MAJOR CHANGES IN REVENUES FOR 1985-86

PAGE  
#

B-6      Transient Lodging Tax - This projection assumes Hayden Island will not be annexed by the City of Portland before July 1, 1986. Revenues derived from Hayden Island are estimated at \$500,000.

B-8,  
B-35      Special Enforcement Detail Earnings and Commissary Fund have been transferred to the General Fund from the Federal/State Fund, in response to recommendations contained in the most recent report from the County Auditor.

B-9      State of Oregon Juvenile Reimbursement - This represents revenue derived from a contract with the state Judicial Department for Word Processing Services. The 1984-85 Budget erroneously included this item in The Federal/State Fund.

B-9,  
B-36      Conciliation Court Fees, Marriage License Fees and D.A. Criminal Enterprise Investigation Revenue have been moved to the General Fund from the Federal State Fund, in response to recommendations contained in the most recent report from the County Auditor.

B-10,  
B-20      Fair, Racing, and State Racing Apportionment Revenue - A county Fair Fund has been established which includes these revenues.

B-14      Property and Space Rental - This projection assumes that the V.A. will vacate the Gill Building for the entire year, resulting in \$180,000 less revenue. Partially offsetting this loss are many general increases on other rentals.

B-15      Assessor Late Fees have increased substantially because of an increase from 2% to 5% in charges on judgments used to offset advertising expense.

B-15      Election Cost Reimbursements reflect the cyclical nature of this source and the reduced level of activity expected in 1985-86.

B-16      Interest on Investments displays the impact of decreased interest rates available, as well as the impact from immediate transfer of receipts in November to the Short Term Debt Retirement Fund, as required by State Budget law.

B-16      Tax Collection Interest reflects accelerated distribution of tax receipts (which is accompanied by a commensurate decrease in required distribution total, since less interest is earned).

B-16      Miscellaneous Charges and Recoveries show a decrease from 1983-84

B-19 Fines and Forfeitures have dropped dramatically as a result of the State assuming operation of the court system. 1985-86 has been projected to roughly equal current expectations for 1984-85.

B-20 Cigarette Tax Sharing reflects the anticipated impact of approximately \$350,000 from passage of HB 2183, which increases State Tax on Cigarettes effective January 1, 1986..

B-20 CCA - State Mental Health is now included in the Federal/State Fund.

B-20 Refugee Reimbursement - The value displayed in 1983-84 reflects a nonrecurring recovery from Project Health 1982-83 activities.

B-22, B-81 Revenue Sharing assumes continuation of funding through the final year of the current entitlement period. President Reagan's Budget proposes elimination one year early (i.e., in September 1985), which would reduce our receipts from this source by \$4.5 million in 1985-86 and \$6 million in subsequent years. Currently available data indicates that funding will most likely continue through September 1986, but the potential also exists for a 50% decrease which could reduce our receipts up to \$2.25 million in 1985-86.

B-22 Sale of Tax Anticipation Notes - The amount here is regulated by I.R.S. regulations which limit the maximum issue to the projected cumulative cash flow deficit through October plus one month of expenditures.

B-27 Motor Vehicle Fee Sharing includes no projected increase during 1985-86, but does include a full year of the 1¢ per gallon increase instituted in January 1985.

B-28, B-70 Fleet Maintenance - Service Reimbursements and Contributed Operational Inventories reflect movement of the Fleet Maintenance Function from the Road Fund to the Fleet Management Working Capital Fund.

B-35 Federal Marshall Contract is projected based upon a new contract which reflects an increased per diem rate to cover the incremental costs at M.C.D.C. The previous contract had been based upon outdated costs at the Rocky Butte facility.

B-35 P.U.C. Truck Inspection - This is a new Federal revenue received through the State for truck inspections. \$45,5799 of the total represents accrued receipts during 1984-85 which will be carried over to 1985-86.

B-39 Title XIX Capitation - This new revenue assumes an average enrollment

PAGE  
#

- B-39 through B-43    Multicare and Patient Fees - Multicare is being converted from a prepaid premium program to a Fee for Service Program. Patient Fees in Community Health Response, West/Southeast/East Clinic, and Dental Services are projected to increase from clients currently paying Multicare Fees who will instead be charged Clinic Patient Fees in 1985-86. Patient Fees in other sections have been adjusted downwards based upon current activity levels, resulting in a slight overall decrease from the adopted 1984-85 Budget.
- B-48    Aging Services - The significant increase in revenues from Federal Sources results from a change in distribution of funding for subcontractor services. These revenues previously were distributed through the State but now flow through county channels.
- B-50, B-59    Cable Television Revenues - Have been moved from the Federal/State Fund into a new Cable Television Fund, in response to recommendations in the most recent report from the County Auditor. A total of \$122,9223 in projected carryover from 1984-85 is shown as Federal/State Fund revenue which will be transferred to the new Cable Television Fund.
- B-51    Animal control Revenues - Have been reduced from levels of the 1984-85 Budget based upon actual year-to-date performance.
