The above entitled matter is before the Board of County Commissioners, acting in its capacity as the Multnomah County Public Contract Review Board, to consider a request from the Multnomah County Library, under Multnomah County PCRB Rule AR 10.100 and AR 20.030 to award a contract to Checkpoint Systems, the single seller of compatible video and cassette targets for the Checkpoint Security System currently installed in the various libraries.

It appears to the Board that the recommendation for exemption, as it appears in the application, is based upon the fact that the Multnomah County Library has in place a contract with Checkpoint Security Systems for theft prevention and protection services. The system operates on radio waves and the targets are tuned to a specific frequency generated by the Checkpoint system. Only Checkpoint systems stocks the targets and other products that are compatible with the security system.

The granting of this exemption represents the most efficient utilization of an existing system and equipment.

It appearing to the Board that this request for an exemption is in accord with the requirements of the Multnomah County Public Contract Review Board Administrative Rules AR 10.100 and 20.030; it is, therefore

ORDERED that the exemption is hereby approved for efficient utilization of existing equipment.

Dated this 4th day of October, 1990.
