Hi Paula,

Attached is the Levee Ready Columbia APR scheduled for July 13 and the IGA Amendment for attaching to the APR. Ian and Jed have approved. I'm going to be on vacation starting tomorrow until next Monday. I'm copying Joanna or Tom in case there is a question or edit needed while I'm out.

Thanks,  
Allison

FYI - In a side conversation Jed and I agreed we could move forward without a new resolution. The 2015 resolution will cover administrative changes to this IGA and it would be unlikely that the LRC would renegotiate a small change to our obligation. At some point, there will either be a new governance structure in place or there will be another major round of funding negotiated.

This looks good. I'm wondering if you want to build in any flexibility here for the Chair to also execute further amendments to some degree, say "so long as the value of any change in County's obligation does not exceed 20% of the amount authorized in this amendment."

If you want to do that, then I suggest also preparing a resolution for this item---easier to track

Hi Ian and Jed,

Attached is a draft APR for your review. It is asking for approval of an amendment to one of the Levee Ready IGAs that includes our in-kind commitment for the next 2 years. The IGA amendment (which Jed has already reviewed) is also attached.

Thanks,  
Allison

Hi Jed,  
Would the original resolution from 2015 still cover any small, administrative changes to this IGA in the future? It'd be unlikely for a small change to the amount of obligation for the County to occur since they won't want to go through the negotiation and resigning for that. I think if they have to amend this again for funding then it will to request another large round of funding.  
Thanks,  
Allison

Paula,

Please edit the APR file name and remove "draft6\_16". I see Jed's email approval but typically the County Attorneys modify the file name and add "CA". Otherwise I think we are good to go.

Hi Jed,

For future APR's, please rename the document ending with "Approved by CA" or your initials. That way I know it's good to send to the Board Clerk without having to read through the email string.

Thank you!
