

April 22, 2011

Board of Commissioners:

Attached is the most recent "draft" County Action Plan for 2011-12 using figures released from HUD just this week that estimates cuts at approximately 16.5%. HUD advised the jurisdictions that this percentage could be used for planning, but they indicated allocation amounts will not be released for the next 30 to 45 days.

Because the Portland Housing Bureau takes the lead for the Consolidated Plan, the website below has the draft 5-year Consolidated Plan and Annual Action Plans for the Consortium--Portland, Multnomah County and Gresham. The most current updates for draft Action Plans may not be reflected as of yet because the jurisdictions are still trying to sort out the best way to proceed with these significant cuts and uncertain figures.

Please let me know if you have any questions or concerns.

Thanks.
