Are you a resident of Multnomah County? Yes

Which Multnomah County Library do you use most? North Portland

Please help us understand your interest in serving on the Library Advisory Board by sharing why you are applying? I visit the North Portland branch almost every day as part of my daily walk. It's always busy with a wide variety of people using it for diverse reasons. This high level of activity is evident in every other branch I've visited. The library as community resource is critical to people with limited resources as well as to others because of the activities it sponsors and the materials it makes available. I have participated in various electoral campaigns on behalf of the library and would like to contribute my expertise more directly as a member of the Advisory Board.

What attributes in particular would you bring to the board? I have advanced engineering training. I served on the Alberta Coop Grocery board for 4 years and understand something about budgeting, governance, committee work, and negotiating. My chief steward experience gave me knowledge of labor relations, discussion and compromise, and detailed talking through of problems.
