50011B	Juvenile Detention Services 16 Beds	6.00				X		Juvenile Detention, also known as the Donald E. Long Home (DELH), protects the community by holding youth in custody when they have been determined to be a serious risk to public safety and/or are high risk to not appear for court. 50012A	Juvenile Community Detention/Electronic Monitoring	2.00	2.00	X		X		Multnomah County Juvenile Services Division (JSD) has adopted the national model, Juvenile Detention Alternatives Initiative (JDAI). One of the key components to support JDAI practices and principles is the supervision of pre-adjudicated, atrisk youth who remain at home or in community placements while awaiting the court process. The Community Detention / Electronic Monitoring (CD/EM) program provides supervision and support to assure public safety and that the youth will appear for court. The program also supports the prioritizing of youth being held in detention. These practices ensure that regardless of race or gender, only the most dangerous youth or those most likely to not appear for court are held in custody. The research published by the Office of Juvenile Justice and Delinquency Prevention (OJJDP) shows that detaining low risk offending youth makes it more likely they will re-offend after they return to the community. (\$46. per youth per day)	\$457,570	\$251,770		\$205,800			\$457,570
50013	Juvenile Shelter & Residential Placements			X			X	Juvenile detention alternatives in the form of short-term shelter and residential placements protect the public by safely supervising identified high risk youth in the community. Many of these youth are Latino and African American juvenile offenders. By placing these youth in culturally appropriate placements (short-term shelter care or treatment foster care), the disproportionate confinement of minority youth drops significantly. Juvenile Shelter and Residential Placements save the county significant funding each year while ensuring public protection. (Funds 19 beds)	\$890,049	\$376,411		\$513,638			\$890,049
50014	Juvenile Delinquency Intake & Assessment	9.00		X				Juvenile Delinquency Intake and Risk Assessment Center (JDIRAC) conducts daily intakes, facilitates daily Court delinquency dockets and annually assesses 1300 children (under 12 years of age) and youth (12-18 years of age) to identify those who are at imminent risk of becoming chronic juvenile offenders. JDIRAC provides comprehensive risk assessments and services to prevent children and youth from penetrating further into the juvenile justice system and allows for effective use of scarce, public resources. JDIRAC holds youth accountable for delinquent behaviors and funnels the highest risk youth to adjudication and probation services. Judges rely heavily on JDIRAC staff to provide critical information and technical support for daily court hearings. The District Attorney's Office relies on JDIRAC staff to provide probable cause reviews of divertible misdemeanors and felony cases.	\$872,699	\$872,699					\$872,699
50015	Juvenile Probation Services for Young Men	7.42	0.52	X		X		Juvenile Probation Services (JPS) for Young Men promotes public safety by annually supervising approximately 300 youthful offenders, ages 12 to 18 years old. The use of evidence-based practices enables probation officers to hold youth accountable, reduce recidivism, repair harm to victims, prevent school drop-outs and improve public safety.	\$1,563,515	\$1,387,167	\$5,568	\$170,780			\$1,563,515
50016	Juvenile Probation Services for Young Women	3.00		X		X		Juvenile Probation Services (JPS) for Young Women promotes public safety by annually supervising about 100 high and medium risk offenders, ages 12 to 18 years old.
