General Information

1. What action are you requesting from the Board?

None. This is just an informational board briefing about the work done by the Hornet Trail Team during the past year.

2. Please provide sufficient background information for the Board and the public to understand this issue. Please note which Program Offer this action affects and how it impacts the results.

Members of the MCSO "Green Hornet Trail Rescue Team" are specially trained endurance athletes whose specialized law enforcement experience helps reduce search and rescue response times to missing and endangered people at or near the Columbia River Gorge trail locations. The team significantly reduces call times and increases the opportunity to locate lost and injured people faster at a considerably lower cost in overtime expenses. Additionally, the Green Hornet team provides preventative and proactive law enforcement and educational services during trailhead heavy use days, further reducing search incidents and reducing property theft from vehicles at these locations.

3. Explain the fiscal impact (current year and ongoing).

None

4. Explain any legal and/or policy issues involved.

None

5. Explain any citizen and/or other government participation that has or will take place.
