Approved as to legal sufficiency.

However, in my opinion, paragraph 2 is hard to read and understand. If my name was on it, I would want it rewritten to be clearer, not sure how Riad feels about it.

Hi, Courtney:

I believe you have reviewed the IGA, but not the APR. Could you give a final review of both of these documents and return them to me indicating your approval? Thanks.

Courtney,

Can you please use your software to compare this latest WORD version of the 238th ROWSA, with the one you approved on 3/27 @ 12:27 pm?

As you may recall during our first review, we were told by ODOT that no changes could be made to the form.

Thanks,  
ph

Pat;

Attached is the revised ROWSA. could you please review and let me know if the county is OK with the revision (very minor please see the email below. Please send a confirmation email. when ODOT receive the confirmation email then the ROWSA will be sent to Salem for legal sufficiency review. after obtaining the OK then ODOT will send the PDF signature page to the county to sign. When ODOT receive the signature page from the county then ODOT will route for ODOT's signature. Please let me know if you have any questions.

*Thank you*

Reem,

Attached is the ROWSA which has been updated since the County's review to correct a few typos, State contact person, and corrections regarding which party is completing the Hazmat work. If the changes are acceptable to the County then the agreement is ready to circulate for signatures.

Thanks,

Reem;

the County intend to hire a consultant. However, we have not done that yet as we are awaiting the a kick-off meeting with Certification Program.

we will have RFP out as soon as we have our kick-off meeting with ODOT, then we will select a consultant. we will keep ODOT updated as we progress.

are there specific qualifications of HAZMAT consultants that we should be aware of?
