

Friday, Sept. 9, 2011 @ 1:10pm

I just wanted to let you know that I have responded to a few constituent emails that dealt with the STOP Court Drug Program. This was on the "chopping block" in the budget cut process, but Jeff has submitted a proposal to prevent it. In the email, I told each person that they may come to the Board Meeting on September 15th at 9:30 to testify. I gave your contact name and number if they want to follow-up for more information about the process. So, you may get a phone call or two (I only responded to the 5 emails sent in). No one was aggressive or angry in the emails. In fact, most were graduates from the program who sent in heart-felt personal stories of their recovery. I just wanted to let you know in case you got a few calls.

Here is the list of names of people who sent an email regarding this topic:

Allison Warner
Jeremiah Waugh
Debora Chandler
Nathan Pratt
Patrick D. Harvey
Marilyn Brown

Most just wanted to voice their support of the program via email, I don't know how many will actually come to the Board Meeting.
