

A stylized graphic on the left side of the slide. It features two dark green mountain peaks in the background. In the foreground, there is a dark green wavy shape representing a hill or a body of land, and below that, a blue wavy shape representing water. The entire graphic is composed of solid-colored, rounded shapes.

Goal and Design Challenge

Goal

A new tool to meet the affordable housing crisis

The Challenge:

- Can the cost and timeline for affordable housing options be bent downward while achieving similar or better outcomes?
- Is there enough promise to explore replication and scale?

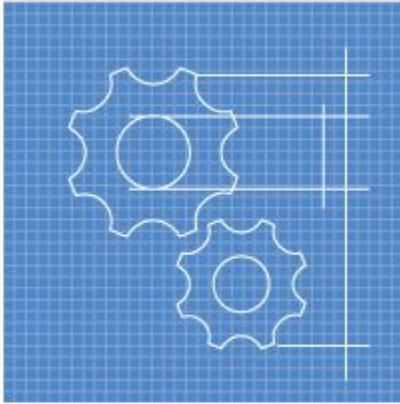

Who's Involved and what they do

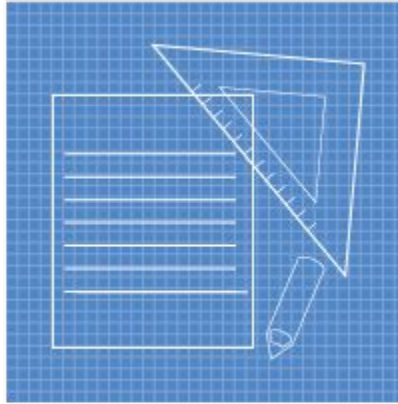

DCHS' MIL	Concept, partnerships
City of Portland, Multnomah County	Funding (through JOHS)
Meyer Memorial Trust	Funding
Enhabit	Building and property management
Portland State University	Research
JOHS/AHFE	Family support

Timeline and Next Steps

Who is Enhabit?

- Enhabit is a 501(c)3 nonprofit, founded in 2009, serving in Oregon and Washington.
- Our mission is to create social impact through better living spaces.
 - We transform the everyday with the hands-on human work.
 - We advise and create solutions for homeowners, local governments, and utilities...
to create efficient, healthy, and safe living spaces.
 - These efforts, in turn, create strong, thriving and equitable communities.

Pilot : Innovation Required

- Enhabit's challenge:
Define, select, refine and build 4 ADUs
 - Meet living requirements
 - Achieve cost breakthrough
 - Demonstrate rapid deployment capability
- Vetted over a dozen design/build firms across 15 criteria
- Worked designs and costs with short list
- Selected two

Solution A:

Modular components assembled on-site

SQFT Studios is a small company 100% focused on ADU construction.

Solution B:

Factory built, on-site foundation

Wolf Industries specializes in factory built, site delivered buildings & ADUs.

Learnings to date

- Many potential providers available
- Cost breakthrough is possible
- Site considerations make 'fixed design' difficult
- Siting and permitting are complex
- Homeowner hosting interest appears strong
- Homeowner customization is desired
- Solutions exist for ownership & transfer
