**RECORDS DIVISION**

( In accordance with the provisions of ORS 192-040 and 192.050 )

Roll No. 1 Reduction Ratio 21-1 Record Date 1900-1965  
Title of Record Series Record of Registration of Farm homes R1-48

Certificate: I hereby certify that on this 16 day of December 19 77 camera operator S. Enge, under my supervision, photographed the documents appearing on this roll of film, that they are true and complete copies of all the documents photographed, and that the integrity of the above described records has been maintained on the film by microfilming each document in the exact order in which it is filed - with the exception, if any, of documents omitted because of technical difficulties and / or by error, as indicated on the film in the cross-reference notes or retake certificate.

I hereby also certify that the A.H.U. film on which the above documents are taken is the slow burning cellulose acetate type, known as safety film and identified by the manufacturer's mark of the word 'safety', followed by a small solid triangle printed at intervals along the edge of the film, and which the manufacturer states does not contain more than 0.15 percent nitrogen as cellulose nitrate. The processor in finishing this film is guaranteed by the manufacturer to conform to the standards of the U. S. Bureau of Standards for permanent film, in accordance with O.R.S. 192.040. The hypo (sodium thiosulphate) content of the processed film after washing should not exceed 0.005 mg per square inch of film.
