General Information

1. What action are you requesting from the Board?

Multnomah County Department of County Human Services (DCHS), Domestic Violence Coordination Office (DVCO), is requesting approval to apply for funds to continue the current Domestic Violence Enhanced Response Team (DVERT) project from US Department of Justice - Office on Violence Against Women (OVW), Grants to Encourage Arrest Policies and Enforcement of Protection Orders Program.

2. Please provide sufficient background information for the Board and the public to understand this issue. Please note which Program Offer this action affects and how it impacts the results.

This grant funds case coordination, victim services and law enforcement investigations through Program Offers 25040-Domestic Violence Coordination Office, and Program Offer 60076-MCSO Domestic Violence Enhanced Response Team. The County currently receives \$375,000 annually from OVW to fund the very successful DVERT project. The

DVERT project uses evidence-based assessment tools to identify cases with a high risk of dangerous recidivism and/or lethality and to provide a collaborative and coordinated response by the criminal justice system, the civil legal system (Child Welfare, restraining orders), and the victim services system. It has been highly successful in intervening with very dangerous, persistent perpetrators and in helping those victims at high risk to obtain needed services to be safer. It is designed to encourage State, local and Tribal governments and courts to treat domestic violence, dating violence, and stalking as serious violations of criminal law.

This grant submission will support the continuation of the DVERT project, which includes existing partnerships with Multnomah County Sheriff's Office, Portland Police Bureau, Department of Community Justice, District Attorney's Office, Oregon Department of Human Services Child Welfare, and non-profit victim services.

3. Explain the fiscal impact (current year and ongoing).

This is a two-year grant with total funding allowable of \$650,000, which includes both direct and indirect costs. This maximum award amount is \$100,000 (\$50,000 annually) less than the current award, which may require service reductions or the identification of other funding sources. If received, this will be our fourth continuation of the DVERT grant.

4. Explain any legal and/or policy issues involved.

There are no significant legal or policy issues.

5. Explain any citizen and/or other government participation that has or will take place.

Three community-based victim services agencies (Raphael House of Oregon and Volunteers of America, Oregon Home Free and Catholic Charities, El Programa Hispano), Oregon Department of Human Services, Legal Aid Services of Oregon, will provide victims services; Multnomah County Sheriff's Office and the Portland Police Department provide law enforcement support and have participated in the development of the grant proposal.

Grant Application/Notice of Intent
