MULTNOMAH COUNTY SERVICE DISTRICTS' BUDGETS FOR FISCAL YEAR 2015-2016

Introduction

Multnomah County's Service Districts have been created under the provisions of the Oregon Revised Statutes, Chapter 451, to provide construction and operation of sanitary sewer systems and to provide street lighting in particular areas of the County. The Multnomah County Board of Commissioners serves as the governing body of each District. The budget committee for each District consists of the members of the Board and residents of the District appointed by the Board.

The annual budget for each district is prepared under the direction of a budget officer designated by the Board. The budget committee reviews the annual budget and approves it, either as submitted by the budget officer or with revisions requested by the committee.

These procedures fulfill the requirements of Oregon's Local Budget Law (ORS 294), which provides specific methods for obtaining public review and comment on the financial and administrative policies of the Districts.

Explanation of the Budget Document

This document consists of a detailed schedule of the resources and requirements of each of the two Districts in Multnomah County.

Preceding the financial information for each District is a brief budget message, which discusses special items pertaining to the individual district, including any major changes in either resources or requirements.

Service Districts' Financial Policies

Multnomah County Departments of Community Services and County Management provide administrative and financial services respectively, to the two Districts. Each District is, however, a separate and independent financial entity. Expenses incurred, such as administration, finance, maintenance and engineering are met with revenue from sewer user charges, connection fees and/or assessments to real property within the street lighting or sanitary sewer service district.

For the purposes of countywide financial reporting, each district is treated as an Enterprise Fund and accounted for on the accrual basis of accounting. This practice conforms to generally accepted accounting principles (GAAP). Under the accrual basis of accounting, all revenues are recorded at the time they are earned and expenditures are recorded at the time they are incurred. Budgets and comparative historical cost summaries are prepared using these bases. This practice conforms to Oregon's Local Budget Law.

Summary of Service District Requirements

SERVICE DISTRICT	ACTUAL 12-13	ACTUAL 13-14	BUDGET 14-15	PROPOSED 15-16
Dunthorpe-Riverdale Service District No. 1	\$1,725,873	\$2,079,011	\$2,307,000	\$2,484,000

Dunthorpe-Riverdale Service District No. 1	\$30,317	\$34,204	\$40,000	\$40,000

MULTNOMAH COUNTY SERVICE DISTRICT PROPOSED BUDGET FOR FISCAL YEAR 2015-2016

Budget Message — Dunthorpe-Riverdale Sanitary Service District No. 1

This District was formed in the middle 1960's and by 1970 had removed a significant source of pollution from the Willamette River. Its 567 clients are mainly located in unincorporated Multnomah County with a few customers in northern Clackamas County. Through its wastewater management program, the District is able to provide high quality service to ratepayers while protecting the area's sensitive surface water features from sanitary sewer overflows.

The District contracts with the City of Portland's Bureau of Environmental Services (BES) to maintain the District's lines and treats the sewage flow at Portland's Tryon Creek Wastewater Treatment Plant. BES also provides design and engineering services for construction, reconstruction, and/or improvement of District facilities. The County's Department of Community Service's performs financial and administrative services to the District and its customers. The District continues to coordinate planned capital maintenance projects with the City of Portland BES. The fiscal year 2015 - 2016 capital program is proposed at \$1,100,000 to replace the Riverview Pump Station 3,000 foot force pressure main and \$25,000 to respond to smaller pipe rehabilitation projects. The Riverview project is identified in the District's sanitary system facilities plan and will ensure a reliable sewer system is operating for the residents served.

The current service charge is \$130.00 per month for an individual home connection. For fiscal year 2015 - 2016 the District proposes no change to the rate. The service charge provides the District with the necessary operating resources to match needs. An unappropriated ending fund balance at \$754,000 is intended to support the District's future capital needs.
