- **What revenue is being changed and why? If the revenue is from a federal source, please list the Catalog of Federal Assistance Number (CFDA).**

Federal pass-through revenue is being increased by \$414,359 to permit purchasing/contracting. CFDA 97.073

Emergency Management-increased by \$414,359 for six emergency preparedness and response projects that include emergency planning, communications and IT equipment, law enforcement specialty response team equipment and community training and outreach.

- **Do any personnel actions result from this budget modification? Explain.**

No

- **If a grant, is 100% of the central and department indirect recovered? If not, please explain why.**

State Homeland Security Grants do not permit indirect costs. Overhead will be covered within existing resources.

- **Is the revenue one-time-only in nature? Will the function be ongoing? What plans are in place to identify a sufficient ongoing funding stream?**

This grant program has annual application/award cycles. Funding has declined and is now relatively flat. This grant generally funds equipment and supply purchases and project contracts that would not be expected to require ongoing funding.

- **If a grant, what period does the grant cover? When the grant expires, what are funding plans? Are there any particular stipulations required by the grant (i.e. cash match, in kind match, reporting requirements etc)?**

1/1/11 – 12/31/12. No match required. Semi-annual reporting requirements.
