General Information

1. What action are you requesting from the Board?

Adoption of Proclamation: Proclaiming May 2014 as National Mental Health Month in Multnomah County, Oregon

2. Please provide sufficient background information for the Board and the public to understand this issue. Please note which Program Offer this action affects and how it impacts the results.

- *Research shows that mental illness is treatable, and people should seek assistance for these conditions, with the same urgency as they would any other health condition.
- * It is essential for the 45.1 million adults aged 18 or older living with a mental health problem, to realize that recovery is possible to improve overall health and well-being.
- * People who are part of the recovery community lead more productive and fulfilling lives, personally and professionally; and add to the health of our community.
- * Educating our community members that mental health illness is serious, but treatable, health care problems is essential.
- * For more than 60 years, May has been the observed as Mental Health Month. Behavioral health is an essential part of health and one's overall wellness, and that prevention works, treatment is effective and people can and do recover from mental health illness.
