Hi Adam,

Jed and I have revised the findings for this ordinance, and I have gone through and checked and edited the rest of the ordinance. All our changes are in track changes. Let me know if you have any questions or concerns.

Thanks,
Katherine

Attached is the draft Ordinance. I have a tendency to write this so they are easy to read and follow, so it might be a little long with the way it is broken out, but I think it reads better and is clearer.

Let me know if you have any questions or concerns.

Thanks.

Good Morning Ona,

Our Planning Commission has recommended the Board approve the attached code amendments related to Accessory Structure provisions in Chapters 33, 34, 35, 36 and 38. Can you please help us prepare the ordinance for the Board packet?

There is no rush on this one. As I mentioned by phone; there are a few X, XX, and XXX type of code reference placeholders which will need to be updated for the Ordinance and I am happy to help review to confirm we catch them all before the document is finalized. Using these placeholders in a few areas helped reduce the length of the staff report.

Thanks.
