Michael Baker, Owner's Representative

General Information

1. What action are you requesting from the Board?

Informational Board briefing.

2. Please provide sufficient background information for the Board and the public to understand this issue. Please note which Program Offer this action affects and how it impacts the results.

The Sellwood Project has completed the National Environmental Policy Act Planning Phase and is starting the Design Phase. The Project has been working with the community to gather information about potential bridge types and the Community Advisory Committee has made a recommendation about bridge type. This briefing will provide information about current project status and recommended bridge type, West-side interchange configuration, Stevens Creek Crossing, and water treatment facilities for the Sellwood Bridge.

3. Explain the fiscal impact (current year and ongoing).

No fiscal impact, briefing only.

4. Explain any legal and/or policy issues involved.

No legal or policy issues, briefing only.

5. Explain any citizen and/or other government participation that has or will take place.

The Sellwood Project has had an extensive public outreach program. There have been public meetings, open houses, and online surveys. In addition there have been numerous meetings of the project Community Advisory Committee, a group of 17 community members representing various interests in the project. The project has a Public Stakeholder Committee (PSC) consisting of elected officials from Multnomah County, Clackamas County, Metro, Portland, Milwaukie, the Oregon House of Representatives, and Oregon Senate. In addition the PSC includes representatives from the offices of Representative Blumenauer and Senator Merkley. Officials from the Oregon Department of Transportation, TriMet, and the Federal Highway Administration are included on the PSC. The Sellwood Project has involved numerous local, state, and federal regulatory agencies. The public and agency involvement will continue throughout the design and construction phases of the project
