Yes. Sorry I forgot to update that. It should be updated to FY 15.

Question about Q3 response - The department has submitted a program offer for FY 2014 to conduct the proposed work program to update the Comprehensive Plan. The TGM grant leverages these funds to support transportation system planning. The required match will be provided through in-kind services of Land Use and Transportation Planning staff.

---the program I can think of is a FY15 program, #91027-Land Use Comprehensive Plan Update. Is this program the source of the leverage?

Hi Ching,

I am working on a Notice of Intent for another TGM Grant for Transportation System Planning, similar to one we submitted for last year. I've attached for your review and Electronic Copy of the NOI for your review. If it looks good, could you email me your approval so I can forward it to Kim for submittal to the Board Clerk. I'm hoping that we can do this all electronically.

Let me know if you have any questions.

Thanks,
Joanna
