

**Location:** Multnomah Building Room 100 (501 SE Hawthorne Blvd., Portland OR, 97214)

**Date/Time:** Thursday January 21, 2016 - 9:45 AM (Presenters arrive at 9:30)

Invited speakers and presenters do not have a time limit, but for the sake of efficiency we ask that presenters limit testimony to 2-3 minutes each. Speakers will be called up four at a time.

### **Presenter Order / Suggested Key Messages**

---

#### **First Speakers**

John Wasiutyński, Director Office of Sustainability

- Context - why we are here why is it important
- Run of show - overview of speakers but allow each to introduce themselves
- Highlights from report, resolution, DEIS comments
- Who is at risk? Who is particularly vulnerable?

Chris Voss, Director Multnomah County Emergency Management

- Low likelihood/high impact
- Increased volumes leads to increased likelihood

Lt Shon Christensen, Portland Fire & Rescue

- What does it look like to deal with an incident, need for resources (people, foam)
- Responding to oil by rail incident detracts from response to other issues

---

#### **Second Speakers**

**(Board clerk will call up invited speakers)**

Dr. Patrick O'Herron, Board President Oregon Physicians for Social Responsibility

- County does not stand alone, community turnout in opposition in Washington
- PH impacts from other crashes, health impacts of toxic plume resulting from tanker fire

Orvie Danzuka, Warm Springs Tribal Council

- Connection to water/place
- Cultural importance and risk to salmon, lamprey

Jared Smith, President, International Longshore and Warehouse Union Local 4

- Risk to ILWU workers
- Displacing existing use as staging area for wind energy

Dan Serres, Conservation Director, Willamette Riverkeeper

- How an oil spill would impact river ecosystem

- History of Tesoro's compliance issues

---

**Third Speakers**  
**(Board clerk will call up invited speakers)**

Michael Lang, Conservation Director, Friends of the Columbia Gorge

- Investments made protecting iconic place
- Economics of Gorge tourism (maybe)

Cesia Kearns, Deputy Campaign Director for Western Region, Sierra Club

- Carbon impacts of the project, half the amount of oil carried by Keystone XL
- EJ Impacts
- Need for forward looking policies/projects, on the right side of history

---

**Community Comments**

community members wishing to speak sign up at the start of the meeting. Testimony limited to two minutes.

---

**Closing**

John Wasiutynski returns to ask for the Board's consideration of the resolution

John Wasiutynski, Director Office of Sustainability

- Reiterate messages, strong, broad coalition of people against this
- Opportunity for the board advance the mission of the county
- Offer to answer any questions
- Offer the resolution for consideration after other testimony from the community
