A stylized graphic on the left side of the slide. It features two dark green mountain peaks in the background. In the foreground, there is a dark green wavy shape representing a hill or a body of land, and below that, a blue wavy shape representing water. The entire graphic is composed of solid-colored shapes with white borders.

MULTNOMAH COUNTY Health Department Headquarters Board Briefing

April 2016

Multnomah County HDHQ
Project Management Team

PURPOSE OF BRIEFING

- Design
- Community Engagement
- Outreach

PROJECT GOALS AND OBJECTIVES

- Replace the McCoy Building, one of the County's Low Performance properties per the Facilities Asset Strategic Plan II. McCoy has been identified for disposition for many years.
- Consolidate Health Department programs from McCoy and Lincoln buildings into a single modern facility to accommodate growth and increase operational efficiencies
- Provide an accessible, sustainable, long-term facility to deliver critical services to Multnomah County residents
- Build using durable, sensible materials and systems focused on low maintenance, energy efficiency and flexibility
- Aspire to meet LEED Gold, the Architecture 2030 Challenge, the 2009 Climate Action Plan, and the 1.5% for Solar Program
- Create a modest, yet flexible design – responsible use of funds with emphasis on performance and low maintenance

DESIGN

DESIGN

DESIGN

DESIGN

Site Cast Concrete

Light Color Brick Masonry

Cementitious Panel

Metal Trim + Fenestration

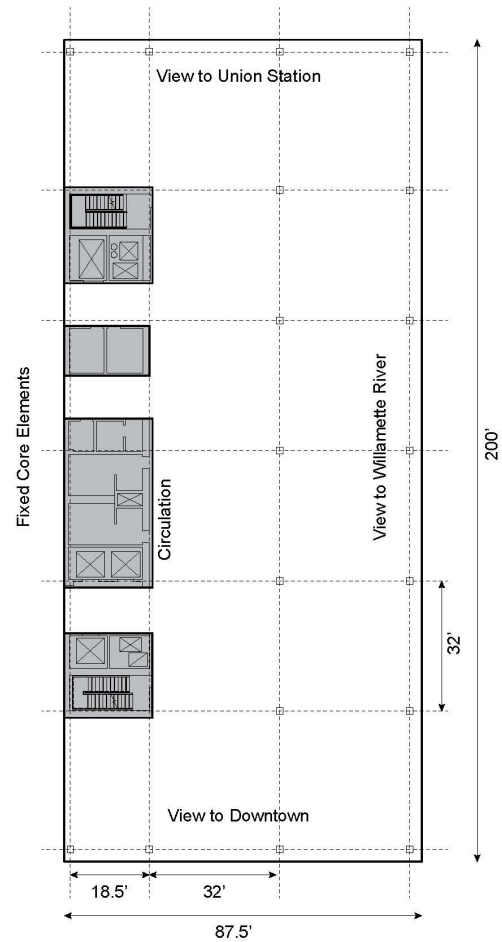

Eco-Roof

Visually Neutral Glazing

DESIGN

Flexible and Adaptable Floor Plates: Side core, open plan, square structural bays

SOUTH + NORTH FACADE MODULE

EAST FACADE MODULE

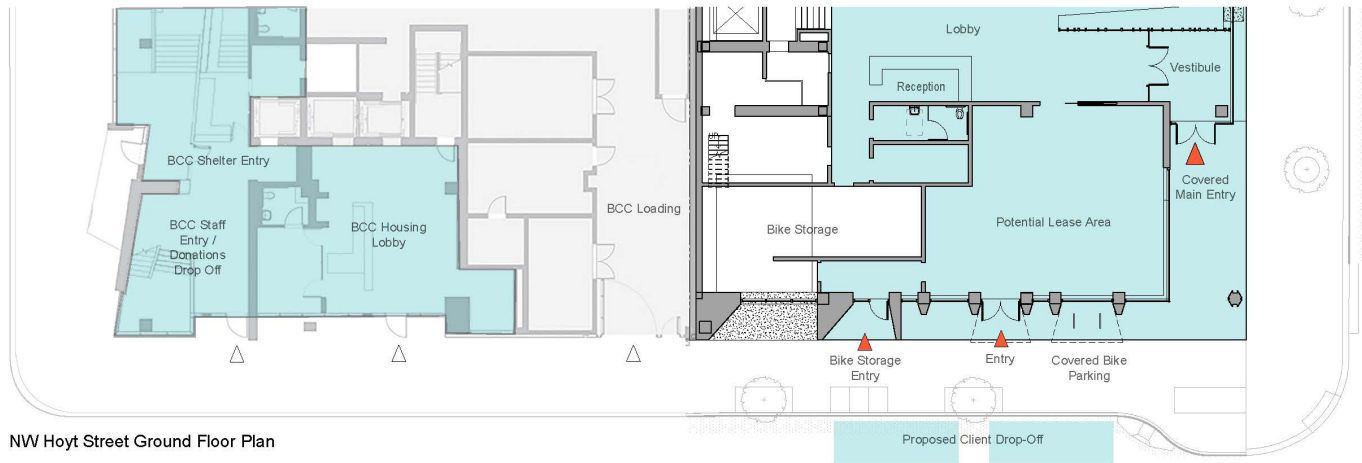

PRECEDENT TYPOLOGY

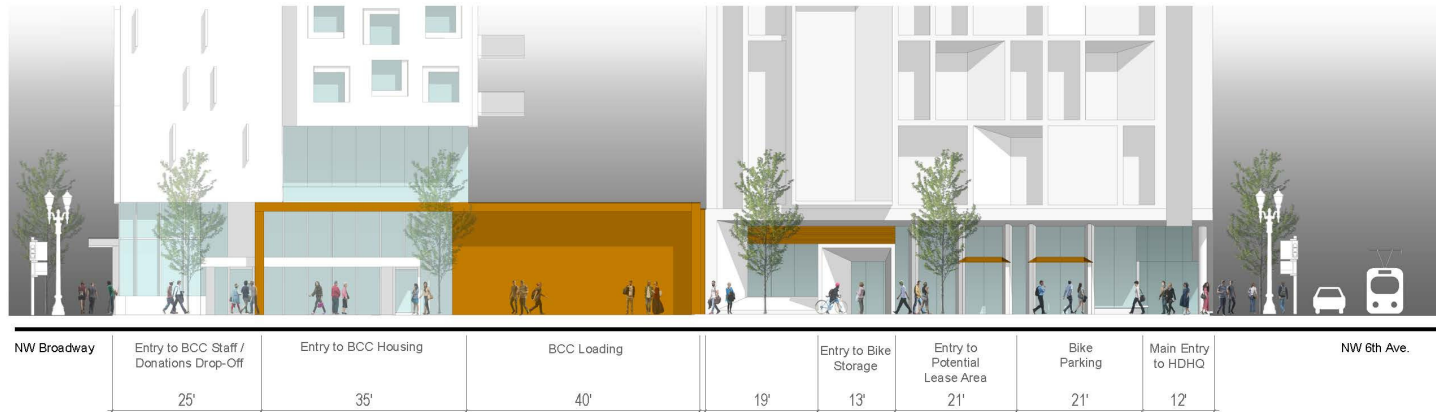

Durable materials + adaptable structural grid ensures long term flexibility
