MULTIMULHA COUNTY
HOUSING
BED BUGS
S.O.S.----HELP

By: Evelyn Bross

Issues:

1. Last winter, all 11 floors of the 110 apartments were inspected by a dog to sniff for bed bugs.
2. I saw a bug in my cat's water, but was told the dog didn't find any bed bugs in my apartment. I was told that I must have carried it in from outside.
3. Before inspection, there was free laundry for 2-3 months for all tenants before the dog inspection
4. I noticed bugs in my cat water after the inspection. I told the manager about it. I was told to put the bug in a bag and give it to them. I did and they verified those are bed bugs.
5. The inspector came to my house after this, and found one on my couch. I demanded the bugs are coming from outside my apartment due to the fact they are going into my cat water.
6. Inspector went outside the hallway and started pulling the base board off. They found bed bugs inside the base board. They even saw bed bugs crawling along the entrances of other tenants doors.
7. The inspector pulled off the base board of the 8 apartment's hallway, but didn't take off the base board at the other side of the elevator from us on the same floor.
8. My floor isn't the only floor infected with bed bugs.
9. I had to drop out of college to deal with my house. I must get everything out of closets. I must also bag everything up and put them in the bathtub or kitchen.
10. I was receiving A's in my classes in the beginning of the term, but when I can't take my college books up to my house to do my homework, my grades started to suffer. I had no choice but to drop out of college for the rest of this term.
11. Garbage men came to a neighbor's house to take away a chair. I asked if they were coming to my house to get rid of belongings (couch, many clothing, towel, washcloths, books, purses, microwave stand, etc. They told me not today, but I need to bag everything up that goes in the garbage.
12. I called my property insurance. I asked if I am covered to the loss of my property due to bed bugs. The insurance agent told me no, but had a person come out to check my place out. He suited up before he came into my apartment. He recommended that I even get rid of my electric recliner besides the couch, etc.
13. The garbage men came to my apartment and they were also suited up to carry all of my belongings that I was throwing out to the dumpster. I had 7 recycle bins full of stuff I had to get rid of (besides my furniture)
14. The clothes, towels, blankets, etc. that I didn't throw out, I had to go to laundry mat and wash my clothes. I did over 30 loads of laundry.
15. Shrunken View Tower needs attention ASAP. Put them next on the list of updates before any other apartment complex. I was told it will be over one year before they get updated.

BED BUG PREP SHEET

Be prepared to stay out of your home for 4 hours during and after treatment.

- Remove all bedding from beds on the morning of treatment. Bag all items before leaving unit - ask office for bags if needed.
- Put clothing in bags before removing from your apartment and use the bags to carry clothing to and from the laundry room. Wash/dry using HOT water and the HOTTEST heat setting on dryer. Place clean clothing in new clean bag.
- Keep in a separate bag or container personal items like medication, toiletries, and 5-6 sets of clothing to wear during the full treatment period. There is a series of 4 treatments.
- Remove all pets, and prepare all fish tanks (turn off air supply, wrap and cover tank). Cover or remove all house plants.
- Make sure there are no loose items or clutter on floors, around the full perimeter of the unit including the closet, around and on all beds, sofas, chairs, and all tables. Empty all nightstands, dressers, bookcases, and luggage. Clothing hanging in closets must be washed/dried and covered with plastic bags. All items on shelves in closets must be in sealed plastic bags/containers. Empty and clear off all furniture for inspection and treatment. Do not pull furniture away from wall.
- Make sure there is room for pest control staff to work. They need room to lift mattresses and box springs, and to flip and move dressers, tables, bookcases etc.
- Do not stand or lift up beds. That will spread the bugs.
- Do not remove mattresses or any items without help. If you want to get rid of items notify the office. They will put in a work order and schedule an appointment to have all unwanted items removed before or on the day of treatment. Place a label on all unwanted items and place them together in your home so it is clear to staff what items you want removed. Please do not store items in another unit. Do not give away infested items. Do not place items in the hallway.
- Bagged items may be store in your bathroom and kitchen on treatment day.
- Additional instructions: You do not need to use this prep sheet for
your inspection, only if Bed Bugs are confirmed.

AFTER EACH TREATMENT:

- TAKE CAUTION. FLOORS WILL BE SLIPPERY. Mop floors with hot water.
- Vacuum and/or steam clean carpets.
- Use a strong suction vacuum cleaner on all pictures, furniture, and decorative items to help remove bed bugs and their eggs.
- Wipe down walls, closet and shelves, with dry towels. Make sure all closets, shelves, and drawers are dry before any items are put back.
- Keep all clean fabric items in sealed bags in a clean area until after the last treatment. Don't mix clean and dirty clothing.
- Follow up appointments will be scheduled every 2 to 3 weeks

Home Forward Pest Control will inform you when treatments are complete.
