such plan will not be reduced.

b. In the event that any of the above insurance plans are no longer available, the County agrees to provide to affected employees a substitute plan for the same service delivery type, if available, at substantially the same or better benefit levels. If a plan or carrier is discontinued and no substitute plan is available of the same service delivery type, the employee will be offered the option to enroll in an alternative service delivery plan subject to carrier approval. If such enrollment is delayed, the employee will be reimbursed for each month of missed coverage in the amount of the monthly payment normally made to Kaiser for the missed form of coverage.

6. Health Plan Benefit Provisions.

Both the County and the Association recognize that the increase in cost of health care significantly exceeds the increase in cost for other goods and services. To further explore this issue the County and the Association jointly agree to explore the creation of a joint Health and Welfare Trust, or other joint Health and Welfare Committee, for the purpose of providing all County employees with medical, dental, life and such other benefits as may be agreed upon. No trust shall be established or the product of a joint Health and Welfare Committee implemented in application to this Bargaining Unit without agreement by the Association to the specific Trust Proposal or committee recommended package, except as allowable under Section 5., above.

7. Life Insurance.

The County agrees to provide each employee covered by this Agreement with term life insurance in the amount of twenty thousand dollars (\$20,000), with a double indemnity provision; PROVIDED, that not later than two (2) weeks following ratification of this Agreement by the

Board of County Commissioners, the principal amount of said term life insurance shall be increased by ten thousand dollars (\$10,000), for a total of thirty thousand dollars (\$30,000). Retirees of the Public Employees Retirement System will be provided with two thousand (\$2,000) term life insurance coverage during the period of time they receive pension benefits. Employees will designate their beneficiaries. Employees, at their option, may purchase from the same life insurance carrier supplemental term life insurance by payroll deduction with premiums varying according to age of the employee. Insured employees will be provided a certificate evidencing such insurance.

8. Physical Examination.

Each employee shall, at the option and request of the County as a condition of continued employment, submit to a physical examination by a physician selected by the County with all costs for such examination being borne by the County. Such employee shall authorize the examining physician to forward a copy

of the report to the Sheriff's Personnel Office as well as to the employee examined. Such physical examination shall not be mandatory for each employee more than once in each fiscal year.

9. Defense and Indemnification.

The County shall defend and indemnify employees covered by this Agreement against all claims and judgments incurred in or rising out of the performance of their official duties.

10. Retiree Medical Insurance.

Retirees from this bargaining unit shall be eligible to participate in the County's medical plan as long as they pay the full premium amount subject to the same other terms and limitations as currently apply to members of the MCDSA bargaining unit.

11. Long-Term Disability Insurance.

The employer shall purchase on behalf of each employee a long-term disability insurance policy. The policy shall provide benefits identical to those provided under the group long-term disability policy 604829 dated September 1, 1988, for Multnomah County issued by Standard Insurance Company; except that the

elimination period shall be ninety (90) days. The employer shall provide the benefit effective no later than two weeks from the date of ratification of this agreement by the County Commissioners.

12. Prescription Drug Rider/Kaiser.

The employer shall pay the full cost of adding a five dollar (\$5.00) co-pay prescription drug plan for employees participating in the Kaiser Medical Plan. This benefit will be retroactive to July 1, 1989. Employees who have incurred covered expenses from July 1, 1989 to the date they receive the drug card from Kaiser will be reimbursed. Reimbursement will be based on Kaisers records of covered prescriptions purchased by the employee or covered dependents. The County will provide the carrier with a complete list of employees covered by Kaiser. Reimbursement will be completed within 90 days following Board ratification of this agreement.

ARTICLE 13

WORKERS' COMPENSATION

1. The County shall provide to all members of the bargaining unit full coverage as required pursuant to the provisions of the Oregon Workers' Compensation Act.

2. The period of time that an employee is off the job and unable to work by reason of a disability compensable under the Workers' Compensation Law shall not interrupt his or her continued period of employment with reference to accrual of seniority or retirement vesting rights unless the employee's doctor, the State Workers' Compensation Department or Board (or its successor) or the employee certifies to the County in writing that the employee will be permanently disabled to such an extent that he or she will be unable to return to the County and fully perform the duties of the position he or she last occupied. In such event the employee's status shall be governed exclusively by applicable State statutes related to re-employment and non-discrimination.

3. The County shall supplement the amount of statutory benefits received by the employee for temporary

disability due to occupational injury, illness or disease in an amount which, coupled with Workers' Compensation payments, will insure the disabled employee the equivalent of 100% of his or her bi-weekly net take-home pay, subject to the following conditions:

a. Supplemental benefits shall only be payable for those days compensated by Workers' Compensation time loss on an approved claim.

b. To the extent not compensated by Workers' Compensation benefits, the first day of occupational disability shall be compensated as time worked.

c. To the extent not compensated by Workers' Compensation benefits, the day following the first day of occupational disability and the next succeeding day shall be compensated as time worked if such days would have been work days.

d. The employee will receive supplemental payments for each day of absence for which he/she receives Workers' Compensation time loss payments.

e. If the absence due to disability is for a period of thirty (30) days or more, the County may require a physician's statement, arranged for, by and at the County's expense, setting forth the disability, current conditions, and anticipated length of continued absence. Based upon the physician's statement and the specific circumstances surrounding the nature of continued disability, it shall be within the sole and exclusive discretion of the Sheriff, or his designee(s), whether or not to provide any continued supplemental benefits or PERS Continuation. However, revocation of supplemental benefits or benefits under the PERS Continuation Program provided under this Article shall not be arbitrary or capricious.

4. If the County or its agent denies the claim or if the employee accepts a compromise settlement of a disputed claim, the employee's absence from work shall, to the extent not compensated as time loss by the County, be paid from and charged against his or her sick leave. However, if a denied claim is subsequently accepted or reversed, sick leave will not be charged for the amount of compensated time loss.

5. Nothing in this Article may be construed to permit borrowing of sick leave not accrued by and available to the employee.

6. The County shall continue to provide medical and dental benefits as provided by Article 12 from the first day of occupational disability throughout the period the employee receives supplemental benefits or benefits under the PERS Continuation Program.

7. The County and the employee shall continue to make retirement contributions, including employee "pick-up", based upon the appropriate percentage of supplemental benefits paid, throughout the period that the employee receives such benefits.

8. The employee shall receive his or her supplemental benefits for a given pay period on the regular payday for that period.

9. The probationary period may be extended for a period equal to the time off work due to a compensable injury provided that the total probationary period excluding time off does not exceed twelve (12) months.

10. PERS Continuation Program.

An employee with ten or more years' seniority can elect to participate in the PERS Continuation Program. This Program is in lieu of Supplemental Benefits.

a. Written Election

Eligible employees who wish to participate in the PERS Continuation Program shall sign an election form and present it to the Multnomah County Finance Division, Payroll Office. A copy of the election form is attached as Addendum "D" of this Agreement.

b. Benefits

The employee will receive 100% of his or her regular straight time salary retroactive to and including the first day of the pay period in which the election is made. The County will also make full PERS contributions, including employee "pick-up," for the same time period. However, the County is not required to pay these benefits for days the employee receives regular salary under Section 13 (3) of this Article. In addition, these benefits shall only be payable for those days

compensated by Workers' Compensation time loss on an approved claim. If an award of retroactive benefits is made on an approved claim, the employee may elect to participate in the PERS Continuation Program at the time the decision to award benefits is made. The effective date of the election will be retroactive to the earliest date for which the employee receives retroactive Workers' Compensation benefits. If an employee elects to participate in the Program but his or her claim is not approved, the election will be void and the employee will be entitled to exercise the election on another occasion. However, because the election stays in effect for three (3) continuous years from the first date for which the employee actually receives PERS Continuation Benefits under this program, a Workers' Compensation claim denial after the employee has received PERS Continuation benefits under this program does not void the election or create a new election opportunity.

c. Duties of Participating Employees

(1) The employee must reimburse the County for an amount equal to the Workers' Compensation benefits received. The

employee electing to participate in this program is not entitled to keep both wages and the Workers' Compensation benefits.

(2) The employee must pay the County an amount equal to the Workers' Compensation benefit received within seven (7) days of receiving his Workers' Compensation benefit check. The employee is responsible to make sure that the County actually receives the payment within the seven (7) day period. Thus, the employee must either hand-deliver a check to Multnomah County Finance Division on or before the seventh (7th) day, or make sure that the payment is actually received by the Finance Division by mail no later than the seventh (7th) day. Receipt means actual receipt of the check. An employee who fails to make timely delivery will owe collection fees and may owe penalties as described below, unless they are waived by the County.

d. (1) Delinquency

An employee who fails to pay the County as required above is considered delinquent. Employees who are delinquent may be required to pay penalties and fees. These penalties and fees can accumulate up to twice the amount of the delinquent Workers' Compensation equivalent payment.

(2) County Duty to Notify Employee

When an employee is delinquent, the County shall notify the employee of the delinquency in writing. Notice shall be sent by certified mail. The notice shall include the date on which the payment became delinquent, and the principal amount owed and penalties accruing, and how the employee can cure the delinquency. The notice shall also inform the employee of the right to appeal the amount of any collection fee or penalty.

(3) Collection Fees for Late Payments

In addition to the missed payment, the delinquent employee is required to pay the County a fifty dollar (\$50) collection fee. The County is also entitled to collect a delinquency penalty for each day of late payment after the employee receives notice of delinquency. This daily fee shall equal one percent (1%) of the Workers' Compensation benefit received by the employee for that pay period. For example, an employee who repays an eight hundred dollar (\$800) delinquency within one week after receipt of the notice of delinquency will be assessed fees and penalty of one hundred six dollars (\$106) (fifty dollars (\$50) collection fee plus fifty-six dollars (\$56) in delinquency penalties). If an employee repays the delinquency prior to receipt of the notice of delinquency, the employee will be assessed only the fifty dollars (\$50) collection fee.

(4) The amounts owed by the employee can accumulate to an amount no more than twice the amount of the delinquent time loss equivalent payment. Employees who are physically or mentally disabled to such an extent that they cannot perform repayment obligations will not be assessed penalties during the period of such incapacity. In addition, an employee who has never in fact cashed the Workers' Compensation benefit check and who returns the check to the County shall not be assessed a daily delinquency penalty. These exceptions shall be enforceable through the grievance procedure.

(5) Request for Penalty Waiver

A delinquent employee may request waiver of a delinquency penalty or collection fee. The request shall be in writing to the Director of the County's Finance Division. The request shall state the reasons for the late payment. The

request must be made within ten (10) days after the delinquent payment is made, or ten (10) days after receipt of notice of delinquency, whichever is earlier. The Director shall have the discretion to waive or reduce the fee or penalty imposed.

An employee wishing to request a waiver must first pay the underlying debt and the collection fee. If the employee's request is denied, the employee must then pay the fees owed within seven (7) days of the receipt of the Director's decision. The Director's decision on the request shall be sent in writing to the employee by certified mail. The Director's decision shall be final.

e. Length of Coverage.

An employee may choose to be covered under the PERS Continuation Program only once for the employee's entire career as a Corrections Officer with Multnomah County. Once selected, the election shall

continue for three continuous years from the effective date of the election. The eligible employee is entitled to receive benefits under the program for the entirety or for any portion of the election period for any compensable claims.

ARTICLE 14

SENIORITY AND LAYOFF

1. Definition of Seniority.

Seniority shall be determined as follows:

- a. Total length of unbroken service within job classification; if a tie occurs, then
- b. Total length of unbroken service within the bargaining unit; if a tie occurs, then
- c. Total length of unbroken service with the Division of Corrections; if a tie occurs, then
- d. Total length of unbroken service with the County; if a tie occurs, then
- e. Score on the Civil Service examination; if a tie occurs, then
- f. Filing date of the application.

2. Computation of Seniority.

- a. Seniority through and including
June 30, 1989

Seniority for time served prior to July 1, 1989 shall be in accordance with Addendum "C", which by this reference is incorporated herein, and in the

event of bumping or voluntary demotion to a vacancy in lieu of layoff, in accordance with Section B. (6) below.

Nothing contained in Addendum "C" shall affect already determined dates of probationary service.

b. Seniority for time served subsequent to July 1, 1989

Seniority for time served subsequent to July 1, 1989 shall be in accordance with the following rules:

(1) Time on authorized leave taken with pay will be counted.

(2) Time spent on a leave of absence without pay which exceeds thirty (30) days will not count.

(3) Time spent in a trainee capacity (e.g., CETA, or Intern Programs) will not be included.

(4) At the time of initial hire in a permanent capacity, temporary time served which counts toward the probationary period as provided in Article 2.A. shall also count toward seniority.

(5) Time spent in a classification in previous government service will be included if the employee transferred in accordance with ORS 236.610 through 236.650.

(6) An employee who transfers to a lower classification in the promotional line within the bargaining unit will be understood, for purposes of these guidelines, as having accrued seniority in their present classification plus the seniority accrued in the higher classifications held by them prior to their transfer.

(7) Time spent on layoff will not be included.

(8) Service is "broken" for purposes of this Article by discharge, voluntary quit from employment with Multnomah County, promotion or transfer out of the bargaining unit except as specifically provided in Subsections 3.B.(2) d. iv. and 3.B.(2) d. v., below, or expiration of the layoff list.

3. Application of Seniority.

A. Retirement.

It is understood that seniority dates as established in this Agreement do not apply to retirement benefit calculations.

B. Layoff and Bumping.

(1) The Basic Layoff Rule.

Reductions in force are to be identified by classification. Employees holding positions shall be subject to transfer, demotion, or layoff options in inverse order of seniority.

(2) Bumping.

a. Definitions.

i. Bumping.

The replacement of an employee with less seniority by an employee with more seniority.

ii. Promotional Line.

A "promotional line" refers to a series in which the higher classification requires service in the lower classification as a prerequisite. The following

promotional line is recognized for the purposes of the layoff provisions of this Agreement: Corrections Officer, Corrections Supervisor (Sergeant).

iii. Classification previously held.

A "classification previously held" refers to a classification in which the employee served as a regular employee.

b. Bumping employees in the same classifications.

If no vacancy exists, the employee may bump an employee with less seniority.

c. Bumping employees in a lower classification.

An employee who is subject to layoff may transfer to a lower classification in the same promotional line, or to a classification previously held, if (1) a vacancy exists, or (2) if no vacancy exists, the employee has more seniority than the employee in the lower

classification. For purposes of this subsection seniority includes unbroken service accumulated in both the higher and lower classifications in accordance with 3.B.(2) a. ii. above.

d. Special employee categories.

i. Employees without permanent status.

Within a classification, temporary and other employees who do not have permanent status will be laid off before employees with permanent status, will not be placed on layoff lists, and do not have bumping rights. The order of layoff of temporary employees shall be governed solely by the Sheriff's judgment.

ii. Permanent employees on temporary appointment.

A person who had acquired permanent, non-probationary status in a classification and who

subsequently is given a temporary appointment shall be entitled to reappointment in his former classification under the guidelines of this procedure.

iii. Probationary employees.

Time spent on layoff will not count toward the probationary period.

iv. Trial service period.

The trial service period shall not exceed one (1) year. An employee who has not completed a trial service period following promotion and is laid off or terminated for non-disciplinary reasons shall be afforded bumping rights to the classification previously held prior to promotion according to seniority. Time served in the higher classification shall be deemed service in the

classification previously held. For purposes only of this subsection, the first year of service in an exempt Corrections Division classification shall be deemed a trial service period and time served shall be treated as in any other classification.

v. Exempt Corrections Division Employee.

An employee may be bumped by an exempt Corrections Division employee who was previously a member of the bargaining unit and who is demoted by reason of budgetary reorganization or pursuant to Multnomah County Code 3.10.110(c). In such event only time served in bargaining unit status shall be counted.

(3) Notification and Placement on the Layoff List.

a. Notice.

All employees who may be subject to layoff shall be given notice in writing at least fifteen (15) days prior to the day of expected layoff. Such notice shall stipulate the reason for layoff, advise that the layoff is for reasons not reflecting discredit on the employee, and inform the employee of any transfer or demotion option which the employee may possess under this Agreement. The Association shall also receive such notification.

b. Offer of Transfer or Demotion.

An employee who is subject to layoff and who is offered a transfer and/or demotional option will indicate a preference within five (5) days of receipt of notice. Failure to do so will be deemed as agreement to accept layoff status.

c. Placement on List.

The name of an employee who is laid off shall be placed on a layoff list by seniority for the classification which he last held and any other lower classification in the promotional line. An employee who

accepts a lateral transfer or elects to retire shall not be considered as having layoff status and shall not be placed on a layoff list. However, an employee who accepts a demotion shall be placed on a layoff list for the classification from which he was demoted.

d. Time in Layoff Status.

Employees are entitled to have their names remain on a layoff list for twenty four (24) months from the date of layoff or demotion in lieu of layoff. Employees will be removed from the layoff list only under the following circumstances:

i. Upon written request of the employee; or

ii. Upon election to take retirement status; or

iii. Upon acceptance of permanent reappointment from the layoff list; or

iv. Upon declining an offer of permanent reappointment; or

v. Upon failure to receive a response to a certified letter sent to the employee's last known address within fourteen (14) days of its having been mailed.

(4) Recall of Laid-Off Employees.

When a vacancy occurs in a classification for which a layoff list exists, the employees on the list shall be recalled in order of their seniority. Failure of the County to recall a laid-off employee will be permitted only when the manager submits clear justification in writing to the employee and the Association that re-employment would not be in the best interest of the County by reasons that the employee is no longer qualified for the position. The above justification shall be reviewed and processed in accordance with the rules governing dismissal for cause. All laid-off employees in a classification must be recalled before the County may fill a vacancy in the classification through the normal examination process.

C. Shifts and Days Off.

Whenever there is more than one (1) shift within the same job classification, employees shall, on an annual sign-up basis, indicate their preference of shift and days off according to their respective seniority. The Chief of Corrections will make shift assignments based on seniority preference to the extent that he determines they

are consistent and do not conflict with the needs of the Office of the Sheriff. Such determinations by the Chief of Corrections shall be reasonable.

4. Work assignment.

A. The County reserves the right to make work assignments; however, no assignment shall be for solely arbitrary or capricious reasons.

ARTICLE 15

HOURS OF WORK

1. Work Day.

A. The work day shall consist of eight (8) consecutive hours plus a fifteen (15) minute roll call security briefing.

B. Mandatory overtime at the end of (or prior to) the regular shift will be no longer than four (4) additional hours except in a bona fide emergency.

C. Employees shall be entitled to be paid for all time they are required to be on the job, or at the corrections facilities, including but not limited to the 15-minute roll call security briefing, and all other portions of their work shift. Nothing in this section shall be construed to prevent the employer from scheduling the 15-minute briefing period as part of the eight-hour work shift, but if the employer schedules it outside said shift, the employer shall compensate employees for the time outside the shift.

2. Work Week.

The work week shall consist of seven (7) days, during which each employee will be scheduled to work five (5) consecutive days with two (2) consecutive days off.

Except for the fifteen (15) minute briefing period, any work in excess of forty (40) hours within a work week shall be subject to the payment of overtime, per Article 16.

3. Time Off between Shifts.

No employee shall be required to work more than one (1) shift with seven (7) hours and forty-five (45) minutes or less off, between shifts, during each scheduled work week and except as provided in Section 4 shall have not less than forty-seven (47) hours and forty-five (45) minutes off between scheduled weekends, unless voluntarily waived.

4. Work Schedules.

A. Posting and Vacation Relief.

Except as provided in Sections 5 and 6 of this Article, and during a bona fide emergency, work schedules including any overtime showing each employee's shift, work days and hours shall be posted on all employee bulletin boards at all times and shall not be changed unless posted for ten (10) days.

B. Change of Days Off.

Change of shifts and/or days off as the result of the annual sign-up may necessitate on a temporary basis irregular scheduling of days off to include split weekends as well as shorter than normal periods between

shifts or weekends. Such changes are allowable without application of other provisions of this Agreement provided:

(1) Limitation of disruption of days off.

Days off following fourteen (14) days of assignment to the new shift shall be in accordance with the new weekend days assigned.

(2) Break days.

The employee shall not be scheduled to work more than five (5) days in a row without a break day. Hours worked in excess of these five (5) days shall be paid at the overtime rate of pay. Days worked immediately prior to the shift change shall be included in the five (5) day requirement of this subsection.

(3) Time between shifts.

a. Involuntary changes.

In cases of involuntary shift changes, the employee's new shift shall not begin less than 23.75 hours following the last shift; provided, however, this limitation shall not apply upon return to original shift in instances of temporary shift changes. An employee may voluntarily waive this provision.

b. Voluntary changes.

In cases of voluntary changes, the employee's new shift shall not begin less than eight (8) hours following the last shift.

c. Annual sign-up.

Shift changes at the time of the annual sign-up shall be deemed voluntary unless the employee is not granted his or her expressed shift preference from remaining options at the time he or she signs up.

(4) Shift weekends.

No change of shift under the terms of this section shall result in more than one split weekend. It is further specifically understood that in the instance of a temporary change in shift during the year no more than two split weekends would result, i.e. one going into the temporary shift and one upon return to the permanent shift.

(5) Bi-weekly pay.

No employee shall be paid less than eighty (80) hours in a bi-weekly pay period as the result of the application of the provisions of this section; provided further, however, that hours worked in excess of eighty (80) hours in a pay period as the result of the application of this Article shall not be eligible for overtime except as provided in Subsection (2) Break days.

5. Voluntary Shift Changes.

a. Except as provided in Section 4 above, all shift changes shall be made on a voluntary basis and for a single shift only.

b. Any employee voluntarily changing a shift will be paid a premium in accordance with Article 16, Section 9.

6. Voluntary Waiver of Ten (10) Days Notice.

An employee may at any time voluntarily waive the ten (10) day notice of shift and schedule change by signing a waiver authorization form.

7. Continuous Operations.

Employees engaged in continuous operations are defined as being any employee or group of employees engaged in an operation for which there is regularly scheduled work for twenty-four (24) hours a day, seven (7) days a week. The work week for employees engaged in continuous operations shall consist of five (5) consecutive eight (8) hour days.

8. Security Briefings.

Corrections Officers may be required to attend security briefing for fifteen (15) minutes before the commencement of each shift.

9. Court Subpoenas or Writs.

Employees in receipt of a subpoena, summons, or writ shall immediately notify his or her facility commander of the scheduled time of appearance or deposition. A copy of the subpoena, summons, or writ shall be delivered to the facility commander as soon as practicable. Upon completion of court appearance or deposition, if during a regularly scheduled shift, the employee shall contact the facility commander for reassignment. The parties agree that the Memorandum of Understanding entered into between the Sheriff and Union President during fiscal year 1988-89 concerning administration of this section shall remain in effect for the term of this Agreement.

10. Meal Periods.

Subject to interruption based on operational needs, all employees shall be granted a thirty (30) minute meal period during each work shift, which shall be with pay. The County shall permit any employee who is requested to and does work two (2) hours beyond his regular quitting time, time off for his meal. Whenever practicable, meal periods shall be scheduled in the middle of the shift.

11. Meal Costs Not Included in Overtime Calculations.

In accordance with 29CFR 548.304, the parties agree that the cost of meals shall not be included in regular pay for the purpose of computing overtime.

12. Overtime Waiver.

The parties waive application of ORS 279.340.

13. Implementation of 7.k. Provision of the FLSA.

The parties recognize and agree that the Office of the Sheriff has implemented a 7.k. exception in connection with the effective date of application of the Fair Labor Standards Act to State and Local Government, April 15, 1986. The terms of the exception are:

- Work Period - 28 days
- Maximum Hours - 165.5

ARTICLE 16

WAGES AND CLASSIFICATIONS

1. Wages and Classifications Schedule.

Employees shall be compensated in accordance with the Wage Schedule attached to this Agreement and marked Addendum "A". The attached Wage Schedule shall be considered a part of this Agreement.

When any position covered by this Agreement but not listed on the Wage Schedule is established, the County may designate a job classification and pay rate for the position, which rate shall bear a just and proper relationship to existing rates within the bargaining unit.

If the Association does not agree that the classification and/or rate are proper, the parties mutually agree to meet and confer on the specific objections raised by the Association.

Whenever an employee performs work in a higher classification for purposes of vacation relief, for five (5) days or more, the employee shall be paid for the entire period at the rate assigned to the higher classification in the appropriate step according to promotional policy.

Whenever an employee is temporarily assigned to perform work in a higher rated classification for reasons other than vacation relief, such employee shall receive the higher rate if assigned for two (2) days or more in a pay period.

Employees who work regularly on a part-week basis in a higher classified job will be paid the higher rate for all hours worked in such assignment.

Management will not attempt to avoid paying the higher rate by rotating the assignment or by other circumvention.

2. Pay Periods.

The salaries and wages of employees shall be paid bi-weekly on Friday of the week following the pay period. In the event the payday is a holiday, the preceding day shall be the payday.

3. Reporting Time.

Any employee who is scheduled to report for work and who presents himself for work as scheduled but where work is not available for him, shall be excused from duty and paid at this regular rate for a day's work.

4. Call-In Time.

Any employee who is called to work outside his regular shift shall be paid for a minimum of four (4) hours at the rate of time and one-half (1-1/2) of the regular rate. This provision does not apply to compensation for court appearances.

5. Overtime.

Except for the fifteen (15) minute briefing period, time and one-half (1-1/2) the employee's regular hourly rate of pay shall be paid for work under any of the following conditions, but compensation shall not be paid twice for the same hours:

- a. All authorized work performed in excess of eight (8) hours in any work day.
- b. All authorized work performed in excess of forty (40) hours in any work week.
- c. Overtime worked shall be considered all work performed fifteen (15) minutes after the end of a normal shift, and all time over fifteen (15) minutes shall be considered one-half (1/2) hour for pay purposes.

- d. All authorized work performed on the first day following the normal work week shall be paid at the rate of time and one-half (1-1/2) the employee's regular rate.
- e. All authorized work performed on the second day following the normal work week shall be paid for at the rate of two (2) times the employee's regular rate, provided that the employee has worked such overtime as was offered him/her in the first day following the normal work week. In no case shall double time apply to a day declared a state of emergency by the Governor or the Multnomah County Chair.

6. Court Time.

Whenever an employee is required to appear in court outside his regularly scheduled shift, he shall be compensated for such time at the rate of time and one-half (1-1/2) for all time spent in such court appearance, with a minimum of four (4) hours compensation at the overtime

rate. This minimum guarantee shall not be applicable to court time which includes an extension directly prior to or immediately after the employee's regularly assigned shift.

7. Distribution.

All overtime work shall be distributed as equitably as practical among employees within the same job classification in each agency. The requirement of Article 15, Section 1, concerning the work day, shall be controlling. No employee will be required to work more than an eight (8)-hour day, where volunteers, including seventh day volunteers, are available to perform the work except in a bona fide emergency.

8. Mileage Pay.

Whenever an employee is temporarily required to report to work at any location more distant from his home than his permanent place of reporting, he shall be paid at the rate of twenty cents (\$0.20) per mile for the additional miles traveled. This provision will not apply when there is a permanent change in reporting location as determined by management, nor will it apply whenever an employee is required to appear in court. Current practices regarding pay during travel to and from temporary reporting locations

shall be continued. Payment for mileage will be made when an individual has accumulated a minimum of twenty dollars (\$20) or at the end of the fiscal year, whichever first occurs.

9. Shift Differential.

In addition to the established wage rates, the County shall pay an hourly premium of 3% to employees for all hours worked on shifts beginning between the hours of 12:00 Noon and 7:00 p.m., and an hourly premium of 4% to employees for hours worked on shifts beginning between the hours of 7:00 p.m. and 6:00 a.m., and an hourly premium of 5% for all employees who are assigned to the relief shift. Employees assigned a shift change pursuant to Article 15, Section 5, shall be paid an hourly premium of 20% for all hours worked on the assigned shift change.

10. Trainer Pay.

Any Corrections Officer required to perform the extra duties of a Trainer shall be paid a differential of five percent (5%), in addition to his base pay, for all time spent performing the duties of a Trainer.

11. Emergencies.

Officers will respond to all emergencies when called.

12. Court Cars.

The existing practice of providing court cars at Sheriff's Office Headquarters (122nd and Glisan) shall be continued; provided, however, it is understood that such cars are available on a "first come, first served" basis.

13. Pension.

A. PERS Membership.

Employees shall be eligible for participation in the Oregon Public Employees Retirement system (PERS) (coverage for Police Officers and Firefighters) pursuant to ORS 237 and subject to the terms and conditions of the Agreement, dated January 22, 1982, integrating the Multnomah County Employees' Retirement System and PERS, such Agreement having been entered into between the Oregon Public Employees' Retirement Board and Multnomah County pursuant to the provisions of ORS 237.051.

B. PERS "Pick-Up".

The County shall "pick-up" the employee contribution to PERS, six percent (6%), as permitted by ORS 237.051.

ARTICLE 17

CORRECTIONS SERVICE AND

TRAINING ACHIEVEMENT PROGRAM

In order to maintain and improve officers' health and corrections skills, as well as to increase their participation in community life, the parties adopt the following voluntary achievement program for bargaining unit members:

1. Achievement Levels

<u>Level</u>	<u>Incentive Pay Above Wage Step</u>	<u>Requirements Outline</u>
I	4.00%	<ul style="list-style-type: none">• <u>To qualify:</u><ul style="list-style-type: none">1) Five (5) years of service with Multnomah County Division of Corrections in corrections field; and2) Possession of a current Intermediate BPST Certification.• <u>To maintain eligibility:</u><ul style="list-style-type: none">30 hours of qualified In-service training within each fiscal year following the date of initial qualification.
II	7.00%	<ul style="list-style-type: none">• <u>To qualify:</u><ul style="list-style-type: none">1) Seven (7) years of service with Multnomah County Division of Corrections in Corrections field; and

2) Possession of a current Advanced BPST Certification.

- To maintain eligibility:

30 hours of qualified In-service training within each fiscal year period following the initial date of qualification.

2. Explanation of Requirements

A. BPST Corrections Certification

The officer must obtain and maintain Board on Police Standards and Training (BPST) Intermediate Corrections Certificate for Level I and Advanced Corrections Certificate for Level II.

B. In-service (IST) - Education, Training, and Community Service

(1) Only off-duty education, training, and community service which meets with and receives the advance written approval of the Chief of Corrections, or his designee(s), shall count toward the initial qualification IST requirements and the annual maintenance IST requirements set forth in Section 1 above, but credits for maintenance IST shall not apply toward BPST

qualification at succeeding program levels. Each fiscal quarter, the Chief of Corrections or his designee(s) shall publish and post on Division bulletin boards a list of those activities (courses, community services, training, etc.) which will be generally granted approval. However, this shall in no way limit the Chief of Corrections' discretion to add or delete items from the list; provided that removal of an item from the list shall not disqualify credit for those employees who have previously received individual approval to perform the affected activity. An employee selecting activities from this list must nonetheless receive advance written approval for such activities from the Chief of Corrections, or his designee(s), since it is the parties' intent that employees engage in a diverse program of combined training, education, and community service insofar as practicable. Repetition of activities may be permitted, at the Chief of Corrections' discretion. The following provisions shall also apply:

(a) Each quarterly hour of college credit shall be converted to ten (10) hours of IST, and each semester hour of college credit shall be converted to fifteen (15) hours of IST, provided that only

college credits certified in writing by the employee as having been obtained at the employee's expense, completed with "C" (satisfactory), "P" (pass), or better, and taken while an employee of the Division of Corrections, count toward IST hours.

(b) Hours of training in corrections techniques, administration, etc., shall count hour-for-hour toward the IST requirements.

(c) Hours of community service shall count toward IST requirements only for activities which, in the Chief of Corrections' judgment, are beneficial to the citizens of Multnomah County.

(d) If a particular activity is approved by the Chief of Corrections, or his designee(s), under clauses (b) or (c) above, the Chief of Corrections, or his designee(s), shall specify (in advance) the number of hours to be credited for the activity. Further, if in the Chief of Corrections' judgment (or that of his/her designee(s)), the activity is such that requires substantial travel time or substantial preparation time of the employee, the Chief of Corrections shall (in advance of the activity) determine the number of IST credits to be

given for such travel time or preparation time. In no case will travel time credit exceed two (2) hours, nor shall preparation time exceed twenty-five percent (25%) of the hours approved for performance of the primary activity.

(2) Failure to meet IST requirements.

If an employee fails to meet IST maintenance requirements at his or her highest level of participation by June 30, prior to each fiscal year, then the employee will be ineligible for pay until October 1 for participation in the program. If the employee has not made up the hours by September 30, then he or she will be ineligible to participate for the remainder of that fiscal year and will become eligible for the subsequent fiscal year only when uncompleted hours are made up.

(3) Posting. Training hours completed by each employee will be posted on a quarterly basis on all correctional facility bulletin boards. Training hours opportunities will be posted when they become available.

C. Length of Continuous Service Requirements.

Employees may apply to substitute prior service as a Corrections Officer acquired with any employer(s) for up to fifty percent (50%) of the length of service requirements for each level set forth in Section 1 above. Whether such service involved duties and demands

generally comparable to service as a County Corrections Officer shall be determined by the County Employee Relations Division upon request. Only such comparable service, as determined by the Employee Relations Division, shall be applicable as substitute service, subject to the fifty percent (50%) ceiling set forth above.

3. Documentation.

Each participating officer shall be responsible for providing to the Chief of Corrections, or his designee(s), documentation of all college courses, community service, and prior corrections experience the officer seeks to have applied toward the program requirements at the applicable level of participation. The Division shall be obliged to provide any employee with a copy of his or her current training records, upon the employee's request, but not more frequently than twice per year.

4. Entry Into the Program.

When the employee has completed the requirements for initial entry into the program for initial movement from Level I to Level II, he shall be entitled to appropriate compensation under this program

beginning with the first full pay period after successful completion of the relevant requirements. The IST requirements will be prorated for any employee entering the program during a fiscal year, based on the number of months in the year in which the employee will receive any Training Achievement Program compensation.

5. Program Implementation

A. An officer receiving incentive pay under the predecessor to this successor program at the time this successor program became effective shall be permitted to continue receiving the three percent (3%) premium (if at Level I) or the six percent (6%) premium (if at Level II), whichever applies, so long as he/she does not qualify under this successor program for the level attained under the predecessor program; provided, that the employee satisfies the annual maintenance requirements set forth in Level I or II (whichever applies) of this successor program on a fiscal year basis. Further provided, that IST credits applied toward maintenance requirements shall not apply toward initial qualification IST requirements between predecessor and successor program levels. Participation in the predecessor program is limited to those participating prior to the effective date of this Agreement.

B. Hours of credit approved by management under the predecessor to this program shall count hour-for-hour toward the requirements of this program.

6. Program Modifications

In the event the BPST certification requirements (in effect on the effective date of this Agreement) are reduced, or if the BPST Corrections Certification Program is terminated, the County shall develop and implement substitute requirements at least equal to those in effect on the effective date of this Agreement. From the date that BPST requirements are reduced or terminated until the date the County implements substitute requirements, entry into a particular program level shall be prohibited if, in the County's judgment, the employee who is seeking such entry would currently qualify only because of the reduction or absence of BPST requirements. Substitute requirements shall be effective only after the Association has been given an opportunity to meet with the County to review and discuss the requirements.

7. No Double Compensation

Credit will not be granted under this program for those activities otherwise compensated by the County as overtime, trainer pay, etc.

ARTICLE 18

DISCIPLINARY ACTION

1. Discipline

Employees may, in good faith for just cause, be subject to disciplinary action by oral or written reprimand, demotion, suspension without pay, dismissal, or any combination of the above; provided, however, that such action shall take effect only after the County gives written notice of the action and just cause to the employee. This notice provision shall not apply to oral reprimands. An oral reprimand is defined as a form of discipline for which there is no written record.

2. Just Cause

Just cause shall include misconduct, inefficiency, incompetence, insubordination, or failing to fulfill responsibilities as an employee.

3. Right to Appeal

Any permanent, non-probationary employee who is issued a written reprimand, demoted, suspended without pay, or dismissed for just cause, shall have the right to

appeal the action through the Grievance Procedure. The Association shall submit such grievance at Step III of the grievance procedure not later than ten (10) working days after the effective date of the disciplinary action.

4. Reprimands

If the County has reason to orally reprimand an employee, every reasonable effort will be made to accomplish the reprimand in a manner that will not embarrass the employee before other employees or the public.

5. Internal Investigatory Procedures

Internal investigatory procedures shall be conducted in a manner consistent with the provisions of Article 19 on Officers Rights of this Agreement.

6. Reinstatement

Any employee found to be unjustly suspended, demoted, or discharged, shall be reinstated pursuant to the award of the arbitrator.

7. Personnel Records and Information

A. An employee or his representative, with written consent of the employee, may inspect that employee's personnel file. Upon written request, an employee or his authorized representative shall be given a copy of any materials in his personnel file. The County shall comply with ORS 652.750 concerning the inspection of records.

B. An employee shall be furnished a copy of any statement written for inclusion in the employee's personnel file concerning the employee's conduct or work performance when the material is first placed in the file or within a reasonable period of time.

C. Except as provided below, an employee may request and have removed from his personnel file any letter of written reprimand more than three (3) years old.

D. Any letter imposing a suspension or disciplinary demotion which is four (4) years old or more shall be removed from the employee's personnel file and destroyed.

E. The employee may respond in writing to any item placed in his personnel file. Such response shall become a part of the file.

F. The only letters of discipline which shall be admissible in an arbitration hearing are those contained in the employee's personnel files of the Sheriff's Office.

8. I.A.U. Records and Files

The employee may inspect his/her I.A.U. file prior to the completion of the I.A.U. investigation.

ARTICLE 19
OFFICERS RIGHTS

All Employees in bargaining unit who are the subject of a complaint or investigation shall be entitled to protection of the following rights:

1. The employee shall not waive nor be deprived of any constitutional or civil rights guaranteed by the Federal and State Constitutions and Laws afforded any citizen of the United States.

2. The employee shall be informed by the Sheriff, or his designee(s), of the nature of the investigation and whether the employee is a witness or suspect before any interview commences. The name of the complainant, the citation of any known applicable work rules, procedures, or orders which the employee is alleged to have violated, the factual allegations which form the basis for the disciplinary charge, and other information necessary to reasonably apprise the employee of the allegations of such complaint shall be provided in writing to the employee, and his or her representative within a reasonable period of time

before the meeting to allow the employee to consult with and obtain representation from his or her Association Representative. However, this provision shall not apply in bona fide emergencies.

3. When the Sheriff's Office receives a complaint against a Division member, the Sheriff's Office shall provide the accused member with reasonable notice in writing of any information necessary to reasonably apprise the employee of the allegations.

4. Any interview shall take place at the institution where the employee is assigned or any other mutually agreeable location. The interview shall be at a reasonable time for the employee, during the employee's duty time unless exigencies of the investigation dictate otherwise.

5. The employee shall be afforded the right to Association representation prior to or during the interview, provided the representative does not participate in the interview.

6. The interview shall not be overly long and the employee shall be entitled to such reasonable intermissions as he/she shall request for personal necessities, meals, telephone calls, and rest periods.

7. Interviews shall be done under circumstances devoid of intimidation or coercion and shall not otherwise violate the officer's constitutional rights. The officer shall not be subjected to any abusive language. No promises or rewards shall be made as an inducement to answer questions.

8. The employee shall not be required to take or be subjected to any lie detector device as a condition of continued employment.

9. If the County violates the terms of this Article in the investigation of an employee's conduct, and subsequently imposes a written reprimand, suspension without pay, a demotion, or dismissal, then the arbitrator in the hearing of any resulting grievance shall take this violation into account and give it such weight as he or she deems reasonable, given the severity of the violation and the total circumstances of its occurrence.

ARTICLE 20

SETTLEMENT OF DISPUTES

1. Grievance Procedure. Any grievance or dispute which may arise between the parties, involving the application, meaning or interpretation of this Agreement, shall be settled in the following manner:

Step I: After first attempting to resolve the grievance informally through the exempt chain of command any employee or the Association may present in writing such grievance to the Chief of Corrections within fifteen (15) working days of the alleged contractual violation; if, at the time of the alleged violation, the employee or his representative is unaware of its occurrence, a grievance may be presented in writing within fifteen (15) working days of the time the employee first has knowledge or should have had knowledge of its occurrence. A grievance may not be initiated concerning an event after sixty (60) days have elapsed; however, in no way is this provision to be

interpreted as affecting the pursuance of grievances which are of a continuing nature (i.e., the breach continues and is not a single isolated incident). The grievance notice shall include a statement of the grievance and relevant facts, applicable provisions of the contract, and remedies sought. The Chief of Corrections shall then attempt to adjust the matter and respond, in writing, to the employee or his representative within fifteen (15) working days.

For the purposes of this grievance procedure, "working days" shall be defined as Monday through Friday, excluding recognized holidays under the County Management Compensation plan.

Step II: If the grievance has not been answered or resolved, it may be presented in writing by the employee or his representative to the Sheriff or his designee(s) within fifteen (15) working days after the response is due at Step I. The Sheriff, or his designee(s), shall respond to the employee or his representative, in writing within fifteen (15) working days. If the response is to the

employee, a copy will be provided to the Association.

Step III: Arbitration. If the grievance has not been answered or resolved at Step II, the Sheriff or the Association may, within ten (10) days after the expiration of time limit specified in Step II, request arbitration by written notice to the other party. After the grievance has been submitted to arbitration, the Association and the Employee Relations Division acting for the Sheriff, shall jointly request the State Mediation and Conciliation Service for a list of the names of seven (7) arbitrators. The parties shall select an arbitrator from the list by mutual agreement. If the parties are unable to agree on a method, the arbitrator will be chosen by the method of alternate striking of names; the order of striking to be determined by lot. One day shall be allowed for the striking of each name. The final name left on the list shall be the arbitrator. Nothing in this section shall prohibit the parties from

agreeing upon a permanent arbitrator or permanent list. The arbitrator shall be requested to begin taking evidence and testimony within twenty-five (25) days after submission of the request for arbitration; and he shall be requested to issue his decision within thirty (30) days after the conclusion of testimony and argument. The parties hereby vest the arbitrator with authority to compel the attendance of witnesses on behalf of either party by issuance of subpoenas, the cost of which shall be borne by the party requesting the subpoena. The arbitrator's decision shall be final and binding, but he shall have no power to alter, modify, amend, add to, or detract from the terms of the Contract. His decision shall be within the scope and terms of the Contract and in writing. Any decision of the arbitrator may provide for retroactivity not exceeding sixty (60) days prior to the date the grievance was first filed with the supervisor, and it shall state the effective date of the award. Fees

and expenses for the arbitrator shall be borne by the losing party. Each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim recording of the proceedings, it may cause such a record to be made, on the condition that it pays for the record and makes copies available without charge to the other party and the arbitrator. Any time limits specified in the grievance procedure may be waived by mutual consent of the parties. A grievance may be terminated at any time upon receipt of a signed statement from the aggrieved party that the matter has been resolved.

2. Stewards and the Investigation of Grievances.

Employees selected or elected by the Association as employee representatives shall be known as "Stewards". The names of the stewards shall be certified in writing to the County by the Association. Upon notification to the supervisor and the tentative cause of a grievance, a steward(s) may investigate a grievance(s) during working

hours without loss of pay. All efforts will be made to avoid disruptions and interruptions of work. Employees meeting with their steward or Association representative to investigate a grievance will also be permitted to do so without loss of pay during working hours.

ARTICLE 21

GENERAL PROVISIONS

1. No Discrimination.

A. Equal Application of Contract

The provisions of this Agreement shall be applied equally to all employees in the bargaining unit without discrimination as to age, marital status, race, color, sex, creed, national origin, or political affiliation. It is further agreed that there will be no discrimination against the handicapped unless bona fide job-related reasons exist. The Association shall share equally with the County the responsibility for applying the provisions of the Agreement.

B. Affirmative Action.

In recognition of the joint commitment of the County and Association to affirmative action principles, the County will make available on a fiscal year basis to the Employee Relations Committee a report of progress made toward affirmative action goals. This report will form the basis of discussions concerning joint efforts which can be taken by the parties to achieve stated goals.

C. References.

All references to employees in this Agreement designate both sexes, and wherever the male gender is used, it shall be construed to include male and female employees.

D. Right to Association Membership.

The County and Association agree not to interfere with the rights of employees to become members or refrain from becoming members of the Association, and there shall be no discrimination, interference, restraint or coercion by the County or the Association or any County or Association representative against any employee because of or in Association membership or non-membership or because of or in any employee activity in an official capacity on behalf of the Association, provided such activity does not interfere with the effectiveness and efficiency of County operations in serving and carrying out its responsibility to the public.

In addition, no employee shall suffer restraint, interference or coercion because of or in the exercise of any rights protected under the PECBA or in or because of any protected concerted activity, provided such activity does not interfere with the effectiveness and efficiency of County operations in serving or carrying out its responsibility to the public.

2. Bulletin Boards.

The County agrees to furnish and maintain suitable bulletin boards in convenient places in each work area to be used by the Association. The Association shall limit its postings of notices and bulletins to such bulletin boards. All postings will be signed and dated by an appropriate Association officer.

3. Visits by Association Representatives.

The County agrees that accredited Association representatives shall have reasonable access to the premises of the County at any time during working hours to conduct Association business. Every reasonable effort will be made by the Association representative to ensure that such visits cause no disruptions of work.

4. Changes in Work Rules or Conditions.

When any change in existing rules or conditions not otherwise covered by this Agreement is instituted by management, it shall not be done for arbitrary or capricious reasons.

Any unresolved complaint as to the reasonableness of a change in rules or conditions shall be resolved through the grievance procedure.

5. Rules.

The County agrees to furnish each employee with a copy of all existing work rules. Except in emergency situations, any new rules instituted shall be posted in all affected work areas at least seven (7) days before becoming effective, and furnished to each employee within thirty (30) days after they become effective. New employees shall be provided a copy of all existing rules at the time of hire.

6. Uniforms and Protective Clothing.

If an employee is required to wear a uniform, protective clothing, or any type of protective device, such uniform, protective clothing or protective device shall be furnished to the employee by the County, specifically to exclude standard footwear, trouser belt with buckle, and handcuffs. The cost of maintaining the uniform or protective clothing or device, excluding cleaning but including initial tailoring, shall be paid by the County. Clothing and other devices other than uniforms, protective clothing and devices now provided by the County shall continue to be provided and shall uniformly be provided by job classification by the County.

In the case of an employee who is required not to wear a uniform, the County will replace any employee clothing damaged in the line of duty.

7. Time Exchanges.

The practice of time exchanges between officers will be allowed subject to approval of the affected shift commanders. Any denial of a request shall not be for arbitrary or capricious reasons.

8. Employee Relations Committee Meetings.

To promote harmonious relations and to provide internal communications, the Association and the Sheriff will establish an Employee Relations Committee consisting of three (3) representatives from each party. The Committee will establish regularly scheduled meetings to discuss any matters pertinent to maintaining good employer-employee relationships, specifically to include safety issues. Each party shall advise the other as far in advance as possible of the subject matters to be discussed.

9. Contract Work.

A. Unless mutually agreed, the County will not contract out or subcontract any work now performed by employees covered by this Agreement when such would result in layoff of any bargaining unit employee(s) and the County is unable to find suitable or comparable alternate employment for the employee(s). However, this provision shall not apply to contracting out or subcontracting work when such was anticipated and considered as a part of the

budgeting process and when the Association President has been notified of the specific plan and its probable impact at least thirty (30) days prior to adoption of the annual executive budget or formal Board consideration of budget modifications. In all cases of layoff resulting from contracting out or subcontracting work, the County agrees to make a good faith effort to find suitable and comparable employment.

B. The County agrees to meet with the Association to discuss the effect of proposed contracting out or subcontracting prior to the presentation of the proposal to the County Executive or Board for formal action.

C. The County further agrees to meet with the Association at its request to explore the alternative of work force reduction by attrition. The County also agrees that to the extent practicable, transfers shall be made to open vacancies and re-employment of employees affected by such action shall occur for as long as they are so qualified in accordance with established layoff guidelines. The Association agrees to assist the County in minimizing the impact on such affected employee(s).

10. Outside Employment.

Permission to work at outside employment must be approved in writing by the Sheriff. The Sheriff's application of the rule governing outside employment shall not be arbitrary or capricious.

11. Supremacy of Contract.

To the extent allowable by Oregon Revised Statutes whenever a conflict arises between this Agreement and Multnomah Code 3.10 or its successor, this Agreement shall prevail.

ARTICLE 22

SAVINGS CLAUSE AND FUNDING

1. Savings Clause. Should any Article, Section, or portion thereof, of this Agreement be held unlawful and unenforceable by any court of competent jurisdiction, or any state or federal administrative agency having jurisdiction over the subject matter, such decision shall apply only to the specific Article, Section, or portion thereof directly specified in the decision. Upon the issuance of any such decision, the parties agree immediately to attempt to negotiate a substitute, if possible, for the invalidated Article, Section, or portion thereof. All other portions of this Agreement, and Agreement as a whole, shall continue without interruption for the term thereof.

2. Funding. The parties recognize that revenue needed to fund the wages and benefits provided by the Agreement must be approved annually by established budget procedures. All such wages and benefits are, therefore, contingent upon sources of revenue and annual budget certification by the Tax Supervising and Conservation Commission. The County has no intention of cutting the wages and benefits specified in this Agreement because of budgetary limitations, but cannot and does not guarantee

any level of employment in the bargaining unit covered by this Agreement. The Board of County Commissioners agrees to include in its annual budget amounts sufficient to fund the wages and benefits provided by this Agreement, but makes no guarantee as to the certification of such budget pursuant to established budget procedures under Oregon law.

In the event of a delay in such certification, the County will make every reasonable effort to correct whatever budget deficiencies that exist, if any, in order to obtain certification. Retroactive monetary adjustment shall be made if any scheduled economic improvement is delayed due to a delay in certification, unless otherwise precluded by State or Federal law or administrative regulation.

ARTICLE 23

ENTIRE AGREEMENT

The parties acknowledge that during the negotiations which resulted in the Agreement each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. This Agreement constitutes the sole and entire existing Agreement between the parties. Except as specifically modified by or treated in this Agreement, all policies, matters, questions and terms affecting unit employees in their employment relationship with the County shall be governed by the rules and regulations or Multnomah County Code 3.10. The County and the Association for the life of this Agreement each voluntarily and unqualifiedly waives the right, and agrees that the other shall not be obliged, to bargaining collectively with respect to any subject matter referred to or covered by this Agreement, even though such subject or matter may not have been within the knowledge or contemplation of either party or both parties at the

time that they negotiated and signed this Agreement. Nothing herein shall prevent the parties from voluntarily entering into written Memoranda of Understanding, Interpretation, or Exception concerning matters of contract administration.

ARTICLE 24

TERMINATION

This Agreement shall be effective as of the execution date of this Agreement and shall remain in full force and effect through the 30th day of June, 1992. Negotiations for a successor agreement shall commence no later than February 15, 1992. The contract shall remain in full force and effect during the period of negotiations and impasse resolution procedures, if any.

ADDENDUM D

PERS CONTINUATION PROGRAM ELECTION FORM

Under the MCCOA contract, you may have the right to be covered by the PERS Continuation Program. Under this program, the County will continue to pay your regular salary and PERS contributions for up to three (3) years while you are off work on a compensable Workers' Compensation claim.

1. Under the Program, you must give the County a check every pay period equal to the amount of Workers' Compensation benefits you receive. The easiest way to do this is to endorse the benefit check to Multnomah County. The Check should be sent or delivered to the County's Central Payroll Office in the Finance Division (Department of General Services).
2. You must pay the County within seven (7) days from the time you get your Workers' Compensation check. The County must actually receive your check no later than the 7th day. To avoid problems, you should forward payment to the County immediately on receiving your Workers' Compensation benefit check.

ADDENDUM D

(Continued)

3. If you are late in paying the County, you will owe the County a collection fee of \$50. You may also owe the County substantial penalties. The penalties are 1% per day of your Workers' Compensation benefit amount. Penalties will grow each day of late payment. If penalties are assessed, you will have the right to appeal them to the Finance Director.
4. If you are late in making a payment, the County will send you a delinquency notice. However, you should take steps to make up any late payment as soon as possible since fees mount daily.
5. You have a right to elect to be in the program only once during your career with Multnomah County. Under the contract, benefits can continue for up to three (3) years. However, the Sheriff can choose to terminate your PERS Continuation benefits under this program after thirty (30) days. If this happens, you will

(Continued)

continue receiving your Workers' Compensation time loss payments for the period required under law for the current Workers' Compensation claim. If you are off the job on a future Workers' Compensation claim, you will continue to be under the PERS Continuation Program, until three years from the date for which you first received PERS Continuation benefits on the first Workers' Compensation claim. After three years, you will revert to the Supplemental Benefit Program instead of PERS Continuation benefits.

The rules of the Program are set out on pages 30-39 of your MCCOA contract. Please read the contract carefully. If you have any questions about how the Program works, contact your Association representative immediately.

This Budget Modification reclassifies six existing Property Appraiser Supervisors to the new position of Program Supervisor. An additional Program Supervisor is being added by deleting a currently vacant Administrative Technician position.

This Budget modification has no fiscal impact in FY 89-90. Salary savings will exist from maternity leaves and retirements in the Appraisal unit of Assessment & Taxation. Increased Personal Services costs are also being offset from the transfer of funds in the Appraisal unit's travel/mileage reimbursement budget.

MEMORANDUM

TO: Gladys McCoy, County Chair

FROM: J. Mark Campbell, Planning and Budget Analyst *JMC*

DATE: July 31, 1989

SUBJECT: Budget Modification - DGS #1

The budget modification being made in DGS #1 proposes the use of personal services savings.

DGS #1 requests the reclassification of six positions in the Appraisal unit of Assessment & Taxation from the current status of Property Appraiser Supervisor to the new position of Program Supervisor. An additional Program Supervisor position is being created by the conversion of a vacant Administrative Technician position. In total, then, seven Program Supervisor positions are being created by this budget modification.

This reclassification will result in additional personal services costs of \$5,893 in Assessment & Taxation. The majority of the cost (\$3,600) will be funded by a transfer of existing dollars in the Appraisal unit's travel/mileage reimbursement budget. The remaining amount (\$2,293) will be funded from salary savings due to position vacancies, maternity leaves and retirements.

Because of the anticipated salary savings, and because personal services costs in Assessment & Taxation are historically three to five percent lower than budget amounts, it is expected that this budget modification will have no fiscal impact on FY 89-90.

EXECUTIVE SUMMARY

PURPOSE

To reclassify non-exempt positions to exempt supervisory positions in Assessment and Taxation.

SUMMARY

This is the first of several organizational and staffing actions the Board will be considering related to implementing House Bill 2338 and to improving the conditions that exist in Assessment and Taxation. It corrects the manager/supervisor/appraiser staffing ratio which has been an historical problem and contributes to the lack of appraisal quality.

When the appraisal staff was reduced⁽¹⁾ between 1980 and 1984, the workload was redistributed based on available expertise. Appraisal work assignments have now been reorganized along functional lines. This proposal will align the supervisory/managerial resources with the work to be done and the number of people assigned within each work unit.

This proposed change was developed in February, 1989. We waited to bring it before the Board in order to gather other data to validate the request. The preliminary review within the Class/Comp study supports the exempt supervision classification.

RECOMMENDATION

We respectfully request that the Board approve the reclassifications of 6 non-exempt supervisors and one vacant technician position to 7 exempt supervisors.

⁽¹⁾ See A&T Condition Report.

ASSIGNMENT CHANGES FOR THE VALUATION SECTION

SITUATION

Need For Additional Exempt Supervisors in Appraisal

Currently, three exempt managers are in the three Appraisal Work Units of the Valuation section -- 1) Bob Ellis, Valuation Manager and Multnomah County's Assessor, 2) Neal Galash, Chief Residential Appraiser and manager of the Residential Work Unit 3) Gary Skiles, Chief Commercial Appraiser and manager of the Commercial Work Unit, and Personal Property Work Unit. Bob Ellis is responsible for the work of 69 people which includes these managers. Neal Galash is responsible for 19 people and Gary Skiles for 24 people. Management effectiveness and delivery of quality service is compromised when each manager is responsible for so many people.

Appraisal staff will increase over the next year making the management situation even more difficult. Two recent reports, "Oregon's Property Tax System: The Disintegration Continues" written by the DOR and A&T's status report on the "Condition of Assessment and Taxation," have emphasized the need for more appraisal staff. House Bill 2338, in response to that need, will provide funds for additional appraisers beginning FY 90/91. We need to anticipate this increase in appraisal staff and address the current work load by restructuring and reorganizing the management resources.

PROPOSAL

Reclassification of Positions

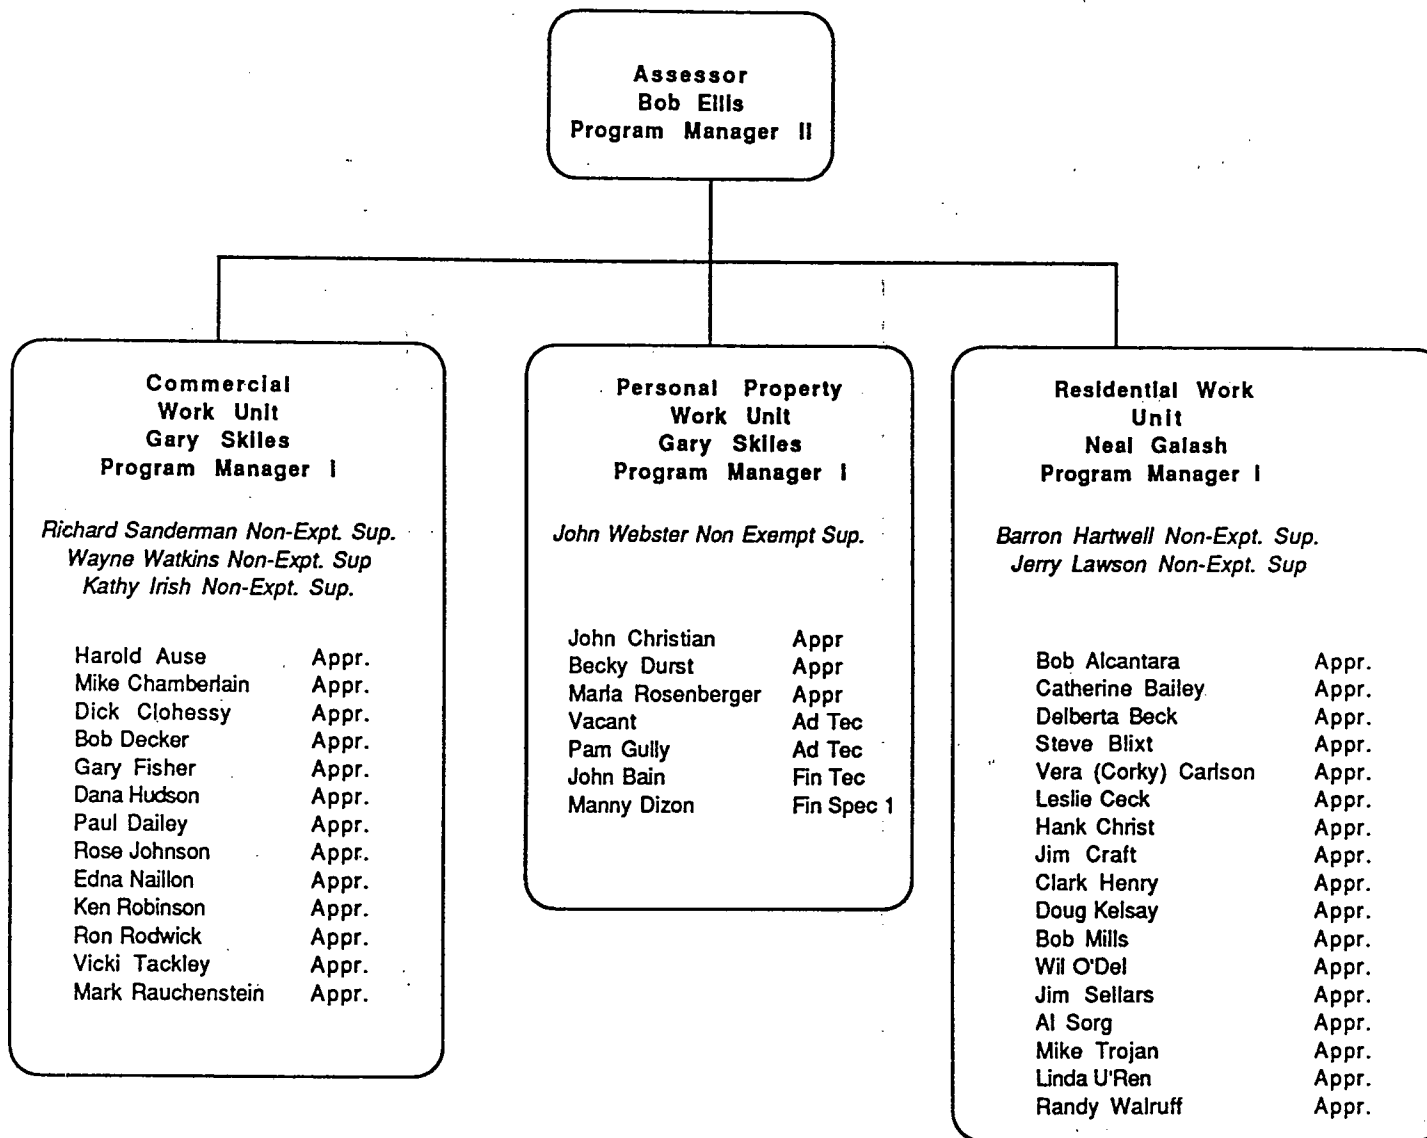

We need to convert 6 non-exempt appraisal supervisor positions and one vacant technician position to exempt supervisor positions in order to:

- Meet current compliance schedule deadlines
- Decrease the workload on existing managerial staff
- Meet DOR requirements for adequate supervision
- Prepare for implementation of changes as a result of House Bill 2338
- Provide adequate management training to the new supervisors

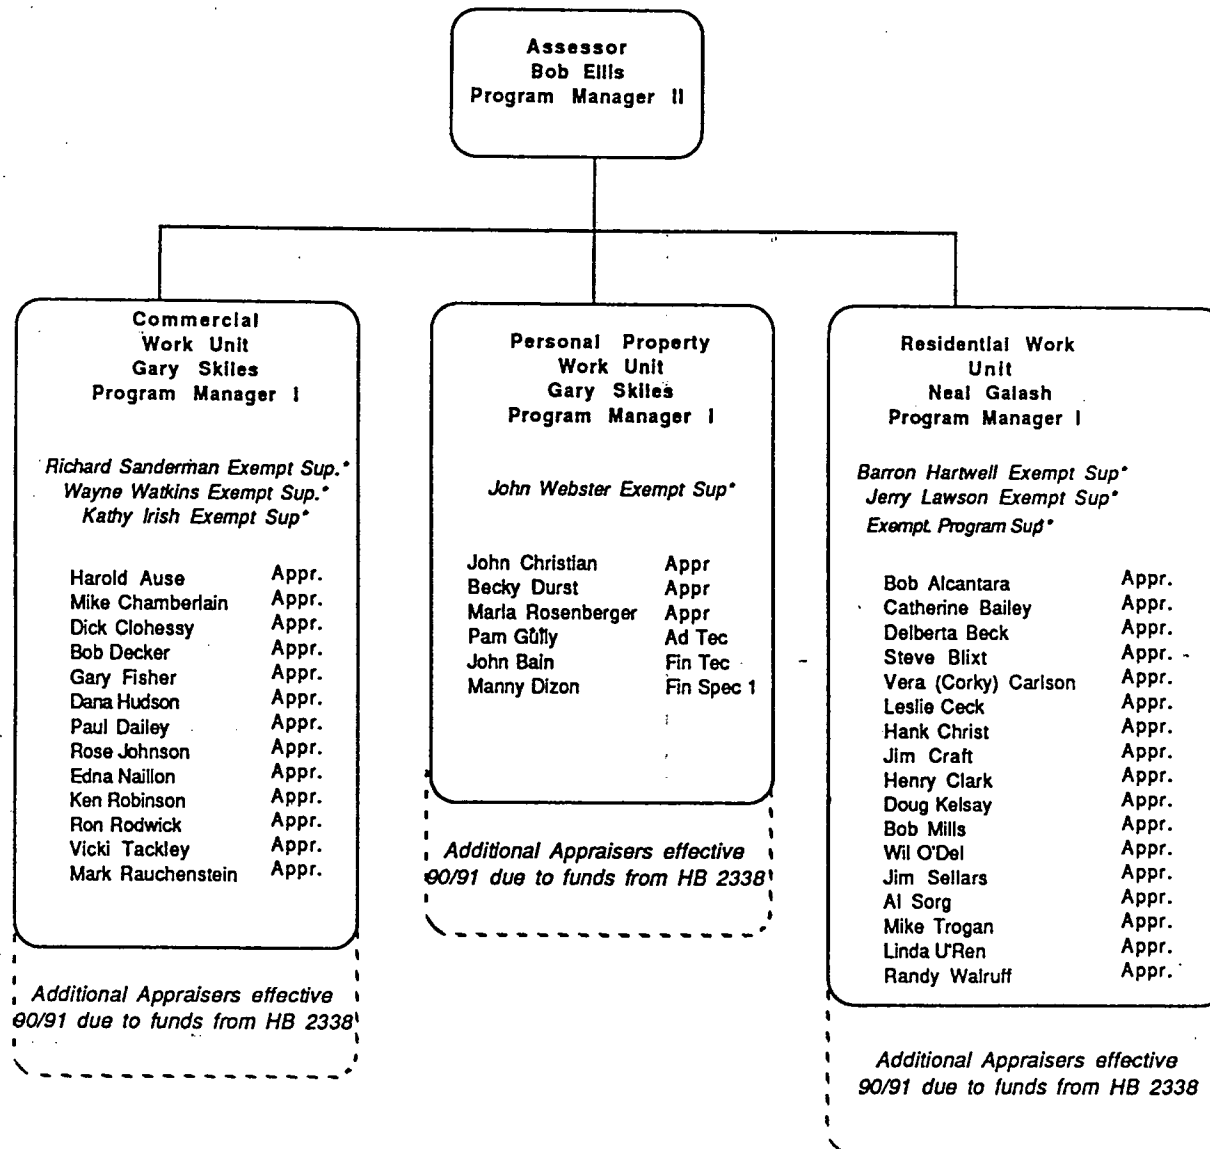

The new exempt supervisors will have different responsibilities than non-exempt supervisors. The new supervisors will be responsible for:

- Setting performance objectives and standards;
- Evaluating performance;
- Hiring and disciplining employees, or effectively recommending such action; and
- Administering the collective bargaining agreement specifically to include responding to Step 1 grievances.

The larger scope of authority is necessary in order to more effectively manage the current staff as well as to deal with the increased number of appraisers we will employ.

MEMORANDUM

TO: Board of County Commissioners

FROM: Linda Alexander, Director *Linda*
Department of General Services

DATE: August 8, 1989

SUBJECT: Assessment and Taxation Reclassifications Agenda Item R3, Agenda
Date 8/10/89

I was notified yesterday that Local 88 has filed an unfair labor practice with the Employment Relations Board protesting the reclassification of the Local 88 positions of Appraisal Supervisors to exempt Program Supervisor classifications. I think it may be helpful to give you some of the logic and alternatives we considered in recommending the approach described in R3.

The Situation

- Supervision in the valuation section is inadequate to enable A&T to reach the Appraisal compliance status required by the Department of Revenue. We must address this deficiency in a plan which the DOR requires in order for the County to receive funding under House Bill 2338.
- This has been a long standing deficiency and one which we believe has contributed in a significant way to the current non-compliance situation in Assessment and Taxation.
- The positions as they are currently classified have an ambiguous role as it relates to the ability to create performance agreements with employees, evaluate performance, coach/critique, Step 1 grievances and progressive discipline. They also do not receive management training in these areas. This creates a hardship on the two exempt unit managers and leaves very little of their time to be expert mentors, to plan for appraisal equity, and manage difficult appraisals and appeals.

Our Assumptions and Convictions

- We need a minimum of seven exempt supervisors in the valuation section of Assessment and Taxation to meet our compliance requirements. We prefer when feasible to promote, train and develop County employees rather than to hire externally.
- In order to be responsible for bringing appraisal into compliance we must be prepared for the hiring of additional appraisers by 7/1/90 when funding under HB 2338 is available to the County.
- If we promote the employees who are currently acting as appraisal team leaders, with a limited ability to supervise other Union employees, we will have the time to train them in the managerial and labor responsibilities of performance planning, creating performance agreements, managing substandard performance and labor law which all managers are required to have. In addition to the labor related training they would also be included in the ongoing A & T training in value and principle based management to achieve quality and excellence in public service. Our approach is to have enough supervisors and managers exposed to these philosophical ways to manage that they can assist with the assimilation of valued based management throughout the organization.
- If we did not promote the incumbents into the seven new exempt program supervisor positions, the positions currently occupied by the encumbents would be reduced to appraisers.
- If we wait to create the exempt positions the need will be acute for trained and experienced managers and our employees will need to compete for the position.
- The HB 2338 funding plan will require twelve to sixteen additional appraisers, therefore Local 88 positions will be replaced by two.
- The preliminary classification examination of the current positions indicate that they would be more appropriately classified as exempt supervisors under today's classification scheme.

The Alternatives

The target is to have trained supervisors/managers in place by 7/1/90.

- Alternative 1. Open seven new Program Supervisor positions eliminate six Property Appraiser positions and one Administrative Technician position. Move the incumbents, develop and implement a training plan for DOR and management training. Increase their base pay upon assuming the new classification.

Alternative 2. Create, now or later, six additional FTE's as management positions. Reclassify the one vacant Administrative Technician position. Transfer funding from contingency. Proceed with routine recruitment and hiring. Our employees will compete. Current positions will be reclassified down and incumbents demoted and assigned to routine appraisal responsibilities. When we hire the new staffing we will need six fewer appraisers.

Our Recommendation

- We feel that Alternative 1 will be the most beneficial and satisfactory to our employees and will enable us to meet our compliance requirements. We commit to train and develop these incumbents. This recommendation is reflected in our proposal to the Board, Agenda Item R•3.

We welcome the Board's comments on this action.

MEMORANDUM

TO: Board of County Commissioners

FROM: F. Wayne George, Director
Facilities & Property Management

DATE: October 27, 1989

RE: PROPOSED PURCHASE OF MEAD BUILDING

The projections of program growth and space needs made by DHS during the space planning process last year are proving to be accurate, perhaps even conservative. After review and tours of many nearby buildings, the Mead Building has been selected as the "Gill Annex" site discussed in the Space Study. The Board directed Facilities Management to negotiate a purchase deal for the building, subject to final Board approval.

Occupancy of this building will allow DHS to accommodate growth in all 3 divisions which have shared, and filled, the Gill Building: Aging Services, Social Services, and Health. Aging Services moved to the Mead Building October 20 under a lease, which will be cancelled if we buy the building. DHS projects that Social Services will gradually shift functions to the Mead Building over several years, leaving the Gill Building available entirely for the Health Division. Purchase of the Mead Building is in keeping with the County's long-term commitment to a Human Services Center in downtown Portland, and with the County's intention to enjoy the benefits of ownership rather than tenancy. These benefits include lower long-term costs, and immediate control over space availability.

The attached background and data sheet is provides you more specifics on the building. Financial information should be considered confidential until the Board is ready to approve it. The purchase price proposed is the result of over a month of negotiations with the building owner, and has been accepted by him, subject to Board approval. The building owner is no longer interested in Edgefield. We anticipate that most of this data (excepting only the lease income information) should be available in handout form at the formal meeting at which you consider the proposal.

Please call if you have questions.

JE:CLS

cc: Dave Boyer
Paul Yarborough
Duane Zussy

MEAD BUILDING
421 S.W. 5th Avenue

Background to Purchase Proposal

The County believes that it is fiscally responsible to own those buildings which house major, long term County programs, rather than leasing space for those programs. Purchase of the Mead Building will provide the space which the Department of Human Services needs for program expansion for less money than if they leased that space for 10 years. Ownership also will provide the County with control over space availability, so that growth can be phased and disruptive, costly relocations can be avoided.

Intended County Use of Building

The Department of Human Services will relocate the Aging Services Division and Social Services Division to the Mead Building from the County-owned Gill Building nearby, over several years. This will give both of those divisions, plus the Health Division in the Gill Building, room to accommodate new program needs as mandated by the State and as provided by Federal grants. Department administrative functions for Human Services and Justice Services may relocate to the Mead Building as well.

Retail tenants in the ground floor and basement mall will remain. Non-County office tenants will remain until their space is needed, providing operating income.

Assessment of First Biennium Regional Strategies Funding

Approximately two years ago, the Oregon Tourism Alliance joined together 11 jurisdictions and selected tourism as our regional economic development strategy. Funding for OTA's tourism strategy was granted in July, 1988. One year later, as OTA prepares for continued implementation of our strategy, an assessment of OTA's first year is in order.

Economic Development Goals

The State Legislature, in establishing the funding legislation, also set specific objectives for regional strategies. OTA has made significant progress in achieving these objectives.

o Builds or enlarges economically viable industries, including opportunities for innovative new industries.

Tourism is not a new or innovative industry in itself - every state in the nation and most countries have tourism industries to some extent. OTA's approach to implementing our tourism strategy has been and continues to be - identifying unique opportunities for innovative visitor facilities, businesses, services and communications that have long term growth prospects. This biennium projects are successfully completing this objective:

- NW Oregon's historical heritage.

The Lewis and Clark Trail and Pageant projects are unique to northwest United States. The Lewis and Clark exploration was an important contribution to the development of the United States. No where else in this part of the country can visitors have a hands-on exposure to the actual route, camp sites and activities of this famous exploration. Historical attractions continue to have long term growth potential - State of Oregon and OTA market research indicates history is a preference for visitors. These two projects are building and enlarging on existing successful historical attractions - Ft Clatsop and the settlement of Astoria.

- NW Oregon's recreational opportunities.

Oregon's coast is the major draw for visitors and a key component of OTA's tourism development. The Newport Aquarium project is a long term investment that will provide innovative west coast sea and wild life viewing opportunities for visitors from throughout the world. Conservative visitor and financial projections indicate this is an attraction that will be economically viable because of its emphasis on enjoyable education discovery. This is not a typical one-time visitor recreation attraction, but one that is planned to offer repeat visitor experiences for all ages.

The Astoria Public Pier and Garibaldi Boat Basin projects have approached tourism economic development through expansion of NW Oregon's coastal fishing opportunities. The expanded boat facilities mean improved access to deep sea fishing for visitors, and in Astoria, expanded retail sales to travelers.

- **NW Oregon's wines.**

Regional strategies funding for the Cozine House Wine Marketing Center provides important marketing and visitor information support for Yamhill County's successful and expanding wine industry. The Marketing Center is also uniquely designed to build on an important visitor phenomena - visitors significant role in future business relocation and job recruitment. Travelers visiting the Center will be exposed not only to information about wineries, but to displays of business and job opportunities in the area - leveraging the marketing investment.

- **NW Oregon's equestrian industry.**

OTA's Tillamook Rodeo Arena and Yamhill Equestrian Center projects are already proving to be long term, viable and unique contributions to OTA's tourism development. The completed Rodeo Arena renovation has already attracted several large regional youth and adult rodeos - with multi-year contracts. The youth rodeo offerings fill a void in western style riding competition. The Yamhill Equestrian Center expansion has also opened up NW Oregon to major regional equestrian events. Upon completion, the Center will be the major arena for english style riding competition in the Northwest.

- **NW Oregon's visitor welcome centers.**

One of OTA's best examples of innovative tourism development is the Mariners Center in Astoria. Targeted at international sailors docking in Astoria, the Center provides recreational and shopping incentives that are successfully drawing sailors into the local community.

- **NW Oregon's image and visibility to visitors.**

Oregon's developing image as a 'different' place to visit is being successfully extended in OTA's marketing communications. Unlike other travel guides, OTA's Northwest Oregon Travel guide allows visitors the flexibility of having some guidance in planning a vacation, without the formal structure of a pre-planned tour. Consisting of eight loop tours throughout the region, the Guide leverages existing public investment in historic and scenic routes including the Lewis and Clark Trail, the Columbia River scenic highway, and the Mt Hood, 99W and Washington County scenic loops.

- o **Provides a net benefit to the State in the long term and does not require continuing State subsidies.**

OTA attractions and regional projects are significantly contributing to the long term financial growth of NW Oregon's tourism industry. None of the current biennium projects are expected to require State subsidies beyond the 1989-91 biennium. All of the projects are resulting in increased jobs for Oregonians, which in turn results in personal and business income tax revenues. Local and national funding and in-kind support has been or is being leveraged on all projects.

In addition, three of OTA's regional projects - our Hospitality Training Program, Small Community Tourism Development and State-wide Signage study, have applicability beyond the OTA region. This lessens the need for additional State funding of these visitor support programs in other areas of Oregon.

o Utilizes existing public and private assets.

One of the most successful aspects of OTA's tourism strategy this past year has been the high level of cooperation and coordination that has resulted in a reduction of human, infrastructure and facility resource duplication. Existing public and private assets are being identified and utilized by the Alliance not only to leverage our tourism investment, but to expand and build our visitor industry network. Examples include:

- Loop tours presented in OTA's Northwest Oregon Travel Guide highlight existing loop tour routes and existing transportation corridors. Cooperative working partnerships with the Oregon Department of Transportation have resulted in a mutually beneficial blending of highway improvement priorities.
- The primary resources being utilized to implement OTA's Hospitality Training program are Chambers of Commerce and local visitor information staff. Sales of training videos and guides to local businesses exceed \$1500 in the first three months of implementation, covering the costs of the materials.
- Most of OTA's current projects utilize existing buildings and facilities: Astoria Public Pier, Mariners Center, Cannon Beach Art Center, Garibaldi Boat Basin, Tillamook Rodeo Arena, Cozine House Wine Marketing Center and the Yamhill Equestrian Center.

o Improve conditions of the economically disadvantaged and increase the number of family wage jobs.

OTA's two largest projects - the Oregon Convention Center and the Oregon Coast Aquarium are meeting targeted family wage and economically disadvantaged hiring goals. During construction, over 900 jobs have been created by the Oregon Convention Center. The Metropolitan Service District has undertaken an aggressive minority recruitment effort to fill these jobs through its DBE/WBE outreach program and by requiring City of Portland EEO certification by all contractors to the project.

The Oregon Coast Aquarium is providing 132 construction jobs and 330 indirect construction -related jobs. Clatsop County projects have resulted in _____ jobs, Tillamook County 25+ jobs, and Yamhill County 25+ jobs. OTA's tourism strategy is also achieving an enviable industry accomplishment - our projects are providing year-round employment vs traditional seasonal jobs. (Mariners Center, Garibaldi Boat Basin, Tillamook Rodeo, Cozine House Wine Marketing Center, Yamhill Equestrian Center, Rainier Tourism Visitor Center.)

o Benefits existing in-state businesses - especially small businesses.

OTA's regional strategies funded attractions and programs emphasize and develop existing in-State small businesses. all of the coastal projects funded are providing direct and spin-off revenues/income to local businesses:

- Mariners Center. Encouraged by merchant and sales promotions, retail sales to sailors have increased significantly.
- Lewis and Clark Pageant, Tillamook Rodeo and Yamhill Equestrian Center. The influx of visitors for these events is directly benefiting local motels, restaurants and retailers.

- Garibaldi Boat Basin. Directly benefits charter fishing services.
- Cozine House Wine Marketing Center. Directs visitors to Yamhill County wineries, resulting in on-site sales of wine and (free) word-of-mouth marketing. Yamhill County's growing bed and breakfast industry, local eateries and small business recruitment will also be marketed from this Center.

o Assists businesses for which national and international competition exists.

OTA's Oregon Convention Center and Oregon Coast Aquarium will have the most impact on businesses selling to national and international markets. The size and import of these facilities will expand and positively influence Oregon's national and international stature. In addition, OTA's Cozine House Wine Marketing Center directly assists Yamhill County wineries that compete nationally and internationally. The Lewis and Clark Trail project will support regional historic facilities and activities (FT Clatsop, settlement of Astoria, Captain Gray bicentennial celebration, Columbia Gorge scenic highway) that have national significance.

o Results in the economic revitalization of small business and underdeveloped urban and rural areas.

Presence of the Oregon Convention Center in the underdeveloped northeast section of Portland has already encouraged a \$50 million renovation by the Melvin Simon Corporation at the Lloyd Center; created a development plan by the City of Portland for the area surrounding the Center; and significantly contributed to the private development opportunities of 70 properties in the immediate area of the Convention Center.

Tillamook County is experiencing an economic comeback in part a result of the Garibaldi Boat Basin and Tillamook Rodeo projects. Travel to the area is increasing - these projects are providing reasons to visit. The increased visitor travel is encouraging new private investment in other visitor attractions such as the Tillamook -Wheeler excursion train.

Yamhill County is also experiencing economic development growth. Two significantly growth areas, wine industry and equestrian competitions, are directly supported by OTA projects.

o Matches public investments with private financial and other contributions.

This biennium, lottery funded OTA projects leveraged \$_____million in matching funds. (See list). Not quantifiable, but critical to OTA's successful tourism strategy implementation, has been the level of in-kind and volunteered support. Over 150 individuals have been involved with implementing OTA's tourism strategy in the past year. Approximately half of these individuals have been private sector volunteers from the travel industry, Chamber of Commerce, local businesses and associations.

Creative Media Development, creator of OTA's Hospitality Training Program, donated over \$10,000 in video production and duplication of materials, and staging of the kick-off luncheon. Meeting facilities, refreshments and parking expenses have been donated by over 25 businesses.

Tourism Development Goals

Tourism development, as with any industry, is a long term investment. Although the visitor industry has always contributed to Northwest Oregon's economy, planned, focused long term tourism development is still in the start-up phase. Recognizing this, the Alliance adopted seven tourism development goals this biennium - goals designed to achieve the first phase of a planned tourism development strategy. All seven of these goals have been achieved:

Goal 1: Support projects that enhance current tourist facility utilization.

The Astoria Public Pier, Garibaldi Boat Basin, Tillamook Rodeo Arena, and Yamhill Equestrian Center are all projects utilizing existing visitor facilities. OTA's Northwest Oregon Travel Guide includes 99 existing visitor attractions.

Goal 2: Support projects that capitalize on the Oregon Convention Center.

Current biennium projects are enhancing day use and extended stay opportunities: The Garibaldi Boat basin targets charter fishing for visitors and convention delegates and the Dalton Lake Marina, Coon Island Transit Dock, Rainier Tourism Visitor Center and Cannon Beach Art Center projects provide day use opportunities.

Approximately one-third of OTA's \$894,000 marketing budget is targeted at encouraging delegates to extend their stays in Northwest Oregon.

Goal 3: Support projects that provide destination opportunities.

The Tillamook Rodeo Arena and Yamhill Equestrian Center improvements mean multi-day events can now be scheduled - thus creating demand for overnight accommodations and extended stay services.

Goal 4: Support projects that create national and international image.

The Oregon Convention Center and Oregon Coast Aquarium projects are of a size and import that already national and international interest is being generated. The International Rotary Convention, with an estimated 20,000 delegates, is scheduled for the Convention Center - a convention that could not come to NW Oregon without a facility the size of the Convention Center.

The Cozine House Wine Marketing Center directly supports the promotion of Yamhill County wines - which are receiving national and international recognition.

Goal 5: Support projects that enhance loop tour development.

The Lewis and Clark trail project will draw visitors along the Columbia River route of this historic exploration. OTA's Northwest Oregon Travel Guides promotes existing loop touring opportunities along 99W, through Washington County, around Mt Hood, and via the Columbia Gorge scenic highway.

Goal 6: Support projects that Oregonians In the State.

All of the OTA funded projects are providing jobs for Oregonians. In addition, Oregonians are also opting to spent their vacations in Oregon rather than go out-of-state. Twenty percent of the requests generated from OTA's June *Sunset* ad were from Oregonians.

Goal 7: Support projects that encourage visitors to extend their stay and return for vacation opportunities.

Current biennium projects are enhancing day use and extended stay opportunities: The Garibaldi Boat basin targets charter fishing for visitors, and the Dalton Lake Marina, Coon Island Transit Dock, Rainier Tourism Visitor Center and Cannon Beach Art Center projects provide day use opportunities.

Approximately two-thirds of OTA's \$894,000 marketing budget is targeted at encouraging free and independent travelers to extend their stays in Northwest Oregon. OTA's June *Sunset* ad generated 5500 requests for information on travel in Northwest Oregon.

In one year's time, OTA has completed 8 of its 17 regional strategies funded projects. The Oregon Convention Center, Oregon Coast Aquarium, and Marketing program, multi-year projects, are on schedule and within budget. The remaining 6 projects will be completed by the end of 1989.

OTA's adopted tourism strategy identified four distinct elements as crucial for OTA's successful tourism development, Attractions Development, Marketing, Visitor Services and Transportation. A recap of the completed activities in each of these areas demonstrates considerable progress is being made on OTA's tourism development:

o Attractions Development. Major accomplishments this year included:

- Adoption of detailed and prioritized project selection criteria. (See Exhibit ____). The revised criteria focuses OTA's attraction development, by coordinating projects and setting specific standards for project funding recommendations. The goal has been to identify and support projects that provide the maximum benefit to the region, as well as maximize limited funding resources.
- Inventory of current visitor attractions. These inventory provides the foundation of existing visitor attractions from which the Alliance will build future coordinated facility development.

o Marketing. Major accomplishments this year included:

- Marketing communications research with free and independent travelers, convention delegates and group tour operators. (See exhibit ____). This research provided OTA with critical information for assigning marketing monies to our target markets, identifying key communications messages, and a baseline for measuring the success of our marketing communications.

- Marketing communications plan. Based on the marketing research and expert counsel from our ad agencies, OTA has a definitive marketing plan for communications through July, 1991. This expert counsel has meant OTA not only will be able to accomplish the marketing objectives identified two years ago, but in a much more cost efficient manner than was originally anticipated. These cost savings will be used to further internal and external public communications about tourism and regional strategies - critical for future networking and building of public/private tourism partnerships.
- Publication of an OTA in the June, 1989 *Sunset* Magazine. Over 5,000 requests for information were received from this ad. (See exhibit _____) By maintaining graphic and thematic consistency with the State Tourism Division's *Sunset* ads, additional marketing communications impact is leveraged.
- Publication of a Northwest Oregon Travel Guide. This 8 loop tour guide is a unique brochure in the travel industry - providing flexible travel information in an informal, easy to read format. (See exhibit _____). Out-of-state visitors asked to review the brochure were overwhelmingly positive - 87% saying the brochure was excellent/very good for their travel.

o Visitor Services. Major accomplishments this year included:

- Completion of a easy to use, modular Hospitality Training Program. By combining video and self-explanatory written materials, OTA has developed a stand alone training program that can be used to train front-line employees on being gracious hosts to visitors. One of the problems with most training programs, is the reliance on trained facilitators to provide the training. OTA's program eliminates this requirement, making hospitality training 'user friendly.' This program was carefully planned and developed to be applicable for State-wide use, eliminating the need for State funding of other regions hospitality training programs. (See Exhibit _____)
- Implementation of Hospitality Training. In the first three months of implementation, over 500 employees have been trained. Orders from over 30 employers, community colleges, Chambers of Commerce and local associations have resulted in \$1500 in sales of training videos and printed materials.
- Completion of a feasibility study on inter-active computerized visitor information systems. (See exhibit _____) This data, combined with the knowledge that will be gained from Southern Oregon's Visitor Association's implementation of their inter-active system, will provide OTA with the necessary data for potential future implementation of our own system. Based on the data from this study, the Welcome Center in the Oregon Convention Center will be pre-wired to accommodate an inter-active visitor information system in the future.
- Commencement of OTA's small community tourism development program. Upon completion, this program will not only result in specific development plans for 24 Northwest Oregon small communities, but a comprehensive guide available to all communities within Oregon.
- State-wide signage study. Guidelines for visitor information signage along Oregon's highways will provide important consistency and access to visitor attractions, services and facilities.

o **Transportation.** Major accomplishments this year included:

- Assessment of transit opportunities available for free and independent travelers. Currently, demand for flexible transit from Portland to Mt Hood or to the Coast is not great enough to warrant implementation of a system. However, the data collected on the how to develop transit travel will be applicable if demand increases in the future.
- Prioritization of highway improvements with the region. Developed from county priorities, with input from ODOT, these recommendations will be included in ODOT's review of their six-year highway plan.
- Recommendation to ODOT that future highway planning include an assessment of the planned development that will impact traffic flow and counts. Specifically, the Alliance requested that ODOT implement a pilot project to study the Western ByPass/Highway 99/Highway 18 Corridor with the goal to make specific recommendations as to what will be required to retain corridors scheduled for improvements with the region as efficient transit corridors. ODOT is receptive to the request and has indicated that such a study can be conducted with current resources.

Regional Partnership Accomplishments

While not a stated objective of the Oregon Tourism Alliance, the level of participation and cooperation within this region is unparalleled. In two years, the Alliance has moved from a reluctant coalition to an enthusiastic committed partnership. Examples of OTA's cooperation and coordination are found in all aspects of our tourism development:

- o Attendance of member jurisdictions at Board and committee meetings is high. Out of the 70+ meetings held in the last year, less than 5 did not have a quorum of members.
- o Selection of projects to be included in the upcoming biennium grant request was accomplished in 2 meetings of the Attractions Development sub-committee. The prior year, deliberations took over a month. The sub-committee's recommendations met with unanimous approval by the OTA Board.
- o Prioritization of OTA's recommended highway improvements was also accomplished in 2 meetings.
- o Member counties hold monthly meetings with their OTA Board and committee representatives to stay informed on OTA activities.
- o Chambers of Commerce and visitor associations within OTA have volunteered to be responsible for implementation of OTA's hospitality training within their counties.
- o Community colleges with visitor hospitality programs are incorporating OTA's Hospitality Training program into their curriculums.
- o Representatives from the City of Portland and Clackamas, Yamhill, and Washington counties have established a task force to coordinate historic visitor attractions.

OTA members are enthusiastic and committed to the Alliance because our tourism strategy is proving of equal benefit throughout the region. Marketing communications, both advertising and the Travel Guide include all areas of the region. The attractions selection process gave equal weight to all 8 counties, as did the prioritization of highway improvements. OTA's Hospitality Training Program, by being flexible and modular, can be implemented easily without extensive support from areas with limited resources. Small communities, with limited resources, are receiving targeted tourism development support.

As a start-up coalition of governments, embarking on the start-up phase of our tourism development strategy, OTA first year has been a success.

OTA's Tourism Strategy Development - 1989-91 Biennium

OTA remains committed to tourism as our regional strategy, and committed to our 11 member regional alliance. The original rationale for selecting tourism is as valid today as it was two years ago - capitalize on and leverage existing activities enhancing the region's tourism market such as:

- o Construction of the world-class Oregon Convention Center, opening in 1990 - an \$85 million project that is fully funded;
- o Development of a world-class aquarium in Newport - a \$10 million project;
- o Designation of the Columbia River Gorge as a National Scenic Area - a \$15 million development federal government project;
- o Dedication of approximately \$1 million in Multnomah County lodgings tax for convention marketing;
- o Expansion of the State Tourism Division budget to allow increased tourism marketing efforts.

However, as the Alliance, Northwest Oregon's visitor industry and the regional strategies program matures, OTA has moved from the start-up phase of our strategy to that of ongoing implementation and coordinated growth of tourism in Northwest Oregon. The projects and programs proposed for funding this biennium reflect OTA's increased sophistication and emphasis on a very targeted, focused approach to the region's tourism development.

Key to this focused approach is OTA's emphasis on regional benefit and partnerships - a reflection of the maturation of the Alliance. In the year since OTA received our first round of regional strategies funding, the Alliance has moved from an eleven jurisdiction perspective to one regional view. This biennium projects and programs proposed for funding have been selected on the basis of regional merit and cooperative efforts. County distinctions, for the most part, are not included in our grant request.

Examples of this regional perspective are found in all four components of our tourism strategy:

- o **Attraction Development.** Projects included in this year's grant request all meet OTA objective of strengthening the region's tourism development. Projects are coordinated to leverage six regional tourism development themes:
 - **History** - The Oregon Historic Showcase Master Plan, Uppertown Fire Station Museum, the Butterfield Cottage Restoration, Lewis and Clark Trail improvements, 1992 Portland Friendship Flotilla planning, Washington County Living History Museum.
 - **Event Facility Development** - Clatsop County Fairground relocation, Washington County Fairgrounds Grandstand construction, Yamhill County Equestrian Center completion, Seaside Convention Center expansion, Washington County Exposition Pavilion construction, Oregon Convention Center

- **Water Recreation** - Hammond Marina improvements, Prescott Beach day use improvements, Jones Beach Planning, Wheeler Waterfront Park, Rogers Landing Park improvements - Phase II.
- **NW Oregon Information Centers** - Agri-Business Center feasibility study, Coastal Interpretive Center, Wildlife Refuge System.
- **Railroad Recreation** - NW Rail Museum, Excursion Train Rail Stations.
- **Cultural Facilities** - Contemporary Art Facility, Gallery Players Theater improvements.
- o **Marketing.** Emphasis this biennium will be regional travel. Individual county marketing support is not included in this grant request, nor is support for specific local attractions. Advertising will become more targeted, particularly at convention delegates. Because of the State Tourism Division's emphasis and success at awareness/image-building advertising for Oregon, OTA's next biennium marketing will primarily focus on providing follow-up communications that convert initial interest in NW Oregon to visitor travel.

Fulfillment of visitor requests for information is being centralized resulting in cost savings that can be used to expand the number of mail-outs.

- o **Visitor Services.** This biennium, support is being requested to fund a part-time training coordinator contract to ensure that hospitality training can be implemented in all OTA communities. To encourage continued interest in hospitality training, 3 annual awards events are planned for the region - recognizing outstanding Oregon hosts.

Phase II of OTA's small community tourism development will complete the program, and strengthen the entire region's visitor offerings.

- o **Transportation.** Priorities recommended for ODOT's consideration are presented on the basis of corridor improvements. OTA's overall transportation priority is the improvement of 9 transportation corridors: US 26 to the Coast, Hwy 6 to the Coast, US 30 to the Coast (Access Oregon route), 99W to Hwy 18 to the Coast, Hwy 20 to I5/99W, Hwy 101, I84 East, Hwy 26 East, 405 Loop.

Economic Development Goals

In addition to the jobs created and income/revenue generated, this biennium projects were selected on the basis of their 'readiness to proceed.' Projects included in this grant request have committed matching monies or private/public sector support, readily available sites and preliminary financial, developmental and operational assessments indicate the projects are realistic and 'do-able.'

Performance Measurement

All projects and programs recommended for 1989-91 regional strategies funding include a performance monitoring system. For attractions projects, this measures include tracking visitor counts, sales and jobs created. OTA's marketing program will be evaluated on the number of requests generated by advertising and the percentage of requests for information that result in a visit to NW Oregon. OTA's Hospitality Program will continue to track the number of

visitor industry employees trained, as well as evaluations of the program completed by participants.

Tourism Development

This biennium OTA will concentrate on completing our tourism strategic plan. Inventorying our available resources, attractions, marketing capacity, visitor service proficiency, travel accessibility for the entire region will be completed by July, 1990. With this data, along with market research on NW Oregon visitor travel, the Alliance will identify areas requiring development. Development strategies will coordinate attractions, marketing, visitor services and transportation priorities. Given the uncertain nature of future regional strategies funding, OTA will be aggressively pursuing funding and support alternatives.

In this biennium, OTA will take a leadership role in coordinating economic development activities within the region. The Alliance is a well-organized, cohesive group that can serve as an efficient mechanism for coordinating and channeling multiple economic development projects proposed for funding through lottery funds, the State Marine Board, Fish and Wildlife, State Fair Board, ODOT, etc.

OTA is also committed to strengthening the linkages between other regional strategy groups, the State Tourism Division, the private sector, education department, employment division, State Economic Development Department, State Parks, etc.

All of which have people and events to discover that are as colorful as the scenery.

And at the end of your day, fine hotels, restaurants specializing in Northwest delicacies and a vibrant performing arts scene all await you. See for yourself. Call the Northwest Oregon Visitors Center at 1-800-632-0200 for a free travel guide. And spend your vacation in the one place that's actually every place.

OREGON TOURISM ALLIANCE

The Oregon Tourism Alliance (OTA) is a consortium of eleven Northwest Oregon governments working in partnership to enhance the State's visitor industry. OTA's eleven member governments are: Clackamas, Clatsop, Columbia, Lincoln, Multnomah, Tillamook, Washington and Yamhill counties, and the City of Portland, Port of Portland and the Metropolitan Service District. OTA is governed by a Board with input from four standing committees: Attractions Development, Marketing, Transportation and Visitor Services. Representatives are appointed to the Board and committees by each member government.

OTA was formed in 1987 in response to Governor Neil Goldschmidt's 'Regional Strategies' economic development program. The Regional Strategies Program encourages counties to join together in pursuit of common economic goals. Lottery funds are designated for development projects that meet the region's goals. Each regional group selects one major economic development strategic focus. OTA chose tourism because:

- The visitor industry is Oregon's third largest industry and supports many small businesses in the region.
- Nearly 4 million people visit Northwest Oregon every year. These visitors are being encouraged to extend their stays and make return visits.
- The Oregon Convention Center, currently under construction, will bring in over 125,000 new visitors to Northwest Oregon. With the influx of new visitors, Northwest Oregon will benefit if these visitors are motivated to extend their stays and travel throughout the region.
- Research indicates that the diversity of Northwest Oregon - mountains, valleys, coast, rivers, cities, small communities - are key travel influencers. Northwest Oregon offers visitors varied scenery and activities in less than 90 minutes from Portland.

OTA's comprehensive tourism strategy has received \$25 million in lottery and transportation funding and includes four key elements:

Attractions Development - Development of visitor attractions. Projects underway include the Oregon Convention Center, the Oregon Coast Aquarium, Astoria Civic Pier, Yamhill County County Wineries and Marketing Center, Columbia River Boating Access, Cannon Beach Arts Center and the Tillamook Rodeo grounds improvements.

Marketing - Designed to expand the State's visitor marketing program, OTA's marketing includes advertising to attract visitors, a regional visitors guide book, promotions targeted to convention delegates, creation of clear consistent image of Northwest Oregon and market research tracking the effectiveness of the marketing.

Transportation - In cooperation with the Oregon Department of Transportation, OTA has identified highways where road improvements would significantly affect ease of travel. These improvements have been included in ODOT's Six Year Plan for Highway Improvements.

Visitor Services - Programs designed to enhance the visitor's experience once they are here. Projects include: An entertaining and informative Hospitality Training video for front-line employees, a study assessing the feasibility of an interactive computerized visitor information system, improved signage for visitor travel, and tourism development support for small communities.

ASK US HOW.

The United States is now available in a condensed version.

Driving across the United States will take you from the mountains, to the valleys, to the oceans, white with foam. But then again, so will a trip across Northwest Oregon.

Within 90 minutes of Portland you'll find places as varied as the spectacular Columbia River Gorge, the wooded foothills of Mt. Hood, the award-winning vineyards of Northwest Oregon's wine country and the unspoiled beaches of the Oregon coast.

Northwest Oregon.

A Double Feature Presentation.

The First Feature. Northwest Oregon is full of dramatic scenery, romantic countryside and natural adventure. And that's readily apparent as far as the eye, or car, can wander.

To make that wandering a little easier, we've outlined eight driving tours, each with its own distinct personality. Each features invaluable touring information including places to visit like historic sites, cultural attractions and children's activities, plus annual events and visitor information centers. Symbols

indicate disabled access. (For specifics, call the Spinal Cord Association at 503/239-9148.) There's also a useful map to help you locate most of these things. Driving times for the eight tours range from 1 1/4 hours to 6 hours.

If you prefer, you can create your own driving tour by following some of the suggestions made in our "second feature" section located in the back of this guide. Either way, you'll get to see some of the most spectacular sights found anywhere in North America.

There are mountains cloaked in snow year round. Dense, quiet forests ready for camping, fishing and hiking. Unsurpassed coastlines with inviting beach towns and shops. Fertile valleys where vineyards await you down a peaceful country road. That's not to mention the waterfalls, clean rivers and historic sites all within 90 minutes of the big city lights and cheerful friendliness of metropolitan Portland, the state's largest city, with its ten bridges that span the peaceful Willamette River.

This wide array of offerings, courtesy of Mother Nature, is matched by a wide array of weather conditions. But for the most part, you'll find Northwest Oregon crisp in the Fall, cool in the Winter, moderate in the Spring and warm in the Summer.

As for lodging, you'll find all kinds of accommodations readily available. These include world-class resorts and hotels, quaint and cheery motor lodges and motels, small and intimate bed & breakfast inns, plus nationally famous campgrounds that feature tent sites and RV-hookups.

Getting here is also a simple matter of choice. Whether it's by air (we are served by 14 regional, national and international airlines), rail, bus or car, you can easily reach our little corner of the world just about any way you prefer. For additional transportation information, call your travel agent who will go into more detail.

And now, so will we.

- **Go WithThe Flow.** An adventure filled with coastal beaches, the Columbia River and a giant forest.
- **Ring AroundThe Mountain.** Drama at its finest features Mt. Hood and the Columbia River Gorge.
- **Just Like Old Times.** A journey that takes you to historic meeting places and magnificent river falls.
- **Don't Skip Town.** An action-packed tour with a revitalized riverfront, great city views and microbreweries.
- **Say "Cheese!"** This adventure features the world-famous Tillamook Cheese Factory, fish and coastal vistas.
- **Go Fly A Kite.** The dramatic Oregon coast, a ghostly lighthouse and fishing boats are part of this tour's plot.
- **EnjoyThe Aging Process.** A romance that takes you through the heart of the lush Oregon wine country.
- **Take A Breather.** A large lake, shopping galore and bountiful roadside produce lure travelers to this tour.

Go With The Flow.

The Lower Columbia/North Coast Loop. Pick a favorite vegetable or fruit at a Sauvie Island roadside stand, tour Trojan Nuclear Power Plant, windsurf or check out wildlife inside the state's two marine parks accessible only by boat or canoe. Drop your fishing line in the water and land a steelhead or salmon. Or, simply park at any of the many scenic roadside viewing areas and watch oceangoing vessels of all shapes and sizes cruise along the Columbia River.

Highlights of this tour also include Astoria, where the Columbia River meets the Pacific Ocean, and site of the first European-American settlement in the West with its stately Victorian homes perched high on wind-swept hills.

Large elk herds can be viewed near Jewell in the Coast range. For rockhounds, there are fossil beds just outside of Vernonia.

Those who fish won't want to miss Warrenton, a center for charter boat fishing.

In Seaside, the Pacific Northwest's largest beach resort community, you can enjoy the 2-mile promenade and an assortment of shops, restaurants and arcades. For a historical perspective, visit the 1865 Unknown Sailor's Grave. Then drop by the Antique Carrousel with its 20 wooden horses located underneath a giant skylight.

Outside of Seaside on Highway 26, you can visit the Saddle Mountain area and site of some of the country's largest Christmas tree farms. Further East, there's the Camp 18 Logging Museum and its antique logging equipment.

On this loop, you'll also be traveling through a portion of the Columbia River Heritage Trail that parallels the journey of explorers Meriwether Lewis and William Clark. Special signs mark where they camped on their expedition to the Pacific Ocean.

Approximate loop driving time: 4½ hours

Just Like Old Times.

The 99E Historic Tour. This is where it all began. The western terminus of the 2,000 mile Oregon Trail at Oregon City. Not only can you see pioneer artifacts at the End of the Oregon Trail Center, but tour the 1846 John McLoughlin House, home of the "Father of Oregon," as well. Or, enjoy Willamette Falls, a place where Clackamas Indians speared salmon for thousands of years and which today remains a very popular spot for anglers.

Further south lies Canby, a commercial growing area for several kinds of flower, fruit and vegetable bulbs plus seeds and plants that are distributed worldwide. Nearby, you can explore a scenic stretch of the Willamette River by crossing it on the historic Canby Ferry.

In the National Historic Landmark District of Aurora, browse through the many antique shops and boutiques. Among the town's main attractions is the Old Aurora Colony Museum, full of historic exhibits and displays from this 19th century Christian communal society.

Also on the tour is Mt. Angel and the Mt. Angel Abbey. Offering a spectacular valley view, the monastery was established on a 330-foot butte by Benedictine monks from Switzerland. A stop in St. Paul promises a picturesque look at a countryside church built in 1846.

On the way back to Portland via I-5, you can travel through some of the most fertile land in the country. Large fields of ryegrass, garlic and fescue all serve as testimony to the richness of that soil.

For information on additional attractions: See "Say 'Cheese'" tour

Trace the Lewis and Clark Trail at the End of the Oregon Trail Center in Oregon City.

For thousands of years, Willamette Falls has been the place for anglers to gather and catch their limit of the famous Northwest Oregon salmon.

The old-fashioned ways are alive and well in Northwest Oregon as the Canby Ferry glides from one side of the Willamette River to the other.

Don't Skip Town.

Portland Scenic Drive. Sparkling evidence abounds that man and nature can peacefully coexist on a 12-mile route through one of America's most liveable cities.

Stroll along the Willamette River and Tom McCall Waterfront Park, site of year round festivities and outdoor celebrations. Walk down to the Portland Saturday Market, one of the world's quintessential open air markets in the heart of a restoration area which includes Yamhill and Skidmore/Old Town historic districts. Then tour the metropolitan public art display at the post-modernist Portland Building and witness its grand "Portlandia," a hammered bronze statue second in size only to the Statue of Liberty.

In the heart of the city, visit Pioneer Courthouse Square, the "city's living room," that features one of the world's only weather machines. While there, you can board the famous MAX light rail, a transit system that has become an attraction in and of itself.

See nature's finest in Washington Park, home of the International Rose Test Gardens and the Japanese Gardens. While there, find the perfect vantage point to view the colorful blend of contemporary and historic architecture situated below in downtown Portland as towering Mt. Hood glistens in the distance. In addition, the Audubon Society and Portland/Oregon Visitors Association provide information about where to view wildlife in the metropolitan area including the Blue Heron and Canada Geese.

Also along this tour are numerous galleries, museums, microbreweries, unique boutiques, America's largest bookstore and an ethnic diversity of restaurants.

Approximate loop driving time: 1 1/4 hours

Like many wineries in Northwest Oregon, the vineyards at St. Josef's Weinkeller have what it takes to produce exceptional vintages.

Washington Park's International Rose Test Gardens shows off the "City of Roses"

Say "Cheese."

The Tillamook County Loop. In Indian language, Tillamook means "land of many waters," an apt description of what's to be found on this tour. You can drop a line in four different bays or in seven rivers full of salmon and steelhead.

Bounty of the sea also can be found in Nehalem, Netarts, Nestucca or Tillamook Bays where conditions for clamming and crabbing are ideal. For ocean fishing, Garibaldi features a fleet of Northwest Oregon's best skippers and crews. Or, if you prefer, rent your own boat, fishing poles, crab pots or accessories by the hour or the day.

Taste the harvest of the land at the world's largest cheese factory in Tillamook or sample award-winning vintages at the Nehalem Bay Winery.

To really get the lay of the land, take a seat on the Oregon Coastline Express, an excursion train traveling along the Pacific Ocean. In addition, see one of the world's largest reforestation efforts ever in what was once known as the fire-scarred Tillamook Burn, now the Tillamook Forest.

The scenic Three Capes Loop shows off Cape Kiwanda, Cape Lookout and Cape Meares. Once the site of many shipwrecks, these three capes and the drives between them offer spectacular ocean vistas, a 100-year-old lighthouse and the famous dory fishing boats of Pacific City.

For explorers, there are quiet yet magnificent beaches from Manzanita to Pacific City with bubbling waterfalls along the way. Nestled close to Haystack Rock in cozy Cannon Beach are some of the West's best known art galleries.

Go Fly A Kite.

The Central Oregon Coast. The Northwest Oregon coastline offers long and uncrowded stretches of public beaches. Saltwater mist fills the air. So get some taffy, and go fly a kite at Lincoln City, "Kite Capital of the World." Seagull sculpture and Oregon's oldest glassblowing studio also can be viewed. And then there's the world's shortest river, the "D" River.

In nearby Depoe Bay, the world's smallest year round navigable harbor, marvel at the "spouting horns" of incoming tides. And enjoy wonderful seafood and clam chowder in local restaurants and pubs. Or take a charter to go deep sea fishing or watch migrating whales swim in the Pacific.

By traveling to Newport, you'll find the Old Town bayfront which features a fleet of commercial and charter fishing boats, canneries and visitor attractions including the Undersea Gardens. If you dare, visit the lighthouse at Yaquina Bay, open to the public and reportedly the home of a ghost.

Further south in Waldport and Yachats, conditions are perfect for fishing, crabbing and clamming.

While on the way to the coast, you'll pass through the well-known winegrowing section of historic Yamhill County, where bicyclists can take to the road in search of award-winning vintages or simply watch valley wildlife.

Coming back to Portland, you can travel across the beautiful Oregon coast range to Corvallis, home of Oregon State University and one of the oldest universities in the West. From there, you can rejoin Highway 99W and see ample evidence of high-yielding agricultural crops in the Willamette Valley.

Wine Country. Hang on to your taste buds! This tour is a nice combination of scenic hills, quiet valleys and sumptuous wines. Wines produced in our Washington and Yamhill Counties are rapidly gaining an international reputation. Award-winning Pinot Noir, Chardonnay, Riesling and a variety of berry wines are made special by the mostly small family-owned wineries. Many offer tours and several sponsor food and wine events. Located close by these vintners are charming bed & breakfast inns, resorts and motor lodges.

Besides grapes, our wine country is also famous for hazelnuts (known also as filberts). In fact, 90 percent of the nation's annual yield comes from this area.

For history buffs, there's the city of McMinnville and its historic downtown district that includes 52 historic buildings. A self-guided walking tour gives you a glimpse of what small-town America was like at the turn of the century. For a more contemporary look, see award-winning community theater productions at the Gallery Players of Oregon.

In Newberg, you'll find the Minthorn House, the boyhood home of Herbert Hoover. Dayton and Amity are also small historic towns where several 19th century structures and other reminders of historic days remain.

With all its history, you can easily understand why Yamhill and Washington Counties are also well-known for their antique shops. In the Lafayette Schoolhouse, over 90 antique dealers are represented under one roof.

Take A Breather.

Washington County Tour. The rainbow ends here. Farmlands still stretch on for miles. Hills and fields glisten with wine grapes that rival the best of California. Storybook orchards produce legendary nuts and fruit. Stately historic homes await you down a quiet country road. First-class dining and lodging accommodations are close to the myriad of sights of the county. And the air is guaranteed to be fresh and clean all year.

This tour of Washington County is a surprising mix of pastoral countryside, historic sites and modern amenities. It includes a fast-growing high-technology center, plus one of the Northwest's largest shopping malls. Less than a stone's throw away lie six Tualatin Valley wineries. Stop in for a tour or a taste. At the Jenkins Estate, a historic country retreat, stroll through the magnificent gardens any time of year.

Bring your camera to Hillsboro. It features the county's most photographed attraction, the picturesque Old Scotch Church.

Further west near Forest Grove, ride a trolley into Trolley Park. Inside, you'll find a historic collection of completely restored trolleys, double-deckers and inter-urbans. Or, bicycle 11 miles around Hagg Lake and then enjoy a picnic lunch in this natural forest setting.

You'll also find a wide variety of U-pick and roadside fruit and produce stands along the way.

Today's Second Feature. Northwest Oregon's follow-up presentation puts you in the director's chair. That's because you plan your own driving tour.

It's easy. Just use the adjacent map and the following information on all there is to see and do in Northwest Oregon. You'll find everything from historical areas of interest to outdoor recreational facilities to major Northwest Oregon attractions. In total, there are 17 different categories.

Under Attractions, you'll find listed a multitude of natural wonders, world-famous sites and exhibitions. Our Bicycling section will tell you where to get details and maps on Northwest Oregon's many bike trails. The Boating/Fishing section offers you information about our lakes, rivers and ocean.

Because Northwest Oregon is the microbrewery capital of the world, we've included a Breweries listing with tour information and hours of operation. Those with children will find lots to see and do under Children's Activities. Under Golf Courses, you'll find a description of some 35 public golf courses.

Hikers can get information about our 8,000 miles of trails in the Hiking/Walking Trails section. History buffs can learn a lot about Northwest Oregon history by using our Historic Sites/Museums section.

In the Outdoor Recreation and Parks sections, you'll find wonderful places to have a picnic. Campers will find a comprehensive listing of Northwest Oregon facilities under Public Campgrounds. Skiers need look no further than Ski Areas for chair lifts and cross-country skiing locations on Mt. Hood.

Those who appreciate nature will find some excellent viewing opportunities under Wildlife Refuges. Finally, our Windsurfing category features information about some of the best places to windsurf in North America.

To effectively use this section, start by determining the area that best represents your interests. Whether it's our pristine and uncrowded 325 miles of public ocean beaches, the dense, quiet forests of Mt. Hood, the magnificent Columbia River Gorge National Scenic Area, Northwest Oregon wine country or the big city lights of metropolitan Portland, there's all you need to know in the following pages.

Simply match the color code of your area of interest to the corresponding color dots on the next six pages to get the details and specifics. (Your driving time, of course, will vary depending upon what you want to do.) To get a better idea, call any of the Visitor Information Centers also listed in this section.

At the annual Concours d'Elegance, over 400 classic automobiles are parked at Pacific University.
