Since I'm fairly new, Joshua, I don't know the folks in the room that well. Also, for some reason, we could barely hear the speakers. So if you would, please, then I can complete the minutes! Thanks!! Lyn

Particularly the primary speakers.

This is what I think I heard as to names but I'm unsure of spellings, etc. if they

BOARD BRIEFING

Vice-Chair Diane McKeel convened the meeting at 10:05 a.m., with Commissioners Jeff Cogen, Deborah Kafoury and Judy Shiprack attending. Chair Wheeler was excused.

B-1 Safe and Equitable Foster Care Reduction Initiative. Requested by Commissioner Deborah Kafoury and Joshua Todd, CCFC Director. One Hour Requested.

**COMMISSIONER KAFOURY AND JOSHUA TODD
GAVE A PRESENTATION ON THE SAFE AND
EQUITABLE FOSTER CARE REDUCTION
INITIATIVE.**

INITIATIVE IS TO SAFELY AND EQUITABLY REDUCE THE NUMBER OF KIDS IN FOSTER CARE BY 20% IN TWO YEARS. GOALS: INCREASE NUMBER OF KIDS EXITING FOSTER CARE THROUGH PERMANENT PLACEMENTS INCLUDING MORE PLACEMENTS WITH RELATIVES; REDUCE LENGTH OF STAY; REDUCE DISPROPORTIONATE DISPARITIES; AND, HOLD THE CHILD RE-ABUSE AND NEGLECT RATES STABLE.

ISSUES: OREGON'S RATES ARE HIGHER THAN THE NATIONAL AVERAGE. DISPROPORTIONATE NUMBERS OF AFRICAN AND NATIVE AMERICAN CHILDREN ARE REPRESENTED IN FOSTER CARE. MORE ARE FROM POOR, SINGLE-PARENT HOMES AND DEPENDENT ON SOCIAL SERVICES. MORE ARE REPORTED AND LESS RE-UNIFIED DUE TO BIASED DECISION-MAKING. CHALLENGES: INCREASED RISK FACTORS RELATED TO POVERTY, ACCESS TO QUALITY SERVICES, INSTITUTIONAL RACISM AND BIASES, WORKFORCE DEMOGRAPHICS, AND RELATIONSHIPS WITH COMMUNITIES OF COLOR. MOVING TOWARDS EQUITY REQUIRES PRACTICE CHANGE, COMMUNICATION, PARTNERSHIP WITH COMMUNITY, LEGISLATIVE POLICY CHANGES, RESEARCH AND ANALYSIS.

STRATEGIES: PARTNER WITH DHS, COURTS, AND COMMUNITY PROGRAMS TO RAISE AWARENESS, TRAINING, PARTNERING, AND EDUCATION. CHANGE THE CULTURE OF REMOVAL TO A CULTURE OF SAFETY SERVICES. CHILD WELFARE AND JUVENILE JUSTICE WORK COOPERATIVELY TOGETHER, WHICH IS UNIQUE. THE SAME NEEDS TO OCCUR WITH OTHER SERVICES. TODAY'S HANDOUT SHOWS 79 PROGRAMS IN 5 DEPARTMENTS TOUCH THE LIVES OF THE CHILDREN WITHIN THE COUNTY.

MR. TODD ASKED THE COMMISSIONERS TO BE MINDFUL THAT AS THE INITIATIVE SUCCESSFULLY REDUCES CASELOADS, NOT TO CUT FUNDING, AS THOSE FUNDS ARE NEEDED TO INCREASE OUTCOMES FOR REMAINING FAMILIES.

VICE-CHAIR DIANE McKEEL THANKED COMMISSIONER KAFOURY AND JOSHUA TODD FOR BRINGING THIS TO THE COMISSION. COMMISSIONER SHIPRACK AND COGEN EXPRESSED THEIR GRATITUDE FOR THEIR WORK.

There being no further business, the meeting was adjourned at 11:00 a.m.

Dhs has id'd too many children in foster care
We hope to create healthy families in mult city
Training, tech assist, \$30 mil infusion over next 3 years
Hold re-abuse stable

Kafoury couldn't find notepad in her cabinet, so Jeff gave her the one in his cab.

9 major decision points
Child welfare hotline
Amer Indians & Afr Amer kids more likely reported

More intensive services to families we did a pilot
\$400/family
Compared to foster care for a year \$20K yr
Working with comm. Children families...
Assess home serv
Working to change culture of removal to safety services

Enhance cooperations between agencies

1.3% of child pop is Amer In yet 21.7% of foster care is A.I.
10.7% black and 21.1% of af. Amer. Are in foster care

43% of the population in foster care are amer Indian and AN (African)

Children of color not abused at higher rate than white children
More likely poor, single family homes
Fewer access to services, more likely in contact with social services, less likely to be reunified due to racially biased dec making

What this means is it weakens our children
The Institution of Family most valuable inst. We have

We need to approach in more wholistic fashion and engage these systems
Casey is addressing these issues suggest reframe perspective how we work with children and families. Take more integrated approach.
Move away from
To our whole response system (all those systems mentioned this morning)
If AI/AN in foster care at same rate huge reduction in foster kids result
Fiscal impact enormous and rerouted to improve rate of well being of comm. As a whole

12 to 25% US prison population has spent time in foster care
30% homeless youth across country spend time in foster care
We want to advance improvements that have been made

Frederick douglas

Easier to build strong children than to repair broken men

Discussion?

Cogen: why disparities

Gabriel: societal historical and Socio economic status

Second: access to culture responsive resources

Third is biasess

Cogen: is this found in other states?

Who else has addressed this already?

What done to address it

Almost state wrestling with the same issue

Looking at systemic barriers and strengthening relationships with communities of colors

Huge amt of distrust coming from those communities

Each state we've found those out there to do greatest good by no intention of our own we are laiving with our own biases

States beginning to look at systemic biases

Looking to improve that

Looking to strengthen the community alone

We are unique in Oregon child welfare and juvenile justice works cooperatively together

We need to do same with health, mental health and education and other entities that service children in the community

Josh: 1 thing we've learned focus on this disproportionately here in Ore

Judgge Waller

Decision make everyone who comes into contact with every family and child

Set decision makers

Casey family has initiative on reducing disproportionate in our system

Omaha and los angeles and Portland participate on casey funded research impact implicit biase of judges

IRB approval, research,

Judges given list of checkpoints they have to go tru with every faily in front of them

Engaging families helps

Bench card in part make sure judge making decisions is looking at the people in front of them

For judges big deal done it agreed to it want to make sure we are equitable system
Judges willing to participate in this research to improve decision making

Cogen: city made sig progress reducing juv justice system
Lessons from that

Yes

Absolutely

Abby stem does court planning is bridging juvenile justice and child welfare

Katherine kahn portlandn state using lessons learned from that process

Juv justice 16 years ago is template methodology looking at decision oint

We hope to looka tours and dhs decision oint

What we're saying shouldn't be siloed

Invited to apply for project model thru shay belcheck how do we prevent kids in
dependency system from crossing over into delinquency system?

And then how to prevent from moving up to adult justice system

Josh: city advocate to state is important

As we see it and caseloads reduced that we don't see reduction in funding

We need to take those savings and increase outcome to families

Lessons learned 8 years budget cuts to our community based programs

Disproport. Something we've been working on a long time

This won't work if we can't come to terms with community based services that support
these families

Shiprack: Todd, pretty common gov't to punish good behaviori

Context approach you advocate fits with info we've been mining from our System for a
long time

If we can remember to break down the silos and address issues like teen parenting
and pregnancy and the high risk that comes there and identify this interrelationship
between disproportionality and the adult criminal system

Then our own bias who deserves services in atmosphere where serv constantly
diminished

We remember what to do is support children is provide serv to their parents

Glad to see work force demographics

Jobs important

Pushing indicators that show how children get into the foster system

How to do culturally responsive services

How do we provide in home serv that provide stability for the family

We need to identify what we can provide that help them stay safely in their home

Child welfare intended to protect the child

If goal to keep in home place for health justice sheriff etc. to determine what services we can provide

What serv provided that touch on the lives of children

We came up with 79 programs

How can we invest some of our resoucooes in a diff way to prevent children coming into care

How do we work with other agencies and use research we currently have

Shiprack: we want to know too thru budget process

Prevention can be invisible and hard to mesure

Josh: would you like a list of all those progras

McKeel: yes

Judge Mary here too

79 programs in 5 depts handed out

(attach to their presentation)

Josh: over next 2 years courts internal plan how reduce kids coming into care

Increasing relative placements w/family members

Talked w/400 folks re: current system

Our mes'g is everyone has a role in this

We've looked at this as dhs, problem of state

Try to look at it differently, negative impact cost of services

Not providing best level of care

Maintain integrity of family first instead of fixing after broken is our focus

Continue community forums

w/support casey, racism training in community

bldg add support

launch business campaign to do what ever they like to support kids and families

2 local business have signed on

Slappy cakes restaurant, jd salon in downtown offered to do 1 haircut a day for Fathers trying to reunify with their childrenr, shave, allow them to be more effective in their job search

McKeel: great

Training started

Josh: no

This year's work plan the community receptive even without curriculum the conversation goes there

How did we create these systems and what does that mean

Then look at diff time periods to see historically

April 2nd one day conference on bias in child welfare system

Join us

Ntl speakers

Judge thorn Colorado

Training planned for this year

Only one component of course

Work on systems issue and on system level put systems in place or have those resources available to those families

Evaluate our policies and procedures

Make it easier to do the right things by these families

Partnering

We are looking for opportunities to continue beyond the 3 year program too

Unless you have a sense of the history hard to walk into these groups of working professionals and know how to be heard

That's why we need to train these people

Applaud dhs and courts work they've done with us to get this out

Most of the work around this initiated by state or gov't agencies

Cogen: Portland human rights working towards same mission doing same thing 6 months be good partner

Josh: thanks

Dhs mult city mgr

What is her name? lady that came up?

Placing children with relatives engaging relatives for them

Ntl research shows children more likely safe with relatives

More success academically

More culturally aligned placement

We have been doing better job past few years

In 2008 foster care cert

42 of our cert were new reg foster homes

324 of our cert. were relatives for our children

People who are already in the children's community

Shiprack: grateful I am you do the work you do with the kids in our community who need our support

The community deserves for all of us to give our support

Hard work

Totally invested in it, thanks

Part of our partnership bringing in stronger collaborations increasing understanding between the agencies

Mandatory reporters law health and educators

75% of the calls that come in are coming from those mandatory reporters

As part of that collaboration

This piece is also very important

More you do in your decision making that impacts these systems keep in mind how it will affect the day to day lives of our families and the life of the child

Josh: closing

Not 1 time pres.

We hope to engage in active conversations with each district and chairs office on how we can collaborate together

Comm. On children and families community board we presented

Next is pdx city council

Then Gresham and others who may be interested

Business and faith community have their engagement too
