Jed,

I'm picking this back up.

I've attached two files. The (3) version is what I received from DEQ. They added language to extend the "coverage area" to the unincorporated county in lieu of us developing a separate MOA. They also added some definitions and filled in most of the blanks.

In the (4) version, I added the changes you made to the October 29 version, making (4) the document that has all of the changes to date. Kindly review this and let me know if you have questions or it is ok.

Thanks much for your continued help with this.

This agreement indicates that the county has a current practice of conducting site inspections as part of its stormwater program and that it will continue to do so. I am calling this out only because I am not aware of the county conducting any inspections except those conducted by code compliance and, perhaps, our city agents (and perhaps they conduct these stormwater inspections). Are you okay with this aspect of the agreement?

Jed,

Section III B. 4. indicates that DEQ has reviewed our program and found it adequate.

We do inspect all qualifying construction sites as part of our Grading and Erosion Control program.

Thanks for asking me about this.

Let me know if you have other questions about this, or if it is ok by you, particularly the indemnity section.

Good.

Reviewed and approved.
