Multnomah County Board of Commissioners
P.O. Box 279
Portland, OR 97207-0279

Subject: The reasons the Administrator's determination is incorrect

Dear Board of Commissioner:

My name is James B. Pham, a resident of Multnomah County, I would like to submit my appeal to the Board that is concerning to my personal tax in 2003.

I am a good citizen. I pay tax every year. Paying tax is my duty. My family has been low income under below of the criteria of the US-GNP and I have gotten refunds from Federal and State in 2003.

I wonder why the Multnomah County Board of Commissioners determines incorrectly on my personnel tax the following reasons:

1.	I have never received the personal tax of definite amounts that I have to pay	
2.	My family income was:	\$17,369.00
3.	My income exemption:	\$5,000.00
4.	2003 Multnomah County Taxable Income	\$ 12,369.00
5.	Tax rate:	1.25%
6.	Penalty	\$ 31.38
7.	Interest	\$ 6.11
8.	Total Prepayments and withholdings	\$ 29.46
9.	Total Determination of Amount Due/(Refund Due)	\$ 163.04

I wonder why Multnomah County raising personal tax aims to stimulate its economy. You are totally wrong. You are against the President George W. Bush's Tax Relief.

People throughout nation including Oregon love his tax relief. Why do all people who live in Multnomah County feel uncomfortable to pay their personal taxes because it is totally wrong.?

My income was as a part time instructor and on call interpreter about \$5000.00 with nourishing my son under the coverage of the President George W. Bush's \$1,500 child benefit.

The democrat lawmakers who invent the new personal tax to balance the scale of economy. Governor Kulongoski who has done nothing for his project in economy: unemployment, inflation,, increasing criminal and delinquency problems for years. Political prejudice is expanding everywhere while President George W. Bush who tries to fill the gap of harshness in Oregon. I am a republican. I am protest the Multnomah County raising tax plan because of political prejudice. I have met the race discrimination, political barrier, and employment block by your system. Yes, I am a republican. Democrats ignore my living because I am a republican.

I have met political barrier because I support president George W. Bush, he has good policies.. I did not support John Kerry because my Vietnamese community throughout nation valued his identity through election. Raising tax was no good. Multnomah experienced thru this election and defied the President George W. Bush's tax relief. Multnomah County lawmakers generate another tax: personal tax. to challenge his tax relief. How does America come together? How do people feel about democrat party?

Multnomah County leadership has led its population to moral corruption: giriemen, homosexual and paganism. Ms. Dian Linn, commissioner, how would you think toward these social trends? Have you ever been in the life of harshness to live with the bean,, hot-dog and cereals to live? Have you ever kept your promise when you went to every home to insist people for votes. This is my voice to be heard.- the people's voices.

Is there anything difference from local government? After election, President George W. Bush continues his another four years of presidency in which his tax relief has been supported wide range throughout nation including Oregon. People love President George W. Bush. I think the Multnomah County leaders have recognized the President's tax relief values. John Kerry raised tax plan,. He was a failure. Even the democratic members who denied his raising tax and rallied to vote for President George W. Bush." No Tax" more than six million votes of democrats , liberals and independents.

Multnomah County democrat leaders increase tax : personal tax while the other counties in Portland, people feels happy without paying personal tax. Multnomah County residents feel unhappy with this tax decree.

As an American citizen, I have freedom speech, I respect the law and I am a good citizen. I am a counselor and certified by Oregon State . I am honest and protect the law. I am a republican to let you know my position in my country-America. I am ready to obey the

law. because the law is the law, but I have my opinions if I see that law has something incorrectly.

America must be in unique compassion. America is taking pride of its honor in which the melted pot cultural diversities that contribute their works to the nation and with the help of local and federal government to build a wealthy life and pay tax moderately.

I don't know how much to pay my personal tax. I only received the Multnomah Tax Form for 2004. I am waiting for my tax claims although I am the low incomer of \$2926.00.

I like to paid tax, but I don't feel good the Multnomah County personal tax; however, I am a resident of this county, I must obey your tax law. Well, it cannot be helped. but when your political position ended, people experienced and decide their votes ; **Yes or No.**

The US government has built up my wings to fly everywhere of country, I become an eagle. I am a counselor, instructor of an academic institution. I could not find a full time position because of my political barrier. I met the envies and prejudice. My life is being blocked by the system.

Thank you for your determination of my case.

Sincerely,

James B. Pham, BS, CADC I
