BEFORE THE BOARD OF COUNTY COMMISSIONERS
FOR MULTNOMAH COUNTY, OREGON

Authorizing the Sheriff to Purchase)	
Land and Obtain All Necessary)	RESOLUTION
Permits to Construct a New Jail and)	97-173
Alcohol and Drug Treatment Center)	
at the Radio Towers Site)	

WHEREAS, the Siting Advisory Committee (SAC), a 15 member citizen advisory committee, recommended three possible sites for a new jail and a secure residential alcohol and drug treatment center; and

WHEREAS, the Board of County Commissioners (Board) accepted the report of the SAC and requested that further feasibility studies of each site be conducted; and

WHEREAS, a team of technical experts conducted a preliminary site assessment of the three top-ranked sites for a new Multnomah County Corrections Facility; and

WHEREAS, this team conducted a systematic and thorough analysis of engineering, environmental, land-use and permitting issues at each site; and

WHEREAS, the analysis also identified flaws which are technical conditions of the property that, if not resolved, render a site unsuitable; and

WHEREAS, potential flaws were identified at each site; and

WHEREAS, the environmental contamination in combination with the proximity of a chlorine plant at the Northwest Industrial site render that site unsuitable for building a jail and secure residential alcohol and drug treatment center; and

WHEREAS, the SAC recommended the Radio Towers site (*A parcel of approximately 91 acres situated southerly of and adjacent to Expo Center land, northerly of and adjacent to Portland International Raceway land, and westerly of and adjacent to Expo Road and Interstate Highway 5*) as its first choice and the

Rivergate site (*A parcel of approximately 35 acres situated within Blocks 9 and 14, Rivergate Industrial District, at a location to be determined, easterly of N. Lombard Street and northerly of N. Ramsey Blvd. Extended*) as the first alternative site for the building of a new jail and a secure residential alcohol and drug treatment center; and;

WHEREAS, potential solutions exist to address all of the potential flaws identified at the Radio Tower site; and

WHEREAS, despite possible solutions the environmental and land issues at the Radio Tower site may prove impossible to obtain; and

WHEREAS, the County is obligated to make the best use of taxpayer investment by minimizing construction and operating costs, and maximizing building design efficiency; now therefore

IT IS RESOLVED that the Board authorize Sheriff Noelle to move forward with the purchase of land and obtaining the necessary permits to construct a new jail and secure residential alcohol and drug treatment center at the Radio Towers site; and

IT IS FURTHER RESOLVED that the Board authorize Sheriff Noelle to commission a Citizens Working Group comprised of representatives of local neighborhood, business, and environmental organizations to advise the Sheriff and the County on design, construction, building footprint, good neighbor plan, natural resource plan issues, transportation plan, and operation of the new jail and secure residential alcohol and drug treatment center; and

IT IS FURTHER RESOLVED that the Board also authorize Sheriff Noelle to enter into negotiations with the Port of Portland to secure a written agreement by November 30, 1997 which details the legal resources, environmental mitigation, enhancement and capital to be contributed by the Port to assist in the acquisition of necessary permits for construction at the Radio Towers site; and

IT IS FURTHER RESOLVED that the Board authorize Sheriff Noelle to gain agreement with the City of Portland to supplement environmental

mitigation and enhancement efforts the City is making on or about the Radio Towers site; and

IT IS FURTHER RESOLVED that in accordance with the recommendations of the SAC, the environmental mitigation to be completed by the County and its partners at the Radio Towers site shall exceed the minimum standards required by construction permits; and

IT IS FURTHER RESOLVED that if the new jail and secure residential alcohol and drug treatment facility cannot be built at the Radio Towers site because the environmental and land use permits cannot be obtained that Sheriff Noelle be authorized to proceed with securing the Rivergate site; and

IT IS FURTHER RESOLVED, that the Board direct Sheriff Noelle to give no less than quarterly progress reports concerning both the permitting process as well as the construction of the new jail and secure residential alcohol and drug treatment center.

APPROVED this 28th day of August, 1997.

BOARD OF COUNTY COMMISSIONERS

May 13, 1998

To Multnomah County Commission Candidates:

I want to extend a special invitation to you to attend a discussion of public safety alcohol and drug issues, focusing on the recent work of a workgroup sponsored by Commissioner Sharron Kelley. Several new components needed to build a comprehensive system have been included in the Executive Budget for the Board's consideration. This worksession will be held on Wednesday, May 20th at 9:30 a.m. at the County Courthouse, room 602.

During the same meeting, the Board will be briefed on the potential to rent secure alcohol and drug treatment beds from Washington County for a two to three year period. Eventually, we plan to construct 300 secure residential alcohol and drug treatment beds and obtain operating funds from a public safety levy to operate them. In planning the construction of that facility, it has become clear that we need to clarify the Board's intent about the type of facility they want and who should operate it. This will also be reviewed at the meeting.

If you have any questions about this worksession, please call Bill Farver at 248-3956.

Sincerely,

Beverly Stein
Chair

FILE COPY

Dear Gerald,

Thank you for your contributions as a member of the work group that produced the report "Deciding What Works".

The report is comprehensive and will be a useful resource in determining the most effective treatment programs for drug and alcohol addicted offenders. It is clear that some of your recommendations, such as a database management system and evaluation process to measure performance outcomes, will require additional funding resources. My office will continue to work on identifying funding sources to maintain and augment existing treatment programs to go beyond identification and proceed with implementation. Your work is very important in moving us toward that direction.

The Board will hold a special briefing on Alcohol and Drug Treatment issues in the Public Safety arena on Wednesday, May 20 at 9:30 AM, in the County Courthouse, Room 602. At that time the Board will discuss the recommendations of the workgroup and the new program elements that I added in my Executive Budget. These programs try to build a continuum of services to remove offenders from the public safety system. You are welcome to attend.

That evening at 6 PM in the same room, we will hold our second public hearing on the budget. Your comments would be welcome.

Sincerely,

Beverly Stein, Chair
Multnomah County Board of Commissioners

Subject: REVISED AGENDA FOR MAY 20, 1998

REVISED AGENDA
FOR MAY 20.doc

Here is a revised agenda for our discussion on May 20th. Following our discussions today, it is clear there is strong interest on the Board in using the Troutdale Facility as the alcohol and drug treatment facility. Staff from Community Justice will be in touch with Sheriff's staff to visit the facility and determine its appropriateness and feasibility. Sharron, I would appreciate it if you would contact Paul Thalsofer and discuss the option with him.

WEDNESDAY, MAY 20, 1998 9:30 AM – 12:00 PM

Multnomah County Courthouse, Boardroom 602

1021 SW Fourth Avenue, Portland

REVISED WORK SESSION AGENDA

Peter Ozanne will moderate the discussion.

- I. **DISCUSSION OF NEW ALCOHOL AND DRUG RESOURCES FOR OFFENDERS - Workgroup Recommendations and Best Practices - Ginger Martin and Kevin Criswell**
 - Dual Diagnosis
 - A and D Housing
 - Relapse Treatment
 - Vision of A and D Secure Residential Treatment Facility
 - Washington County Option

- II. **IJEP TARGET CITY WORK GROUP PROPOSAL – Norma Jaeger**

Substance Abuse Treatment for Offenders

- **Community Outpatient Treatment**
- **Community Residential Treatment**
- **In-Custody Treatment**
- **Relapse Prevention**
- **A&D Free Housing**
- **Dual Diagnosis Services**

Relapse Prevention

- **Effective intervention reduces recidivism and related societal costs**
- **A new and specialized service targeted at factors causing relapse**
- **300 offenders per year to be served**
- **24-hour telephone service for immediate help in preventing a relapse**

Alcohol and Drug Free Housing

- **An important part of the continuum**
- **Current capacity does not meet the need**
- **Cost effective--provides structured living environment combined with outpatient treatment**
- **Adds 60 units of housing plus case management services**

Comprehensive Dual Diagnosis Services

- **Mental health and substance abuse treatment must be combined**
- **Adds 2 PO's specializing in working with the mentally ill and addicted offender**
- **Provides structured, supervised housing for 10 offenders**
- **Adds funding for services not covered by the Oregon Health Plan**

In Custody Treatment in Multnomah County

- **Rationale**
- **Plans for the Future**
- **Pilot Program**

Drugs and Crime

- **Violent and property crimes are strongly related to drug and alcohol abuse**
- **Drug and alcohol use has been clearly related to 80% of offenders**
- **Continued drug use is a major reason for violations during supervision**
- **43% of inmates admit using drugs daily prior to committing their crime**
- **73% of male arrestees in 11 U.S. cities tested positive for drugs**

The Evidence

- **Multiple studies show that increases or decreases in criminality correspond to increases or decreases in drug/alcohol use**
- **Multiple studies of drug treatment outcomes for offenders show substantial reductions in both drug use and criminality**
- **Research shows that criminal justice-referred clients stay in treatment longer**
- **Time in treatment is closely associated with successful treatment outcomes**
- **Societal Outcomes and Cost Savings of A&J Treatment in Oregon, Michael Finigan, 1998**

The Evidence

Cost Effectiveness

- **Studies confirm the cost-effectiveness of A&D treatment is substantial in the areas of**
 - **crime reduction**
 - **need for health and social services**
 - **increased productivity**
- **Costs of providing A&D treatment are almost entirely recouped during the treatment period**
- **Residential treatment has the greatest return on the investment (\$33/day)**
 - Treatment Outcome Prospective Study, 1989

Cost Effectiveness

- **In California: \$7 return for every \$1 spent on A&D treatment, mostly due to reduction in criminal behavior**
- **In Oregon: \$5.60 saved for every \$1 spent on A&D treatment**
- **Costs of A&D treatment were outweighed by the financial benefits by ratios ranging from 4:1 to more than 12:1 (depending on type of treatment)**
- **The California Drug and Alcohol Treatment Assessment, 1994**

Secure Residential Alcohol and Drug Treatment

- **A sanction as an alternative to jail**
- **A link in the continuum of criminal justice sanctions and services between community programs and jail**
- **Offenders referred as a condition of probation or used as a violation sanction**

Transition

- **Planned and gradual transition to the community is key to success**
- **Supervised movements**
- **Consistent, cohesive approach between custody and community**

Differences Between a Jail and a Treatment Facility

- **Primary function: treatment vs. confinement**
- **Emphasis of security: treatment vs. managing dangerousness**
- **Reasons for intake and release: treatment vs. legal**

Differences Between a Jail and a Treatment Facility

- **Length of stay: 3-6 months vs. much shorter**
- **Disciplinary action: enhanced in treatment facility**
- **Custody levels: minimum vs. all levels**

Pilot Program

- **Rent space in Washington County**
- **Program capacity of 70**
- **Estimated start-up Fall of 98**

Pilot Program

- **Adds needed capacity as soon as possible**
- **Allows program design to be tested before applying to a large population**
- **Allows system to work out logistical and operational procedures**
- **Problems can be identified and solved before full-scale implementation**

Interdepartmental Alcohol and Drug Workgroup Recommendations on In Jail Services:

An In Jail Intervention Program, built on the evaluation results and knowledge gained by the during the Target City Project, should continue, incorporating the following characteristics:

1. The program should be a therapeutic community-like unit. Program participants must be separated from non-participants and the program must create a therapeutically oriented environment, within the constraints of necessary security requirements.
2. This program should primarily focus on the population of offenders under local control and those under sanctions, while being open, on a selective basis, to other inmates who are referred. Classification barriers to program participation should be reexamined to assure maximum, appropriate, cost-effective utilization of the program.
3. The program should be designed to accommodate offenders having varying lengths of stay and provide flexible program content, responsive to client need. Some clients could receive short term, relapse intervention services, others, pre-treatment readiness and still others, having longer stays, could receive in-jail treatment, which would allow them to be released to intensive outpatient treatment at the end of their stay.
4. The program will use MCSO counseling staff, together with existing IJIP staff, to enhance available services to inmates in the program, thus expanding the personnel resources for the program.
5. The program should not be located in the Justice Center facility. A commitment is needed to a specific facility, where greater program access to inmates is assured. The clear, visible support of the facility commander is a critical element to program success.
6. The program needs the ongoing assignment of a Corrections Sergeant as program liaison.
7. The program could serve twice as many clients if located outside the Justice Center and if it could have easier access to inmates, for longer periods of time.
8. This program would serve as a bridge to the planned 300 bed A&D unit, would continue successful efforts already in place, would allow for further modeling of effective practices and continue the critically important interagency linkages which have been established. The group believes that the unit will not become obsolete when the 300 bed unit is available but rather would remain a part of a full continuum of services for offenders, in jail.
9. Efforts will be continued to develop an effective, common, triage or screening "instrument" which can be used throughout the jail booking and early stay period to collect the necessary information, including alcohol/drug abuse and mental health needs. A time line and plan for the next steps in this process will be developed by May 8, 1998.
10. Additional funding would allow increasing the number of assessments of jail inmates needing alcohol and drug abuse treatment but must be accompanied by the ability to do discharge planning and linkage with the appropriate treatment resource to be effective.
11. Written Interagency Agreements should be developed, for the operation of the program, and should specify a designated liaison staff from each involved department and MCSO.
