### Multnomah County Tax Supervising and Conservation Commission Schedule of Meetings and Public Hearings

During the period between late April and early June the Commission is responsible for reviewing and certifying any objections or recommendations relating to the Approved Budget of all municipal corporations (taxing districts) under its jurisdiction. The Commissioners will be conducting public hearings to review and allow public comment on the Approved Budget (prior to adoption) of districts with a population exceeding 200,000 and those districts with a population of 200,000 or less that request TSCC conduct a public hearing. They will also be holding regular meetings to consider the budgets of those districts under their jurisdiction with a population of 200,000 or less. Some of these meeting may precede or follow public hearings. Anyone wishing to participate or just attend is welcome as all meetings and public hearings are open to the public.
